KLA-TENCOR CORPORATION

PROXY STATEMENT

INFORMATION CONCERNING SOLICITATION AND VOTING

GENERAL

The enclosed Proxy is solicited on behalf of KLA-Tencor Corporation (the "Company") for use at the Annual Meeting of Stockholders to be held on Tuesday, November 16, 1999 at 11:00 a.m., Pacific Time, or at any adjournment(s) thereof (the "Annual Meeting"), for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Stockholders. The Annual Meeting will be held at the Company's offices at One Technology Drive, Milpitas, California 95035. The Company's principal executive offices are located at 160 Rio Robles, San Jose, California 95134 and its telephone number is (408) 875-3000.

These proxy solicitation materials were mailed on or about October 15, 1999 to all stockholders entitled to vote.

RECORD DATE

Stockholders of record at the close of business on September 20, 1999 are entitled to notice of and to vote at the Annual Meeting. As of the record date 89,491,136 shares of the Company's Common Stock, \$0.001 par value, were issued and outstanding.

REVOCABILITY OF PROXIES

Any Proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use by delivering to the Company a written notice of revocation or a duly executed proxy bearing a later date or by attending the meeting and voting in person.

QUORUM; ABSTENTIONS; BROKER NON-VOTES

The required quorum for the transaction of business at the Annual Meeting is a majority of the votes eligible to be cast by holders of shares of Common Stock issued and outstanding on the record date. Shares that are voted "FOR," "AGAINST," "ABSTAIN" or "WITHHELD FROM" a matter are treated as being present at the Annual Meeting for purposes of establishing a quorum and are also treated as shares entitled to vote at the Annual Meeting (the "Votes Cast") with respect to such matter.

Abstentions will be counted for purposes of determining both (i) the presence or absence of a quorum for the transaction of business and (ii) the total number of Votes Cast with respect to a proposal (other than the election of directors). Accordingly, abstentions will have the same effect as a vote against the proposal.

Broker non-votes will be counted for purposes of determining the presence or absence of a quorum for the transaction of business, but will not be counted for purposes of determining the number of Votes Cast with respect to the particular proposal on which the broker has expressly not voted. Accordingly,

broker non-votes will not affect the outcome of the voting on a proposal that requires a majority of the Votes Cast.

VOTING AND SOLICITATION

On all matters to be voted upon, each share has one vote.

The cost of soliciting proxies will be borne by the Company. The Company has retained the services of Skinner & Co. to aid in the solicitation of proxies from brokers, bank nominees and other institutional owners. The Company estimates that it will pay Skinner & Co. a fee not to exceed \$5,000 for its services and will reimburse it for certain out of pocket expenses estimated to be \$45,000. In addition, the Company may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in

forwarding solicitation material to such beneficial owners. Proxies may be solicited by certain of the Company's directors, officers and regular employees, without additional compensation, personally or by telephone or telegram.

DEADLINE FOR RECEIPT OF STOCKHOLDER PROPOSALS

Proposals of stockholders of the Company which are intended to be presented by such stockholders at the Company's annual meeting in 2000 must be received by the Company no later than June 17, 2000 and otherwise be in compliance with applicable laws and regulations in order that such proposals may be included in the proxy statement and form of proxy relating to that meeting.

The attached proxy card grants the proxy holders discretionary authority to vote on any matter raised at the Annual Meeting. If a stockholder intends to submit a proposal at the Company's annual meeting in 2000, which is not eligible for inclusion in the proxy statement and form of proxy relating to that meeting, the stockholder must give appropriate notice no later than August 31, 2000. If such stockholder fails to comply with the foregoing notice provision the Company intends to draft the proxy so that the proxy holders will be allowed to use their discretionary voting authority if the proposal is raised at the Company's annual meeting in 2000.

PROPOSAL ONE

TO ELECT FOUR CLASS I DIRECTORS TO SERVE FOR A
THREE YEAR TERM AND UNTIL THEIR SUCCESSORS ARE ELECTED.

