MERGER PROPOSED—YOUR VOTE IS VERY IMPORTANT

Dear Lam Research Corporation stockholders and KLA-Tencor Corporation stockholders:

On behalf of the boards of directors of Lam Research Corporation and KLA-Tencor Corporation, we are pleased to enclose the joint proxy statement/prospectus relating to the merger of KLA-Tencor Corporation with a wholly owned subsidiary of Lam Research Corporation pursuant to the terms of a merger agreement entered into by KLA-Tencor and Lam Research on October 20, 2015.

If the merger is completed, each KLA-Tencor stockholder may elect to receive, for all shares of KLA-Tencor common stock held, one of the following forms of consideration, which will be payable on a per share basis and will be subject to the proration mechanism described below:

1. both 0.5 of a share of Lam Research common stock and \$32.00 in cash, which is referred to as the “mixed election;”
2. a number of shares of Lam Research common stock equal to 0.5, plus a number of shares of Lam Research common stock equal to \$32.00 divided by the volume-weighted average price of a share of Lam Research common stock measured over a five-trading day period, which is referred to as the “five-trading day VWAP,” ending approximately two days prior to the closing of the merger, which is referred to as the “stock election;” or
3. \$32.00 in cash, plus a cash amount equal to 0.5 times the five-trading day VWAP, which is referred to as the “cash election.”

Pursuant to the merger agreement, Lam Research will not be required to issue (1) a number of shares of Lam Research common stock that exceeds the product of 0.5 and the number of shares of KLA-Tencor common stock outstanding immediately prior to the effective time of the merger or (2) an amount of cash that exceeds the product of \$32.00 and the number of shares of KLA-Tencor common stock outstanding immediately prior to the effective time of the merger. KLA-Tencor stockholders who make the mixed election will receive the mixed election consideration and KLA-Tencor stockholders who make the stock election or the cash election will be subject to a customary proration mechanism set forth in the merger agreement. KLA-Tencor stockholders that do not make an election will be deemed to have made the mixed election. KLA-Tencor stockholders who make the stock election or the mixed election, or who make the cash election but are subject to proration, will receive cash in lieu of any fractional share of Lam Research common stock.

Based on Lam Research’s closing stock price on January 7, 2016, the most recent practicable date for which such information was available, the merger consideration represented approximately \$67.86 in value per share of KLA-Tencor common stock, which represents a premium of approximately 26% over KLA-Tencor’s closing stock price on October 20, 2015, the last trading day before the public announcement of the transaction.

The value of the merger consideration to be received in exchange for each share of KLA-Tencor common stock will fluctuate based on the market value of Lam Research common stock until the merger is completed. Shares of Lam Research common stock and shares of KLA-Tencor common stock are traded on the NASDAQ Global Select Market under the symbols “LRCX” and “KLAC,” respectively. We urge you to obtain current market quotations for the shares of common stock of Lam Research and KLA-Tencor.

Based on the number of shares of Lam Research common stock and KLA-Tencor common stock outstanding on January 7, 2016, upon completion of the merger, former KLA-Tencor stockholders will own approximately 33% of the outstanding Lam Research common stock and Lam Research stockholders immediately prior to the merger will own approximately 67% of the outstanding Lam Research common stock.

Each of Lam Research and KLA-Tencor is holding a special meeting of its stockholders to vote on matters related to the merger, as well as certain other matters in the case of Lam Research. We cannot complete the merger unless the stockholders of Lam Research approve the issuance of shares of Lam Research common stock pursuant to the merger agreement and the stockholders of KLA-Tencor adopt the merger agreement, in both cases as described in the joint proxy statement/prospectus. **Your vote is very important, regardless of the number of shares you own. Whether or not you expect to attend the applicable special meeting in person, please submit a proxy to vote your shares as promptly as possible so that your shares may be represented and voted at the Lam Research special meeting or the KLA-Tencor special meeting, as applicable.**

The Lam Research board of directors has unanimously approved the merger agreement and determined that the merger agreement and the transactions contemplated thereby, including the merger and the issuance of shares of Lam Research common stock to KLA-Tencor stockholders pursuant to the merger agreement, are fair to, and in the best interests of, Lam Research and its stockholders, and are advisable. **The Lam Research board of directors unanimously recommends that the Lam Research stockholders vote “FOR” the proposal to approve the issuance of shares of Lam Research common stock pursuant to the merger agreement.**

The KLA-Tencor board of directors has unanimously (1) determined that the merger agreement, the merger and the other transactions contemplated by the merger agreement are fair to, advisable and in the best interests of KLA-Tencor and its stockholders and (2) adopted and approved the merger agreement, the merger and the other transactions contemplated by the merger agreement. **The KLA-Tencor board of directors unanimously recommends that the KLA-Tencor stockholders vote “FOR” the proposal to adopt the merger agreement.**

The obligations of Lam Research and KLA-Tencor to complete the merger are subject to the satisfaction or waiver of several conditions. The accompanying joint proxy statement/prospectus contains detailed information about Lam Research, KLA-Tencor, the special meetings, the merger agreement and the merger. **You should read the joint proxy statement/prospectus carefully and in its entirety before voting, including the section entitled “Risk Factors” beginning on page 22.**

We look forward to the successful combination of Lam Research and KLA-Tencor.

Sincerely,

Stephen G. Newberry, Chairman of the Board of Directors, Lam Research Corporation

Edward W. Barnholt, Chairman of the Board of Directors, KLA-Tencor Corporation

QUESTIONS AND ANSWERS

The following are some questions that you, as a stockholder of Lam Research or KLA-Tencor, may have regarding the mergers and the other matters being considered at the special meetings and the answers to those questions. Lam Research and KLA-Tencor urge you to carefully read the remainder of this joint proxy statement/prospectus because the information in this section does not provide all the information that might be important to you with respect to the mergers and the other matters being considered at the special meetings. Additional important information is also contained in the Annexes to, and the documents incorporated by reference into, this joint proxy statement/prospectus. See the section entitled “Where You Can Find More Information” for more information.

Q: Why am I receiving this joint proxy statement/prospectus?

A: Lam Research and KLA-Tencor have agreed to a business combination pursuant to the terms of the merger agreement that is described in this joint proxy statement/prospectus. A copy of the merger agreement is included in this joint proxy statement/prospectus as Annex A. In order to complete the mergers, among other things:

- Lam Research stockholders must approve the Share Issuance proposal, which is defined below under “—Questions and Answers about the Proposals;” and
- KLA-Tencor stockholders must approve the Merger proposal, which is defined below under “—Questions and Answers about the Proposals.”

Lam Research is holding a special meeting of its stockholders in order to obtain approval of the Share Issuance proposal. Approval of the Share Issuance proposal requires the affirmative vote of holders of a majority of the outstanding shares of Lam Research common stock present in person or represented by proxy at the Lam Research special meeting and entitled to vote on the proposal. Lam Research stockholders will also be asked to approve the Lam Research Adjournment proposal and the Charter Amendment proposal, each as defined below under “—Questions and Answers about the Proposals.” Approval of the Lam Research Adjournment proposal requires the affirmative vote of holders of a majority of the outstanding shares of Lam Research common stock present in person or represented by proxy at the Lam Research special meeting and entitled to vote on the proposal. Approval of the Charter Amendment proposal requires the affirmative vote of holders of a majority of the outstanding shares of Lam Research common stock on the record date for the Lam Research special meeting. It is important that Lam Research stockholders vote their shares on each of these matters, regardless of the number of shares owned. Approval of the Charter Amendment proposal is not required to complete the mergers.

KLA-Tencor is holding a special meeting of its stockholders in order to obtain approval of the Merger proposal. Adoption of the merger agreement pursuant to the Merger proposal requires the affirmative vote of holders of a majority of the outstanding shares of KLA-Tencor common stock entitled to vote thereon. KLA-Tencor stockholders will also be asked to approve the KLA-Tencor Adjournment proposal, the Merger-Related Compensation proposal and the Director Compensation proposal, each as defined below under “—Questions and Answers about the Proposals.” Approval of the KLA-Tencor Adjournment proposal, the Merger-Related Compensation proposal and the Director Compensation proposal each requires the affirmative vote of a majority of the votes cast at the special meeting, assuming that a quorum is present. Whether or not a quorum is present, the chairman of the KLA-Tencor special meeting or the holders of the majority of the shares entitled to vote and present in person or represented by proxy will have the power to adjourn the KLA-Tencor special meeting to another place, date or time. It is important that KLA-Tencor stockholders vote their shares on each of these matters, regardless of the number of shares owned.

This joint proxy statement/prospectus, including its Annexes, contains and incorporates by reference important information about Lam Research and KLA-Tencor, the mergers and the special meetings of Lam Research and KLA-Tencor. You should read all the available information carefully and in its entirety.

Questions and Answers About the Proposals

Q: What proposals am I being asked to vote on?

A: *Lam Research Stockholders:* At the Lam Research special meeting, Lam Research stockholders will be asked to consider and vote on:

- the “Share Issuance proposal,” which is a proposal to approve the issuance of shares of Lam Research common stock to KLA-Tencor stockholders pursuant to the merger agreement, a copy of which is included as Annex A to this joint proxy statement/prospectus;
- the “Lam Research Adjournment proposal,” which is a proposal to adjourn the Lam Research special meeting, if necessary or appropriate, to solicit additional proxies if there are not sufficient votes to approve the Share Issuance proposal; and
- the “Charter Amendment proposal,” which is a proposal to approve an amendment to the Lam Research certificate of incorporation, as amended, to increase the number of authorized shares of Lam Research stock from 405,000,000 to 590,000,000 and the number of authorized shares of Lam Research common stock from 400,000,000 to 585,000,000, the full text of which is attached as Annex G to this joint proxy statement/prospectus.

See the section entitled “The Lam Research Proposals” for more information about these proposals. It is important that Lam Research stockholders vote their shares on each of these proposals, regardless of the number of shares owned.

KLA-Tencor Stockholders: At the KLA-Tencor special meeting, KLA-Tencor stockholders will be asked to consider and vote on:

- the “Merger proposal,” which is a proposal to adopt the merger agreement, a copy of which is included as Annex A to this joint proxy statement/prospectus, pursuant to which Merger Sub 1 will merge with and into KLA-Tencor, with KLA-Tencor as the surviving corporation, and then KLA-Tencor will merge with and into Merger Sub 2, with Merger Sub 2 as the ultimate surviving corporation;
- the “KLA-Tencor Adjournment proposal,” which is a proposal to adjourn the KLA-Tencor special meeting, if necessary or appropriate, to solicit additional proxies if there are not sufficient votes to approve the Merger proposal;
- the “Merger-Related Compensation proposal,” which is a non-binding, advisory vote to approve the compensation that may be paid or become payable to KLA-Tencor’s named executive officers that is based on or otherwise relates to the merger; and
- the “Director Compensation proposal,” which is a proposal to extend the applicability of KLA-Tencor’s outside director vesting acceleration policy by waiving the six year service requirement for outside members of the KLA-Tencor board of directors, such that the vesting of all restricted stock units held by outside directors who have served on the KLA-Tencor board of directors for less than six years will accelerate on a pro rata basis upon a separation from service with KLA-Tencor and Lam Research. The restricted stock units granted to the outside directors of the KLA-Tencor board of directors are the largest component of the annual director compensation program, which consists of a combination of restricted stock units and cash that the Compensation Committee of the KLA-Tencor board of directors has determined to be competitive with companies similarly situated with KLA-Tencor based on market data provided to it.

See the section entitled “The KLA-Tencor Proposals” for more information about these proposals. It is important that KLA-Tencor stockholders vote their shares on each of these proposals, regardless of the number of shares owned.

Questions and Answers About the Merger

Q: What will happen in the merger?

A: In the merger, KLA-Tencor will become a wholly owned subsidiary of Lam Research and will no longer be a publicly held corporation. Immediately following the effective time of the merger, two members of the KLA-Tencor board of directors, which is referred to as the “KLA-Tencor Board,” will be appointed to the Lam Research board of directors, which is referred to as the “Lam Research Board.” As of the date of this joint proxy statement/prospectus, Lam Research and KLA-Tencor have mutually agreed that John T. Dickson and Gary B. Moore, each of whom is currently a director of KLA-Tencor, will be the designated directors. See the sections entitled “Summary—The Merger” and “The Merger Agreement,” and the merger agreement attached as Annex A to this joint proxy statement/prospectus, for more information about the mergers.

Q: What will I receive in the merger?

A: *Lam Research Stockholders:* If the merger is completed, Lam Research stockholders will not receive any merger consideration and will continue to hold their shares of Lam Research common stock.

KLA-Tencor Stockholders: If the merger is completed, each KLA-Tencor stockholder may elect to receive, for all shares of KLA-Tencor common stock held, one of the following forms of consideration, which will be payable on a per share of KLA-Tencor common stock basis, and is collectively referred to as the “merger consideration:”

- “mixed consideration,” consisting of 0.5 shares of Lam Research common stock and \$32.00 in cash;
- “all-stock consideration,” consisting of (1) a number of shares of Lam Research common stock equal to 0.5 plus (2) a number of shares of Lam Research common stock equal to \$32.00 divided by the volume-weighted average price of Lam Research common stock over a five-day trading period ending approximately two days before the closing of the merger, which is referred to as the “five-trading day VWAP,” subject to proration as described below in “—I am a KLA-Tencor stockholder. If I elect all-stock consideration or all-cash consideration, is my election subject to proration?,” or
- “all-cash consideration,” consisting of (1) \$32.00 in cash plus (2) an amount in cash equal to 0.5 times the five-trading day VWAP, subject to proration as described below in “—I am a KLA-Tencor stockholder. If I elect all-stock consideration or all-cash consideration, is my election subject to proration?”

KLA-Tencor stockholders that do not make an election will be deemed to have elected to receive the mixed consideration. KLA-Tencor stockholders will not receive any fractional shares of Lam Research common stock in the merger. Instead, Lam Research will, at its option, pay cash or distribute proceeds from sales of fractional shares in lieu of delivering any fractional shares of Lam Research common stock.

Based on the closing price of Lam Research common stock on the NASDAQ Global Select Market on October 20, 2015, the last trading day before the public announcement of the merger agreement, the merger consideration represented approximately \$67.02 in value per share of KLA-Tencor common stock. Based on the closing price of Lam Research common stock on the NASDAQ Global Select Market on January 7, 2016, the most recent practicable date for which such information was available, the merger consideration represented approximately \$67.86 in value per share of KLA-Tencor common stock. The value of the merger consideration will depend on, and change as a result of, changes in the market price of Lam Research common stock following the date of this joint proxy statement/prospectus. **The market price of Lam Research common stock when KLA-Tencor stockholders receive shares of Lam Research common stock after the merger is completed could be greater than, less than or the same as the market price of Lam Research common stock on the date of this joint proxy statement/prospectus, the market price of Lam Research common stock at the time of the respective special meetings or any adjournment or postponement thereof, or the five-trading day VWAP.**

Q: I am a KLA-Tencor stockholder. How do I make an election as to the form of consideration that I will receive in the merger?

A: An election form is being mailed separately to each holder of record of KLA-Tencor common stock at the close of business on January 7, 2016, which is referred to as the “KLA-Tencor record date,” together with this joint proxy statement/prospectus. In order to make a valid election, KLA-Tencor stockholders must return their properly completed and signed election form, together (if the stockholder holds certificated shares) with all stock certificates and related documentation, to Computershare Trust Company, N.A., which is referred to as the “exchange agent,” in accordance with the instructions contained in the election form, prior to 6:00 a.m. Pacific time on the fourth business day after the date of satisfaction or waiver of the last of the conditions to the merger (other than any such conditions that by their nature are to be satisfied at the closing of the merger), which date is referred to as the “election deadline.” At least three business days prior to the election deadline, Lam Research will publish a press release announcing the election deadline.

Q: I am a KLA-Tencor stockholder, and my shares are held in “street name” through a broker, bank or other nominee. How do I make an election as to the form of consideration that I will receive in the merger?

A: If your shares are held in the name of a broker, bank or other nominee, you are considered the “beneficial holder” of the shares held for you in what is known as “street name.” You are not the “record holder” of such shares. If this is the case, your broker, bank or other nominee will forward you an election form with instruction on how to elect the form of consideration that you will receive in the merger. Please follow the instructions provided to you by your broker, bank or other nominee in order to make your election.

Q: I am a KLA-Tencor stockholder. If I do not make any election as to the form of consideration that I will receive in the merger, what will I receive in the merger?

A: You will receive the mixed consideration.

Q: I am a KLA-Tencor stockholder. Can I make one election for some of my shares and another election or elections for the rest?

A: No. Your election will be effective as to all of the shares of KLA-Tencor common stock held by you.

Q: I am a KLA-Tencor stockholder. Can I change my election after submitting an initial election?

A: Yes. You may change your election by submitting a subsequently dated election form to the exchange agent by the election deadline.

Q: I am a KLA-Tencor stockholder. Can I sell my shares after submitting an initial election?

A: Yes. However, after an election has been properly made by a KLA-Tencor stockholder, such stockholder is obligated to revoke the election prior to any subsequent sale or transfer of KLA-Tencor shares as to which such election relates.

Q: I am a KLA-Tencor stockholder. If I elect all-stock consideration or all-cash consideration, is my election subject to proration?

A: Yes, elections for all-stock consideration and all-cash consideration are subject to proration as follows:

- The aggregate amount of cash that Lam Research is obligated to pay to KLA-Tencor stockholders in the merger will not exceed \$32.00 multiplied by the number of shares of KLA-Tencor common stock outstanding immediately prior to the effective time of the merger (excluding shares owned by Lam

Table of Contents

Research, KLA-Tencor or any subsidiary of Lam Research or KLA-Tencor at such time). The aggregate number of shares of Lam Research common stock that Lam Research is obligated to issue to KLA-Tencor stockholders in the merger will not exceed 0.5 multiplied by the number of shares of KLA-Tencor common stock outstanding immediately prior to the effective time (excluding shares owned by Lam Research, KLA-Tencor or any subsidiary of Lam Research or KLA-Tencor at such time).

- Cash and stock will first be allocated to satisfy elections of KLA-Tencor stockholders who have elected to receive the mixed consideration or who made no election (and who will accordingly receive the mixed consideration), such that each such KLA-Tencor stockholder (other than a KLA-Tencor stockholder that perfects appraisal rights) receives 0.5 shares of Lam Research common stock and \$32.00 in cash for each share of KLA-Tencor stock held. The remaining available cash and shares of Lam Research common stock to be paid as merger consideration will thereafter be allocated among the KLA-Tencor stockholders who have elected to receive the all-stock consideration or the all-cash consideration.
- If the number of shares of KLA-Tencor common stock that are subject to elections to receive the all-cash consideration multiplied by the amount of the all-cash consideration exceeds the remaining cash available to fully satisfy such elections (after payment of cash in respect of shares of KLA-Tencor common stock that are subject to elections to receive the mixed consideration, or no election), then:
 - holders of KLA-Tencor common stock who elected to receive the all-cash consideration (other than a KLA-Tencor stockholder that perfects appraisal rights) will receive for each share of KLA-Tencor common stock held immediately prior to the effective time of the merger (1) the amount of cash remaining available to fully satisfy such all cash-elections, divided by the number of shares of KLA-Tencor common stock that are subject to elections to receive the all-cash consideration; and (2) a number of shares of Lam Research common stock that is determined by dividing the difference between the all-cash consideration (determined without regard to any proration) less the all-cash consideration after the foregoing proration, by the five-trading day VWAP; and
 - holders of KLA-Tencor common stock who elected to receive the all-stock consideration (other than a KLA-Tencor stockholder that perfects appraisal rights) will receive, for each share of KLA-Tencor common stock held immediately prior to the effective time of the merger, the all-stock consideration.
- If the number of shares of KLA-Tencor common stock that are subject to elections to receive the all-stock consideration multiplied by the all-stock consideration exceeds the remaining shares of Lam Research common stock available for issuance to fully satisfy such elections (after the issuance of shares of Lam Research common stock in respect of shares of KLA-Tencor common stock that are subject to elections to receive the mixed consideration, or no election), then:
 - holders of KLA-Tencor common stock who elected to receive the all-stock consideration (other than a KLA-Tencor stockholder that perfects appraisal rights) will receive for each share of KLA-Tencor common stock held immediately prior to the effective time of the merger (1) the number of shares of Lam Research common stock remaining available to fully satisfy such all-stock elections, divided by the number of shares of KLA-Tencor common stock that are subject to elections to receive the all-stock consideration; and (2) an amount of cash that is equal to the difference between the all-cash consideration and the product of the five-trading day VWAP and the number of shares of Lam Research common stock determined in the foregoing clause (1); and
 - holders of KLA-Tencor common stock who elected to receive the all-cash consideration (other than a KLA-Tencor stockholder that perfects appraisal rights) will receive, for each share of KLA-Tencor common stock held immediately prior to the effective time of the merger, the all-cash consideration.

Table of Contents

Q: What is the value of the merger consideration?

A: The value of the merger consideration that KLA-Tencor stockholders receive will depend on the five-trading day VWAP and on the price per share of Lam Research common stock when the shares are issued to KLA-Tencor stockholders. Because the effective time of the merger will occur and the five-trading day VWAP will be calculated sometime after the respective special meetings, the value of the merger consideration that KLA-Tencor stockholders receive will not be known at the time of the special meetings and may be greater than, less than or the same as the current price or the price at the time of the special meetings. We urge you to obtain current market quotations of Lam Research common stock and KLA-Tencor common stock.

Q: How can I get more information about making the election, the election form, the potential proration, and the merger consideration?

A: If you have any questions about the process to make your election for the merger consideration, the election form, the potential proration of certain forms of the merger consideration, the merger consideration, or related matters, please contact D.F. King & Co., Inc., the information agent for Lam Research, at 1-800-591-8268.

Q: What will happen to my Lam Research stock options and other equity awards in the merger?

A: The completion of the merger will not accelerate the vesting or settlement of any outstanding stock options or other equity awards granted under any of Lam Research's equity incentive plans, and all such stock options and other equity awards will continue to vest in accordance with their applicable terms.

Q: What will happen to my KLA-Tencor options or KLA-Tencor restricted stock units in the merger?

A: Under the terms of the merger agreement, at the effective time of the merger:

- Lam Research will convert each then-outstanding restricted stock unit representing a right to receive shares of KLA-Tencor common stock, which is referred to as a "KLA-Tencor RSU," that is unvested (including performance-based restricted stock units) and that is held by an individual who will continue in the service of Lam Research or KLA-Tencor as of the effective time of the merger, each such individual is referred to as a "continuing service provider," into a restricted stock unit representing a right to receive Lam Research common stock, which is referred to as a "Lam Research RSU," with economically equivalent terms as applied immediately prior to the effective time of the merger;
- each share of KLA-Tencor common stock underlying a KLA-Tencor RSU that is vested (after taking into account any acceleration of vesting that occurs at the effective time of the merger) but which such share of stock has not yet been issued will be issued as of immediately prior to the effective time of the merger, treated as KLA-Tencor common stock in the merger and converted into the right to receive the merger consideration; and
- each KLA-Tencor stock option will be cancelled and converted into the right to receive an amount of cash (without interest) equal to the product of (a) the number of shares of KLA-Tencor common stock subject to such KLA-Tencor stock option multiplied by (b) (i) the all-cash consideration less (ii) the exercise price per share for such KLA-Tencor stock option.

See the section entitled "The Merger Agreement—Treatment of KLA-Tencor Equity Awards" for a discussion of these awards.

At the effective time of the merger, each KLA-Tencor RSU that is unvested (after applying any rights to accelerated vesting in connection with the mergers) and held by an individual who is not a continuing service provider will be cancelled without payment of any consideration.

Q: What happens if the merger is not completed?

A: If the Merger proposal is not approved by KLA-Tencor stockholders, the Share Issuance proposal is not approved by Lam Research stockholders or if the merger is not completed for any other reason, KLA-Tencor stockholders will not receive any payment for their shares of KLA-Tencor common stock pursuant to the merger agreement. Instead, KLA-Tencor will remain an independent public company and its common stock will continue to be listed and traded on the NASDAQ Global Select Market. If the merger agreement is terminated under specified circumstances, KLA-Tencor may be required to pay Lam Research a termination fee of \$290 million, and if the merger agreement is terminated under certain other circumstances, Lam Research may be required to pay KLA-Tencor a termination fee of \$290 million. See the section entitled “The Merger Agreement—Expenses and Termination Fees; Liability for Breach” for a more detailed discussion of the termination fees. The Charter Amendment proposal, if approved by Lam Research stockholders at the special meeting, will not be given effect if the mergers are not consummated.

Q: How does the Lam Research Board recommend that Lam Research stockholders vote?

A: After careful consideration, the Lam Research Board unanimously approved the merger agreement and the transactions contemplated by the merger agreement and determined that the merger agreement and the transactions contemplated thereby, including the merger and the issuance of shares of Lam Research common stock to KLA-Tencor stockholders pursuant to the merger agreement, are fair to, and in the best interests of, Lam Research and its stockholders, and are advisable. For more information regarding the factors considered by the Lam Research Board in reaching its decision to approve the merger agreement, the merger and the other transactions contemplated by the merger agreement, see the section entitled “The Merger—Lam Research’s Reasons for the Merger; Recommendation of the Lam Research Board.” **The Lam Research Board unanimously recommends that Lam Research stockholders vote (1) “FOR” the Share Issuance proposal; (2) “FOR” the Lam Research Adjournment Proposal; and (3) “FOR” the Charter Amendment proposal.**

Q: How does the KLA-Tencor Board recommend that KLA-Tencor stockholders vote?

A: After careful consideration, the KLA-Tencor Board has unanimously (1) determined that the merger agreement, the merger and the other transactions contemplated by the merger agreement are fair to, advisable and in the best interests of KLA-Tencor and its stockholders; and (2) adopted and approved the merger agreement, the merger and the other transactions contemplated by the merger agreement. For more information regarding the factors considered by the KLA-Tencor Board in reaching its decision to approve the merger agreement, the merger and the other transactions contemplated by the merger agreement, see the section entitled “The Merger—KLA-Tencor’s Reasons for the Merger; Recommendation of the KLA-Tencor Board.” **The KLA-Tencor Board unanimously recommends that KLA-Tencor stockholders vote “FOR” the Merger proposal, “FOR” the KLA-Tencor Adjournment proposal, “FOR” the Merger-Related Compensation proposal and “FOR” the Director Compensation proposal.**

Q: When do you expect the mergers to be completed?

A: Lam Research and KLA-Tencor hope to complete the mergers as soon as reasonably possible and, as of the date of this joint proxy statement/prospectus, expect the closing to occur in mid-calendar year 2016. However, the mergers are subject to various regulatory clearances and the satisfaction or waiver of other conditions, and factors outside the control of Lam Research and KLA-Tencor could result in the mergers being completed earlier, later or not at all. Several months or longer may elapse between the Lam Research and KLA-Tencor special meetings and the completion of the mergers.

Table of Contents

Q: Are stockholders entitled to appraisal or dissenters' rights?

A: *Lam Research stockholders:* No. Lam Research stockholders are not entitled to appraisal or dissenters' rights in connection with the mergers.