NOMINEES

The Company has a classified board of eleven directors consisting of four Class I directors (Kenneth Levy, Samuel Rubinovitz, Jon D. Tompkins and Lida Urbanek), three Class II directors (Leo J. Chamberlain, Richard J. Elkus, Jr. and Dag Tellefsen) and four Class III directors (James W. Bagley, Edward W. Barnholt, Dean O. Morton and Kenneth L. Schroeder). The Class II directors and the Class III directors will serve until the annual meetings of stockholders to be held in 2000 and 2001 respectively, or until their respective successors are duly elected and qualified. At each annual meeting of stockholders, directors are elected for a full term of three years to succeed those directors whose terms expire at the annual meeting.

The terms of the Class I directors will expire on the date of the Annual Meeting. Accordingly, all of the Class I directors of the Board of Directors are to be elected at the Annual Meeting. The nominees for election by the stockholders to these four positions are Kenneth Levy, Samuel Rubinovitz, Jon D. Tompkins and Lida Urbanek. If elected, the nominees will serve as directors until the Company's annual meeting of stockholders in 2002, or until their successors are elected and qualified. If any of the nominees declines to serve or becomes unavailable for any reason, or if a vacancy occurs before the election, the proxies may be voted for such substitute nominees as management may designate. The proxy holders also have been advised that in the event any of the nominees shall not be available for election, a circumstance that is not currently expected, they may vote for the election of substitute nominees in accordance with their judgment. If additional persons are nominated for election as directors, the proxy holders intend to vote all proxies received by them in such a manner as will assure the election of as many of the nominees as possible and, in such event, the specific nominees to be voted for will be determined by the proxy holders.

If a quorum is present and voting, the four nominees for Class I directors receiving the highest number of votes will be elected as Class I directors. Abstentions and shares held by brokers that are not present, but not voted because the brokers were prohibited from exercising discretionary authority, i.e., "broker non-votes," will be counted as present in determining if a quorum is present.

BOARD MEETINGS AND COMMITTEES

The Board of Directors of the Company held six meetings during the fiscal year ended June 30, 1999. The Board of Directors has an Audit Committee, a Compensation Committee and a Nominating Committee.

The Audit Committee, which consists of Mr. Elkus, Mr. Rubinovitz and Mr. Tellefsen, held three meetings during the last fiscal year. The Audit Committee recommends engagement of the Company's independent accountants, and is primarily responsible for approving the services performed by the Company's independent accountants, and for reviewing and evaluating the Company's accounting principles and its system of internal accounting controls. The Compensation Committee, which consists of Mr. Bagley, Mr. Chamberlain and Mrs. Urbanek, held three meetings during the last fiscal year. The Compensation Committee reviews and approves the Company's executive compensation policy and makes recommendations concerning the Company's employee benefit plans. The Nominating Committee, which consists of Mr. Barnholt, Mr. Levy and Mr. Morton did not hold a meeting during the last fiscal year. A unanimous group of the disinterested members of the board of directors nominated the four Class I directors for election. The Nominating Committee is primarily responsible for identifying and evaluating the qualifications of all candidates for election to the Board of Directors. The Nominating Committee will consider nominations recommended by stockholders. Stockholders wishing to submit nominations must notify the Company of their intent to do so and provide the Company with certain information set forth in the Company's bylaws on or before the date on which stockholder proposals must be received by the Company to be included in the proxy statement for the annual meeting.

During the fiscal year ended June 30, 1999, all incumbent Directors attended at least 75% of the meetings of the Board of Directors and meetings of the committees of the Board on which they served.

COMPENSATION OF DIRECTORS

Members of the Board of Directors who are not employees of the Company receive benefits under the 1998 Outside Director Plan ("1998 Director Plan"), which was approved by the stockholders at the 1998 Annual Meeting of Stockholders. Under this plan each non-employee Director ("Outside Director") receives

6

an annual fee of \$15,000 and \$1,000 for each meeting they attend (\$500 if participation is by telephone), plus expenses. Committee members receive \$500 per committee meeting they attend (\$250 if participation is by telephone). Each Outside Director also receives a nonstatutory option to purchase 10,000 shares of Common Stock as of the date on which such director first becomes an Outside Director (the "First Option"). Accordingly, none of the existing directors will be granted a First Option. In addition, each Outside Director is automatically granted a nonstatutory option to purchase an additional 5,000 shares of Common Stock on the date of the subsequent annual meetings on which he or she remains an Outside Director (the "Subsequent Option"). The term of options granted under the 1998 Director Plan may not exceed 10 years. The 1998 Director Plan provides that the exercise price shall be equal to the fair market value of the Common Stock on the date of grant of the option. Options granted under the 1998 Director Plan become exercisable immediately upon the date of grant.

REQUIRED VOTE

Directors shall be elected by a plurality of the votes of the shares of the Company's Common Stock entitled to vote and represented in person or by proxy at the Annual Meeting. Votes against, votes withheld and broker non-votes have no legal effect on the election of directors because such elections are by a plurality.

MANAGEMENT RECOMMENDS A VOTE FOR EACH OF THE CLASS I
NOMINEES LISTED ABOVE.

7

PROPOSAL TWO

STOCK OPTION GRANTS AND EXERCISES

The following tables set forth the stock options granted to the named executive officers under the Company's stock option plans and the options exercised by such named executive officers during the fiscal year ended June 30, 1999.

The Option/SAR Grant Table sets forth hypothetical gains or "option spreads" for the options at the end of their respective ten-year terms, as calculated in accordance with the rules of the Securities and Exchange

Commission. Each gain is based on an arbitrarily assumed annualized rate of compound appreciation of the market price at the date of grant of 5% and 10% from the date the option was granted to the end of the option term. Actual gains, if any, on option exercises are dependent on the future performance of the Company's Common Stock and overall market conditions.

Compensation Committee

The Committee is comprised of three independent, non-employee members of the Board of Directors, none of whom have interlocking relationships as defined by the Securities and Exchange Commission. The Committee sets and administers the policies governing annual compensation of executive officers, considers their performance and makes recommendations regarding their cash compensation and stock options to the full Board of Directors. The Committee periodically reviews its approach to executive compensation and makes changes as appropriate.

Compensation Philosophy

The Committee of the Board of Directors establishes the overall executive compensation strategies of the Company and approves compensation elements for the Chairman of the Board, the Chief Executive Officer and other executive officers. The goals of the Company's compensation policy are to attract, retain and reward executive officers who contribute to the overall success of the Company by offering compensation that is competitive in the industry, to motivate executive officers to achieve the Company's business objectives and to align the interests of executive officers with the long term interests of stockholders. The Company currently uses salary, management incentive plans and stock options to meet these goals.

The compensation philosophy of the Committee is to provide a comprehensive compensation package for each executive officer that is well suited to support accomplishment of the Company's business strategies, objectives and initiatives. For incentive-based compensation, the Committee considers the desirability of structuring such compensation arrangements so as to qualify for deductibility under Section 162(m) of the Internal Revenue Code. As the Committee applies this compensation philosophy in determining appropriate executive compensation levels and other compensation factors, the Committee reaches its decisions with a view towards the Company's overall financial performance.

Executive Officer Compensation

The Committee's approach is based upon its belief that a substantial portion of aggregate annual compensation for executive officers should be contingent upon the Company's performance and an individual's contribution to the Company's success. In addition, the Committee strives to align the interests of the Company's executive officers with the long-term interests of stockholders through stock option grants that can result in ownership of the Company's Common Stock. The Committee endeavors to structure each executive officer's overall compensation package to be consistent with this approach and to enable the Company to attract, retain and reward personnel who contribute to the success of the Company.

The Company provides its executive officers with a compensation package consisting of base salary, variable incentive pay and participation in benefit plans generally available to other employees. The Committee considers market information from published survey data provided to the Committee by the

14

Company's human resources staff. The market data consists primarily of base salary and total cash compensation rates, as well as incentive bonus and stock programs of other companies considered by the Committee to be peers in the Company's industry.

For the Company's previous fiscal year, the Committee reviewed and recommended a compensation structure which had as an important component the substantial economic and business challenges in the semiconductor and semiconductor capital equipment industries worldwide.

Base Salary. Salaries for executive officers are set with reference to salaries for comparable positions among other companies in the Company's industry or in industries that employ individuals of similar education and background to the executive officers based on data provided by the Company's human resources staff.

Management Incentive Plan. Each year since fiscal 1979, the Company has adopted a management incentive plan (the "Incentive Plan") which provides for payments to officers and key employees based on the financial performance of the Company or the relevant business unit, and on the achievement of the person's individual performance objectives. The Incentive Plan is approved by the Committee and submitted to the Board of Directors for ratification. The Incentive Plan sets goals for profitability, achievement of measurable objectives aimed at strategic corporate goals and achievement of objectives relating to managing the ratio of assets to sales.