KLA-Tencor stockholders: Yes. Under Section 262 of the Delaware General Corporation Law, which is referred to as the "DGCL," if the merger is completed, KLA-Tencor stockholders who do not vote in favor of the Merger proposal and who otherwise comply with the procedures for exercising appraisal rights under Section 262 of the DGCL will be entitled, in lieu of receiving the merger consideration, to obtain payment in cash of the fair value of their shares of KLA-Tencor common stock as determined by the Court of Chancery of the State of Delaware, which is referred to as the "Court of Chancery." The right to seek appraisal will be lost if a KLA-Tencor stockholder votes "FOR" the Merger proposal. However, voting "AGAINST" the Merger proposal (including a broker non-vote or abstention which has the effect of a vote "AGAINST" the Merger proposal) is not in itself sufficient to perfect appraisal rights because additional actions must also be taken to perfect such rights. See the section entitled "Appraisal Rights" for more information. KLA-Tencor stockholders who wish to exercise appraisal rights must follow the procedures prescribed by the DGCL. In addition, a copy of Section 262 of the DGCL is included as Annex D to this joint proxy statement/prospectus. Failure to comply with the provisions of Section 262 of the DGCL will result in loss of appraisal rights and receipt of the merger consideration payable as a mixed election, unless another election was timely and validly made, in which case, the former dissenting KLA-Tencor stockholder will receive the same form of merger consideration as the other KLA-Tencor stockholders that made such election.

Q: What are the conditions to the completion of the mergers?

A: Completion of the mergers is subject to certain closing conditions, including but not limited to (1) approval of the Share Issuance proposal by Lam Research stockholders; (2) approval of the Merger proposal by KLA-Tencor stockholders; (3) receipt of all required regulatory approvals; and (4) satisfaction of other customary conditions. See the section entitled "The Merger Agreement—Conditions to Completion of the Merger" for more information. The consummation of the mergers is not subject to a financing condition.

Q: What is the amount of financing to be incurred in connection with the merger?

A: Lam Research has entered into (1) a senior unsecured term loan agreement which provides up to \$900 million in term loans, subject to certain conditions; and (2) a debt commitment letter which provides for a senior unsecured 364-day bridge facility in a principal amount of up to \$3.3 billion, subject to certain conditions. Lam Research has also entered into an amendment and restatement of its existing revolving credit agreement pursuant to which, among other things, the revolving lenders agreed to increase their aggregate commitments under the revolving credit agreement from \$300 million to \$750 million.

Lam Research intends to fund the cash component of the merger consideration and related fees and expenses and to prepay KLA-Tencor's \$671 million term loan with a combination of approximately \$1.9 billion of the combined companies' balance sheet cash and proceeds of approximately \$3.9 billion under the term loans, the revolving credit agreement and from the issuance of debt securities or, to the extent necessary, borrowings under the bridge facility. Lam Research also expects to guarantee KLA-Tencor's existing notes in the aggregate principal amount of \$2.5 billion.

Q: Is the completion of the merger subject to a financing condition?

A: No. The receipt of financing by Lam Research is not a condition to completion of the merger and, accordingly, Lam Research will be required to complete the merger (assuming that all of the conditions to its obligations to complete the merger under the merger agreement are satisfied) whether or not debt financing or other financing is available on acceptable terms or at all.

Q: What are the material U.S. federal income tax consequences of the mergers to U.S. holders of KLA-Tencor common stock?

A: The mergers, taken together as an integrated transaction, are intended to qualify for U.S. federal income tax purposes as a “reorganization” within the meaning of Section 368(a) of the Internal Revenue Code of 1986, as amended, which is referred to as the “Code.” Assuming that the mergers qualify as a reorganization, a U.S. holder of KLA-Tencor common stock who surrenders such stock solely in exchange for Lam Research common stock pursuant to the merger generally will not recognize gain or loss for U.S. federal income tax purposes, except with respect to cash received in lieu of any fractional share. A U.S. holder of KLA-Tencor common stock who surrenders such stock solely in exchange for cash in the merger will generally recognize gain or loss on such exchange. Finally, a U.S. holder of KLA-Tencor common stock will generally recognize gain, but not loss, if the U.S. holder surrenders its shares of KLA-Tencor common stock in exchange for a combination of Lam Research common stock and cash. In such case, that U.S. holder will generally recognize gain equal to the lesser of (1) the cash received (other than cash in lieu of any fractional share) and (2) the excess of the sum of the cash received (other than cash in lieu of any fractional share) and the fair market value (on the date of the merger) of the Lam Research common stock received (including any fractional share for which cash was paid) over such U.S. holder’s adjusted tax basis in the shares of KLA-Tencor common stock surrendered by such U.S. holder in the merger. Such U.S. holder will generally recognize gain or loss on the receipt of cash in lieu of any fractional share. See the section entitled “Material U.S. Federal Income Tax Consequences” for more information.

Q: How many votes do I have?

A: *Lam Research Stockholders:* Holders of Lam Research common stock are entitled to one vote for each share of Lam Research common stock owned as of the close of business on the Lam Research record date. On the Lam Research record date, there were 158,883,421 shares of Lam Research common stock outstanding and entitled to vote at the Lam Research special meeting.

KLA-Tencor Stockholders: Holders of KLA-Tencor common stock are entitled to one vote for each share of KLA-Tencor common stock owned as of the close of business on the KLA-Tencor record date. On the KLA-Tencor record date, there were 155,664,541 shares of KLA-Tencor common stock outstanding and entitled to vote at the KLA-Tencor special meeting.

Q: What vote is required to approve each proposal?

A: *Lam Research Stockholders:* Approval of the Share Issuance proposal and the Lam Research Adjournment proposal at the Lam Research special meeting each requires the affirmative vote of holders of a majority of the outstanding shares of Lam Research common stock present in person or represented by proxy at the Lam

Table of Contents

Research special meeting and entitled to vote on the proposal. Approval of the Charter Amendment proposal requires the affirmative vote of holders of a majority of the shares of Lam Research common stock outstanding on the Lam Research record date. Abstentions are treated the same as votes against each such proposal. Failures to vote and broker non-votes, which are described below, will have no effect on the Share Issuance proposal or the Lam Research Adjournment proposal (assuming a quorum is present), but will have the effect of a vote against the Charter Amendment proposal.

KLA-Tencor Stockholders: Approval of the Merger proposal requires the affirmative vote of holders of a majority of the shares of KLA-Tencor common stock outstanding on the KLA-Tencor record date. Failures to vote, abstentions and broker non-votes will have the effect of a vote against the Merger proposal. Approval of the KLA-Tencor Adjournment proposal, the Merger-Related Compensation proposal and the Director Compensation proposal each requires the affirmative vote of a majority of the votes cast at the KLA-Tencor special meeting. Abstentions, failures to vote and broker non-votes will have no effect on the KLA-Tencor Adjournment proposal (assuming a quorum is present), the Merger-Related Compensation proposal (assuming a quorum is present) or the Director Compensation proposal (assuming a quorum is present).

Q: My shares are held in “street name” by my broker, bank or other nominee. Will my broker, bank or other nominee automatically vote my shares for me?

A: No. If your shares are held in the name of a broker, bank or other nominee, you are considered the “beneficial holder” of the shares held for you in what is known as “street name.” You are not the “record holder” of such shares. If this is the case, this joint proxy statement/prospectus has been forwarded to you by your broker, bank or other nominee. As the beneficial holder, unless your broker, bank or other nominee has discretionary authority over your shares, you generally have the right to direct your broker, bank or other nominee as to how to vote your shares. You can contact your broker to obtain instructions on how to instruct them with respect to the voting of your shares. If you do not provide voting instructions, your shares will not be voted on any proposal on which your broker, bank or other nominee does not have discretionary authority. This is often called a “broker non-vote.”

In connection with the Lam Research special meeting, broker non-votes will have no effect on the Share Issuance proposal (assuming a quorum is present) or the Lam Research Adjournment proposal (assuming a quorum is present) but will have the same effect as votes “AGAINST” the Charter Amendment proposal.

In connection with the KLA-Tencor special meeting, broker non-votes will have the effect of a vote “AGAINST” the Merger proposal, but will not be sufficient for stockholders seeking to perfect their appraisal rights. See the section entitled “Appraisal Rights” for more information. Broker non-votes will have no effect on the outcome of the KLA-Tencor Adjournment proposal (assuming a quorum is present), the Merger-Related Compensation proposal (assuming a quorum is present) or the Director Compensation proposal (assuming a quorum is present).

You should therefore provide your broker, bank or other nominee with instructions as to how to vote your shares of Lam Research common stock or KLA-Tencor common stock.

Please follow the voting instructions provided by your broker, bank or other nominee so that it may vote your shares on your behalf. Please note that you may not vote shares held in street name by returning a proxy card directly to Lam Research or KLA-Tencor or by voting in person at the applicable special meeting unless you first obtain a proxy from your broker, bank or other nominee.

Q: How are my employee plan shares voted?

A: *Employees of Lam Research.* If you participate in the Savings Plus Plan, Lam Research 401(k) Plan, which is referred to as the “401(k) Plan,” and hold Lam Research common stock in your personal 401(k) Plan account as of the Lam Research record date, then you may vote, by proxy, your interest in Lam Research

common stock held by the 401(k) Plan. The trustee of the 401(k) Plan, Fidelity Management Trust, which is referred to as the “401(k) Plan trustee,” will aggregate and vote proxies in accordance with the instructions in the proxies of employee participants that they receive. You may instruct the 401(k) Plan trustee, in a confidential manner, how to vote (including an instruction not to vote) the shares allocated to your 401(k) Plan account by one of the following three methods:

- accessing the website located at www.proxyvote.com and following the instructions on that site using the control number provided on your proxy card to vote over the Internet anytime up to 11:59 p.m. Eastern time on February 16, 2016;
- dialing 1-800-690-6903 and following the instructions provided in the recorded message, anytime up to 11:59 p.m. Eastern time on February 16, 2016; or
- marking, signing and mailing your proxy card to the address indicated on your proxy card. Your proxy card must be received by the 401(k) Plan trustee at Vote Processing, c/o Broadridge, 51 Mercedes Way, Edgewood, NY 11717, no later than 11:59 p.m. Eastern time on February 16, 2016, to ensure that the trustee is able to vote your shares in accordance with your wishes.

In addition, since only the trustee can vote the shares of Lam Research common stock allocated to your 401(k) Plan account, you will not be able to vote those shares personally at the Lam Research special meeting. Please note that the applicable trust agreement governing the 401(k) Plan provides that if the trustee does not receive your voting instructions, the trustee will not vote the shares allocated to your 401(k) Plan account unless the trustee is required to do so by applicable law.

If you are a participant (or a beneficiary of a deceased participant) in the 401(k) Plan and you also own other shares of Lam Research common stock outside of your 401(k) Plan account, you should receive a proxy card for shares credited to your account in the 401(k) Plan and a separate proxy card if you are a record holder of additional shares of Lam Research common stock or voting instruction card if you hold additional shares of Lam Research common stock through a broker, bank or other nominee. You must vote shares that you hold as a stockholder of record, shares that you hold through a broker, bank or other nominee and shares that are allocated to your 401(k) Plan account separately in accordance with each of the proxy cards and voting instruction cards you receive with respect to such shares of Lam Research common stock.

Q: What will happen if I fail to vote or I abstain from voting?

A: For purposes of each of the Lam Research special meeting and the KLA-Tencor special meeting, an abstention occurs when a respective stockholder attends the applicable special meeting in person and does not vote or returns a proxy with an “abstain” vote.

Lam Research Stockholders:

- *Share Issuance proposal.* If you attend the Lam Research special meeting in person but fail to vote, or you mark your proxy or voting instructions to abstain, it will have the same effect as a vote “AGAINST” the Share Issuance proposal. If you fail to vote by not attending the Lam Research special meeting, in person or by proxy, or you fail to instruct your broker, bank or other nominee to vote, it will have no effect on the Share Issuance proposal (assuming a quorum is present).
- *Lam Research Adjournment proposal.* If you attend the Lam Research special meeting in person but fail to vote, or you mark your proxy or voting instructions to abstain, it will have the same effect as a vote “AGAINST” the Lam Research Adjournment proposal. If you fail to vote by not attending the Lam Research special meeting, in person or by proxy, or you fail to instruct your broker, bank or other nominee to vote, it will have no effect on the Lam Research Adjournment proposal (assuming a quorum is present).
- *Charter Amendment proposal.* If you attend the Lam Research special meeting in person but fail to vote, you mark your proxy or voting instructions to abstain, you fail to vote by not attending the Lam

Table of Contents

Research special meeting, in person or by proxy, or you fail to instruct your broker, bank or other nominee to vote, it will have the same effect as a vote “AGAINST” the Charter Amendment proposal.

If you are a Lam Research stockholder through the 401(k) Plan and fail to instruct the 401(k) Plan trustee how to vote, the trustee will not vote the shares of Lam Research common stock allocated to your 401(k) Plan account, as described above under the question “How are my employee plan shares voted?”

KLA-Tencor Stockholders:

- *Merger proposal.* If you attend the KLA-Tencor special meeting in person but fail to vote, you mark your proxy or voting instructions to abstain, you fail to vote by not attending the KLA-Tencor special meeting, in person or by proxy, or you fail to instruct your broker, bank or other nominee to vote, it will have the same effect as a vote “AGAINST” the Merger proposal. Voting against, abstaining from voting on, or failing to vote on the Merger proposal will not in and of itself be sufficient for stockholders seeking to perfect their appraisal rights to obtain appraisal rights for their shares of KLA-Tencor common stock. See the section entitled “Appraisal Rights” for more information.
- *KLA-Tencor Adjournment proposal.* If you attend the KLA-Tencor special meeting in person but fail to vote, you mark your proxy or voting instructions to abstain, you fail to vote by not attending the KLA-Tencor special meeting, in person or by proxy, or you fail to instruct your broker, bank or other nominee to vote, it will have no effect on the KLA-Tencor Adjournment proposal (assuming a quorum is present).
- *Merger-Related Compensation proposal.* If you attend the KLA-Tencor special meeting in person but fail to vote, you mark your proxy or voting instructions to abstain, you fail to vote by not attending the KLA-Tencor special meeting, in person or by proxy, or you fail to instruct your broker, bank or other nominee to vote, it will have no effect on the Merger-Related Compensation proposal (assuming a quorum is present).
- *Director Compensation proposal.* If you attend the KLA-Tencor special meeting in person but fail to vote, you mark your proxy or voting instructions to abstain, you fail to vote by not attending the KLA-Tencor special meeting, in person or by proxy, or you fail to instruct your broker, bank or other nominee to vote, it will have no effect on the Director Compensation proposal (assuming a quorum is present).

Q: What will happen if I return my proxy card without indicating how to vote?

A: *Lam Research Stockholders:* If you properly complete and sign your proxy card but do not indicate how your shares of Lam Research common stock should be voted on a matter, the shares of Lam Research common stock represented by your proxy will be voted as the Lam Research Board recommends and, therefore, “FOR” the Share Issuance proposal, “FOR” the Lam Research Adjournment proposal and “FOR” the Charter Amendment proposal.

KLA-Tencor Stockholders: If you properly complete and sign your proxy card but do not indicate how your shares of KLA-Tencor common stock should be voted on a matter, the shares of KLA-Tencor common stock represented by your proxy will be voted as the KLA-Tencor Board recommends and, therefore, “FOR” the Merger proposal, “FOR” the KLA-Tencor Adjournment proposal, “FOR” the Merger-Related Compensation proposal and “FOR” the Director Compensation proposal.

Q: Can I change my vote or revoke my proxy after I have returned a proxy or voting instruction card?

A: Yes.

If you are the holder of record of either Lam Research common stock or KLA-Tencor common stock If you are the holder of record of either Lam Research common stock or KLA-Tencor common stock, you can

Table of Contents

change your vote or revoke your proxy at any time before your proxy is voted at your special meeting. You can do this in one of three ways:

- you can grant a new, valid proxy bearing a later date (including by telephone or through the Internet);
- you can send a signed notice of revocation; or
- you can attend your special meeting and vote in person, which will automatically cancel any proxy previously given, or you may revoke your proxy in person. Simply attending the Lam Research special meeting or the KLA-Tencor special meeting without voting or affirmatively revoking any proxy previously given will not revoke any proxy that you have previously given, or change your vote.

If you choose either of the first two methods, your notice of revocation or your new proxy must be received by Lam Research or KLA-Tencor, as applicable, no later than the beginning of the applicable special meeting. If you have submitted a proxy for your shares by telephone or via the Internet, you may revoke your prior telephone or Internet proxy by any manner described above.

If you hold shares of either Lam Research common stock or KLA-Tencor common stock in “street name”: If your shares are held in street name, you must contact your broker, bank or other nominee to change your vote.

If you hold shares of Lam Research in the 401(k) Plan: If you hold interests in shares of Lam Research common stock in the 401(k) Plan, you may revoke your instructions to the 401(k) Plan trustee and change your vote with respect to voting the shares allocated to you in the 401(k) Plan by submitting new voting instructions under any one of the three methods described above under the question “How are my employee plan shares voted?” The latest dated instructions actually received by the 401(k) Plan trustee in accordance with the instructions for voting set forth in this joint proxy statement/prospectus, before 11:59 p.m. Eastern time on February 16, 2016, will be the instructions that are followed, and all earlier instructions will be revoked.

Q: Do I need to do anything with my shares of common stock other than voting on the proposals at the special meeting?

A: *Lam Research Stockholders:* If you are a Lam Research stockholder, after the merger is completed, you are not required to take any action with respect to your shares of Lam Research common stock.

KLA-Tencor Stockholders: If you are a KLA-Tencor stockholder, after the merger is completed, each share of KLA-Tencor common stock you hold will be converted automatically into the right to receive the merger consideration, subject to the terms of the merger agreement, including the ability to elect to receive either the mixed consideration, the all-stock consideration or the all-cash consideration, together with cash in lieu of any fractional shares. You will receive instructions at that time regarding exchanging your shares of KLA-Tencor common stock for shares of Lam Research common stock. You do not need to take any action at this time. Please do not send your KLA-Tencor stock certificates with your proxy card; however, if you hold certificated shares, you will be required to submit your share certificates with your election form to validly make an election regarding the form of merger consideration that you would receive. See “Questions and Answers About the Merger—What will I receive in the Merger?” for more information.

Q: Should I send in my stock certificates now?

A: You do not need to send your stock certificates, if any, with your proxy card. However, in order to make a valid election KLA-Tencor stockholders who hold certificated shares are required to send their stock certificates with the election form to the election agent. If you do not submit your stock certificates with the election form, then after completion of the merger, Lam Research’s exchange agent will send you a letter of transmittal and instructions for exchanging your shares of KLA-Tencor common stock for the merger consideration. The shares of Lam Research common stock that you receive in the merger will be issued in

Table of Contents

book-entry form unless a physical certificate is requested by a KLA-Tencor stockholder or otherwise required under applicable law. See the section entitled “The Merger Agreement— Election Procedures and Proration” for more information. Lam Research stockholders will keep their existing stock certificates, if any, and will not be required to take any action with respect to their certificates.

Q: What happens if I sell my shares of Lam Research common stock or KLA-Tencor common stock before the applicable special meeting?

- A: *Lam Research stockholders:* The Lam Research record date is earlier than the date of the Lam Research special meeting. If you transfer your shares of Lam Research common stock after the Lam Research record date but before the Lam Research special meeting, you will retain your right to vote at the Lam Research special meeting.
- KLA-Tencor stockholders:* The KLA-Tencor record date is earlier than the date of the KLA-Tencor special meeting and the date that the mergers are expected to be completed. If you transfer your KLA-Tencor shares after the KLA-Tencor record date but before the KLA-Tencor special meeting, you will retain your right to vote at the KLA-Tencor special meeting, but will have transferred the right to receive the merger consideration in the merger. In order to receive the merger consideration, you must hold your shares through the effective date of the merger.

Q: What if I hold shares in both Lam Research and KLA-Tencor?

- A: If you are a stockholder of Lam Research and a stockholder of KLA-Tencor, you will receive two separate packages of proxy materials. A vote cast as a Lam Research stockholder will not count as a vote cast as a KLA-Tencor stockholder, and a vote cast as a KLA-Tencor stockholder will not count as a vote cast as a Lam Research stockholder. Therefore, please separately submit a proxy for each of your Lam Research and KLA-Tencor shares.

Q: Who can help answer my questions?

In the subsequent merger, KLA-Tencor will be merged with and into Merger Sub 2, with Merger Sub 2 surviving as a wholly owned subsidiary of Lam Research.

The Merger

A copy of the merger agreement is attached as Annex A to this joint proxy statement/prospectus. Lam Research and KLA-Tencor encourage you to read the entire merger agreement carefully, because it is the principal document governing the merger. For more information on the merger agreement, see the section entitled “The Merger Agreement.”

Structure of the Mergers (see page 106)

In the merger, Merger Sub 1 will be merged with and into KLA-Tencor. KLA-Tencor will be the surviving corporation in the merger, will be a wholly owned subsidiary of Lam Research following completion of the merger, and will no longer be a publicly held corporation. Immediately following the effective time of the merger, KLA-Tencor will be merged with and into Merger Sub 2. Merger Sub 2 will be the surviving corporation in the subsequent merger and a wholly owned subsidiary of Lam Research. Immediately following the effective time of the merger, two members of the KLA-Tencor Board will be appointed to the Lam Research Board.

Merger Consideration (see page 107)

If the merger is completed, each KLA-Tencor stockholder may elect to receive, for all shares of KLA-Tencor common stock held, one of the following forms of the merger consideration:

- “mixed consideration,” consisting of 0.5 shares of Lam Research common stock and \$32.00 in cash;
- “all-stock consideration,” consisting of (1) a number of shares of Lam Research common stock equal to 0.5 plus (2) a number of shares of Lam Research common stock equal to \$32.00 divided by the five-trading day VWAP, subject to proration as described below under the section entitled “—Proration Mechanism;” or
- “all-cash consideration,” consisting of (1) \$32.00 in cash plus (2) an amount in cash equal to 0.5 times the five-trading day VWAP, subject to proration as described below under the section entitled “—Proration Mechanism.”

KLA-Tencor stockholders that do not make an election will be deemed to have elected to receive the mixed consideration. KLA-Tencor stockholders will not receive any fractional shares of Lam Research common stock in the merger. Instead, Lam Research will, at its option, pay cash or distribute proceeds from sales of fractional shares in lieu of delivering any fractional shares of Lam Research common stock that a KLA-Tencor stockholder would otherwise have been entitled to receive.

Proration Mechanism (see page 107)

Elections for all-stock consideration and all-cash consideration are subject to proration as follows:

- The aggregate amount of cash that Lam Research is obligated to pay to KLA-Tencor stockholders in the merger will not exceed \$32.00 multiplied by the number of shares of KLA-Tencor common stock outstanding immediately prior to the effective time of the merger (excluding shares owned by Lam Research, KLA-Tencor or any subsidiary of Lam Research or KLA-Tencor at such time). The aggregate number of shares of Lam Research common stock that Lam Research is obligated to issue to KLA-Tencor stockholders in the merger will not exceed 0.5 multiplied by the number of shares of

Table of Contents

KLA-Tencor common stock outstanding immediately prior to the effective time (excluding shares owned by Lam Research, KLA-Tencor or any subsidiary of Lam Research or KLA-Tencor at such time).

- Cash and stock will first be allocated to satisfy elections of KLA-Tencor stockholders who have elected to receive the mixed consideration or who made no election (and who will accordingly receive the mixed consideration), such that each such KLA-Tencor stockholder (other than a KLA-Tencor stockholder that perfects appraisal rights) receives 0.5 shares of Lam Research common stock and \$32.00 in cash for each share of KLA-Tencor common stock held. The remaining available cash and shares of Lam Research common stock to be paid as merger consideration will thereafter be allocated among the KLA-Tencor stockholders who have elected to receive the all-stock consideration or the all-cash consideration.
- If the number of shares of KLA-Tencor common stock that are subject to elections to receive the all-cash consideration multiplied by the amount of the all-cash consideration exceeds the remaining cash available to fully satisfy such elections (after payment of cash in respect of shares of KLA-Tencor common stock that are subject to elections to receive the mixed consideration, or no election), then:
 - holders of KLA-Tencor common stock who elected to receive the all-cash consideration (other than a KLA-Tencor stockholder that perfects appraisal rights) will receive for each share of KLA-Tencor common stock held immediately prior to the effective time of the merger (1) the amount of cash remaining available to fully satisfy such all cash-elections, divided by the number of shares of KLA-Tencor common stock that are subject to elections to receive the all-cash consideration; and (2) a number of shares of Lam Research common stock that is determined by dividing the difference between the all-cash consideration (determined without regard to any proration) less the all-cash consideration after the foregoing proration, by the five-trading day VWAP; and
 - holders of KLA-Tencor common stock who elected to receive the all-stock consideration (other than a KLA-Tencor stockholder that perfects appraisal rights) will receive, for each share of KLA-Tencor common stock held immediately prior to the effective time of the merger, the all-stock consideration.
- If the number of shares of KLA-Tencor common stock that are subject to elections to receive the all-stock consideration multiplied by the all-stock consideration exceeds the remaining shares of Lam Research common stock available for issuance to fully satisfy such elections (after the issuance of shares of Lam Research common stock in respect of shares of KLA-Tencor common stock that are subject to elections to receive the mixed consideration, or no election), then:
 - holders of KLA-Tencor common stock who elected to receive the all-stock consideration (other than a KLA-Tencor stockholder that perfects appraisal rights) will receive for each share of KLA-Tencor common stock held immediately prior to the effective time of the merger (1) the number of shares of Lam Research common stock remaining available to fully satisfy such all-stock elections, divided by the number of shares of KLA-Tencor common stock that are subject to elections to receive the all-stock consideration; and (2) an amount of cash that is equal to the difference between the all-cash consideration and the product of the five-trading day VWAP and the number of shares of Lam Research common stock determined in the foregoing clause (1); and
 - holders of KLA-Tencor common stock who elected to receive the all-cash consideration (other than a KLA-Tencor stockholder that perfects appraisal rights) will receive, for each share of KLA-Tencor common stock held immediately prior to the effective time of the merger, the all-cash consideration.

Material U.S. Federal Income Tax Consequences (see page 127)

It is a condition to the completion of the mergers that each of Jones Day, tax counsel to Lam Research, and Wilson Sonsini Goodrich & Rosati, Professional Corporation, tax counsel to KLA-Tencor, deliver an opinion, dated on the closing date of the mergers, to the effect that the mergers will qualify for U.S. federal income tax purposes as a “reorganization” within the meaning of Section 368(a) of the Code. Each party may waive the requirement to receive an opinion from its tax counsel as a condition to such party’s obligation to complete the mergers. Assuming that the mergers qualify as a reorganization, a U.S. holder of KLA-Tencor common stock who surrenders such stock solely in exchange for Lam Research common stock pursuant to the merger generally will not recognize gain or loss for U.S. federal income tax purposes, except with respect to cash received in lieu of fractional shares. A U.S. holder of KLA-Tencor common stock who surrenders such stock solely in exchange for cash in the merger will generally recognize gain or loss on such exchange. A U.S. holder of KLA-Tencor common stock will generally recognize gain, but not loss, if the U.S. holder surrenders its shares of KLA-Tencor common stock in exchange for a combination of Lam Research common stock and cash. In such case, that U.S. holder will generally recognize gain equal to the lesser of (1) the cash received (other than cash in lieu of any fractional share) and (2) the excess of the sum of the cash received (other than cash in lieu of any fractional share) and the fair market value (on the date of the merger) of the Lam Research common stock received (including any fractional share for which cash was paid) over such U.S. holder’s adjusted tax basis in the shares of KLA-Tencor common stock surrendered by such U.S. holder in the merger. Such U.S. holder will generally recognize gain or loss on the receipt of cash in lieu of any fractional share.

The tax opinions regarding the mergers will not address any state, local or foreign tax consequences of the mergers. The opinions will be based on certain assumptions and representations as to factual matters from Lam Research and KLA-Tencor, as well as certain covenants and undertakings by Lam Research and KLA-Tencor, substantially in the forms set forth in the disclosure letters contained in the schedules to the merger agreement. If any of the assumptions, representations, covenants or undertakings is incorrect, incomplete, inaccurate or is violated prior to the effective time of the merger, one or both of the opinions may not be delivered and, if delivered, the conclusions reached by counsel in their opinions cannot be relied upon. In such case, the tax consequences of the mergers could differ from those described in this joint proxy statement/prospectus. Neither Lam Research nor KLA-Tencor is currently aware of, nor expects, any facts or circumstances that would cause any of the assumptions, representations, covenants or undertakings set forth in the form letters attached to the merger agreement to be incorrect, incomplete, inaccurate or violated.