Outstanding Corporate Performance Executive Bonus Plan. The Company continued to utilize its incentive plan (the "Outstanding Corporate Performance Plan") which allows for an additional bonus in years when the Company achieves certain levels of profitability and growth. For those executive officers who do not manage operating divisions, the matrix is based on the Company's pre-tax

margin and the growth of the Company compared to a peer group. The target percentage for the Outstanding Corporate Performance Plan is the same target percentage as utilized in determining the Incentive Plan bonus. For those executive officers who manage operating divisions, the matrix is based on certain specified growth objectives for that division, the Company's net operating margin and a comparison of the Company's aggregate revenues over the prior 36 months against a target group of public U.S. companies over the same period.

Half of each annual amount under the Outstanding Corporate Performance Plan is payable at the end the fiscal year. The other of half of each annual amount payable under the plan is contributed by the Company to the Executive Deferred Savings Plan (the "EDSP") that vests over a one year period. At the end of the one year period, the executive officer has the choice of taking a cash payment or leaving the contribution in the EDSP. If the executive officer leaves during that one year period, the contribution by the Company is forfeited. Although the executive officer is eligible to participate in both the Company's profit sharing plan and the Outstanding Corporate Performance Plan, any amounts contributed by the Company pursuant to the Outstanding Corporate Performance Plan will be reduced by the amount of profit sharing paid during the fiscal year.

Process Module Control Solutions Program (the "PMCS Program"). The Company has initiated a new incentive program for fiscal year 2000. The PMCS Program is intended to encourage teamwork throughout the Company. Each participant in the PMCS Program shall receive a stock option upon the achievement of certain revenue goals from customers set forth on a list of potential capital equipment investment opportunities in the semiconductor industry. The percentage of achievement of the revenue goal determines the number of stock options received, which in turn is dependent upon the salary and performance level of the participant. The stock option grants are made at the end of the fiscal year, after the determination of the level of goal achieved.

Long-term Incentives. Longer term incentives are provided through the Stock Option Plan and the Excess Profit Stock Plan, each of which reward executive officers through the growth in value of the Company's Common Stock. The Committee believes that employee equity ownership is highly motivating, provides a major incentive for employees to build stockholder value and aligns the interests of employees with those of stockholders.

15

Grants of stock options to executive officers are based upon each executive officer's responsibilities, historical and expected contributions to the Company, and the executive officer's existing stock ownership and previous option grants, with primary weight given to the executive officer's relative rank and responsibilities. Stock options are granted at market price on the date of grant and provide value to the executive officers only when the price of the Company's Common Stock increases over the exercise price.

In August, 1998, following a sharp, sustained drop in the price of the Company's Common Stock, the Committee became concerned about the retention and continued motivation of employees holding "under-water" stock options, with exercise prices higher and, in many cases, significantly higher than market levels. After reviewing the matter, the Committee unanimously recommended to the Board of Directors that the Company reprice stock options on August 31, 1998. Employees of the Company, excluding certain executive officers, holding options with exercise prices of \$28.00 or higher were offered the opportunity to surrender those options and receive new options having an exercise price of \$21.25, the fair market value of the Company's stock on that date, with a new vesting schedule from the date of grant. In addition, the Committee also realized that the Company was at a competitive disadvantage for retention of certain of its executive officers holding options with exercise prices in excess of the then-current market levels and on October 31, 1998, those executive officers were offered the opportunity to surrender options and receive a reduced number of options having an exercise price of \$33.94, the market price on that date. These repriced options began a new vesting schedule from the date of grant. All independent members of the Board of Directors approved the repricing offers. Kenneth Levy, the Company's Chief Executive Officer, Kenneth Schroeder, the Company's President and Chief Operating Officer, and Jon Tompkins, the Company's Chairman of the Board, abstained from the vote. The offer to reprice stock options was not made to the Company's non-employee directors, all of whom hold stock options under the Company's Outside Director Plan. A table showing the options held by executive officers who elected to accept the repricing offer is set forth under "Executive Compensation and Other Matters -- Ten-Year Option Repricings Table."