An opinion of counsel represents such counsel’s best legal judgment but is not binding on the Internal Revenue Service, which is referred to as the “IRS,” or any court, so there can be no certainty that the IRS will not challenge the conclusions reflected in the opinion or that a court would not sustain such a challenge.

You should consult your own tax advisor regarding the particular tax consequences to you of the mergers.

Recommendation of the Lam Research Board (see page 63)

After careful consideration, the Lam Research Board unanimously approved the merger agreement and the transactions contemplated by the merger agreement and determined that the merger agreement and the transactions contemplated thereby, including the merger and the issuance of shares of Lam Research common stock to KLA-Tencor stockholders pursuant to the merger agreement, are fair to, and in the best interests of, Lam Research and its stockholders, and are advisable. For more information regarding the factors considered by the Lam Research Board in reaching its decision to approve the merger agreement and to authorize the issuance of shares of Lam Research common stock to KLA-Tencor stockholders pursuant to the merger agreement, see the section entitled “The Merger—Lam Research’s Reasons for the Merger; Recommendation of the Lam Research Board.” **The Lam Research Board unanimously recommends that Lam Research stockholders vote “FOR” the Share Issuance proposal, “FOR” the Lam Research Adjournment proposal and “FOR” the Charter Amendment proposal.**

Recommendation of the KLA-Tencor Board (see page 60)

After careful consideration, the KLA-Tencor Board has unanimously (1) determined that the merger agreement, the merger and the other transactions contemplated by the merger agreement are fair to, advisable and in the best interests of KLA-Tencor and its stockholders; and (2) adopted and approved the merger agreement, the merger and the other transactions contemplated by the merger agreement. For more information regarding the factors considered by the KLA-Tencor Board in reaching its decision to approve the merger agreement, the merger and the other transactions contemplated by the merger agreement, see the section entitled “The Merger—KLA-Tencor’s Reasons for the Merger; Recommendation of the KLA-Tencor Board.” **The KLA-Tencor Board unanimously recommends that KLA-Tencor stockholders vote “FOR” the Merger proposal, “FOR” the KLA-Tencor Adjournment proposal, “FOR” the Merger-Related Compensation proposal and “FOR” the Director Compensation proposal.**

Opinion of Lam Research’s Financial Advisor (see page 67)

At a meeting of the Lam Research Board on October 20, 2015, Goldman, Sachs & Co., which is referred to as “Goldman Sachs,” delivered its oral opinion to the Lam Research Board, which was subsequently confirmed in writing, that, as of October 20, 2015 and based upon and subject to the factors and assumptions set forth in Goldman Sachs’ written opinion, the aggregate merger consideration to be paid by Lam Research pursuant to the merger agreement was fair from a financial point of view to Lam Research.

The full text of the written opinion of Goldman Sachs, dated October 20, 2015, which sets forth assumptions made, procedures followed, matters considered and limitations on the review undertaken in connection with the opinion, is attached as Annex B and is incorporated into this joint proxy statement/prospectus by reference. Goldman Sachs provided its opinion for the information and assistance of the Lam Research Board in connection with its consideration of the mergers. The Goldman Sachs opinion is not a recommendation as to how any holder of Lam Research common stock should vote with respect to the merger or any other matter. Pursuant to an engagement letter between Lam Research and Goldman Sachs, Lam Research has agreed to pay Goldman Sachs a transaction fee of \$35 million, a portion of which is payable upon the consummation of the merger. In addition, the engagement letter provides that Lam Research may pay Goldman Sachs an additional transaction fee of \$5 million at Lam Research’s sole discretion.

Opinion of KLA-Tencor’s Financial Advisor (see page 75)

KLA-Tencor retained Qatalyst Partners LP, which is referred to as “Qatalyst Partners,” to act as its financial advisor in connection with the mergers. KLA-Tencor selected Qatalyst Partners to act as its financial advisor based on Qatalyst Partners’ qualifications, expertise, reputation and knowledge of its business and affairs and the industry in which it operates. At a meeting of the KLA-Tencor Board on October 20, 2015, Qatalyst Partners rendered its oral opinion to the KLA-Tencor Board, which was subsequently confirmed in writing, that as of October 20, 2015 and based upon and subject to the various limitations, qualifications, assumptions and other matters set forth in its written opinion, the merger consideration to be received by the holders of shares of KLA-Tencor common stock, other than Lam Research or any affiliates of Lam Research, pursuant to the merger agreement was fair, from a financial point of view, to such holders.

The full text of the written opinion of Qatalyst Partners, dated October 20, 2015, is attached to this joint proxy statement/prospectus as Annex C and is incorporated into this joint proxy statement/prospectus by reference. The opinion sets forth, among other things, the assumptions made, procedures followed, matters considered and limitations and qualifications of the review undertaken by Qatalyst Partners in rendering its opinion. You should read the opinion carefully in its entirety. Qatalyst Partners’ opinion was provided to the KLA-Tencor Board and addressed only, as of the date of the opinion, the fairness from a financial point of view of the merger consideration to be received by the holders of shares of KLA-Tencor common stock, other than Lam Research or any affiliates of Lam Research, pursuant to the merger agreement. It does not address any other

aspect of the mergers and does not constitute a recommendation as to how any holder of shares of KLA-Tencor common stock or any holder of shares of Lam Research common stock should vote with respect to the mergers or any other matter. For a further discussion of Qatalyst Partners' opinion, see the section entitled "The Merger—Opinion of KLA-Tencor's Financial Advisor." Pursuant to an engagement letter between KLA-Tencor and Qatalyst Partners, KLA-Tencor has agreed to pay Qatalyst Partners a fee of approximately \$58,000,000, \$100,000 of which was payable upon the execution of such engagement letter and \$5,000,000 of which was payable upon delivery of its opinion, and the remaining portion of which will be paid upon, and subject to, consummation of the merger (provided that the final actual fee will be, in part, based on an average of the closing prices of Lam Research common stock over ten trading days approaching the closing of the merger).

Interests of KLA-Tencor Directors and Executive Officers in the Merger (see page 88)

KLA-Tencor's directors and executive officers have economic interests in the merger that may be different from, or in addition to, those of KLA-Tencor stockholders generally. As described in more detail under the section entitled "The Merger—Interests of KLA-Tencor Directors and Executive Officers in the Merger," these interests include, but are not limited to, certain payments and benefits that are expected to be provided to the executive officers upon consummation of the merger or in connection with termination of their employment under certain circumstances prior to or following the merger.

The KLA-Tencor Board was aware of and considered these interests, among other matters, in reaching its decisions to adopt and approve the merger agreement, the merger and the other transactions contemplated by the merger agreement (except for the interests of Ms. Higashi and Messrs. Moore and Rango that will arise if the KLA-Tencor stockholders approve the Director Compensation proposal).

Board of Directors Following the Merger (see page 96)

Immediately following the effective time of the merger, two directors from the KLA-Tencor Board, to be mutually designated by Lam Research and KLA-Tencor, will become members of the Lam Research Board. As of the date of this joint proxy statement/prospectus, Lam Research and KLA-Tencor have mutually agreed that John T. Dickson and Gary B. Moore, each of whom is currently a director of KLA-Tencor, will be the designated directors. Upon appointment, each director will receive prorated annual compensation for his or her service as a director consistent with Lam Research's policies for compensation of non-employee directors. Lam Research has agreed to indemnify the designated directors on the same terms as the other non-employee directors of Lam Research.

Treatment of Lam Research Stock Options and Other Equity Awards (see page 98)

The completion of the merger will not accelerate the vesting or settlement of any outstanding stock options or other equity awards granted under any of Lam Research's equity incentive plans, and all such stock options and other equity awards will continue to vest in accordance with their applicable terms.

Treatment of KLA-Tencor Equity Awards (see page 98)

Under the terms of the merger agreement, at the effective time of the merger, (1) Lam Research will convert each then-unvested KLA-Tencor RSU (including performance-based restricted stock units) that is held by a continuing service provider into a Lam Research RSU with economically equivalent terms as applied immediately prior to the effective time of the merger; (2) each share of KLA-Tencor common stock underlying KLA-Tencor RSUs that is vested (after taking into account any acceleration of vesting that occurs at the effective time of the merger) but as to which such share of stock has not yet been issued will be issued as of immediately prior to the effective time of the merger, treated as KLA-Tencor common stock in the merger and converted into the right to receive the merger consideration; and (3) each KLA-Tencor stock option will be cancelled and converted into the right to receive an amount of cash (without interest) equal to the product of (a) the number of

[Table of Contents](#)

shares of KLA-Tencor common stock subject to such KLA-Tencor stock option multiplied by (b) (i) the all-cash consideration less (ii) the exercise price per share for such KLA-Tencor option. At the effective time of the merger, each KLA-Tencor RSU that is unvested and held by an individual who is not a continuing service provider will be cancelled without payment of any consideration. See the section entitled “The Merger Agreement—Treatment of KLA-Tencor Equity Awards” for a discussion of these awards.

Regulatory Clearances Required for the Merger (see page 126)

Lam Research and KLA-Tencor are required to submit notifications to various competition authorities prior to completing the merger. Under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended, which is referred to as the “HSR Act,” Lam Research and KLA-Tencor must file notifications with the Federal Trade Commission and the Antitrust Division of the Department of Justice and observe a mandatory pre-merger waiting period before completing the merger. In addition, Lam Research and KLA-Tencor are required to submit notifications with competition authorities in China, Germany, Ireland, Israel, Japan, Korea and Taiwan.

Although Lam Research and KLA-Tencor expect to obtain all required regulatory clearances, Lam Research and KLA-Tencor cannot assure you that the antitrust regulators or other government agencies, including state attorneys general or private parties, will not initiate actions to challenge the merger before or after it is completed. Any such challenge to the merger could result in an administrative or court order enjoining the merger or in restrictions or conditions that would have a material adverse effect on the combined company if the mergers are completed. Such restrictions and conditions could include requiring the divestiture or spin-off of assets or businesses, the required licensing of intellectual property rights, or limitations on the ability of the combined company to operate its business as it sees fit. Neither Lam Research nor KLA-Tencor can provide assurance that any such conditions, terms, obligations or restrictions will not result in the delay or abandonment of the mergers.

Expected Timing of the Mergers

Lam Research and KLA-Tencor currently expect the closing of the mergers to occur in mid-calendar year 2016. However, the merger is subject to various regulatory clearances and the satisfaction or waiver of other conditions as described in the merger agreement, and it is possible that factors outside the control of Lam Research and KLA-Tencor could result in the mergers being completed earlier, later or not at all.

Conditions to Completion of the Mergers (see page 120)

As more fully described in this joint proxy statement/prospectus and in the merger agreement, the obligations of Lam Research and the Merger Subs, on the one hand, and KLA-Tencor, on the other hand, to complete the merger are subject to the satisfaction of a number of conditions, including the following:

- approval of the Merger proposal;
- approval of the Share Issuance proposal;
- effectiveness of the registration statement of which this joint proxy statement/prospectus forms a part and the absence of a stop order or proceedings threatened or initiated by the SEC relating thereto;
- absence of any law or any temporary restraining order, injunction or other order issued by any court of competent jurisdiction prohibiting, making illegal or preventing the consummation of the merger;
- the waiting period (or any extension thereof) applicable to the merger under the antitrust laws of the United States having expired or been earlier terminated;

Table of Contents

- any required waiting periods or affirmative approvals under certain foreign antitrust laws having expired or been obtained;
- authorization for the listing on the NASDAQ Global Select Market of the shares of Lam Research common stock to be issued to KLA-Tencor stockholders pursuant to the merger;
- accuracy of the representations and warranties made in the merger agreement by the other party, subject to certain materiality thresholds;
- the other party having performed or complied with, in all material respects, all its obligations under the merger agreement required to be performed or complied with on or prior to the closing date of the merger;
- the absence since the date of the merger agreement of any event or condition that has had or would reasonably be expected to have a material adverse effect on the other party;
- the receipt of a customary closing certificate executed by the other party; and
- receipt of a tax opinion from such party's tax counsel to the effect that the merger will qualify as a "reorganization" within the meaning of Section 368(a) of the Code.

No Solicitation of Alternative Proposals (see page 114)

The merger agreement prohibits Lam Research and KLA-Tencor from soliciting or engaging in discussions or negotiations with a third party with respect to a proposal for a competing transaction, including the acquisition of a significant interest in Lam Research's or KLA-Tencor's common stock or assets. Notwithstanding those restrictions, prior to obtaining the relevant stockholder approval, each of the Lam Research Board and KLA-Tencor Board is permitted to furnish information with respect to Lam Research or KLA-Tencor, respectively, and enter into discussions with, and only with, a person who has made an unsolicited bona fide written acquisition proposal if the board of directors of such party (1) determines in good faith (after consultation with its outside legal and financial advisors) that such acquisition proposal constitutes or is reasonably likely to result in a superior proposal; and (2) obtains from such person an executed confidentiality agreement.

Termination of the Merger Agreement (see page 121)

Lam Research and KLA-Tencor may mutually agree to terminate the merger agreement at any time. Either party may also terminate the merger agreement if the merger is not consummated by July 20, 2016, subject to extension by mutual agreement of the parties or in the event that certain regulatory clearances have not yet been obtained, provided that in no event shall any such extension be to a date that is later than October 20, 2016 unless both of Lam Research and KLA-Tencor agree. See the section entitled "The Merger Agreement—Termination of the Merger Agreement" for a discussion of these and other rights of each of Lam Research and KLA-Tencor to terminate the merger agreement.

Expenses and Termination Fees (see page 123)

Generally, all fees and expenses incurred in connection with the merger agreement and the transactions contemplated in the merger agreement will be paid by the party incurring those expenses, subject to the specific exceptions discussed in this joint proxy statement/prospectus where Lam Research or KLA-Tencor, as the case may be, may be required to pay a termination fee of \$290 million. See the section entitled "The Merger Agreement—Expenses and Termination Fees; Liability for Breach" for a discussion of the circumstances under which such termination fees will be required to be paid. Lam Research and KLA-Tencor have agreed to share equally all fees and expenses relating to printing, filing and distributing this joint proxy statement/prospectus, all SEC and other regulatory filing fees incurred in connection with this joint proxy statement/prospectus and the registration statement of which it is a part, and any documentary, sales, use, real property transfer, real property gains, registration, value-added, transfer, stamp, recording and other similar taxes.

Accounting Treatment (see page 132)

Lam Research prepares its financial statements under existing U.S. generally accepted accounting principles, which are referred to as “GAAP standards,” which are subject to change and interpretation. The mergers will be accounted for using the acquisition method of accounting with Lam Research being considered the acquiror of KLA-Tencor for accounting purposes.

Appraisal Rights (see page 170)

Under Section 262 of the DGCL, KLA-Tencor stockholders who do not vote in favor of the Merger proposal, who continuously hold their shares of KLA-Tencor common stock through the effective time of the merger and who otherwise comply with the applicable requirements of Section 262 of the DGCL have the right to seek appraisal of the fair value of their shares of KLA-Tencor common stock, as determined by the Court of Chancery if the merger is completed. The “fair value” of shares of KLA-Tencor common stock as determined by the Court of Chancery could be greater than, the same as, or less than the value of the merger consideration that a stockholder of KLA-Tencor would otherwise be entitled to receive under the terms of the merger agreement.

The right to seek appraisal will be lost if a KLA-Tencor stockholder votes “FOR” the Merger proposal. However, voting “AGAINST” the Merger proposal (including a broker non-vote or abstention which has the effect of a vote “AGAINST” the Merger proposal) is not in itself sufficient to perfect appraisal rights because additional actions must also be taken to perfect such rights.

KLA-Tencor stockholders who wish to exercise their right to seek appraisal of their shares under the DGCL must so advise KLA-Tencor by submitting a written demand for appraisal in the form described in this joint proxy statement/prospectus prior to the vote on the Merger proposal, and must otherwise follow the procedures prescribed by Section 262 of the DGCL. These procedures are summarized in this joint proxy statement/prospectus. See the section entitled “Appraisal Rights” for more information. A person having a beneficial interest in shares of KLA-Tencor common stock held of record in the name of another person, such as a bank, broker or other nominee, must act promptly to cause the record holder to follow the steps summarized in this joint proxy statement/prospectus and in a timely manner to perfect appraisal rights. In view of the complexity of Section 262 of the DGCL, KLA-Tencor stockholders who may wish to pursue appraisal rights should consult their legal and financial advisors.

In addition, a copy of Section 262 of the DGCL is included as Annex D to this joint proxy statement/prospectus. Failure to comply with the provisions of Section 262 of the DGCL will result in loss of appraisal rights and receipt of the merger consideration payable as the mixed election, unless another election was timely and validly made, in which case, the former dissenting KLA-Tencor stockholder will receive the same per share consideration as the other KLA-Tencor stockholders that made such election.

Lam Research stockholders are not entitled to appraisal or dissenters’ rights in connection with the mergers under Delaware law.

Comparison of Rights of Lam Research Stockholders and KLA-Tencor Stockholders (see page 156)

KLA-Tencor stockholders receiving Lam Research common stock as all or part of their merger consideration will have different rights once they become stockholders of Lam Research due to differences between the governing corporate documents of KLA-Tencor and the governing corporate documents of Lam Research. These differences are described in detail under the section entitled “Comparison of Rights of Lam Research Stockholders and KLA-Tencor Stockholders.”

Listing of Additional Shares of Lam Research Common Stock; Delisting and Deregistration of Shares of KLA-Tencor Common Stock (see page 98)

It is a condition to the completion of the merger that the shares of Lam Research common stock to be issued to KLA-Tencor stockholders pursuant to the merger agreement be authorized for listing on the NASDAQ Global Select Market at the effective time of the merger. Upon completion of the merger, shares of KLA-Tencor common stock currently listed on the NASDAQ Global Select Market will cease to be listed on the NASDAQ Global Select Market and will be subsequently deregistered under the Exchange Act.

Description of Financing Transactions (see page 101)

Lam Research has entered into (1) a senior unsecured term loan agreement which provides up to \$900 million in term loans, subject to certain conditions; and (2) a debt commitment letter which provides for a senior unsecured 364-day bridge facility in a principal amount of up to \$3.3 billion, subject to certain conditions. Lam Research has also entered into an amendment and restatement of its existing revolving credit agreement pursuant to which, among other things, the revolving lenders agreed to increase their aggregate commitments under the revolving credit agreement from \$300 million to \$750 million.

Lam Research intends to fund the cash component of the merger consideration and related fees and expenses and to prepay KLA-Tencor's \$671 million term loan with a combination of approximately \$1.9 billion of the combined companies' balance sheet cash and proceeds of approximately \$3.9 billion under the term loans, the revolving credit agreement and from the issuance of debt securities or, to the extent necessary, borrowings under the bridge facility. Lam Research also expects to guarantee KLA-Tencor's existing notes in the aggregate principal amount of \$2.5 billion.

Lam Research intends to pursue financing that would replace or supplement financing available under the bridge facility. There can be no assurance that any replacement or supplemental financing will be available to Lam Research at all or on acceptable terms.

The Meetings

The Lam Research Special Meeting (see page 32)

The Lam Research special meeting will be held at the principal executive offices of Lam Research, which are located at 4650 Cushing Parkway, Fremont, California 94538, on February 19, 2016, at 8:00 a.m. Pacific time. The Lam Research special meeting is being held to consider and vote on:

- the *Share Issuance proposal*, which is the proposal to approve the issuance of shares of Lam Research common stock to KLA-Tencor stockholders pursuant to the merger agreement, a copy of which is included as Annex A to this joint proxy statement/prospectus;
- the *Lam Research Adjournment proposal*, which is the proposal to adjourn the Lam Research special meeting, if necessary or appropriate, to solicit additional proxies if there are not sufficient votes to approve the Share Issuance proposal; and
- the *Charter Amendment proposal*, which is the proposal to approve the amendment to the Lam Research certificate of incorporation, as amended, to increase the number of authorized shares of Lam Research stock from 405,000,000 to 590,000,000 and the number of authorized shares of Lam Research common stock from 400,000,000 to 585,000,000, the full text of which is attached as Annex G to this joint proxy statement/prospectus.

Completion of the merger is conditioned on the approval of the Share Issuance proposal, but not on the approval of the Lam Research Adjournment proposal or the Charter Amendment proposal.

Table of Contents

Only holders of record of Lam Research common stock at the close of business on January 7, 2016, which is referred to as the Lam Research record date, are entitled to receive notice of, and to vote at, the Lam Research special meeting or any adjournments or postponements thereof. On the Lam Research record date, 158,883,421 shares of Lam Research common stock were issued and outstanding, approximately 0.5% of which were owned and entitled to be voted by Lam Research directors and executive officers or their affiliates. Lam Research currently expects that Lam Research's directors and executive officers will vote their shares in favor of the Share Issuance proposal, the Lam Research Adjournment proposal and the Charter Amendment proposal, although none of them has entered into any agreement obligating them to do so.

Required Vote (see page 33)

You may cast one vote for each share of Lam Research common stock that you own. Approval of the Share Issuance proposal and the Lam Research Adjournment proposal each requires the affirmative vote of holders of a majority of the shares of Lam Research common stock present in person or represented by proxy and entitled to vote on the proposal. Approval of the Charter Amendment proposal requires the affirmative vote of holders of a majority of the outstanding shares of Lam Research common stock on the Lam Research record date.

If necessary or appropriate to solicit additional proxies if there are not sufficient votes to approve the Share Issuance proposal, the chairman of the Lam Research special meeting or the holders of a majority of the shares entitled to vote and present in person or by proxy, whether or not a quorum is present, may adjourn the meeting to another place, date or time. No notice of an adjourned meeting need be given if the time and place of the adjourned meeting are announced at the meeting at which the adjournment is taken, unless the adjournment is for more than 30 days, or if after the adjournment, a new record date is fixed for the adjourned meeting, in which case a notice of the adjourned meeting shall be given to each stockholder of record entitled to vote at the adjourned meeting.

How Proxies are Counted; Failure to Vote; Abstentions and Broker Non-Votes (see page 34)

- *Share Issuance proposal.* If you are a Lam Research stockholder and attend the Lam Research special meeting in person but fail to vote, or you mark your proxy or voting instructions to abstain, it will have the same effect as a vote "AGAINST" the Share Issuance proposal. If you are a Lam Research stockholder and fail to vote by not attending the Lam Research special meeting, in person or by proxy, or you fail to instruct your broker, bank or other nominee to vote, it will have no effect on the Share Issuance proposal (assuming a quorum is present).
- *Lam Research Adjournment proposal.* If you are a Lam Research stockholder and attend the Lam Research special meeting in person but fail to vote, or you mark your proxy or voting instructions to abstain, it will have the same effect as a vote "AGAINST" the Lam Research Adjournment proposal. If you are a Lam Research stockholder and fail to vote by not attending the Lam Research special meeting, in person or by proxy, or you fail to instruct your broker, bank or other nominee to vote, it will have no effect on the Lam Research Adjournment proposal (assuming a quorum is present).
- *Charter Amendment proposal.* If you are a Lam Research stockholder and attend the Lam Research special meeting in person but fail to vote, you mark your proxy or voting instructions to abstain, you fail to vote by not attending the Lam Research special meeting, in person or by proxy, or you fail to instruct your broker, bank or other nominee to vote, it will have the same effect as a vote "AGAINST" the Charter Amendment proposal.

If you are a Lam Research stockholder through the 401(k) Plan and fail to instruct the 401(k) Plan trustee how to vote, the trustee will not vote the shares of Lam Research common stock allocated to your 401(k) Plan account.

The KLA-Tencor Special Meeting (see page 41)

The KLA-Tencor special meeting is scheduled to be held at Building Three of KLA-Tencor's Milpitas facility, located at Three Technology Drive, Milpitas, California, 95035, on February 19, 2016 at 8:00 a.m., Pacific time, to consider and vote on:

- the *Merger proposal*, which is the proposal to adopt the merger agreement, a copy of which is included as Annex A to the joint proxy statement/prospectus, pursuant to which Merger Sub 1 will merge with and into KLA-Tencor, with KLA-Tencor as the surviving corporation, and then KLA-Tencor will merge with and into Merger Sub 2, with Merger Sub 2 as the ultimate surviving corporation;
- the *KLA-Tencor Adjournment proposal*, which is the proposal to adjourn the KLA-Tencor special meeting, if necessary or appropriate, to solicit additional proxies if there are not sufficient votes to approve the Merger proposal;
- the *Merger-Related Compensation proposal*, which is the proposal to approve by a non-binding, advisory vote the compensation of KLA-Tencor's named executive officers that is based on or otherwise relates to the merger; and
- the *Director Compensation proposal*, which is a proposal to extend the applicability of KLA-Tencor's outside director vesting acceleration policy to outside members of the KLA-Tencor Board who have served on the KLA-Tencor Board for less than six years as of their termination date, such that the vesting of all restricted stock units held by outside directors who have served on the KLA-Tencor Board for less than six years will accelerate on a pro rata basis upon a separation from service with KLA-Tencor and Lam Research. The restricted stock units granted to the outside directors of the KLA-Tencor Board are the largest component of the annual director compensation program, which consists of a combination of restricted stock units and cash that the Compensation Committee of the KLA-Tencor Board has determined to be competitive with companies similarly situated with KLA-Tencor based on market data provided to it.

Only holders of record of KLA-Tencor common stock as of the KLA-Tencor record date are entitled to notice of, and to vote at, the KLA-Tencor special meeting or any adjournments or postponements thereof. On the KLA-Tencor record date, 155,664,541 shares were issued and outstanding, approximately 0.2% of which were owned and entitled to be voted by KLA-Tencor's directors, executive officers or their affiliates. KLA-Tencor currently expects that its directors and executive officers will vote their shares in favor of the Merger proposal, the KLA-Tencor Adjournment proposal, the Merger-Related Compensation proposal and the Director Compensation proposal.

Required Vote (see page 42)

You may cast one vote for each share of KLA-Tencor common stock you own. Approval of the Merger proposal requires the affirmative vote of holders of a majority of the outstanding shares of KLA-Tencor common stock entitled to vote on the proposal. Approval of the KLA-Tencor Adjournment proposal, the Merger-Related Compensation proposal and the Director Compensation proposal each requires the affirmative vote of a majority of the votes cast at the special meeting, assuming that a quorum is present. Whether or not KLA-Tencor stockholders approve the KLA-Tencor Adjournment proposal, and whether or not a quorum is present, the chairman of the KLA-Tencor special meeting or the holders of a majority of the shares entitled to vote and present in person or represented by proxy will have the power to adjourn the KLA-Tencor special meeting to another place, date or time. If necessary or appropriate to solicit additional proxies if there are not sufficient votes to approve the Merger proposal, the special meeting may be adjourned to another time or place without further notice unless the adjournment is for more than 30 days or if after the adjournment a new record date is fixed for the adjourned meeting, in which case a notice of the adjourned meeting shall be given to each stockholder of record entitled to vote at the adjourned meeting.