In recommending the option repricing, the Committee and the Board of Directors were primarily motivated by a desire to preserve the Company's talented employee base in a highly competitive employment environment during a period when falling stock prices had substantially eliminated the retention value of the Company's equity incentives. Recognizing the variety of alternative opportunities and intense competition for employees and executives from both established companies and emerging high-technology companies, the Board of Directors concluded that repricing under-water options was in the best interest

of the Company.

Approval of Fiscal Year 2000 Bonus Plan, Outstanding Corporate Performance Plan and the PMCS Program

The Committee approved a fiscal year 2000 bonus plan incentive formula which is based on two components of equal weight. The first component is performance against specified financial objectives and the second is achievement of non-financial strategic objectives. The bonuses for the Chairman of the Board, the Chief Executive Officer, the Chief Operating Officer and the Chief Financial Officer are based on the performance of the managers reporting to the executive officers. The Committee also approved the fiscal year Outstanding Corporate Performance Plan which is based on a matrix of the Company's net operating margin and certain growth objectives. The Plan does not require any contributions by the Company until the Company achieves a Pre-Tax Margin Factor of 14%. The Pre-Tax Margin Factor is calculated by taking the pre-tax, pre-profit sharing income, excluding non-recurring charges, and dividing it by total revenue. Under the PMCS Program, certain of the stock options which would be granted under Stock Option Plan will be dependent upon the achievement of certain revenue targets from specified customers.

Chief Executive Officer Compensation

For fiscal year 1999, Kenneth Levy served as Chief Executive Officer. In setting Mr. Levy's compensation for fiscal year 1999, the Committee considered the Company's revenue and profit in the prior fiscal year, the Company's market capitalization and data from comparable companies supplied by the Company's compensation consultants. During fiscal year 1999, due to the downturn in the semiconductor industry, the executive officers of the Company, including Mr. Levy, voluntarily decreased their base salaries by 10% for six

16

months. As a result of this decrease, Mr. Levy was paid \$456,097 in salary for fiscal 1999. Mr. Levy's target bonus for fiscal 1999 was 100% of his annual base salary. The Company's results during this industry downturn, coupled with the formula approved by the Committee and the Board, resulted in a bonus to Mr. Levy of \$429,597, or 94% of his reduced salary.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In connection with the merger between KLA Instruments Corporation and Tencor Instruments (effective April 30, 1997) the Company entered into identical employment arrangements, subsequently amended, with Kenneth Levy, Jon D. Tompkins and Kenneth L. Schroeder, all executive officers of the Company. The arrangements, as amended, provide that certain benefits would be paid if certain events took place after April 30, 1997. The purpose of these arrangements is to retain the services of Messrs. Levy, Tompkins and Schroeder to ensure the continued smooth transition associated with the Merger. The terms of those arrangements provide that if an individual were to leave the Company after April 30, 1998, subject to releasing the Company from all claims, and in connection with working part-time for 36 months, he will receive (i) his base salary for the first 24 months of part-time employment, (ii) a mutually agreeable level of compensation per month for the final 12 months of part-time employment, (iii) an annual bonus (based on an achievement of 100% of bonus objectives) in the fiscal year of his transition to part-time employment, (iv) a bonus paid in the fiscal year following the payment of the annual bonus above, (based on achievement of 100% of his individual bonus objectives) and (v) a pro-rated bonus for the fiscal year in which part-time employment ended. During the periods of part-time employment, all options to exercise stock of the Company, which were granted more than 12 months prior to the termination of full-time employment will continue to vest. The same

benefits shall be payable in the event the Company terminates his employment without cause. If he is terminated for cause (defined as (i) gross negligence or willful misconduct in connection with the performance of duties, (ii) conviction of or plea of nolo contendere to any felony, or (iii) the embezzlement or misappropriation of Company property) then he will receive a lump-sum payment equal to 25% of his base salary.

During the last fiscal year, the Company entered into a Separation Agreement (the "Agreement") with Graham J. Siddall, an executive officer of the Company at the time the Agreement was executed. Mr. Siddall is no longer an executive officer of the Company. Pursuant to the Agreement, Mr. Siddall shall be a part-time employee of the Company until June 30, 2001 and is entitled to receive bonuses as long as he does not work with another corporation. In addition, Mr. Siddall's options granted prior to April 30, 1997 will continue to vest during the part-time employment period provided that he does not work for one or more of a defined set of competitors of the Company.