How Proxies are Counted; Failure to Vote; Abstentions and Broker Non-Votes (see page 43)

- *Merger proposal.* If you are a KLA-Tencor stockholder and attend the KLA-Tencor special meeting in person but fail to vote, you mark your proxy or voting instructions to abstain, you fail to vote by not attending the KLA-Tencor special meeting, in person or by proxy, or you fail to instruct your broker, bank or other nominee to vote, it will have the same effect as a vote “AGAINST” the Merger proposal. Voting against, abstaining from voting on, or failing to vote on the Merger proposal will not in and of itself be sufficient for stockholders seeking to perfect their appraisal rights to obtain appraisal rights for their shares of KLA-Tencor common stock. See the section entitled “Appraisal Rights” for more information.
- *KLA-Tencor Adjournment proposal.* If you are a KLA-Tencor stockholder and attend the KLA-Tencor special meeting in person but fail to vote, you mark your proxy or voting instructions to abstain, you fail to vote by not attending the KLA-Tencor special meeting, in person or by proxy, or you fail to instruct your broker, bank or other nominee to vote, it will have no effect on the KLA-Tencor Adjournment proposal (assuming a quorum is present).
- *Merger-Related Compensation proposal.* If you are a KLA-Tencor stockholder and attend the KLA-Tencor special meeting in person but fail to vote, you mark your proxy or voting instructions to abstain, you fail to vote by not attending the KLA-Tencor special meeting, in person or by proxy, or you fail to instruct your broker, bank or other nominee to vote, it will have no effect on the Merger-Related Compensation proposal (assuming a quorum is present).
- *Director Compensation proposal.* If you are a KLA-Tencor stockholder and attend the KLA-Tencor special meeting in person but fail to vote, you mark your proxy or voting instructions to abstain, you fail to vote by not attending the KLA-Tencor special meeting, in person or by proxy, or you fail to instruct your broker, bank or other nominee to vote, it will have no effect on the Director Compensation proposal (assuming a quorum is present).

Table of Contents

- (1) Net income decreased to \$366.2 million in the fiscal year ended June 30, 2015, primarily as a result of the impact of the pre-tax net loss of \$131.7 million for the loss on extinguishment of debt and certain one-time expenses of \$2.5 million associated with the leveraged recapitalization that was completed during the three months ended December 31, 2014.
- (2) Long-term debt increased to \$3.17 billion at the end of fiscal year ended June 30, 2015, because, as part of the leveraged recapitalization plan, KLA-Tencor issued \$2.50 billion aggregate principal amount of senior, unsecured long-term notes, entered into \$750 million of five-year senior unsecured pre-payable term loans and a \$500 million unfunded revolving credit facility and redeemed the \$750 million aggregate principal amount of 6.900% Senior Notes due in 2018. Refer to Note 7 of the KLA-Tencor June 30, 2015 Consolidated Financial Statements, "Debt" for additional details, which are incorporated by reference into this joint proxy statement/prospectus. KLA-Tencor's total stockholders' equity decreased to \$421.4 million at the end of fiscal year ended June 30, 2015, because, as part of KLA-Tencor's leveraged recapitalization plan, KLA-Tencor declared a special cash dividend of approximately \$2.76 billion. Refer to Note 8 of the KLA-Tencor June 30, 2015 Consolidated Financial Statements, "Equity and Long-term Incentive Compensation Plans" for additional details, which are incorporated by reference into this joint proxy statement/prospectus.
- (3) KLA-Tencor early adopted the accounting standard update regarding simplification of the presentation of debt issuance costs, which requires that debt issuance costs related to a recognized debt liability be presented on the balance sheet as a direct deduction from the carrying amount of that debt liability, consistent with debt discounts. Accordingly, KLA-Tencor applied the accounting standard update on a retrospective basis by reclassifying the presentation of the debt issuance costs which was originally included in other current and other non-current assets against the long-term debt on the KLA-Tencor Consolidated Balance Sheets as of June 30, 2014, 2013, 2012 and 2011. The change in the classification of the debt issuance costs reduced total assets and total liabilities by \$2.8 million, \$3.6 million, \$4.3 million and \$5.0 million as of June 30, 2014, 2013, 2012 and 2011, respectively. There is no impact to the KLA-Tencor Consolidated Statements of Operations, Comprehensive Income, Stockholder's Equity and Cash Flows for the fiscal years ended June 30, 2014, 2013, 2012 and 2011.

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

This joint proxy statement/prospectus and the documents incorporated by reference into this joint proxy statement/prospectus contain forward-looking statements within the meaning of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995 that are not limited to historical facts, but reflect Lam Research's and KLA-Tencor's current beliefs, expectations or intentions regarding future events. Words such as "may," "will," "could," "should," "expect," "plan," "project," "intend," "anticipate," "believe," "estimate," "predict," "potential," "pursue," "target," "continue," and similar expressions are intended to identify such forward-looking statements. These forward-looking statements include, without limitation, Lam Research's and KLA-Tencor's expectations with respect to the synergies, costs and other anticipated financial impacts of the proposed mergers; future financial and operating results of the combined company; financial projections of KLA-Tencor and Lam Research; the combined company's plans, objectives, expectations and intentions with respect to future operations and services; approval of the proposed mergers by stockholders and by governmental regulatory authorities; the methods that Lam Research will use to finance the merger and the satisfaction of the closing conditions to the proposed merger; and the timing of the completion of the proposed mergers. Without limiting the generality of the preceding sentence, certain statements contained in the sections "The Merger—Background of the Merger," "The Merger—Lam Research's Reasons for the Merger; Recommendation of the Lam Research Board," "The Merger—KLA-Tencor's Reasons for the Merger; Recommendation of the KLA-Tencor Board," "The Merger—Certain Projections of Lam Research and KLA-Tencor" contain forward-looking statements.

All forward-looking statements involve significant risks and uncertainties that could cause actual results to differ materially from those in the forward-looking statements, many of which are generally outside the control of Lam Research and KLA-Tencor and are difficult to predict. In addition to the risks and uncertainties described in the section entitled "Risk Factors" and those described in any documents that are incorporated by reference into this joint proxy statement/prospectus, such risks and uncertainties include, among others: (1) the risk that the conditions to the closing of the mergers are not satisfied, including the risk that required approvals for the mergers from governmental authorities or the stockholders of KLA-Tencor or Lam Research are not obtained; (2) litigation relating to the mergers; (3) uncertainties as to the timing of the consummation of the mergers and the ability of each party to consummate the mergers; (4) risks that the proposed mergers disrupt the current plans and operations of KLA-Tencor or Lam Research; (5) the ability of KLA-Tencor and Lam Research to retain and hire key personnel; (6) competitive responses to the proposed mergers and the impact of competitive products; (7) unexpected costs, charges or expenses resulting from the mergers; (8) potential adverse reactions or changes to business relationships resulting from the announcement or completion of the mergers; (9) the combined company's ability to achieve the financial and operating results, growth prospects and synergies expected from the mergers, as well as delays, challenges and expenses associated with integrating the existing businesses of Lam Research and KLA-Tencor; (10) the combined company's ability to maintain and improve relationships with customers, suppliers and other third parties following the mergers; (11) the terms and availability of the indebtedness planned to be incurred in connection with the merger; and (12) legislative, regulatory and economic developments, including changing business conditions in the semiconductor industry and overall economy as well as the financial performance and expectations of Lam Research's and KLA-Tencor's existing and prospective customers.

Lam Research and KLA-Tencor caution that the foregoing list of factors is not exclusive and that you should not place undue reliance on any forward-looking statement. All subsequent written and oral forward-looking statements concerning Lam Research, KLA-Tencor, the proposed mergers or other matters and attributable to Lam Research or KLA-Tencor or any person acting on their behalf are expressly qualified in their entirety by the cautionary statements above. All forward-looking statements contained in this joint proxy statement/prospectus and the documents incorporated by reference herein are made only as of the date of the document in which they are contained and neither Lam Research nor KLA-Tencor undertakes any obligation to update publicly any of these forward-looking statements to reflect events or circumstances that may arise after the date hereof.

RISK FACTORS

In addition to the other information included and incorporated by reference into this joint proxy statement/prospectus, including the matters addressed in the section entitled "Special Note Regarding Forward-Looking Statements," you should carefully consider the following risks before deciding whether to vote for the Merger proposal, in the case of KLA-Tencor stockholders, or for the Share Issuance proposal, in the case of Lam Research stockholders. In addition, you should read and consider the risks associated with each of the businesses of Lam Research and KLA-Tencor because these risks will also affect the combined company. These risks can be found in the Annual Reports on Form 10-K for the fiscal year ended June 28, 2015, for Lam Research, and June 30, 2015, for KLA-Tencor, and any amendments thereto, as such risks may be updated or supplemented in each company's subsequently filed Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q or Current Reports on Form 8-K, which will be incorporated by reference into this joint proxy statement/prospectus as they are filed. You should also read and consider the other information in this joint proxy statement/prospectus and the other documents incorporated by reference into this joint proxy statement/prospectus. See the section entitled "Where You Can Find More Information."

Risk Factors Relating to the Merger

The value of the merger consideration that KLA-Tencor stockholders will receive in the merger will vary and will not be known until completion of the merger.

The value of the merger consideration that KLA-Tencor stockholders will receive will depend on the five-trading day VWAP and on the price per share of Lam Research common stock at the effective time of the merger. The prices of Lam Research common stock and KLA-Tencor common stock at the closing of the merger may vary from their prices on the date the merger agreement was executed, on the date of this joint proxy statement/prospectus and on the date of each special meeting. As a result, the value of the merger consideration will also vary. These variations could result from changes in the business, operations or prospects of Lam Research or KLA-Tencor prior to or following the merger, regulatory considerations, general market and economic conditions and other factors both within and beyond the control of Lam Research or KLA-Tencor. Lam Research and KLA-Tencor will likely complete the merger a considerable period of time after the date of both the Lam Research special meeting and the KLA-Tencor special meeting. Therefore, at the time of the KLA-Tencor special meeting, KLA-Tencor stockholders will not know with certainty the value of any shares of Lam Research common stock that they may receive upon completion of the merger, and the value may be less than the current price or the price at the time of the KLA-Tencor special meeting.

The merger consideration will not be adjusted for changes in the market price of either Lam Research common stock or KLA-Tencor common stock between the date of signing the merger agreement and completion of the merger.

Current Lam Research stockholders and KLA-Tencor stockholders will generally have a reduced ownership and voting interest after the merger.

Lam Research expects to issue or reserve for issuance 80,762,759 shares of Lam Research common stock to KLA-Tencor stockholders in the merger (including shares of Lam Research common stock issuable in connection with outstanding KLA-Tencor equity awards). Based on the number of shares of common stock of Lam Research and KLA-Tencor outstanding as of the Lam Research record date and the KLA-Tencor record date, upon the completion of the merger, current Lam Research stockholders and former KLA-Tencor stockholders would own approximately 67% and 33% of the common stock of Lam Research, respectively.

Lam Research stockholders and KLA-Tencor stockholders currently have the right to vote for their respective directors and on other matters affecting their respective companies. When the merger occurs, each KLA-Tencor stockholder that receives shares of Lam Research common stock and is not already a stockholder of Lam Research will become a stockholder of Lam Research with a percentage ownership of the combined

Table of Contents

company that will be smaller than such stockholder's percentage ownership of KLA-Tencor prior to the merger. Correspondingly, each Lam Research stockholder will remain a stockholder of Lam Research with a percentage ownership of the combined company that will generally be smaller than such stockholder's percentage of Lam Research prior to the merger. As a result of these reduced ownership percentages, Lam Research stockholders will generally have less voting power in the combined company than they now have with respect to Lam Research, and former KLA-Tencor stockholders will generally have less voting power in the combined company than they now have with respect to KLA-Tencor.

The merger is subject to the receipt of consents and clearances from domestic and foreign regulatory authorities that may impose conditions that could have an adverse effect on Lam Research, KLA-Tencor or the combined company or, if not obtained, could prevent completion of the merger.

Before the merger may be completed, applicable waiting periods must expire or terminate under antitrust and competition laws and various approvals or consents must be obtained from regulatory entities. In deciding whether to grant antitrust or regulatory clearances, the relevant governmental entities will consider the effect of the merger on competition within their relevant jurisdiction. The terms and conditions of any approvals that are granted may impose requirements, limitations or costs or place restrictions on the conduct of the combined company's business. The merger agreement may require Lam Research and KLA-Tencor to comply with conditions imposed by regulatory entities and, in certain circumstances, either company may refuse to close the merger on the basis of those regulatory conditions. There can be no assurance that regulators will not impose conditions, terms, obligations or restrictions, or that such conditions, terms, obligations or restrictions will not have the effect of delaying completion of the merger or imposing additional material costs on or materially limiting the revenues of the combined company following the merger. In addition, neither Lam Research nor KLA-Tencor can provide assurance that any such conditions, terms, obligations or restrictions will not result in the delay or abandonment of the merger. For a more detailed description of the regulatory review process, see the section entitled "The Merger—Regulatory Clearances Required for the Merger."

The consummation of the merger is conditioned on there being no material adverse effect on either of Lam Research's or KLA-Tencor's businesses. Ongoing changes in the technology industry, and the semiconductor industry in particular, could expose Lam Research's and KLA-Tencor's businesses to significant risks, which may result in a material adverse effect.

Each of Lam Research's and KLA-Tencor's obligations to consummate the merger is subject to certain customary conditions, including that there be no material adverse effect (as defined in the merger agreement) on the other's business. There is no assurance that this condition to the merger will be satisfied in a timely manner or at all.

In addition, the semiconductor equipment industry and other industries that Lam Research and KLA-Tencor serve are constantly developing and changing. Many of the risks associated with operating in these industries are comparable to the risks faced by all technology companies, such as the uncertainty of future growth rates, pricing trends and changes in customers' capital spending patterns. If either Lam Research or KLA-Tencor fails to appropriately adjust their respective cost structure and operations to adapt to any of these trends, or respond to new technological advances, Lam Research or KLA-Tencor could experience a material adverse effect on their respective businesses, financial condition and operating results.

Any delay in completing the merger may reduce or eliminate the benefits expected to be achieved thereunder.

In addition to the required regulatory clearances, the merger is subject to a number of other conditions beyond Lam Research's and KLA-Tencor's control that may prevent, delay or otherwise materially adversely affect its completion. We cannot predict whether and when these other conditions will be satisfied. Furthermore, the requirements for obtaining the required clearances and approvals could delay the completion of the merger

Table of Contents

for a significant period of time or prevent it from occurring. Any delay in completing the merger could cause the combined company not to realize some or all of the synergies that Lam Research and KLA-Tencor expect to achieve if the merger is successfully completed within its expected time frame. Neither Lam Research nor KLA-Tencor will be obligated to close the merger if the merger is not consummated by July 20, 2016, which deadline may be extended under certain circumstances to October 20, 2016. See the section entitled “The Merger Agreement—Conditions to Completion of the Merger” for more information.

Uncertainties associated with the merger may cause a loss of management personnel and other key employees which could adversely affect the future business and operations of the combined company.

Lam Research and KLA-Tencor are dependent on the experience and industry knowledge of their officers and other key employees to execute their business plans. The combined company’s success after the merger will depend in part upon its ability to retain key management personnel and other key employees. Current and prospective employees of Lam Research and KLA-Tencor may experience uncertainty about their roles within the combined company following the merger or other concerns regarding the timing and completion of the merger or the operations of the combined company, any of which may have an adverse effect on the ability of each of Lam Research and KLA-Tencor to attract or retain key management and other key personnel. Accordingly, no assurance can be given that the combined company will be able to attract or retain key management personnel and other key employees of Lam Research and KLA-Tencor to the same extent that Lam Research and KLA-Tencor have previously been able to attract or retain their own employees.

Several lawsuits have been filed against Lam Research and KLA-Tencor challenging the merger and an adverse ruling may prevent the merger from being completed.

Lam Research, KLA-Tencor, Merger Sub 1 and Merger Sub 2, as well as the members of the KLA-Tencor Board, have been named as defendants in several lawsuits brought by KLA-Tencor stockholders. Additional lawsuits may be filed against Lam Research, KLA-Tencor, Merger Sub 1, Merger Sub 2 and the directors of one of the foregoing companies in connection with the merger. See the section entitled “The Merger—Litigation Related to the Merger” for more information about the lawsuits that have been filed related to the merger.

One of the conditions to the closing of the merger is that no order, injunction, decree or other legal restraint or prohibition shall be in effect that prevents completion of the merger. Consequently, if a settlement or other resolution is not reached in the lawsuits referenced above and the plaintiffs secure injunctive or other relief prohibiting, delaying or otherwise adversely affecting the defendants’ ability to complete the merger, then such injunctive or other relief may prevent the merger from becoming effective within the expected time frame or at all.

If the mergers do not qualify as a reorganization under Section 368(a) of the Code, the stockholders of KLA-Tencor may be required to pay substantial U.S. federal income taxes.

It is a condition to the completion of the mergers that each of Jones Day, tax counsel to Lam Research, and Wilson Sonsini Goodrich & Rosati, Professional Corporation, tax counsel to KLA-Tencor, deliver an opinion, dated on the closing date of the mergers, to the effect that the mergers will qualify for U.S. federal income tax purposes as a “reorganization” within the meaning of Section 368(a) of the Code. Each party may waive the requirement to receive an opinion from its tax counsel as a condition to such party’s obligation to complete the mergers. These opinions will be based on certain assumptions and representations as to factual matters from Lam Research and KLA-Tencor, as well as certain covenants and undertakings by Lam Research and KLA-Tencor, all of which must continue to be true and accurate as of the effective time of the merger. If any of the assumptions, representations, covenants or undertakings is incorrect, incomplete, inaccurate or is violated, one or both of the opinions may not be delivered and, if delivered, the conclusions reached by counsel in their opinions cannot be relied upon and the tax consequences of the mergers could differ from those described in this joint proxy statement/prospectus. Additionally, an opinion of counsel represents counsel’s best legal judgment but is not binding on the IRS or any court, so there can be no certainty that the IRS will not challenge the conclusions

Table of Contents

reflected in the opinions or that a court will not sustain such a challenge. If the IRS or a court determines that the mergers do not qualify as a “reorganization,” a U.S. holder of KLA-Tencor common stock would generally recognize taxable gain or loss for U.S. federal income tax purposes upon the exchange of KLA-Tencor common stock for Lam Research common stock, cash, or a combination thereof pursuant to the merger. See the section entitled “Material U.S. Federal Income Tax Consequences” for more information.

Failure to complete the merger could negatively impact the stock prices and the future business and financial results of Lam Research and KLA-Tencor.

If the merger is not completed, the ongoing businesses of Lam Research and KLA-Tencor may be adversely affected, and Lam Research and KLA-Tencor will be subject to several risks, including the following:

- being required to pay a termination fee of up to \$290 million under certain circumstances provided in the merger agreement;
- having to pay certain costs relating to the merger, such as legal, accounting, financial advisor and printing fees;
- having had the focus of each company’s management on the merger instead of on pursuing other opportunities that could have been beneficial to the companies;
- having a potential effect on the relationships with employees, customers, suppliers, distributors and regulators;
- having had the restrictions on the conduct of the respective businesses pursuant to the terms of the merger agreement, potentially delaying or preventing the respective companies from undertaking business opportunities that, absent the merger agreement, may have been pursued; and
- having had the potential benefits of the merger reflected in their respective stock prices, which could lead to stock price volatility and declines if the merger is not completed.

There can be no assurance that Lam Research will be able to secure the financing it intends to use to pay the cash component of the merger consideration.

Lam Research has entered into (1) a senior unsecured term loan agreement which provides up to \$900 million in term loans, subject to certain conditions; and (2) a debt commitment letter which provides for a senior unsecured 364-day bridge facility in a principal amount of up to \$3.3 billion, subject to certain conditions. Lam Research has also entered into an amendment and restatement of its existing revolving credit agreement pursuant to which, among other things, the revolving lenders agreed to increase their aggregate commitments under the revolving credit agreement from \$300 million to \$750 million.

Lam Research intends to fund the cash component of the merger consideration and related fees and expenses and to prepay KLA-Tencor’s \$671 million term loan with a combination of approximately \$1.9 billion of the combined companies’ balance sheet cash and proceeds of approximately \$3.9 billion under the term loans, the revolving credit agreement and from the issuance of debt securities or, to the extent necessary, borrowings under the bridge facility. Lam Research also expects to guarantee KLA-Tencor’s existing notes in the aggregate principal amount of \$2.5 billion. Lam Research intends to pursue financing that would replace or supplement financing available under the bridge facility.

The availability of the term loans and any debt financing pursuant to the bridge commitment letter is, and other financing Lam Research might arrange will be, subject to certain conditions precedent. In addition, the commitments under the bridge facility commitment letter will terminate upon the first to occur of (i) the execution and delivery of definitive financing documentation for the bridge facility; (ii) the consummation of the merger without using the bridge facility; (iii) the termination of the obligations of Lam Research or Merger Sub 1 to consummate the merger pursuant to the merger agreement, and (iv) July 20, 2016 (or, to the extent this date is extended in accordance with the merger agreement, such extended date occurring on or prior to October 20,

Table of Contents

2016). Therefore, no assurance can be given that the financing pursuant to the term loans, the bridge facility or debt securities described above will be available.

Lam Research's obligation to complete the merger is not subject to a financing contingency. In the event that the term loans, bridge facility or the replacement financing is not available, other financing may not be available on acceptable terms, in a timely manner, or at all. If Lam Research is unable to secure alternative financing, the merger may not be completed and Lam Research could be liable to KLA-Tencor for breach of the merger agreement in connection with its failure to consummate the merger.

The merger agreement contains provisions that could discourage a potential competing acquiror of either Lam Research or KLA-Tencor.

The merger agreement contains "no shop" provisions that, subject to limited exceptions, restrict each of Lam Research's and KLA-Tencor's ability to solicit, initiate or knowingly encourage and facilitate competing third-party proposals for the acquisition of their respective company's stock or assets. Further, even if the Lam Research Board or the KLA-Tencor Board withdraws or qualifies its recommendation with respect to the merger, Lam Research or KLA-Tencor, as the case may be, will still be required to submit each of their merger-related proposals to a vote at their special meeting, unless the merger agreement is earlier terminated. In addition, the other party generally has an opportunity to offer to modify the terms of the merger in response to any competing acquisition proposals before the board of directors of the company that has received a third-party proposal may withdraw or qualify its recommendation with respect to the merger. The merger agreement further provides that, upon termination of the merger agreement under specified circumstances, including certain terminations in connection with an alternative business combination transaction as permitted by the terms of the merger agreement, either Lam Research or KLA-Tencor may be required to pay the other a termination fee of \$290 million. See the sections entitled "The Merger Agreement—No Solicitation of Alternative Proposals," "The Merger Agreement—Termination of the Merger Agreement" and "The Merger Agreement—Expenses and Termination Fees; Liability for Breach" for more information.

These provisions could discourage a potential third-party acquiror that might have an interest in acquiring all or a significant portion of Lam Research or KLA-Tencor from considering or proposing that acquisition, even if it were prepared to pay consideration with a higher per share cash or market value than the market value proposed to be received or realized in the merger. These provisions might also result in a potential third-party acquiror proposing to pay a lower price to the stockholders than it might otherwise have proposed to pay because of the added expense of the \$290 million termination fee that may become payable in certain circumstances.

If the merger agreement is terminated and either Lam Research or KLA-Tencor determines to seek another business combination, it may not be able to negotiate a transaction with another party on terms comparable to, or better than, the terms of the merger.

The opinions obtained by the boards of directors of Lam Research and KLA-Tencor from their respective financial advisors will not reflect changes in circumstances between signing the merger agreement and the completion of the merger.

Neither the Lam Research Board nor the KLA-Tencor Board has obtained an updated opinion as of the date of this joint proxy statement/prospectus from Goldman Sachs, Lam Research's financial advisor, or Qatalyst Partners, KLA-Tencor's financial advisor, nor have they requested such an update at any time in the future. These opinions were necessarily based on financial, economic, monetary, market and other conditions and circumstances as in effect on, and the information made available to the financial advisors as of, the date of such opinions. Developments subsequent to the date of such opinions, including changes in the operations and prospects of Lam Research or KLA-Tencor, general market and economic conditions and other factors that may be beyond the control of Lam Research and KLA-Tencor, may affect such opinions. The opinions do not speak as of the time of the special meetings, as of the time the merger will be completed or as of any date other than the dates of such opinions. The opinions are included as Annexes B and C to this joint proxy statement/prospectus.

Future results of the combined company may differ materially from the unaudited pro forma financial statements included in this joint proxy statement/prospectus and the financial forecasts prepared by Lam Research and KLA-Tencor in connection with the discussions concerning the merger.

The pro forma financial statements contained in this joint proxy statement/prospectus are presented for illustrative purposes only, are based on various adjustments, assumptions and preliminary estimates and may not be an indication of the combined company’s financial condition or results of operations following the merger for several reasons. See the section entitled “Unaudited Pro Forma Condensed Combined Financial Information” for more information. The actual financial condition and results of operations of the combined company following the merger may not be consistent with, or evident from, these pro forma financial statements or the financial forecasts prepared by Lam Research and KLA-Tencor. In addition, the assumptions used in preparing the pro forma financial information may not prove to be accurate, and other factors may affect the combined company’s financial condition or results of operations following the merger. Any potential decline in the combined company’s financial condition or results of operations may cause significant variations in the stock price of the combined company.

KLA-Tencor’s executive officers and directors have interests in the merger that may be different from, or in addition to, the interests of KLA-Tencor stockholders generally.

KLA-Tencor’s executive officers and directors have interests in the merger that may be different from, or in addition to, the interests of KLA-Tencor stockholders generally. KLA-Tencor’s executive officers negotiated the terms of the merger agreement. Certain of KLA-Tencor’s compensation and benefit plans and arrangements in which KLA-Tencor’s executive officers and directors participate provide for payment or accelerated vesting or distribution of certain rights or benefits upon completion of the merger. Executive officers and directors of KLA-Tencor also have rights to indemnification and directors’ and officers’ liability insurance that will survive completion of the merger.

The KLA-Tencor Board was aware of these interests at the time it approved the merger agreement and the merger (except for the interests of Ms. Higashi and Messrs. Moore and Rango that will arise if the KLA-Tencor stockholders approve the Director Compensation proposal as the KLA-Tencor Board did not determine to submit the Director Compensation proposal to KLA-Tencor stockholders until after it had approved the merger agreement). These interests may cause KLA-Tencor’s directors and executive officers to view the merger differently and more favorably than you may view it. See the section entitled “The Merger—Interests of KLA-Tencor Directors and Executive Officers in the Merger” for more information.

The shares of Lam Research common stock to be received by KLA-Tencor stockholders upon completion of the merger will have different rights from shares of KLA-Tencor common stock.

Upon completion of the merger, KLA-Tencor stockholders will no longer be stockholders of KLA-Tencor. Instead, former KLA-Tencor stockholders who receive Lam Research stock will become stockholders of Lam Research and their rights as Lam Research stockholders will be governed by the terms of Lam Research’s certificate of incorporation, as amended, and Lam Research’s amended and restated bylaws. The terms of Lam

Table of Contents

Research's certificate of incorporation, as amended, and amended and restated bylaws are in some respects materially different than the terms of KLA-Tencor's amended and restated certificate of incorporation, as amended, and amended and restated bylaws, which currently govern the rights of KLA-Tencor stockholders. See the section entitled "Comparison of Rights of Lam Research Stockholders and KLA-Tencor Stockholders" for a discussion of the different rights associated with shares of Lam Research common stock and shares of KLA-Tencor common stock.

Risk Factors Relating to the Combined Company Following the Merger

The combined company may be unable to integrate the businesses of Lam Research and KLA-Tencor successfully or realize the anticipated benefits of the merger.

The merger involves the combination of two companies that currently operate as independent public companies. The combined company will be required to devote significant management attention and resources to integrating the business practices and operations of Lam Research and KLA-Tencor. Potential difficulties that the combined company may encounter as part of the integration process include the following:

- the inability to successfully combine the businesses of Lam Research and KLA-Tencor in a manner that permits the combined company to achieve the full revenue and cost synergies and other benefits anticipated to result from the merger;
- complexities associated with managing the combined businesses, including difficulty addressing possible differences in corporate cultures and management philosophies and the challenge of integrating complex systems, technology, networks and other assets of each of the companies in a seamless manner that minimizes any adverse impact on customers, suppliers, employees and other constituencies; and
- potential unknown liabilities and unforeseen increased expenses or delays associated with the merger.

In addition, Lam Research and KLA-Tencor have operated and, until the completion of the merger will continue to operate, independently. It is possible that the integration process could result in:

- diversion of the attention of each company's management; and
- the disruption of, or the loss of momentum in, each company's ongoing businesses or inconsistencies in standards, controls, procedures and policies,

any of which could adversely affect each company's ability to maintain relationships with customers, suppliers, employees and other constituencies or Lam Research's and KLA-Tencor's ability to achieve the anticipated benefits of the merger, or could reduce each company's earnings or otherwise adversely affect the business and financial results of the combined company.

The future results of the combined company will suffer if the combined company does not effectively manage its expanded operations following the merger.

Following the merger, the size of the business of the combined company will increase significantly beyond the current size of either Lam Research's or KLA-Tencor's business. The combined company's future success depends, in part, upon its ability to manage this expanded business, which will pose substantial challenges for management, including challenges related to the management and monitoring of new operations and associated increased costs and complexity. There can be no assurances that the combined company will be successful or that it will realize the expected operating efficiencies, cost savings, revenue enhancements or other benefits currently anticipated from the merger.

Table of Contents

The combined company is expected to incur substantial expenses related to the merger and the integration of Lam Research and KLA-Tencor.

The combined company is expected to incur substantial expenses in connection with the merger and the integration of Lam Research and KLA-Tencor. There are a large number of processes, policies, procedures, operations, technologies and systems that may need to be integrated, including purchasing, accounting and finance, sales, payroll, pricing, marketing and benefits. While Lam Research and KLA-Tencor have assumed that a certain level of expenses will be incurred, there are many factors beyond their control that could affect the total amount or the timing of the integration expenses. Moreover, many of the expenses that will be incurred are, by their nature, difficult to estimate accurately. These expenses could, particularly in the near term, exceed the savings that the combined company expects to achieve from the elimination of duplicative expenses and the realization of economies of scale and cost savings. These integration expenses likely will result in the combined company taking significant charges against earnings following the completion of the merger, and the amount and timing of such charges are uncertain at present.

The merger may result in a loss of customers or strategic alliances.

As a result of the merger, some of the customers, potential customers or strategic partners of Lam Research or KLA-Tencor may terminate or scale back their business relationship with the combined company. Some customers may not wish to source a larger percentage of their needs from a single company, or may feel that Lam Research or KLA-Tencor, as applicable, and thus the combined company is too closely allied with one of their competitors. Potential customers or strategic partners may delay entering into, or decide not to enter into, a business relationship with the combined company because of the merger. If customer relationships or strategic alliances are adversely affected by the merger, the combined company's business and financial performance could suffer.

Third parties may terminate or alter existing contracts with KLA-Tencor.

KLA-Tencor has contracts with suppliers, distributors, customers, licensors, licensees, lessors and other business partners that have "change of control" or similar clauses that allow the counterparty to terminate or change the terms of their contract upon the closing of the transactions contemplated by the merger agreement. Lam Research or KLA-Tencor may seek to obtain consent from these other parties, but if these third party consents are not obtained, or are obtained on unfavorable terms, the combined company may lose the benefit of such contracts, including benefits that may be material to the business of the combined company.

The indebtedness of Lam Research following completion of the mergers will be substantially greater than Lam Research's indebtedness on a stand-alone basis and greater than the combined indebtedness of Lam Research and KLA-Tencor existing prior to the mergers. This increased level of indebtedness could adversely affect Lam Research, including by decreasing Lam Research's business flexibility, and will increase its borrowing costs. Downgrades in Lam Research's ratings could adversely affect Lam Research's business, cash flows, financial condition and operating results.

Lam Research intends to fund the cash component of the merger consideration and related fees and expenses and to prepay KLA-Tencor's \$671 million term loan with a combination of approximately \$1.9 billion of the combined companies' balance sheet cash and proceeds of approximately \$3.9 billion under the term loans, the revolving credit agreement and from the issuance of debt securities or, to the extent necessary, borrowings under the bridge facility. Lam Research also expects to guarantee KLA-Tencor's existing notes in the aggregate principal amount of \$2.5 billion. Lam Research's substantially increased indebtedness and higher debt-to-equity ratio following completion of the mergers in comparison to that of Lam Research prior to the merger will have the effect, among other things, of reducing Lam Research's flexibility to respond to changing business and economic conditions and will increase Lam Research's borrowing costs. In addition, the amount of cash required to service Lam Research's increased indebtedness levels and thus the demands on Lam Research's cash resources will be greater than the amount of cash flows required to service the indebtedness of Lam Research or KLA-

Tencor individually prior to the merger. The increased levels of indebtedness could also reduce funds available for Lam Research's investments in product development as well as capital expenditures, dividends, share repurchases and other activities and may create competitive disadvantages for Lam Research relative to other companies with lower debt levels.

In addition, Lam Research's credit ratings impact the cost and availability of future borrowings, and, as a result, Lam Research's cost of capital. Lam Research's ratings reflect each rating organization's opinion of Lam Research's financial strength, operating performance and ability to meet Lam Research's debt obligations or obligations to Lam Research's insureds. Each of the ratings organizations reviews Lam Research's ratings periodically, and there can be no assurance that Lam Research's current ratings will be maintained in the future. Downgrades in Lam Research's ratings could adversely affect Lam Research's business, cash flows, financial condition and operating results.

Other Risk Factors of Lam Research and KLA-Tencor

Lam Research's and KLA-Tencor's businesses are and will be subject to the risks described above. In addition, Lam Research and KLA-Tencor are, and will continue to be, subject to the risks described in Lam Research's Annual Report on Form 10-K for the fiscal year ended June 28, 2015, and KLA-Tencor's Annual Report on Form 10-K for the fiscal year ended June 30, 2015, as updated by subsequent Quarterly Reports on Form 10-Q, all of which are filed with the SEC and incorporated by reference into this joint proxy statement/prospectus. Table of Contents

Lam Research Record Date; Stockholders Entitled to Vote

Only Lam Research stockholders on the Lam Research record date are entitled to notice of, and to vote at, the Lam Research special meeting or any adjournments or postponements thereof.

On the Lam Research record date, there were 158,883,421 shares of Lam Research common stock issued and outstanding and entitled to vote at the Lam Research special meeting. Lam Research stockholders will have one vote for each share of Lam Research common stock they owned on the Lam Research record date. A list of stockholders of Lam Research will be available for review for any purpose germane to the special meeting at the principal executive officers of Lam Research, which are located at 4650 Cushing Parkway, Fremont, CA 94538, during ordinary business hours for a period of 10 days before the special meeting. The list will also be available at the special meeting for examination by any stockholder of record present at the special meeting.

On the Lam Research record date, directors and executive officers of Lam Research or their affiliates were entitled to vote 747,129 shares of Lam Research common stock, or approximately 0.5% of the shares of Lam Research common stock outstanding on that date. We currently expect that Lam Research directors and executive officers will vote their shares in favor of the Share Issuance proposal, the Lam Research Adjournment proposal and the Charter Amendment proposal, although none of them has entered into any agreement obligating them to do so.

Quorum

A quorum is necessary to hold a valid special meeting of Lam Research stockholders. The presence in person or by proxy of a majority of the shares of Lam Research common stock entitled to vote at the special meeting will constitute a quorum for the transaction of business at the special meeting. If a quorum is not present, or if fewer shares of Lam Research common stock are voted in favor of the Share Issuance proposal than the number required for its approval, the special meeting may be adjourned to allow additional time for obtaining additional proxies or votes. At any subsequent reconvening of the special meeting, all proxies will be voted in the same manner as they would have been voted at the original convening of the special meeting, except for any proxies that have been effectively revoked or withdrawn prior to the subsequent meeting.

Abstentions (shares of Lam Research common stock for which proxies have been received but for which the holders have abstained from voting) will be included in the calculation of the number of shares of Lam Research common stock represented at the Lam Research special meeting for purposes of determining whether a quorum has been achieved. Broker non-votes will not be included in the calculation of the number of shares of Lam Research common stock represented at the Lam Research special meeting for purposes of determining whether a quorum has been achieved.

Required Vote

- The Share Issuance proposal requires the affirmative vote of holders of a majority of the outstanding shares of Lam Research common stock present in person or represented by proxy at the Lam Research special meeting and entitled to vote on the proposal.
- The Lam Research Adjournment proposal requires the affirmative vote of holders of a majority of the outstanding shares of Lam Research common stock present in person or represented by proxy at the Lam Research special meeting and entitled to vote on the proposal.
- The Charter Amendment proposal requires the affirmative vote of the holders of a majority of the outstanding shares of Lam Research common stock on the Lam Research record date.

Completion of the merger is conditioned on the approval of the Share Issuance proposal, but not upon the approval of the Lam Research Adjournment proposal or the Charter Amendment proposal.

Table of Contents

Broker Non-Votes

The proposals to be considered at the Lam Research special meeting are non-routine matters, and banks, brokers and other nominees who hold shares of Lam Research common stock in “street name” for their customers, but do not have discretionary authority to vote the shares, may not exercise their voting discretion with respect to the Share Issuance proposal, the Lam Research Adjournment proposal or the Charter Amendment proposal. Accordingly, if banks, brokers or other nominees do not receive specific voting instructions from the beneficial owner of such shares, they may not vote such shares with respect to the foregoing proposals.

In connection with the Lam Research special meeting, broker non-votes will have no effect on the Share Issuance proposal (assuming a quorum is present) or the Lam Research Adjournment proposal (assuming a quorum is present) but will have the same effect as votes “AGAINST” the Charter Amendment proposal.

You should therefore provide your broker, bank or other nominee with instructions as to how to vote your shares of Lam Research common stock.

Please follow the voting instructions provided by your broker, bank or other nominee so that it may vote your shares on your behalf. Please note that you may not vote shares held in street name by returning a proxy card directly to Lam Research or by voting in person at the applicable special meeting unless you first obtain a proxy from your broker, bank or other nominee.

How Proxies are Counted; Failure to Vote; Abstentions

All shares of Lam Research common stock represented by properly executed proxies received in time for the Lam Research special meeting will be voted at the special meeting in the manner specified by the stockholders giving those proxies. Properly executed proxies that do not contain voting instructions will be voted “FOR” the Share Issuance proposal, “FOR” the Lam Research Adjournment proposal and “FOR” the Charter Amendment proposal.

Only shares of Lam Research common stock affirmatively voted “FOR” the proposals, and properly executed proxies that do not contain voting instructions, will be counted as favorable votes for the foregoing proposals. For shares of Lam Research common stock held in “street name,” only shares of Lam Research common stock affirmatively voted “FOR” the proposals will be counted as favorable votes for such proposals.

If you are a Lam Research stockholder that attends the Lam Research special meeting in person but fail to vote, or you mark your proxy or voting instructions to abstain with respect to each proposal, it will have the same effect as a vote “AGAINST” the Share Issuance proposal, the Lam Research Adjournment Proposal and the Charter Amendment Proposal. If you are a Lam Research stockholder and fail to vote by not attending the Lam Research special meeting, in person or by proxy, or you fail to instruct your broker, bank or other nominee to vote it will have no effect on the Share Issuance proposal (assuming a quorum is present) or the Lam Research Adjournment proposal (assuming a quorum is present) and will have the same effect as a vote “AGAINST” the Charter Amendment proposal.

If you are a Lam Research stockholder through the 401(k) Plan and fail to instruct the 401(k) Plan trustee how to vote, the trustee will not vote the shares of Lam Research common stock allocated to your 401(k) Plan account.

Voting at the Special Meeting

Whether or not you plan to attend the Lam Research special meeting, please vote your shares. If you are a registered or “record” holder, which means your shares of Lam Research common stock are registered in your name with Lam Research’s transfer agent and registrar, you may vote in person at the special meeting or by

proxy. If your shares of Lam Research common stock are held in “street name,” which means your shares are held of record in an account with a broker, bank or other nominee, you must follow the instructions from your broker, bank or other nominee in order to vote.

In addition, if you are a stockholder of record, please be prepared to provide proper identification, such as a driver’s license. If you hold your shares in “street name,” you will need to provide proof of ownership, such as a proxy executed in your favor from your bank, broker or other nominee, along with proper identification.

Voting in Person

If you plan to attend the Lam Research special meeting and wish to vote in person, you will be given a ballot at the special meeting. Please note, however, that if your shares of Lam Research common stock are held in “street name,” and you wish to vote at the special meeting, you must bring to the special meeting a proxy executed in your favor from the record holder (your broker, bank or other nominee) of the shares authorizing you to vote at the special meeting.

Voting by Proxies

If you are a stockholder of record on the Lam Research record date, a proxy card is enclosed for your use. Lam Research requests that you submit a proxy via the Internet by accessing the website located at www.proxyvote.com and following the instructions on that site using the control number provided on your proxy card at any time up to 11:59 p.m. Eastern time on February 18, 2016, by telephone by dialing 1-800-690-6903 and following the instructions provided in the recorded message at any time up to 11:59 p.m. Eastern time on February 18, 2016, or by signing the accompanying proxy card and returning it promptly in the postage-paid envelope provided.

If you participate in the 401(k) Plan and hold Lam Research common stock in your personal 401(k) Plan account as of the Lam Research record date, then you may vote, by proxy, your interest in Lam Research common stock held by the 401(k) Plan. The 401(k) Plan trustee will aggregate and vote proxies in accordance with the instructions in the proxies of employee participants that they receive. You may instruct the 401(k) Plan trustee, in a confidential manner, how to vote (including an instruction not to vote) the shares allocated to your 401(k) Plan account by one of the following three methods:

- accessing the website located at www.proxyvote.com and following the instructions on that site using the control number provided on your proxy card to vote over the Internet anytime up to 11:59 p.m. Eastern time on February 16, 2016;
- dialing 1-800-690-6903 and following the instructions provided in the recorded message, anytime up to 11:59 p.m. Eastern time on February 16, 2016; or
- marking, signing and mailing your proxy card to the address indicated on your proxy card. Your proxy card must be received by the 401(k) Plan trustee at Vote Processing, c/o Broadridge, 51 Mercedes Way, Edgewood, NY 11717, no later than 11:59 p.m. Eastern time on February 16, 2016, to ensure that the trustee is able to vote your shares in accordance with your wishes.

In addition, since only the trustee can vote the shares of Lam Research common stock allocated to your 401(k) Plan account, you will not be able to vote those shares personally at the Lam Research special meeting.

Table of Contents

Please note that the applicable trust agreement governing the 401(k) Plan provides that if the trustee does not receive your voting instructions, the trustee will not vote the shares allocated to your 401(k) Plan account unless the trustee is required to do so by applicable law.

If you are a participant (or a beneficiary of a deceased participant) in the 401(k) Plan and you also own other shares of Lam Research common stock outside of your 401(k) Plan account, you should receive a proxy card for shares credited to your account in the 401(k) Plan and a separate proxy card if you are a record holder of additional shares of Lam Research common stock or voting instruction card if you hold additional shares of Lam Research common stock through a broker, bank or other nominee. You must vote shares that you hold as a stockholder of record, shares that you hold through a broker, bank or other nominee and shares that are allocated to your 401(k) Plan account separately in accordance with each of the proxy cards and voting instruction cards you receive with respect to such shares of Lam Research common stock.

Revocation of Proxies

If you are a record holder of Lam Research common stock on the Lam Research record date, you can change your vote or revoke your proxy at any time before your proxy is voted at the Lam Research special meeting. You can do this in one of three ways:

- timely delivering a signed notice of revocation to the Secretary of Lam Research;
- timely delivering a new, valid proxy bearing a later date by submitting instructions through the Internet, by telephone or by mail as described on the proxy card; or
- attending the Lam Research special meeting and voting in person, which will automatically cancel any proxy previously given, or you can revoke your proxy in person. Simply attending the Lam Research special meeting without voting will not revoke any proxy that you have previously given or change your vote.

A registered stockholder may revoke a proxy by any of these methods, regardless of the method used to deliver the stockholder's previous proxy. If you choose either of the first two methods, your notice of revocation of your new proxy must be received by Lam Research no later than 8:00 a.m. Pacific time on February 19, 2016. Written notices of revocation and other communications with respect to the revocation of proxies should be addressed as follows:

Secretary
Lam Research Corporation
4650 Cushing Parkway
Fremont, California, 94538

Please note that if your shares of Lam Research common stock are held in "street name" through a broker, bank or other nominee, you may change your vote by submitting new voting instructions to your broker, bank or nominee in accordance with its established procedures. If your shares of Lam Research common stock are held in the name of a broker, bank or other nominee and you decide to change your vote by attending the special meeting and voting in person, your vote in person at the special meeting will not be effective unless you have obtained and present an executed proxy issued in your name from the record holder (your broker, bank or nominee).

Solicitation of Proxies

Lam Research is soliciting proxies for the Lam Research special meeting and the cost of proxy solicitation will be borne by Lam Research. In addition to solicitation by use of mails, proxies may be solicited by Lam Research directors, officers and employees in person, by telephone or by other means of communication. These individuals will not be additionally compensated, but may be reimbursed for out-of-pocket expenses associated with solicitation. Arrangements will also be made with custodians, nominees and fiduciaries for forwarding of proxy solicitation material to beneficial owners of Lam Research common stock held of record, and Lam

[Table of Contents](#)

Research may reimburse these individuals for their reasonable expenses. To help assure the presence in person or by proxy of the largest number of Lam Research stockholders possible, Lam Research has engaged D.F. King & Co., Inc., a proxy solicitation firm, to solicit proxies on Lam Research's behalf. Lam Research has agreed to pay D.F. King & Co., Inc., a proxy solicitation fee not to exceed \$17,500. Lam Research will also reimburse D.F. King & Co., Inc., for its reasonable out-of-pocket costs and expenses.

Adjournments

Whether or not a quorum is present, the chairman of the Lam Research special meeting or the holders of a majority of the shares entitled to vote and present in person or represented by proxy may adjourn such meeting to another place, date or time. At any such adjourned meeting at which a quorum shall be present, any business may be transacted that might have been transacted at the original meeting. No notice of an adjourned meeting need be given if the time and place of the adjourned meeting are announced at the meeting at which the adjournment is taken, unless the adjournment is for more than 30 days, or if after the adjournment, a new record date is fixed for the adjourned meeting, in which case a notice of the adjourned meeting shall be given to each stockholder of record entitled to vote at the adjourned meeting.

THE LAM RESEARCH PROPOSALS

Proposal 1. The Share Issuance Proposal (Proposal 1 on the Lam Research Proxy Card)

Companies listed on the NASDAQ Global Select Market, as Lam Research is, must comply with a series of rules adopted by The NASDAQ Stock Exchange in order to remain listed. Under one of those rules, Listing Rule 5635(a), a listed company is required to obtain stockholder approval prior to the issuance of common stock, or of securities convertible into or exercisable for common stock, in connection with the acquisition of the stock or assets of another company if the number of shares of common stock to be issued equals or exceeds 20% of the number of shares of common stock outstanding before the issuance. If the merger is completed, it is currently estimated that Lam Research will issue or reserve for issuance 80,762,759 shares of Lam Research common stock in connection with the merger, including shares of Lam Research common stock issuable in respect of KLA-Tencor RSUs. On an as-converted basis, the aggregate number of shares of Lam Research common stock to be issued in the merger will exceed 20% of the shares of Lam Research common stock outstanding before such issuance and for this reason Lam Research must obtain the approval of Lam Research stockholders for the issuance of shares of Lam Research common stock to KLA-Tencor stockholders pursuant to the merger agreement.

Lam Research is asking its stockholders to approve the Share Issuance proposal. The issuance of these securities to KLA-Tencor stockholders is necessary to effect the merger and the approval of the Share Issuance proposal is required for completion of the merger and is a condition to the completion of the merger.

The Lam Research Board *unanimously* recommends a vote “FOR” the Share Issuance proposal (Proposal 1).

Proposal 2. The Lam Research Adjournment Proposal (Proposal 2 on the Lam Research Proxy Card)

In the Lam Research Adjournment proposal, Lam Research is asking its stockholders to authorize the holder of any proxy solicited by the Lam Research Board to vote in favor of granting authority to the proxy holders, and each of them individually, to adjourn the Lam Research special meeting to another time and place from time to time for the purpose of soliciting additional proxies. If the Lam Research stockholders approve the Lam Research Adjournment proposal, Lam Research could adjourn the Lam Research special meeting and any adjourned session of the Lam Research special meeting and use the additional time to solicit additional proxies, including the solicitation of proxies from Lam Research stockholders who have previously voted.

If a quorum is not present at the Lam Research special meeting, then the chairman of the meeting or Lam Research stockholders present in person or represented by proxy at the Lam Research special meeting and entitled to vote thereat may adjourn such meeting to another time and place. At any such adjourned meeting at which a quorum shall be present, any business may be transacted that might have been transacted at the original meeting. No notice of an adjourned meeting need be given if the time and place of the adjourned meeting are announced at the meeting at which the adjournment is taken, unless the adjournment is for more than 30 days, or if after the adjournment, a new record date is fixed for the adjourned meeting, in which case a notice of the adjourned meeting shall be given to each stockholder of record entitled to vote at the adjourned meeting.

The Lam Research Board *unanimously* recommends a vote “FOR” the Lam Research Adjournment proposal (Proposal 2).

Proposal 3. The Charter Amendment Proposal (Proposal 3 on the Lam Research Proxy Card)

Overview

Lam Research’s certificate of incorporation, as amended, currently provides that the total number of shares of Lam Research capital stock that Lam Research has authority to issue is 405,000,000 shares, consisting of (1) 400,000,000 shares of common stock and (2) 5,000,000 shares of preferred stock.

Table of Contents

Lam Research has proposed to increase the authorized shares of Lam Research common stock from 400,000,000 shares of common stock to 585,000,000 shares of common stock and, in order to effect this change, to increase the total number of shares of capital stock authorized in the Lam Research certificate of incorporation, as amended, from 405,000,000 to 590,000,000, which changes are referred to collectively as the “Charter Amendment.” As of January 7, 2016 and after giving effect to the mergers and these amendments to Lam Research’s certificate of incorporation, as amended, Lam Research expects to have 345,353,820 shares of authorized but unissued shares of common stock immediately following the effective time of the mergers (with 97,879,581 treasury shares counted as unissued). Of this amount, 104,219,533 shares are reserved for issuance.

In December 2015, the Lam Research Board acted unanimously to adopt the Charter Amendment and to recommend to the Lam Research stockholders that they approve the adoption of the Charter Amendment, subject to completion of the merger. The Charter Amendment will only be filed if the merger is completed. Under the DGCL, Lam Research is required to obtain approval from the Lam Research stockholders to amend the Lam Research certificate of incorporation, as amended, to increase the number of shares of common stock authorized for issuance. If the Charter Amendment proposal is approved by the Lam Research stockholders at the special meeting, the Charter Amendment will be effective upon the filing of a certificate of amendment setting forth such amendment with the Secretary of State of the State of Delaware (or at such later time as may be specified therein), which filing is expected to occur promptly after the merger is completed. The full text of the form of the Charter Amendment, which would replace the first paragraph of Article FOURTH of the Lam Research certificate of incorporation, as amended, in its entirety, is attached as Annex G to this joint proxy statement/prospectus.

The approval of the Charter Amendment proposal is not required to complete the mergers. The Charter Amendment proposal, if approved by Lam Research stockholders at the Lam Research special meeting, will not be given effect if the mergers are not consummated.

Reasons for the Charter Amendment Proposal

The Lam Research certificate of incorporation, as amended, currently authorizes Lam Research to issue up to 405,000,000 shares of capital stock, consisting of 400,000,000 shares of Lam Research common stock and 5,000,000 shares of Lam Research preferred stock. As of January 7, 2016, (1) 158,883,421 shares of Lam Research common stock were outstanding and no shares of Lam Research preferred stock were outstanding; (2) 97,879,581 shares of Lam Research common stock were held in Lam Research’s treasury; (3) 762,729 shares of Lam Research common stock were subject to outstanding options to purchase Lam Research’s common stock, of which 556,607 such options were exercisable; (4) 1,369,712 shares of Lam Research common stock were subject to outstanding performance-based restricted stock units; (5) 2,896,377 shares of Lam Research common stock were subject to outstanding restricted stock units; (6) 6,841,626 shares of Lam Research common stock were reserved for issuance pursuant to Lam Research’s employee stock purchase plan; (7) 19,201,422 shares of Lam Research common stock were reserved for issuance pursuant to Lam Research’s stock incentive plans; (8) 40,084,003 shares of Lam Research common stock were reserved for issuance upon conversion of Lam Research’s 0.5% Convertible Senior Notes due May 2016 and 1.25% Convertible Senior Notes due May 2018 and the Novellus Systems, Inc. 2.625% Convertible Senior Notes due May 2041; and (9) 28,563,664 shares of Lam Research common stock were reserved for issuance upon the exercise of the warrants issued by Lam Research in connection with the Lam Research convertible notes. In addition, Lam Research expects to issue 80,762,759 additional shares of Lam Research common stock to former holders of KLA-Tencor common stock, which includes additional shares of Lam Research common stock underlying Lam Research RSUs into which certain KLA-Tencor RSUs will be substituted upon consummation of the merger, and reserve approximately 4,500,000 additional shares of Lam Research common stock for issuance following the consummation of the merger under the KLA-Tencor 2004 Equity Incentive Plan. As a result, as of January 7, 2016 and after giving effect to the expected shares to be issued or reserved in connection with the mergers, Lam Research had 56,134,287 shares of Lam Research common stock available for future issuance in excess of the outstanding Lam Research common stock, Lam Research’s future obligations to issue Lam Research common stock, and other

[Table of Contents](#)

shares of Lam Research common stock that Lam Research had reserved or expected to reserve under existing stock plans.

The Lam Research Board believes that it is important to have available for issuance a number of authorized shares of Lam Research common stock that will be adequate to provide for future stock issuances to meet future corporate needs. In connection with Lam Research's acquisition of Novellus, Lam Research did not propose an increase in its authorized shares. The increase pursuant to the Charter Amendment proposal approximates, and is intended to replace, the shares issued by Lam Research in the Novellus acquisition, including shares that may be issued upon the conversion of debt assumed in that transaction, and proposed to be issued pursuant to the merger, and not to replace other share issuances or reservations. The additional authorized shares would be available for issuance from time to time in the discretion of the Lam Research Board, without further stockholder action except as may be required for a particular transaction by law or the rules and regulations of the NASDAQ Global Select Market. The shares of Lam Research common stock would be issuable for any proper corporate purpose, including future acquisitions, capital raising transactions consisting of either equity or convertible debt, stock dividends, stock splits, or issuances under current and future stock plans. The Lam Research Board believes that these additional shares will provide Lam Research with needed flexibility to issue shares in the future without potential expense and delay incident to obtaining stockholder approval for a particular issuance. Except to the extent of Lam Research's existing obligations on the date of mailing of this joint proxy statement/prospectus and as otherwise described in this joint proxy statement/prospectus, Lam Research does not currently have any plans, understandings or agreements for the issuance or use of the additional shares of Lam Research common stock to be approved under this proposal.

Principal Effects on Outstanding Common Stock

Holders of Lam Research common stock are entitled to one vote per share on all matters submitted to a vote of Lam Research stockholders and to receive ratably dividends, if any, as may be declared from time to time by the Lam Research Board from funds legally available therefor, subject to the payment of any outstanding preferential dividends declared with respect to any Lam Research preferred stock that from time to time may be outstanding. Upon Lam Research's liquidation, dissolution or winding up, holders of Lam Research common stock are entitled to share ratably in any assets available for distribution to Lam Research stockholders after payment of all of Lam Research's obligations, subject to the rights to receive preferential distributions of the holders of any Lam Research preferred stock then outstanding.

The proposed amendment to Lam Research's certificate of incorporation, as amended, to increase the number of shares of authorized Lam Research common stock would not affect the rights of existing holders of Lam Research common stock except to the extent that future issuances of Lam Research common stock will reduce each existing Lam Research stockholder's proportionate ownership. Holders of Lam Research common stock do not have any preemptive rights to subscribe for the purchase of any shares of Lam Research common stock, which means that current holders of Lam Research common stock do not have a prior right to purchase any new issue of Lam Research common stock in order to maintain their proportionate ownership.

The issuance of additional shares of Lam Research common stock could have the effect of making it more difficult for a third party to acquire, or discouraging a third party from attempting to acquire, control of Lam Research.

The Lam Research Board unanimously recommends a vote "FOR" the Charter Amendment proposal (Proposal 3).

THE KLA-TENCOR SPECIAL MEETING

This joint proxy statement/prospectus is being provided to the KLA-Tencor stockholders as part of a solicitation of proxies by the KLA-Tencor Board for use at the KLA-Tencor special meeting to be held at the time and place specified below, and at any properly convened meeting following an adjournment or postponement thereof. This joint proxy statement/prospectus provides KLA-Tencor stockholders with the information they need to know to be able to vote or instruct their vote to be cast at the KLA-Tencor special meeting.

Date, Time and Place

The KLA-Tencor special meeting is scheduled to be held at Building Three of KLA-Tencor's Milpitas facility, located at Three Technology Drive, Milpitas, California, 95035, on February 19, 2016 at 8:00 a.m., Pacific time.

Purpose of the KLA-Tencor Special Meeting

At the KLA-Tencor special meeting, KLA-Tencor stockholders will be asked to consider and vote on the following proposals:

- the *Merger proposal*, which is the proposal to adopt the merger agreement, a copy of which is included as Annex A to the joint proxy statement/prospectus, pursuant to which Merger Sub 1 will merge with and into KLA-Tencor, with KLA-Tencor as the surviving corporation, and then KLA-Tencor will merge with and into Merger Sub 2, with Merger Sub 2 as the ultimate surviving corporation;
- the *KLA-Tencor Adjournment proposal*, which is the proposal to adjourn the KLA-Tencor special meeting, if necessary or appropriate, to solicit additional proxies if there are not sufficient votes to approve the Merger proposal;
- the *Merger-Related Compensation proposal*, which is the proposal to approve by a non-binding, advisory vote the compensation of KLA-Tencor's named executive officers that is based on or otherwise relates to the merger; and
- the *Director Compensation proposal*, which is a proposal to extend the applicability of KLA-Tencor's outside director vesting acceleration policy to outside members of the KLA-Tencor Board who have served on the KLA-Tencor Board for less than six years as of their termination date, such that the vesting of all restricted stock units held by outside directors who have served on the KLA-Tencor Board for less than six years will accelerate on a pro rata basis upon a separation from service with KLA-Tencor and Lam Research. The restricted stock units granted to the outside directors of the KLA-Tencor Board are the largest component of the annual director compensation program, which consists of a combination of restricted stock units and cash that the Compensation Committee of the KLA-Tencor Board has determined to be competitive with companies similarly situated with KLA-Tencor based on market data provided to it.

Completion of the merger is conditioned on the approval of the Merger proposal, but not upon the approval of the KLA-Tencor Adjournment proposal, the Merger-Related Compensation proposal or the Director Compensation proposal.

Recommendation of the Board of Directors of KLA-Tencor

After careful consideration, the KLA-Tencor Board has unanimously (1) determined that the merger agreement, the merger and the other transactions contemplated by the merger agreement are fair to, advisable and in the best interests of KLA-Tencor and its stockholders; and (2) adopted and approved the merger agreement, the merger and the other transactions contemplated by the merger agreement.

[Table of Contents](#)

The KLA-Tencor Board unanimously recommends that KLA-Tencor stockholders vote “FOR” the Merger proposal, “FOR” the KLA-Tencor Adjournment proposal, “FOR” the Merger-Related Compensation proposal and “FOR” the Director Compensation proposal.

KLA-Tencor Record Date; Stockholders Entitled to Vote

Only KLA-Tencor stockholders of record at the close of business on the KLA-Tencor record date are entitled to notice of, and to vote at, the KLA-Tencor special meeting and at any adjournment or postponement thereof.

On the KLA-Tencor record date, there were 155,664,541 shares of KLA-Tencor common stock issued and outstanding and entitled to vote at the KLA-Tencor special meeting. KLA-Tencor stockholders will have one vote for each share of KLA-Tencor common stock they owned on the KLA-Tencor record date. A list of stockholders of KLA-Tencor will be available for review for any purpose germane to the special meeting at the principal executive officers of KLA-Tencor, which are located at One Technology Drive, Milpitas, CA 95035, during ordinary business hours for a period of 10 days before the special meeting. The list will also be available at the special meeting for examination by any stockholder of record present at the special meeting.

Voting by KLA-Tencor’s Directors and Executive Officers

On the KLA-Tencor record date, directors and executive officers of KLA-Tencor or their affiliates were entitled to vote 260,775 shares of KLA-Tencor common stock, or approximately 0.2% of the shares of KLA-Tencor common stock outstanding on that date. We currently expect that KLA-Tencor directors and executive officers will vote their shares in favor of the Merger proposal, the KLA-Tencor Adjournment proposal, the Merger-Related Compensation proposal and the Director Compensation proposal although none of them has entered into any agreement obligating them to do so.

Quorum

A quorum is necessary to hold a valid special meeting of KLA-Tencor stockholders. The presence in person or by proxy of a majority of the shares of KLA-Tencor common stock entitled to vote at the special meeting will constitute a quorum for the transaction of business at the special meeting. If a quorum is not present, or if fewer shares of KLA-Tencor common stock are voted in favor of the Merger proposal than the number required for its approval, the special meeting may be adjourned to allow additional time for obtaining additional proxies or votes. At any subsequent reconvening of the special meeting, all proxies will be voted in the same manner as they would have been voted at the original convening of the special meeting, except for any proxies that have been effectively revoked or withdrawn prior to the subsequent meeting.

Abstentions (shares of KLA-Tencor common stock for which proxies have been received but for which the holders have abstained from voting) will be included in the calculation of the number of shares of KLA-Tencor common stock represented at the KLA-Tencor special meeting for purposes of determining whether a quorum has been achieved. Broker non-votes will not be included in the tabulation of the number of shares of KLA-Tencor common stock represented at the KLA-Tencor special meeting for purposes of determining whether a quorum has been achieved.

Required Vote

- The Merger proposal requires the affirmative vote of the holders of a majority of the outstanding shares of KLA-Tencor common stock on the KLA-Tencor record date.
- The KLA-Tencor Adjournment proposal requires the affirmative vote of a majority of the votes cast at the KLA-Tencor special meeting, assuming that a quorum is present.
- The Merger-Related Compensation proposal requires the affirmative vote of a majority of the votes cast at the KLA-Tencor special meeting, assuming that a quorum is present.

Table of Contents

- The Director Compensation proposal requires the affirmative vote of a majority of the votes cast at the KLA-Tencor special meeting, assuming that a quorum is present.

Completion of the merger is conditioned on the approval of the Merger proposal, but not upon the approval of the KLA-Tencor Adjournment proposal, the Merger-Related Compensation proposal or the Director Compensation proposal.

Broker Non-Votes

The proposals to be considered at the KLA-Tencor special meeting are non-routine matters, and banks, brokers and other nominees who hold shares of KLA-Tencor common stock in “street name” for their customers, but do not have discretionary authority to vote the shares, may not exercise their voting discretion with respect to the Merger proposal, the KLA-Tencor Adjournment proposal, the Merger-Related Compensation proposal or the Director Compensation proposal. Accordingly, if banks, brokers or other nominees do not receive specific voting instructions from the beneficial owner of such shares, they may not vote such shares with respect to the foregoing proposals.

Broker non-votes will have the effect as a vote “AGAINST” the Merger proposal, but will not be sufficient for stockholders seeking to perfect their appraisal rights. See the section entitled “Appraisal Rights” for more information. Broker non-votes will have no effect on the outcome of the KLA-Tencor Adjournment proposal, the Merger-Related Compensation proposal or the Director Compensation proposal.

You should therefore provide your broker, bank or other nominee with instructions as to how to vote your shares of KLA-Tencor common stock.

How Proxies are Counted; Failure to Vote; Abstentions

All shares of KLA-Tencor common stock represented by properly executed proxies received in time for the KLA-Tencor special meeting will be voted at the special meeting in the manner specified by the stockholders giving those proxies. Properly executed proxies that do not contain voting instructions will be voted “FOR” the Merger proposal, “FOR” the KLA-Tencor Adjournment proposal, “FOR” the Merger-Related Compensation proposal and “FOR” the Director Compensation proposal.

Only shares of KLA-Tencor common stock affirmatively voted “FOR” the proposals, and properly executed proxies that do not contain voting instructions, will be counted as favorable votes for the foregoing proposals. For shares of KLA-Tencor common stock held in “street name,” only shares of KLA-Tencor common stock affirmatively voted “FOR” the proposals will be counted as favorable votes for such proposals.

Failure to submit a proxy card (including via the internet or by telephone) or to vote in person at the special meeting and abstentions will have the same effect as a vote “AGAINST” the approval of the Merger proposal, but will not be sufficient for stockholders seeking to perfect their appraisal rights (see the section entitled “Appraisal Rights” for more information). Abstentions will have no effect on the outcome of the vote on the KLA-Tencor Adjournment proposal, the Merger-Related Compensation proposal or the Director Compensation proposal.

Voting at the Special Meeting

Whether or not you plan to attend the KLA-Tencor special meeting, please vote your shares. If you are a registered or “record” holder, which means your shares of KLA-Tencor common stock are registered in your name with KLA-Tencor’s transfer agent and registrar, you may vote in person at the special meeting or by proxy. If your shares of KLA-Tencor common stock are held in “street name,” which means your shares are held of record in an account with a broker, bank or other nominee, you must follow the instructions from your broker, bank or other nominee in order to vote.

Table of Contents

In addition, if you are a stockholder of record, please be prepared to provide proper identification, such as a driver's license. If you hold your shares in "street name," you will need to provide proof of ownership, such as a proxy executed in your favor from your bank, broker or other nominee, along with proper identification.

Voting in Person

If you plan to attend the KLA-Tencor special meeting and wish to vote in person, you will be given a ballot at the special meeting. Please note, however, that if your shares of KLA-Tencor common stock are held in "street name," and you wish to vote at the special meeting, you must bring to the special meeting a proxy executed in your favor from the record holder (your broker, bank or other nominee) of the shares authorizing you to vote at the special meeting.

Voting by Proxies

If you are a stockholder of record on the KLA-Tencor record date, a proxy card is enclosed for your use. KLA-Tencor requests that you submit a proxy via Internet by accessing the website located at www.envisionreports.com/klac and following the instructions on that site using the control number provided on your proxy card at anytime up to 11:59 p.m. Eastern time on February 18, 2016, by telephone by dialing 1-800-652-8683 and following the instructions provided in the recorded message at anytime up to 11:59 p.m. Eastern time on February 18, 2016, or by signing the accompanying proxy card and returning it promptly in the postage-paid envelope provided.

If you hold your shares of KLA-Tencor common stock in street name, you will receive instructions from your broker, bank or other nominee that you must follow in order to vote your shares.

Your vote is important. KLA-Tencor stockholders should sign and return the enclosed proxy card whether or not they plan to attend the KLA-Tencor special meeting in person. You can always change your vote at the special meeting. Proxies submitted through the specified Internet website or by phone must be received by 11:59 p.m. Eastern time on February 18, 2016.

Revocation of Proxies

If you are a holder of record of shares of KLA-Tencor common stock on the KLA-Tencor record date, you can change your vote or revoke your proxy at any time before your proxy is voted at the KLA-Tencor special meeting. You can do this in one of three ways:

- timely delivering a signed notice of revocation to the Corporate Secretary of KLA-Tencor;
- timely delivering a new, valid proxy bearing a later date by submitting instructions through the Internet, by telephone or by mail as described on the proxy card; or
- attending the KLA-Tencor special meeting and voting in person, which will automatically cancel any proxy previously given, or you can revoke your proxy in person. Simply attending the KLA-Tencor special meeting without voting will not revoke any proxy that you have previously given or change your vote.

A registered stockholder may revoke a proxy by any of these methods, regardless of the method used to deliver the stockholder's previous proxy. If you choose either of the first two methods, your notice of revocation of your new proxy must be received by KLA-Tencor no later than 8:00 a.m. Pacific time on February 19, 2016. Written notices of revocation and other communications with respect to the revocation of proxies should be addressed as follows:

Corporate Secretary
KLA-Tencor Corporation
One Technology Drive
Milpitas, California, 95035

Table of Contents

Please note that if your shares of KLA-Tencor common stock are held in “street name” through a broker, bank or other nominee, you may change your vote by submitting new voting instructions to your broker, bank or nominee in accordance with its established procedures. If your shares of KLA-Tencor common stock are held in the name of a broker, bank or other nominee and you decide to change your vote by attending the special meeting and voting in person, your vote in person at the special meeting will not be effective unless you have obtained and present an executed proxy issued in your name from the record holder (your broker, bank or nominee).

Solicitation of Proxies

KLA-Tencor is soliciting proxies for the KLA-Tencor special meeting and the cost of proxy solicitation will be borne by KLA-Tencor. In addition to solicitation by use of the mails, proxies may be solicited by KLA-Tencor directors, officers and employees in person, by telephone or by other means of communication. These individuals will not be additionally compensated, but may be reimbursed for out-of-pocket expenses associated with solicitation. Arrangements will also be made with custodians, nominees and fiduciaries for forwarding of proxy solicitation material to beneficial owners of KLA-Tencor common stock held of record, and KLA-Tencor may reimburse these individuals for their reasonable expenses. To help assure the presence in person or by proxy of the largest number of KLA-Tencor stockholders possible, KLA-Tencor has engaged Innisfree, a proxy solicitation firm, to solicit proxies on KLA-Tencor’s behalf. KLA-Tencor has agreed to pay Innisfree a proxy solicitation fee not to exceed \$20,000. KLA-Tencor will also reimburse Innisfree for its reasonable out-of-pocket costs and expenses.

Adjournments

Whether or not a quorum is present at the KLA-Tencor special meeting, the chairman of the KLA-Tencor special meeting or the KLA-Tencor stockholders, by the affirmative vote of the holders of a majority of the shares of KLA-Tencor common stock entitled to vote and present in person or represented by proxy at the KLA-Tencor special meeting may adjourn the KLA-Tencor special meeting to another place, date or time. At any such adjourned meeting at which a quorum shall be present, any business may be transacted that might have been transacted at the original meeting. No notice of an adjourned meeting need be given if the time and place of the adjourned meeting are announced at the meeting at which the adjournment is taken, unless the adjournment is for more than 30 days, or if after the adjournment, a new record date is fixed for the adjourned meeting, in which case a notice of the adjourned meeting shall be given to each stockholder of record entitled to vote at the adjourned meeting.

THE KLA-TENCOR PROPOSALS

Proposal 1. The Merger Proposal (Proposal 1 on the KLA-Tencor Proxy Card)

KLA-Tencor is asking its stockholders to adopt the merger agreement. For a summary of and detailed information regarding this proposal, see the information about the merger agreement throughout this joint proxy statement/prospectus, including the information set forth in the sections of this joint proxy statement/prospectus entitled “The Merger Agreement” and “The Merger—KLA-Tencor’s Reasons for the Merger; Recommendation of the KLA-Tencor Board.” A copy of the merger agreement is attached as Annex A to this joint proxy statement/prospectus. You are urged to read the merger agreement carefully and in its entirety.

The KLA-Tencor Board unanimously recommends a vote “FOR” the Merger proposal (Proposal 1).

Proposal 2 The KLA-Tencor Adjournment Proposal (Proposal 2 on the KLA-Tencor Proxy Card)

The KLA-Tencor special meeting may be adjourned to another time or place from time to time, if necessary or appropriate, to permit further solicitation of proxies in the event there are not sufficient votes at the time of the KLA-Tencor special meeting to approve the Merger proposal.

If, at the KLA-Tencor special meeting, the number of shares of KLA-Tencor common stock present or represented and voting in favor of the Merger proposal is insufficient to approve the Merger proposal, KLA-Tencor intends to adjourn the KLA-Tencor special meeting from time to time in order to enable the KLA-Tencor Board to solicit additional proxies for approval of the Merger proposal.

In the KLA-Tencor Adjournment proposal, KLA-Tencor is asking its stockholders to authorize the holder of any proxy solicited by the KLA-Tencor Board to vote in favor of granting authority to the proxy holders, and each of them individually, to adjourn the KLA-Tencor special meeting to another time and place from time to time for the purpose of soliciting additional proxies. If the KLA-Tencor stockholders approve the KLA-Tencor Adjournment proposal, KLA-Tencor could adjourn the KLA-Tencor special meeting and any adjourned session of the KLA-Tencor special meeting and use the additional time to solicit additional proxies, including the solicitation of proxies from KLA-Tencor stockholders who have previously voted. Whether or not KLA-Tencor stockholders approve the KLA-Tencor Adjournment proposal, and whether or not a quorum is present, the chairman of the KLA-Tencor special meeting may adjourn such meeting to another place, date or time. If a quorum is not present, the KLA-Tencor stockholders, by the affirmative vote of the holders of a majority of the shares entitled to vote and present in person or represented by proxy, may adjourn the KLA-Tencor special meeting to another place, date or time.

The KLA-Tencor Board unanimously recommends a vote “FOR” the KLA-Tencor Adjournment proposal (Proposal 2)

Proposal 3 The Merger-Related Compensation Proposal (Proposal 3 on the KLA-Tencor Proxy Card)

KLA-Tencor is required pursuant to Section 14A of the Exchange Act to include in this joint proxy statement/prospectus a non-binding, advisory vote on the compensation payable to each of its named executive officers, as determined in accordance with Item 402(t) of Regulation S-K, in connection with the proposed merger pursuant to arrangements entered into with KLA-Tencor, and KLA-Tencor is therefore asking its stockholders to approve the following resolution:

“RESOLVED, that the stockholders of KLA-Tencor hereby approve, on an advisory, non-binding basis, the compensation that will or may become payable by KLA-Tencor to the named executive officers of KLA-Tencor as disclosed pursuant to Item 402(t) of Regulations S-K in the table entitled “Golden Parachute Compensation” and the accompanying footnotes.”

Table of Contents

The description of the payments contained in the section entitled “The Merger—Interests of KLA-Tencor’s Directors and Executive Officers in the Merger” as well as the table entitled “Golden Parachute Compensation” therein are intended to comply with Item 402(t) of Regulation S-K, which requires disclosure of information about compensation for each of KLA-Tencor’s named executive officers that is based on or otherwise relates to the merger and will or may become payable either by KLA-Tencor or Lam Research. KLA-Tencor is asking its stockholders to approve on an advisory, non-binding basis, the compensation that will or may become payable by KLA-Tencor to each of its named executive officers as set forth in the section entitled “The Merger—Interests of KLA-Tencor’s Directors and Executive Officers in the Merger” as well as the table entitled “Golden Parachute Compensation” therein.

Effect of Advisory Vote

The vote regarding the Merger-Related Compensation proposal is a vote separate and apart from the vote on the Merger proposal. Accordingly, KLA-Tencor stockholders may vote to approve the Merger proposal and vote not to approve the Merger-Related Compensation proposal and vice versa.

Because the vote regarding the Merger-Related Compensation proposal is advisory only, it will not be binding on either KLA-Tencor or Lam Research. Accordingly, if the Merger proposal is approved and the merger is completed, the compensation will be payable, subject only to the conditions applicable thereto, regardless of the outcome of the non-binding, advisory vote of KLA-Tencor stockholders on the Merger-Related Compensation proposal.

The KLA-Tencor Board unanimously recommends a vote “FOR” the Merger-Related Compensation proposal (Proposal 3).

Proposal 4. The Director Compensation Proposal (Proposal 4 on the KLA-Tencor Proxy Card)

As described in the section entitled “The Merger—Interests of KLA-Tencor’s Directors and Executive Officers in the Merger,” KLA-Tencor has had in effect since 2008 a policy of providing prorated vesting acceleration of restricted stock units held by outside directors of the KLA-Tencor Board who are in good standing, who terminate their service before their restricted stock units are fully vested and who, at the time of termination, have served on the KLA-Tencor Board for six years (the “Outside Director Accelerated Vesting Policy”). Under the existing Outside Director Accelerated Vesting Policy, six KLA-Tencor outside directors have served on the KLA-Tencor Board for at least six years and are therefore eligible for prorated vesting acceleration of their unvested restricted stock units granted at the KLA-Tencor 2015 annual meeting, as further described below, if their service terminates prior to November 4, 2016, the date these restricted stock units otherwise vest. KLA-Tencor currently expects that, subject to the satisfaction of the conditions to the merger, the merger will be completed prior to the scheduled vesting date of these awards. If an eligible director joins the Lam Research Board, or otherwise provides services to Lam Research or KLA-Tencor as of the effective time of the merger, the director would not have a separation from service arising from the merger. After the KLA-Tencor Board adopted and approved the merger agreement on October 20, 2015, it was determined that three members of the KLA-Tencor Board are not eligible for this prorated vesting acceleration of their outstanding restricted stock units under the Outside Director Accelerated Vesting Policy because those directors are unlikely to reach the six year service requirement prior to the expected completion of the merger.

KLA-Tencor is asking its stockholders to approve an extension of its existing Outside Director Accelerated Vesting Policy to outside directors who have served on the KLA-Tencor Board for less than six years at the time their service to KLA-Tencor or Lam Research terminates. Emiko Higashi, Gary B. Moore, and Robert A. Rango have each been directors of KLA-Tencor for less than six years. Ms. Higashi commenced her service on the KLA-Tencor Board on November 3, 2010, while Messrs. Moore and Rango commenced their service on the KLA-Tencor Board on November 5, 2014. The restricted stock units granted to the outside directors of the KLA-Tencor Board on November 4, 2015 are the largest component of the annual director compensation program,

Table of Contents

which consists of a combination of restricted stock units and cash that the Compensation Committee of the KLA-Tencor Board has determined to be competitive with companies similarly situated with KLA-Tencor based on market data provided to it.

If KLA-Tencor stockholders approve the Director Compensation proposal, restricted stock units that were granted to Ms. Higashi and Messrs. Moore and Rango at KLA-Tencor’s 2015 annual meeting as part of KLA-Tencor’s outside director compensation program will be eligible for the same treatment as restricted stock units that were granted to the other six outside directors of the KLA-Tencor Board at the KLA-Tencor 2015 annual meeting. Specifically, the outside directors who remain in good standing at the closing of the merger and who do not continue to provide services to Lam Research or KLA-Tencor as of the effective time of the merger, including as a member of the Lam Research Board, will receive acceleration of vesting on a prorated basis. The pro rata portion is calculated based on the number of quarters between the grant date for the restricted stock units and the director’s termination date, rounded up for any partially-completed quarter of the director’s service.

Each outside director not serving as chairman of the KLA-Tencor Board received 2,394 restricted stock units at the KLA-Tencor 2015 annual meeting that normally would vest in one single installment on November 4, 2016 if the director continues in service through that date. The chart below illustrates the percentage of these November 4, 2015 restricted stock units that would vest under the Outside Director Accelerated Vesting Policy as well as the maximum amount that each of these outside directors could potentially receive (based on a value of \$66.90 per share of KLA-Tencor common stock, as described below, but excluding the value of dividend equivalent rights) for these restricted stock units based on the date of their termination of service. As of the date of this joint proxy statement/prospectus, Lam Research and KLA-Tencor have mutually agreed that Mr. Moore will be one of two directors designated to become members of the Lam Research Board immediately following the effective time of the merger. If Mr. Moore joins the Lam Research Board, then his restricted stock units would not accelerate pursuant to the Director Compensation Proposal.

<u>Termination Date</u>	<u>Prorated Vesting Acceleration</u>			
	<u>25%</u>	<u>50%</u>	<u>75%</u>	<u>100%</u>
November 4, 2015 – February 4, 2016	<u>\$40,006.20</u>	<u>\$80,079.30</u>	<u>\$120,085.50</u>	<u>\$160,158.60</u>
February 5, 2016 – May 4, 2016				
May 5, 2016 – August 4, 2016				
August 5, 2016 – November 3, 2016				

Without stockholder approval of this Director Compensation proposal, if Ms. Higashi or either of Messrs. Moore or Rango do not continue in service with Lam Research or KLA-Tencor as of the effective time of the merger, then his or her KLA-Tencor restricted stock unit awards will terminate without becoming vested upon their resignation from the KLA-Tencor Board, and they will each forfeit the entire value of those shares. If stockholders approve this Director Compensation proposal, then as illustrated in the table above, each of Ms. Higashi and Messrs. Moore and Rango would be eligible to vest in restricted stock units having a maximum value of \$160,158.60 (based on such value of \$66.90 per share of KLA-Tencor common stock but excluding the value of dividend equivalent rights), with the actual number of restricted stock units that vest being determined by the period of service to the stockholders of KLA-Tencor through the director’s resignation date.

The KLA-Tencor Board recommends the stockholders approve the Director Compensation proposal so that all outside directors are compensated commensurately in connection with their service on the KLA-Tencor Board. KLA-Tencor believes extending this Outside Director Accelerated Vesting Policy to Ms. Higashi and Messrs. Moore and Rango is appropriate for the following reasons:

- If the KLA-Tencor stockholders do not approve the Director Compensation proposal, and if Ms. Higashi and Messrs. Moore and Rango are required to resign without being offered the opportunity to continue in service with Lam Research or KLA-Tencor as of the effective time of the merger, each

Table of Contents

will forfeit all of his or her unvested restricted stock unit awards, which represent a majority of his or her annual compensation. Assuming each of these directors has otherwise served and fulfilled his or her obligations as members of the KLA-Tencor Board, he or she will not receive the equity compensation that KLA-Tencor intended to provide them. Instead, these directors will only receive their cash director fees under KLA-Tencor's outside director compensation program.

- In considering this extension of the Outside Director Accelerated Vesting Policy to outside directors who have provided fewer than six years of service, the KLA-Tencor Board relied on its compensation advisors at Semler Brossy who have advised the KLA-Tencor Board that accelerated vesting of equity awards for non-continuing outside directors, regardless of time served, is a typical market provision in connection with mergers of similar size and scope as the merger.
- KLA-Tencor believes that because new outside directors of the KLA-Tencor Board are otherwise treated the same as existing outside directors of the KLA-Tencor Board, all of its outside directors should be treated the same under the Outside Director Accelerated Vesting Policy, regardless of their tenure on the KLA-Tencor Board.

KLA-Tencor's Compensation Committee unanimously approved the extension of KLA-Tencor's Outside Director Accelerated Vesting Policy to outside directors who have served for less than six years as of their termination date, subject to the approval of the Director Compensation proposal by KLA-Tencor's stockholders at this special meeting.

The three outside directors who have not served on the KLA-Tencor Board for six years, Ms. Higashi and Messrs. Moore and Rango, have an interest in this proposal. Please refer to the section entitled "The Merger—Interests of KLA-Tencor's Directors and Executive Officers in the Merger" for the number of restricted stock units subject to each director's restricted stock unit awards.

Effect of Vote

Approval of the Director Compensation proposal is not required to complete the merger. The vote regarding the Director Compensation proposal is a vote separate and apart from the vote on the Merger proposal. Accordingly, KLA-Tencor stockholders may vote to approve the Merger proposal and vote not to approve the Director Compensation proposal and vice versa.

The vote regarding the Director Compensation proposal is binding on KLA-Tencor. Accordingly, if (1) the Merger proposal is approved, (2) this Director Compensation proposal is not approved, (3) any of Ms. Higashi and Messrs. Moore and Rango resigns from the KLA-Tencor Board at the closing of the merger before the director's restricted stock unit award is fully vested and (4) the director is not appointed to the Lam Research Board and otherwise does not provide services to Lam Research or KLA-Tencor as of the effective time of the merger, the award held by any of Ms. Higashi or Messrs. Moore and Rango will be completely forfeited and the director will not receive payment of the merger consideration in respect of the shares of KLA-Tencor common stock subject to the November 2015 restricted stock unit award.

The KLA-Tencor Board unanimously recommends a vote "FOR" the Director Compensation proposal (Proposal 4).

THE MERGER

Effects of the Merger

At the effective time of the merger, Merger Sub 1, a wholly owned subsidiary of Lam Research that was formed for the sole purpose of effecting the merger, will merge with and into KLA-Tencor. KLA-Tencor will survive the merger and become a wholly owned subsidiary of Lam Research.

At the effective time of the merger, each outstanding share of KLA-Tencor common stock (other than shares owned by Lam Research or any subsidiary of Lam Research or KLA-Tencor, which will be canceled and cease to exist, and shares held by KLA-Tencor stockholders who have not voted in favor of the Merger proposal and are entitled to and who have properly exercised and not withdrawn a demand for, or lost their right to, appraisal rights under the DGCL, who will have the right to receive the payment described in the section entitled "Appraisal Rights") will be converted into the right to receive the merger consideration, with cash paid in lieu of fractional shares (as applicable) plus the amount of any dividends or other distributions with a record date after the date of the merger agreement. Lam Research stockholders will continue to hold their existing shares of Lam Research common stock, which, after the merger, will represent equity interests in the combined company.

At the effective time of the subsequent merger, KLA-Tencor will be merged with and into Merger Sub 2, with Merger Sub 2 surviving as a wholly owned subsidiary of Lam Research.

Background of the Merger

Each of the Lam Research Board and KLA-Tencor Board regularly evaluates the strategic direction and ongoing business plans of their respective companies with a view toward strengthening their businesses and enhancing stockholder value. As part of this evaluation, each of the Lam Research Board and KLA-Tencor Board has from time to time considered a variety of strategic alternatives, including, among others, (1) the continuation of their current business plan; (2) potential expansion opportunities into new business lines through licensing, and acquisitions and combinations with other businesses; and (3) investment in and development of new products. In addition, Lam Research and KLA-Tencor have ongoing collaborative projects to enable more compelling products for their end-customers and, from time to time, representatives of Lam Research and KLA-Tencor meet to discuss those projects.

Beginning in December 2013, Lam Research engaged KLA-Tencor in preliminary discussions concerning a possible merger-of-equals business combination transaction under a pre-existing confidentiality agreement between the parties. To facilitate the exchange of additional due diligence materials and further detailed discussions, on April 17, 2014, KLA-Tencor and Lam Research entered into a transaction-specific confidentiality agreement. In connection with this process, in April 2014, KLA-Tencor retained Qatalyst Partners to act as its financial advisor. The confidentiality agreement between KLA-Tencor and Lam Research was amended on May 30, 2014 to include a standstill provision that prohibited either company from making a public acquisition proposal for the other for a period of one year.

On May 10, 2014, KLA-Tencor sent to Lam Research a letter indicating that it was not prepared to move forward with a merger-of-equals transaction, and making a non-binding proposal for KLA-Tencor to acquire Lam Research. KLA-Tencor and Lam Research continued to engage in discussions regarding a business combination until June 2014.

On June 12, 2014, Lam Research sent a letter to KLA-Tencor stating that it was not likely to continue discussions unless KLA-Tencor was prepared to increase its offer for Lam Research.

On June 16, 2014, Richard P. Wallace, the President and Chief Executive Officer of KLA-Tencor, called Martin Anstice, the President and Chief Executive Officer of Lam Research, to inform him that KLA-Tencor was not in a position to increase its offer. Following that call, the parties terminated discussions regarding a business combination.

In May 2015, members of Lam Research management began to consider making an offer for a possible acquisition of KLA-Tencor. This was the first time that Lam Research management had actively considered making an offer for an acquisition of KLA-Tencor following the termination of discussions between the parties in June 2014.

On May 13 and May 14, 2015, the Lam Research Board held a regularly scheduled meeting. Members of Lam Research management were also in attendance. During the course of that meeting, the Lam Research Board determined that Lam Research management should continue to monitor KLA-Tencor's stock price and business developments and consider engaging in formal discussions with KLA-Tencor regarding a potential business combination in August 2015.

On August 7, 2015, the Lam Research Board held a special meeting to again consider a business combination with KLA-Tencor. At the meeting, members of Lam Research management reviewed the strategic rationale for a potential business combination with KLA-Tencor, including the potential benefits to stockholders and customers, potential synergies, and risks to achieving those synergies. Representatives of Goldman Sachs reviewed with the Lam Research Board developments in the stock market since the June 15, 2015, Lam Research Board meeting, the impact of those developments on a potential business combination transaction, and forecasts for Lam Research's business on a standalone basis prepared by Lam Research management, which forecasts would form the basis of the Lam Research Projections, as defined below in the section entitled "—Opinion of KLA-Tencor's Financial Advisor." Following discussion, the Lam Research Board authorized Mr. Anstice to discuss with Mr. Wallace due diligence and to provide a preliminary indication of interest to acquire KLA-Tencor.

On August 13, 2015, Messrs. Wallace and Anstice spoke at Mr. Anstice's request. During this meeting, Mr. Anstice stated that Lam Research was interested in acquiring KLA-Tencor but did not propose an acquisition price or other terms. Following the discussion, the KLA-Tencor Board instructed Mr. Wallace to formulate a response to Mr. Anstice, with the guidance of the KLA Transactions Subcommittee and the assistance of KLA-Tencor management, Qatalyst Partners and Wilson Sonsini that indicated that the financial terms of Lam Research's proposal should be improved.

In a

subsequent discussion on that day, Mr. Anstice stated that the Lam Research Board had not approved the submission of a revised proposal at that level, but that he would recommend that Lam Research make a proposal to acquire KLA-Tencor for \$31.50 in cash and 0.5 of a share of Lam Research common stock for each share of KLA-Tencor common stock, implying a value of \$65.54 per share based on the closing price of Lam Research common stock on September 21, 2015. Mr. Anstice also stated that he was supportive of two members of the KLA-Tencor Board joining the Lam Research Board. Mr. Anstice informed Mr. Wallace that, as a condition to Lam Research conducting additional discussions, KLA-Tencor would need to agree to negotiate exclusively with Lam Research for a period of time. Mr. Anstice also stated Lam Research's (1) desire to announce the acquisition prior to the time that both companies reported their quarterly earnings near the end of October 2015; and (2) interest in concluding discussions with KLA-Tencor on an expedited basis so that it could pursue other strategic opportunities if a transaction with KLA-Tencor was not feasible. Mr. Wallace stated that he would relay this conversation to the KLA-Tencor Board.

During the afternoon of September 21, 2015, the KLA-Tencor Board met, with representatives of KLA-Tencor management, Qatalyst Partners and Wilson Sonsini in attendance. In addition, two members of the KLA-Tencor Board would join the Lam Research Board upon completion of the transaction. Representatives of Wilson Sonsini reviewed with the members of the KLA-Tencor Board their fiduciary duties. The members of the KLA-Tencor Board also discussed with the representatives of Qatalyst Partners other strategic alternatives that might potentially be available to KLA-Tencor, including other companies and financial sponsors that KLA-Tencor could contact if it wished to engage in a wider sale process. In this regard, the representatives of Qatalyst Partners discussed the concerns that financial sponsors may have concerning an acquisition of KLA-Tencor due to (1) the amount of leverage that could be added to KLA-Tencor's balance sheet; and (2) their future ability to achieve a liquidity event for their investment in KLA-Tencor. With the representatives of Qatalyst Partners and Wilson Sonsini, the members of the KLA-Tencor Board also reviewed the various actions taken and alternatives considered by the KLA-Tencor Board over the past several years in support of the KLA-Tencor Board's ongoing efforts to increase stockholder value. After discussion, the KLA-Tencor Board concluded that the best opportunity to maximize stockholder value at this time would be to proceed with Lam Research on an exclusive basis because, among other things, (1) there were only a small number of parties that might be interested in acquiring KLA-Tencor; (2) engaging in a wider sale process could result in rumors that might impact KLA-Tencor's relationships with customers, suppliers, business partners and employees; (3) conducting a wider sale process created too much risk that the proposal from Lam Research might be withdrawn; and (4) any definitive agreement with Lam Research would contain an ability for the KLA-Tencor Board to respond to unsolicited superior proposals. In view of these considerations, the KLA-Tencor Board determined (1) not to authorize Qatalyst Partners to contact other parties to determine their interest in a potential acquisition of KLA-Tencor; and (2) to authorize KLA-Tencor management to negotiate and enter into an exclusivity agreement with Lam Research.

On September 23, 2015, and September 24, 2015, Wilson Sonsini negotiated the terms of the exclusivity agreement with Jones Day.

On September 24, 2015, KLA-Tencor and Lam Research signed the exclusivity agreement. The KLA Transactions Subcommittee discussed the status of the proposed acquisition. In this and other meetings, the members of the KLA Transactions Subcommittee discussed with the representatives of Qatalyst Partners and Wilson Sonsini the impact that movements in the respective stock prices of KLA-Tencor and Lam Research had on the notional value of the proposed acquisition. The Transactions Committee ultimately determined to monitor this matter but take no action until the KLA-Tencor Board was prepared to make a final decision on entering into an acquisition with Lam Research due to continued movement in stock prices.

On October 1, 2015, the Lam Research Board held a special meeting. Members of Lam Research management and representatives of Goldman Sachs and Jones Day were also in attendance. The draft merger agreement, among other things, (1) included a proposed \$300 million termination fee payable by KLA-Tencor to Lam Research if KLA-Tencor, among other things, terminated the merger agreement to accept a superior offer, with a reciprocal fee payable by Lam Research to KLA-Tencor if Lam Research terminated the merger agreement to, among other things, accept a superior offer; (2) provided for the reimbursement by KLA-Tencor of up to \$100 million of Lam Research's expenses if the merger agreement were terminated because it was not approved by KLA-Tencor stockholders, with a reciprocal expenses reimbursement by Lam Research to KLA-Tencor if the merger agreement were terminated because it was not approved by Lam Research stockholders; and (3) provided that Lam Research would use its reasonable best efforts to consummate the acquisition, subject to certain limitations.

At the meeting, representatives of Goldman Sachs provided a market update of the two companies' relative trading prices and the value and implied premium of Lam Research's proposal. The Lam Research Board evaluated the current value implied by the proposal as reviewed by the representatives of Goldman Sachs and determined to closely monitor the relative trading prices of the companies but make no changes to the proposal at that time. Members of Lam Research management then reviewed with the Lam Research Board (1) the proposed communications plan in connection with the proposed acquisition; (2) the proposed equity and debt capitalization of the combined company; (3) the status of discussions with rating agencies concerning the combined company's debt; (4) the terms and costs of the proposed financing arrangements; (5) an update on the draft merger agreement; and (6) an update on due diligence activities.

On October 9, 2015, Wilson Sonsini, on behalf of KLA-Tencor, provided Jones Day, on behalf of Lam Research, with comments to the draft merger agreement. The comments to the merger agreement, among other things, (1) noted that the termination fees to be paid by KLA-Tencor and Lam Research were still under negotiation; (2) removed the concept of expense reimbursement if the stockholders of either party failed to approve the acquisition; and (3) narrowed the scope of the limitations on Lam Research's obligation to use its reasonable best efforts to consummate the acquisition.

The Lam Research Board then discussed potential reasons for and against entering into an acquisition with KLA-Tencor. members of the KLA-Tencor Board Qatalyst Partners' financial analysis of Lam Research's proposal. Following this, Qatalyst Partners rendered its oral opinion, subsequently confirmed in writing, that as of October 20, 2015, and based upon and subject to the various limitations, qualifications, assumptions and other matters set forth in its written opinion, the merger consideration to be received by the holders of shares of KLA-Tencor common stock, other than Lam Research or any affiliates of Lam Research, pursuant to the merger agreement was fair, from a financial point of view, to such holders. For more information about Qatalyst Partners' opinion, see the section below entitled "—Opinion of KLA-Tencor's Financial Advisor." Following this, the KLA-Tencor Board discussed potential reasons for and against entering into an acquisition with Lam Research. After this discussion, the KLA-Tencor Board unanimously (1) determined that the merger agreement, the merger and the other transactions contemplated by the merger agreement were fair to, advisable and in the best interests of KLA-Tencor and KLA-Tencor stockholders; (2) adopted and approved the merger agreement, the merger and the other transactions contemplated by the merger agreement; and (3) recommended that KLA-Tencor stockholders vote in favor of adoption of the merger agreement at any meeting of KLA-Tencor stockholders to be called for the purposes of acting on that recommendation.

Later on October 20, 2015, Lam Research and KLA-Tencor executed the merger agreement.

On October 21, 2015, prior to the opening of trading of the common stock on the NASDAQ Global Select Market, Lam Research and KLA-Tencor issued a joint press release announcing the entry into the merger agreement.

KLA-Tencor's Reasons for the Merger; Recommendation of the KLA-Tencor Board

In adopting and approving the merger agreement and recommending that KLA-Tencor stockholders approve the Merger proposal, the KLA-Tencor Board considered a number of factors, including the factors described below, and a substantial amount of information, including information regarding certain of the factors described below, was reviewed and discussed with KLA-Tencor's management and legal and financial advisors.

The following discussion of the information and factors considered by the KLA-Tencor Board in reaching its conclusions and recommendation includes the material factors considered, but is not intended to be exhaustive. In view of the wide variety of factors considered in connection with its evaluation of the merger and the complexity of these matters, the KLA-Tencor Board did not find it practicable, and did not attempt, to quantify, rank or assign any relative or specific weights to the various factors that it considered in reaching its determination to adopt and approve the merger agreement and to recommend that KLA-Tencor stockholders approve the Merger proposal. In considering the factors described below, individual members of the KLA-Tencor Board may have given differing weights to different factors.

The principal factors that the KLA-Tencor Board believes support its approval and recommendation of the approval of the Merger proposal include the following:

- **Merger Consideration.** The fact that the merger consideration provides KLA-Tencor stockholders with a combination of cash and Lam Research common stock or an opportunity to elect either all-cash or all-stock consideration, subject to the proration procedures, giving KLA-Tencor stockholders an opportunity to receive liquidity for their KLA-Tencor common stock, an interest in the combined company at closing, or both. This provides KLA-Tencor stockholders a level of price certainty, liquidity and downside protection while simultaneously providing them with the opportunity for a substantial ownership interest in Lam Research following the completion of the merger.

The implied value of the per-share merger consideration of \$32.00 in cash and 0.5 shares of Lam Research common stock compares favorably to the per-share value of KLA-Tencor common stock implied by KLA-Tencor's risk-adjusted standalone plan, in light of the anticipated consolidation in KLA-Tencor's customer and supplier base and KLA-Tencor's anticipated increase in research and development costs in order to bring new products to market on an annual basis that meet customer demands. The implied value of the merger consideration also represents: (1) an approximate premium

Table of Contents

of 24% based on the unaffected closing prices per share of KLA-Tencor and Lam Research common stock on October 20, 2015, the day prior to announcement of the merger agreement; and (2) an approximate premium of 31% based on the average closing price per share of KLA-Tencor common stock over the 30-trading-day period ended October 20, 2015 and the average closing price per share of Lam Research common stock over the 30-trading-day period ended October 20, 2015.

- **Strategic Considerations.** The KLA-Tencor Board's belief that the merger will provide a number of strategic opportunities for the combined company, including the combined company's (1) complementary capabilities in wafer processing and process control; (2) increased scale, enabling more comprehensive support capabilities tailored to customers' needs; (3) acceleration of innovation through increased opportunity and capability to address customers' escalating technical and economic challenges; (4) product line diversification; and (5) management depth and breadth.
- **Participation in Future Appreciation.** The fact that a portion of the merger consideration will be paid in shares of Lam Research common stock, which will provide KLA-Tencor stockholders who elect the mixed consideration or the all-stock consideration, or who elect the cash consideration but are subject to proration, with ownership of approximately 32% of the combined company after the closing of the merger. In evaluating the potential of the combined company, the KLA-Tencor Board considered the business, operations, financial condition, earnings and prospects of both KLA-Tencor and Lam Research, taking into account the results of KLA-Tencor's due diligence review of Lam Research. Ownership in the combined company will enable KLA-Tencor stockholders to share in:
 - The annualized cost synergies expected to be realized by Lam Research of approximately \$250 million within 18 to 24 months of closing of the merger; and
 - The anticipated \$600 million in incremental annual revenue expected to be realized by Lam Research by 2020 as a result of improved differentiation of each company's products and creation of new capabilities.
- **Integration.** The KLA-Tencor Board's belief that given the similarities in core values, cultures, geographic presence, complementary product lines, and customer acceptance, integration of the two companies would be successful, thereby enabling the combined company to achieve the anticipated synergies and incremental revenue from the merger, and provide opportunities for employees of KLA-Tencor.
- **Board Representation.** The fact that the terms of the merger agreement provide that two members of the KLA-Tencor Board will be appointed to the Lam Research Board, effective as of immediately after the closing of the merger. As of the date of this joint proxy statement/prospectus, Lam Research and KLA-Tencor have mutually agreed that John T. Dickson and Gary B. Moore, each of whom is currently a director of KLA-Tencor, will be the designated directors.
- **Fixed Lam Research Common Stock Component.** The fact that the stock portion of the merger consideration is a fixed number of shares of Lam Research common stock that will not fluctuate as a result of changes in the price of KLA-Tencor common stock or Lam Research common stock prior to the merger, which provides certainty to KLA-Tencor stockholders as to their ownership interest in Lam Research following completion of the merger.
- **Election Procedure.** The fact that the election mechanism in the merger agreement offers KLA-Tencor stockholders the opportunity to seek their desired form of consideration, subject to proration, providing KLA-Tencor stockholders the flexibility to elect all-cash, all-stock or mixed consideration, depending on their individual specific requirements and preferences.
- **Tax-Free Reorganization.** The fact that the mergers are expected to qualify as a tax-free transaction to KLA-Tencor stockholders in respect of the shares of Lam Research common stock they may receive upon the exchange of such holder's shares of KLA-Tencor common stock for U.S. federal income tax purposes.

- **Opinion of Financial Advisor.** The opinion of Qatalyst Partners, dated October 20, 2015, delivered to the KLA-Tencor Board that, as of the date of the opinion and based upon and subject to the various limitations, qualifications, assumptions and other matters set forth therein, the merger consideration to be received by the holders of KLA-Tencor common stock, other than Lam Research or any affiliates of Lam Research, was fair, from a financial point of view, to such holders, as more fully described below in the section entitled “—Opinion of KLA-Tencor’s Financial Advisor.”
- **Superior Proposals.** The fact that the KLA-Tencor Board has the ability to change its recommendation in favor of the merger upon receipt of a superior proposal if the failure to take such action would be reasonably likely to be inconsistent with the fiduciary duties of the members of the KLA-Tencor Board under applicable law and after compliance with the requirements set forth in the merger agreement. The KLA-Tencor Board believes that the termination fee, equal to approximately 2.7% of the equity value of the merger, is reasonable and will not unduly impede the ability of a third party to make a superior proposal.
- **Strategic Alternatives.** The perceived risks and expected risk-adjusted value of continuing as a standalone public company or pursuing other alternatives, including potential expansion opportunities into new business lines through licensing, acquisitions and combinations with other businesses, investment in and development of new products, and the likelihood that other parties would propose, and be able to successfully complete, an alternative transaction that would provide superior value to that of the merger.
- **Fiduciary Duties.** The fiduciary duties of the members of the KLA-Tencor Board in light of the foregoing.

The KLA-Tencor Board also considered a variety of risks and other potentially negative factors concerning the merger agreement and the merger, including the following:

- the risk of not capturing all of the anticipated operational synergies and cost savings between KLA-Tencor and Lam Research and the risk that other anticipated benefits might not be realized in the expected timeframe or at all;
- the risk that failure to complete the merger could negatively affect the price of KLA-Tencor common stock and future business and financial results of KLA-Tencor;
- the potential risk of disruption to and attrition of the KLA-Tencor employee base during the pendency of the merger;
- the potential risk of diverting management focus and resources from operational matters and other strategic opportunities while working to implement the merger;
- the substantial costs to be incurred in connection with the merger, including the costs of integrating the businesses of KLA-Tencor and Lam Research and the expenses arising from the merger;
- the fact that under the terms of the merger agreement, KLA-Tencor is unable to solicit other acquisition proposals during the pendency of the merger;
- the restrictions on the conduct of KLA-Tencor’s business prior to the consummation of the merger, including the requirement that KLA-Tencor conduct its business in the ordinary course, subject to specific limitations, which may delay or prevent KLA-Tencor from undertaking business opportunities that may arise before the completion of the merger and that, absent the merger agreement, KLA-Tencor may have pursued;
- the obligation to pay to Lam Research a termination fee of \$290 million if the merger agreement is terminated under certain circumstances as provided in the merger agreement;
- the risk that governmental entities may not approve the merger or may impose conditions on KLA-Tencor or Lam Research in order to gain approval for the merger that may adversely impact the ability of the combined company to realize the synergies that are projected to occur in connection with the merger;

Table of Contents

- the possibility that the merger may not be completed, or that completion may be unduly delayed, for reasons that include the failure of a majority of the outstanding shares of KLA-Tencor to adopt the merger agreement or the failure of Lam Research stockholders to approve the issuance of shares of Lam Research common stock in connection with the merger, or for other reasons beyond the control of KLA-Tencor or Lam Research;
- the fact that the stock portion of the merger consideration is a fixed number of shares of Lam Research common stock that will not fluctuate as a result of changes in the price of KLA-Tencor common stock or Lam Research common stock prior to the merger, which means that the value of the merger consideration could decrease prior to the merger if the trading price of Lam Research common stock decreases;
- the potential effect of the announcement of the merger on KLA-Tencor's business and relationships with customers, suppliers and the communities in which it operates;
- the risk that key members of senior management might choose not to remain employed with KLA-Tencor prior to the completion of the merger or with the combined company after the merger; and
- the risks of the type and nature described under the section entitled "Risk Factors," and the matters described under the section entitled "Special Note Regarding Forward-Looking Statements."

The KLA-Tencor Board also was apprised of certain interests in the merger of executive officers and the directors that may be different from, or in addition to, the interests of KLA-Tencor stockholders generally as discussed below in the section entitled "—Interests of KLA-Tencor Directors and Executive Officers in the Merger."

The KLA-Tencor Board has unanimously (1) determined that the merger agreement, the merger and the other transactions contemplated by the merger agreement are fair to, advisable and in the best interests of KLA-Tencor and its stockholders; and (2) adopted and approved the merger agreement, the merger and the other transactions contemplated by the merger agreement. The KLA-Tencor Board unanimously recommends that KLA-Tencor stockholders vote "FOR" the Merger proposal.

Lam Research's Reasons for the Merger; Recommendation of the Lam Research Board

The Lam Research Board considered many factors in making its determination that the terms of the merger agreement are fair to, and in the best interests of, Lam Research stockholders, to approve the merger agreement and the transactions contemplated by the merger agreement, and to recommend that Lam Research stockholders approve the Share Issuance proposal.

Positive Factors

In arriving at its determination, the Lam Research Board consulted with Lam Research's management, as well as with Lam Research's legal and financial advisors, reviewed a significant amount of information and considered a number of factors that it viewed as supporting its decisions, including (not in any relative order of importance) the following:

Benefits to Customers:

- ***Complementary Product Portfolio and Future Product Opportunities.*** The pairing of Lam Research's capabilities in deposition, etch and single-wafer clean, and KLA-Tencor's products in inspection and metrology, is expected to create a premier semiconductor equipment company with industry leading and complementary capabilities, and provide a strong platform for continuing industry outperformance. The combined company will have the capability to better understand the unit process technical performance and interdependencies of adjacent technologies and product portfolios to deliver products and services to customers that neither company could offer independently. In addition, the combined company will have an enhanced capability to invest in new technologies, products and services at the intersection of process and process control.

Table of Contents

- **More Opportunities and Better Ability to Meet Customer Challenges and Demands** The pairing of Lam Research and KLA-Tencor brings together industry leadership in process and process control, increasing the combined company's opportunities and capability to address customers' escalating technical and economic challenges, which are driven by market demand for lower power, higher performance and smaller form factor devices, and by the technical challenge to extend Moore's Law by improving uniformity, reducing variability and accelerating yield.
- **Future Market Opportunities.** This is an opportune time to bring Lam Research and KLA-Tencor together because customer product development roadmaps will continue to require enhanced collaboration and innovation by semiconductor equipment manufacturers as the complexity of semiconductor-dependent devices increases due to continuing technology scaling and its associated escalating challenges, and continued expansion in areas such as the "internet of things," mobile devices and cloud computing.

Benefits to Stockholders:

- **Broad Market Relevance, Sustained Growth through Market Cycles and Market Expansion** The combined company will have a comprehensive presence, drawn from complementary products and technologies, across geographies, memory and logic/foundry market segments, and customers. It is expected to provide opportunities to expand the available market served by the combined company's products, and to provide value creating opportunities with every major semiconductor manufacturing company.
- **Best Strategic Alternative.** The Lam Research Board believes that the benefits from the merger and related transactions are superior to alternatives reasonably available to Lam Research, including recapitalizations, restructurings, strategic alliances and other acquisition candidates, and the ability of Lam Research to achieve its strategic goals will be enhanced by completing the merger, as compared to remaining a stand-alone company.
- **Expected Cost Synergies.** The transaction is expected to generate approximately \$250 million in annual on-going pre-tax cost synergies within 18 to 24 months after completing the merger.
- **Expected Revenue Synergies.** The transaction is expected to generate approximately \$600 million in annual revenue synergies by 2020, through strengthening unit process performance and realizing benefits from the complementary strengths of the combined company.
- **Expected to be Accretive to Financial Performance.** The transaction is expected to be accretive to Lam Research's non-GAAP earnings and free cash flow per share during the first 12 months after completing the merger.
- **Compatible Corporate Cultures.** The Lam Research Board believes that integration of Lam Research and KLA-Tencor should be successful because the geographic proximity and compatible corporate culture of the two companies. The two companies share a similar focus on technology leadership and innovative business spirit with a foundation of operational excellence.
- **Implied Ownership of the Combined Company Allows for Significant Participation in the Combined Company** Upon completion of the merger, Lam Research stockholders will own approximately 67% of the combined company, providing them significant opportunity to participate in the future performance of the combined company, including the expected synergies.
- **Sufficiency of Resources of the Combined Company.** The anticipated market capitalization, liquidity and capital structure of the combined company should well position the combined company to compete, and to invest in the combined company's growth.
- **Favorable Debt Financing; Availability.** The terms of the debt financing expected to be obtained in connection with the merger are favorable, and it is likely that the necessary financing will be obtained given the financing commitments obtained in connection with the merger.

Table of Contents

- **Analyses and Opinion of Financial Advisor.** The Lam Research Board reviewed financial analyses presented by Goldman Sachs to the Lam Research Board, as described below under “—Opinion of Lam Research’s Financial Advisor,” and the opinion of Goldman Sachs rendered to the Lam Research Board to the effect that, as of October 20, 2015 and based upon and subject to the factors and assumptions set forth in its written opinion, the consideration to be paid by Lam Research pursuant to the merger agreement was fair from a financial point of view to Lam Research. See the section below entitled “—Opinion of Lam Research’s Financial Advisor.”
- **Due Diligence Investigation Results.** The Lam Research Board’s knowledge and understanding of Lam Research’s business, operations, management, financial condition, earnings and prospects, and of KLA-Tencor’s business, operations, management, financial condition, earnings and prospects (taking into account the results of Lam Research’s due diligence review of KLA-Tencor), support the Lam Research Board’s evaluation that the merger could reasonably be expected to have significant benefits for Lam Research and its stockholders (including cost synergies, revenue synergies, earnings accretion, and an enhanced ability to deliver solutions to customers), and the Lam Research Board’s evaluation of the relative values of Lam Research and KLA-Tencor in connection with a determination of the appropriate merger consideration.
- **Tax-Free Nature of Reorganization.** The Lam Research Board believes that the transaction should be attractive to KLA-Tencor stockholders because the merger consideration will consist of a mix of cash and Lam Research stock, and it is expected that payment of the stock portion of the merger may be exchanged for KLA-Tencor common stock on a tax free basis.
- **Cash/Stock Election.** The Lam Research Board believes that the merger should be attractive to KLA-Tencor stockholders because the KLA-Tencor stockholders will be offered an opportunity to elect all-cash, all-stock or mixed consideration (subject, in the case of the all-cash and all-stock elections, to proration), with the total aggregate cash to be paid and Lam Research stock to be issued limited to fixed amounts.
- **Experience with Acquisition and Integration.** The Lam Research Board believes that Lam Research will successfully integrate KLA-Tencor and the combined company will achieve the expected synergies given Lam Research’s past experience with successfully acquiring and integrating Novellus Systems, Inc., and in achieving the projected synergies of the Novellus acquisition.
- **Terms of the Merger Agreement.** The Lam Research Board believes that the conditions to Lam Research’s obligation to complete the merger and Lam Research’s ability under certain circumstances to terminate the merger agreement are fair to the Lam Research stockholders, and believes that there are no material impediments to completing the transaction as proposed.
- **Enhanced Opportunities for Employees.** The increased scale of the combined company provides opportunities for innovation, achievement and professional growth, enhancing the combined company’s opportunity to attract, motivate and retain top talent.

Potentially Negative Factors, Uncertainties and Risks

The Lam Research Board weighed the foregoing against a number of potentially negative factors, uncertainties and risks, including (not in any relative order of importance):

- **Risks of Failure to Complete the Merger.** The risk that the merger may not be completed despite the parties’ efforts, including the possibility that the conditions to the parties’ obligations to complete the merger may not be satisfied, and the potential resulting disruption to Lam Research’s business.
- **Challenges Relating to Combining the Companies.** The challenges inherent in combining the businesses, operations and workforces of two major semiconductor equipment manufacturers, including the potential for (1) unforeseen difficulties in integrating operations and systems; (2) the possible distraction of management attention for an extended period of time; and (3) difficulties in retaining and assimilating employees.

Table of Contents

- **Risks Relating to the Benefits of the Merger, Including Synergies.** The risk of not capturing all the anticipated operational and revenue synergies expected as a result of the merger, or that the actual financial condition and results of operations of the combined company may not be consistent with the pro forma financial statements or financial forecasts prepared by Lam Research and KLA-Tencor, and the risk that other anticipated benefits may not be realized, including the impact of any such developments on the financial attractiveness of the merger to Lam Research stockholders.
- **Risks Relating to Diversion of Management Focus and Resources.** The risk of diverting Lam Research management’s focus and resources from other strategic opportunities and from operational matters while working to implement the merger.
- **Costs of the Merger and Integration.** The substantial costs to be incurred in connection with the merger, including costs to integrate the businesses of Lam Research and KLA-Tencor.
- **Risks Relating to Governmental Approvals or Imposition of Conditions.** The risk that governmental entities may delay, oppose or refuse to approve the merger or impose conditions on Lam Research and/or KLA-Tencor prior to approving the merger that may adversely impact the ability of the combined company to realize synergies and other benefits that are projected to occur in connection with the merger.
- **Risks Relating to Retention of Key Personnel.** The risk that, despite the combined efforts of Lam Research and KLA-Tencor prior to and after the consummation of the merger, the combined company may lose key personnel.
- **Risks Relating to Retention of Customers and Suppliers.** The risk of loss of customers or suppliers prior to and following the merger.
- **Dilution.** The dilution associated with the issuance of shares of Lam Research common stock to KLA-Tencor stockholders pursuant to the merger.
- **Risks Relating to Termination Fee and Other Deal Protections.** The risk that Lam Research would be required to pay a termination fee of \$290 million under certain circumstances and the risk that the requirement to pay the termination fee, as well as other terms of the merger agreement, could have the effect of discouraging other parties that would otherwise be interested in a transaction with Lam Research from proposing such a transaction.
- **Restrictions on the Conduct of Business.** The restrictions on the conduct of Lam Research’s business during the period between execution of the merger agreement and the consummation of the merger, including the degree to which the merger agreement will limit the ability of Lam Research to carry out capital transactions, to conduct other significant acquisitions, or take other significant actions outside the ordinary course of business.
- **The Absence of a Financing Condition.** The absence of a financing condition to Lam Research’s obligation to complete the merger, and KLA-Tencor’s ability to specifically enforce Lam Research’s obligations under the merger agreement.
- **Risks Relating to the KLA-Tencor Board’s Ability to Change Its Recommendation.** The ability of the KLA-Tencor Board, under certain circumstances and subject to certain conditions, to change its recommendation in favor of the transactions in response to a superior proposal or an intervening event, if the KLA-Tencor Board determines in good faith and in consultation with its outside legal counsel that failure to take such action would be reasonably likely to be inconsistent with its fiduciary duties.
- **Other Risk and Uncertainties.** Other risks and uncertainties of the type and nature described in the section entitled “Risk Factors,” and the matters described in the section entitled “Special Note Regarding Forward-Looking Statements.”

This discussion of the information and factors considered by the Lam Research Board in reaching its conclusions and recommendation is not intended to be exhaustive, but rather includes material factors considered

by the Lam Research Board. In view of the wide variety of factors considered in connection with its evaluation of the merger and the merger agreement and the complexity of these matters, the Lam Research Board did not find it useful and did not attempt to assign any relative or specific weights to the various factors that it considered in reaching its determination to approve the merger agreement and the transactions contemplated by the merger agreement and to recommend that Lam Research stockholders vote “FOR” the Share Issuance proposal. In addition, individual members of the Lam Research Board may have assigned different weights to different factors. The Lam Research Board conducted an overall analysis of the factors described above, including through discussions with, and questioning of, Lam Research’s management and outside legal and financial advisors.

The Lam Research Board unanimously approved the merger agreement and the transactions contemplated by the merger agreement and determined that the merger agreement and the transactions contemplated thereby, including the merger and the issuance of shares of Lam Research common stock to KLA-Tencor stockholders pursuant to the merger, are fair to, and in the best interests of, Lam Research and its stockholders, and are advisable. The Lam Research Board unanimously recommends that the Lam Research stockholders vote “FOR” the Share Issuance proposal.

Opinion of Lam Research’s Financial Advisor

On October 20, 2015, at a meeting of the Lam Research Board, Goldman Sachs rendered its oral opinion, subsequently confirmed in writing, to the effect that, as of October 20, 2015 and based upon and subject to the factors and assumptions set forth in Goldman Sachs’ written opinion, the aggregate merger consideration to be paid by Lam Research pursuant to the merger agreement was fair from a financial point of view to Lam Research.

The full text of the written opinion of Goldman Sachs, dated October 20, 2015, which sets forth assumptions made, procedures followed, matters considered and limitations on the review undertaken in connection with the opinion, is attached as Annex B. Goldman Sachs provided its opinion for the information and assistance of the Lam Research Board in connection with its consideration of the merger. The Goldman Sachs opinion is not a recommendation as to how any holder of KLA-Tencor common stock or any holder of Lam Research common stock should vote with respect to the merger, or any other matter.

In connection with rendering the opinion described above and performing its related financial analyses, Goldman Sachs reviewed, among other things:

- the merger agreement;
- annual reports to stockholders and Annual Reports on Form 10-K of Lam Research for the five fiscal years ended June 28, 2015;
- annual reports to stockholders and Annual Reports on Form 10-K of KLA-Tencor for the five fiscal years ended June 30, 2015;
- certain interim reports to stockholders and Quarterly Reports on Form 10-Q of Lam Research and KLA-Tencor;

Illustrative Discounted Cash Flow Analysis

KLA-Tencor Standalone. Using the Forecasts, Goldman Sachs performed an illustrative discounted cash flow analysis on KLA-Tencor on a standalone basis to derive a range of illustrative present values per share of KLA-Tencor common stock. Using discount rates ranging from 11.0% to 13.0%, reflecting an estimate of KLA-Tencor's weighted average cost of capital, Goldman Sachs discounted to present value as of September 30, 2015, (1) estimates of the unlevered free cash flow for KLA-Tencor during the period from the last quarter of calendar year 2015 through calendar year 2020 reflected in the Forecasts; and (2) a range of illustrative terminal values for KLA-Tencor as of December 31, 2020 calculated by applying perpetuity growth rates ranging from 1.5% to 3.5% to a terminal year estimate of the unlevered free cash flow to be generated by KLA-Tencor as reflected in the Forecasts. Goldman Sachs derived ranges of illustrative enterprise values for KLA-Tencor by adding the ranges of present values it derived based on the estimated unlevered free cash flows of KLA-Tencor for the period from the last quarter of calendar year 2015 through calendar year 2020 to the ranges of present value it derived based on the illustrative terminal values for KLA-Tencor as of December 31, 2020. Goldman Sachs subtracted from the range of illustrative enterprise values it derived for KLA-Tencor net debt (total debt minus total cash) (based on face value) of KLA-Tencor as of September 30, 2015 to derive a range of illustrative equity values for KLA-Tencor as of September 30, 2015. Goldman Sachs then divided the range of illustrative equity values it derived by an implied number of fully diluted outstanding shares of KLA-Tencor common stock (calculated on a treasury method basis based on information provided by KLA-Tencor management) to derive a range of illustrative present values per share of KLA-Tencor common stock ranging from \$49.04 to \$73.40.

Lam Research Standalone. Using the Forecasts, Goldman Sachs also performed an illustrative discounted cash flow analysis on Lam Research on a standalone basis to derive a range of illustrative present values per share of Lam Research common stock. standalone basis, which reflects an estimate of Lam Research's weighted average cost of capital on a standalone basis, Goldman Sachs discounted to present value as of September 30, 2015, (1) estimates of the unlevered free cash flow for Lam Research during the period from the last quarter of calendar year 2015 through calendar year 2020 reflected in the Forecasts; and (2) a range of illustrative terminal values for Lam Research as of December 31, 2020 calculated by applying perpetuity growth rates ranging from 1.5% to 3.5% to a terminal year estimate of the unlevered free cash flow to be generated by Lam Research on a standalone basis, as applicable, as reflected in the Forecasts. Goldman Sachs derived ranges of illustrative enterprise values for Lam Research by adding the ranges of present values it derived based on the estimated unlevered free cash flows of Lam Research on the applicable basis for the period from the last quarter of calendar year 2015 through calendar year 2020 to the ranges of present value it derived based on the illustrative terminal values for Lam Research as of December 31, 2020. Goldman Sachs subtracted from the range of illustrative enterprise values it derived for Lam Research net debt (total debt minus total cash) (based on face value) of Lam Research as of September 27, 2015 to derive a range of illustrative equity values for Lam Research on the applicable basis, as of September 30, 2015. Goldman Sachs then divided the range of illustrative equity values it derived by an implied number of fully diluted outstanding shares of Lam Research common stock (calculated on a treasury method basis), based on information provided by Lam Research management, on the applicable basis, to derive a range of illustrative present values per share of Lam Research common stock ranging from \$79.40 to \$99.70.

Pro Forma Combined Company. Goldman Sachs also performed an illustrative discounted cash flow analysis on the pro forma combined company to derive a range of illustrative present values per share of Lam Research common stock, taking into account consummation of the merger. Using discount rates ranging from 12.0% to 14.0% for the pro forma combined business, which reflects an estimate of weighted average cost of capital of Lam Research taking into account consummation of the merger, Goldman Sachs discounted to present value as of September 30, 2015, (1) estimates of the unlevered free cash flow to be generated by Lam Research, taking into account consummation of the merger, during the period from the last quarter of calendar year 2015 through calendar year 2020 reflected in the Forecasts including the Lam Research Synergies; and (2) a range of illustrative terminal values for Lam Research, taking into account consummation of the merger, as of December 31, 2020 calculated by applying perpetuity growth rates ranging from 1.5% to 3.5% to a terminal year estimate of the unlevered free cash flow for Lam Research, taking into account consummation of the merger, except for the Lam Research Synergies to which growth rates of 1.0%-3.0% were applied, as applicable, as reflected in the Forecasts. Goldman Sachs derived ranges of illustrative enterprise values for the pro forma combined company by adding the ranges of present values it derived based on the estimated unlevered free cash flows of the pro forma combined company on the applicable basis for the period from the last quarter of calendar year 2015 through calendar year 2020 to the ranges of present value it derived based on the illustrative terminal values for the pro forma combined company as of December 31, 2020. Goldman Sachs then divided the range of illustrative equity values it derived by an implied number of fully diluted outstanding shares of Lam Research common stock (calculated on a treasury method basis), based on information provided by Lam Research management, taking into account the consummation of the merger, on the applicable basis, to derive a range of illustrative present values per Lam Research common stock ranging from \$76.47 to \$110.18 on a pro forma combined basis. As described above, the implied value per share of Lam Research common stock on a standalone basis ranges from \$79.40 to \$99.70.

Illustrative Present Value of Future Share Price Analysis

Lam Research Standalone. Goldman Sachs performed an illustrative analysis of the implied present value of Lam Research's future value per share of Lam Research common stock, which is designed to provide an indication of the present value of a theoretical future value of a company's equity as a function of such company's estimated future earnings and its assumed price to future earnings per share multiple. For this

analysis, Goldman Sachs used the Forecasts to calculate the implied values per share of Lam Research common stock as of December 31 for each of the calendar years 2017 through 2019, by applying illustrative price to one-year forward earnings multiples of 11.0x to 15.0x to earnings per share estimates for Lam Research on a standalone basis for each of the calendar years 2018 through 2020, and then discounted to present values as of September 30, 2015, using an illustrative discount rate of 12.4% reflecting an estimate of Lam Research's cost of equity, the sum of (1) these theoretical future values of Lam Research common stock plus (2) per share dividends forecasted by Lam Research management. This analysis resulted in a range of implied present values of \$78.35-\$117.37 per share of Lam Research common stock.

Pro Forma Combined Company. Goldman Sachs performed an illustrative analysis of the implied present value of Lam Research's future value per share of common stock, taking into account the consummation of the merger, which is designed to provide an indication of the present value of a theoretical future value of a company's equity as a function of such company's estimated future earnings and its assumed price to future earnings per share multiple. For this analysis, Goldman Sachs used the forecasts including the Lam Research Synergies to calculate the implied values per share of Lam Research common stock, taking into account consummation of the merger, as of December 31 for each of the calendar years 2017 through 2019, by applying illustrative price to one-year forward earnings multiples of 11.0x to 15.0x to earnings per share estimates for Lam Research, taking into account consummation of the merger, for each of the calendar years 2018 through 2020, and then discounted to present values as of September 30, 2015, using an illustrative discount rate of 12.3% reflecting an estimate of Lam Research's cost of equity taking into account consummation of the merger, the sum of (1) these theoretical future values of Lam Research common stock plus (2) per share dividends forecasted by Lam Research management. This analysis resulted in a range of implied present values of \$85.68—\$119.39 per share of Lam Research common stock. As described above, the implied value per share of Lam Research common stock on a standalone basis ranged from \$78.35 to \$117.37.

Illustrative Pro Forma Accretion/Dilution Analysis

Goldman Sachs performed illustrative pro forma analyses of the potential financial impact of the merger on earnings per share of Lam Research using the Forecasts and the Lam Research Synergies. For the estimated calendar years 2017 to 2020, Goldman Sachs compared the projected non-GAAP earnings per share of Lam Research common stock, on a standalone basis, to the projected non-GAAP earnings per share of Lam Research common stock, taking into account consummation of the merger, with and without the Lam Research Synergies. Based on such analyses, the proposed transaction would be accretive to Lam Research's stockholders on a non-GAAP earnings per share basis for each of calendar years 2017 to 2020 with the Lam Research Synergies, and dilutive to Lam Research's stockholders on a non-GAAP earnings per share basis for each of calendar years 2017 to 2020 without the Lam Research Synergies.

Selected Transactions Analysis

Goldman Sachs analyzed certain information relating to the following selected transactions in the semiconductor industry after Lam Research's acquisition of Novellus in December 2011.

Although none of the selected transactions is directly comparable to the merger, the target companies in the selected transaction are involved in the semiconductor industry such that, for the purposes of analysis, the selected transaction may be considered similar to the merger.

General

The preparation of a fairness opinion is a complex process and is not necessarily susceptible to partial analysis or summary description. Selecting portions of the analyses or of the summary set forth above, without considering the analyses as a whole, could create an incomplete view of the processes underlying Goldman Sachs' opinion. In arriving at its fairness determination, Goldman Sachs considered the results of all of its analyses and did not attribute any particular weight to any factor or analysis considered by it. Rather, Goldman Sachs made its determination as to fairness on the basis of its experience and professional judgment after considering the results of all of its analyses. No company or transaction used in the above analyses as a comparison is directly comparable to Lam Research or KLA-Tencor or the contemplated transaction.

Goldman Sachs prepared these analyses for purposes of Goldman Sachs' providing its opinion to the Lam Research Board as to the fairness from a financial point of view of the aggregate merger consideration to be paid by Lam Research pursuant to the merger agreement. These analyses do not purport to be appraisals nor do they necessarily reflect the prices at which businesses or securities actually may be sold. Analyses based upon forecasts of future results are not necessarily indicative of actual future results, which may be significantly more or less favorable than suggested by these analyses. Because these analyses are inherently subject to uncertainty, being based upon numerous factors or events beyond the control of the parties or their respective advisors, none of Lam Research, KLA-Tencor, Goldman Sachs or any other person assumes responsibility if future results are materially different from those forecast.

The merger consideration was determined through arm's-length negotiations between Lam Research and KLA-Tencor and was approved by the Lam Research Board. Goldman Sachs provided advice to Lam Research during these negotiations. Goldman Sachs did not, however, recommend any specific amount of consideration to Lam Research or the Lam Research Board or that any specific amount of consideration constituted the only appropriate consideration for the merger.

As described above, Goldman Sachs' opinion to the Lam Research Board was one of many factors taken into consideration by the Lam Research Board in making its determination to approve the merger agreement. The foregoing summary does not purport to be a complete description of the analyses performed by Goldman Sachs in connection with the fairness opinion and is qualified in its entirety by reference to the written opinion of Goldman Sachs attached to this joint proxy statement/prospectus as Annex B.

Goldman Sachs and its affiliates are engaged in advisory, underwriting and financing, principal investing, sales and trading, research, investment management and other financial and non-financial activities and services for various persons and entities. Goldman Sachs and its affiliates and employees, and funds or other entities they manage or in which they invest or have other economic interests or with which they co-invest, may at any time purchase, sell, hold or vote long or short positions and investments in securities, derivatives, loans, commodities, currencies, credit default swaps and other financial instruments of Lam Research, KLA-Tencor and any of their respective affiliates and third parties, or any currency or commodity that may be involved in the transactions contemplated by the merger agreement. Goldman Sachs acted as financial advisor to Lam Research in connection with, and participated in certain of the negotiations leading to, the merger. At Lam Research's request, affiliates of Goldman Sachs entered into financing commitments and agreements concurrently with the execution of the merger agreement to provide Lam Research with bridge financing in connection with the consummation of the

Table of Contents

merger, in each case subject to the terms of such commitments and agreements. At Lam Research's request, affiliates of Goldman Sachs are also participating as term lenders pursuant to the term loan agreement and revolving lenders pursuant to the revolving credit agreement, and are expected to participate as lead left bookrunners in connection with the issuance of debt securities in connection with the financing of the cash component of the merger consideration. See the section below entitled "—Description of Financing Transactions." In connection with the above-referenced financing activities associated with consummation of the transactions contemplated by the merger agreement, affiliates of Goldman Sachs have been paid customary fees by Lam Research in connection with the execution of the bridge commitment letter and its participation as term lenders and revolving lenders and would expect to receive customary compensation for services in connection with the issuance of debt securities or, to the extent necessary, borrowings under the bridge commitment letter. Goldman Sachs, acting as principal, entered into bond hedge transactions and issuer warrant transactions with Lam Research in connection with Lam Research's 0.50% Convertible Senior Notes due May 2016 (initial aggregate principal amount of \$450,000,000) and Lam Research's 1.25% Convertible Senior Notes due May 2018 (initial aggregate principal amount of \$450,000,000). The issuer warrant transactions may be adjusted by Goldman Sachs, as calculation agent, as a result of the announcement and/or consummation of the merger in accordance with the terms thereof in order to preserve the fair value of the issuer warrant transactions to Goldman Sachs in light of the effect of the announcement and/or consummation of the merger on the theoretical value of Lam Research's shares or such issuer warrant transactions. Such adjustments may compensate Goldman Sachs for any diminution in the value of the issuer warrant transactions to it that would otherwise result from the announcement and/or consummation of the merger. Prior to Lam Research's entry into the merger agreement, Goldman Sachs also provided Lam Research with certain estimates and analyses concerning the impact of the merger on the issuer warrant transactions, based on various assumptions concerning the mergers and market conditions and other information available at the time. Such estimates and analyses were prepared by the Investment Banking Division of Goldman Sachs without consultation with the derivatives trading personnel responsible for Goldman Sachs's position as principal in the issuer warrant transactions. Goldman Sachs has provided certain financial advisory and/or underwriting services to Lam Research and/or its affiliates from time to time for which the Investment Banking Division of Goldman Sachs has received, and may receive, compensation, including having acted as co-manager in Lam Research's investment grade notes offering in March 2015. Goldman Sachs may also in the future provide financial advisory and/or underwriting services to Lam Research, KLA-Tencor, and their respective affiliates for which the Investment Banking Division of Goldman Sachs may receive compensation. During the two year period ended October 20, 2015, the Investment Banking Division of Goldman Sachs has received compensation for financial advisory and/or underwriting services provided to Lam Research and/or its affiliates of approximately \$350,000. During the two year period ended October 20, 2015, Goldman Sachs has not been engaged by KLA-Tencor or its affiliates to provide financial advisory or underwriting services for which the Investment Banking Division of Goldman Sachs has received compensation.

The Lam Research Board selected Goldman Sachs as its financial advisor because it is an internationally recognized investment banking firm that has substantial experience in transactions similar to the merger. Pursuant to a letter agreement dated September 28, 2015, Lam Research engaged Goldman Sachs to act as its financial advisor in connection with a contemplated transaction. The engagement letter between Lam Research and Goldman Sachs provides for a transaction fee of \$35 million, \$8.75 million of which became payable at the execution of the merger agreement, and the remainder of which is contingent upon consummation of the transactions contemplated by the merger agreement. In addition, the engagement letter provides that Lam Research may pay Goldman Sachs an additional transaction fee of \$5 million at Lam Research's sole discretion. In addition, Lam Research has agreed to reimburse Goldman Sachs for certain of its expenses, including attorneys' fees and disbursements, and to indemnify Goldman Sachs and related persons against various liabilities, including certain liabilities under the federal securities laws.

Opinion of KLA-Tencor's Financial Advisor

KLA-Tencor retained Qatalyst Partners to act as financial advisor to the KLA-Tencor Board in connection with a potential transaction and to evaluate whether the merger consideration to be received by the holders of

shares of KLA-Tencor common stock, other than Lam Research or any affiliates of Lam Research, pursuant to the merger agreement was fair, from a financial point of view, to such holders. KLA-Tencor selected Qatalyst Partners to act as its financial advisor based on Qatalyst Partners' qualifications, expertise, reputation and knowledge of the business and affairs of KLA-Tencor and the industry in which it operates. Qatalyst Partners has provided its written consent to the reproduction of Qatalyst Partners' opinion in this joint proxy statement/prospectus. Illustrative Discounted Cash Flow Analysis

Standalone Company

Qatalyst Partners performed an illustrative discounted cash flow, which is referred to as the "DCF," analysis, which is designed to imply a potential, present value of share values for KLA-Tencor common stock as of September 30, 2015 by:

- adding:
 1. the implied net present value of the estimated future unlevered free cash flows of KLA-Tencor, based on the KLA-Tencor Projections, for the fourth quarter of calendar year 2015 through calendar year 2019 (which implied present value was calculated by using a range of discount rates of 8.0% to 11.0%, based on an estimated weighted average cost of capital for KLA-Tencor);
 2. the implied net present value of a corresponding terminal value of KLA-Tencor, calculated by multiplying the estimated net operating profit after tax, which is referred to as "NOPAT," in calendar year 2020, based on the KLA-Tencor Projections, by a range of multiples of enterprise value to next-twelve-months estimated NOPAT of 11.0x to 16.0x, and discounted to present value using the same range of discount rates used in item (1) above; and
 3. the cash and short-term investments of KLA-Tencor as of September 30, 2015;
- subtracting debt of KLA-Tencor as of September 30, 2015;
- applying a dilution factor of approximately 5% to reflect the dilution to current stockholders over the projection period due to the effect of future equity compensation grants projected by KLA-Tencor's management; and
- dividing the resulting amount by the number of fully-diluted shares of KLA-Tencor common stock outstanding, adjusted for KLA-Tencor RSUs and KLA-Tencor options outstanding, as provided by KLA-Tencor's management, as of September 30, 2015.

Based on the calculations set forth above, this analysis implied the following ranges of approximate per share values for KLA-Tencor common stock:

<u>KLA-Tencor Projections—Case 1</u>	<u>KLA-Tencor Projections—Case 2</u>
\$53.72 – \$81.14	\$ 61.89 – \$93.73

Pro Forma Combined Company

Qatalyst Partners also performed an illustrative pro forma DCF analysis with respect to Lam Research, taking into account the mergers, based on each of the Pro Forma Combined Projections and the Adjusted Pro

Forma Combined Projections, to calculate indications of the implied pro forma present value of the Lam Research common stock constituting the stock consideration as of September 30, 2015 and thus, by addition of the cash consideration, the per share merger consideration by:

- adding:
 1. the implied net present value as of June 30, 2016, an assumed closing date for the merger, of the estimated future unlevered free cash flows of Lam Research, taking into account the mergers, based on each of the Pro Forma Combined Projections and the Adjusted Pro Forma Combined Projections for the second half of calendar year 2016 through calendar year 2019 (which implied present value was calculated by using a range of discount rates of 8.5% to 10.0%, based on an estimated weighted average cost of capital for Lam Research in the event the mergers are completed);
 2. the implied net present value as of June 30, 2016 of a corresponding terminal value of Lam Research, taking into account the mergers, calculated by multiplying the estimated NOPAT in calendar year 2020, based on each of the Pro Forma Combined Projections and the Adjusted Pro Forma Combined Projections, by a range of multiples of enterprise value to next-twelve-months estimated NOPAT of 10.0x to 15.0x, and discounted to present value as of June 30, 2016 using the same range of discount rates used in item (1) above; and
 3. the cash and short-term investments of Lam Research, taking into account the mergers, estimated as of June 30, 2016;
- subtracting debt of Lam Research, including the face value of outstanding convertible debt, taking into account the mergers, estimated as of June 30, 2016;
- applying a dilution factor of approximately 6% to reflect the dilution to current stockholders of Lam Research, taking into account the mergers, over the projection period due to the effect of future equity compensation grants projected by the managements of Lam Research and KLA-Tencor;
- dividing the resulting amount by the number of fully-diluted outstanding shares of Lam Research common stock, adjusted for net share settlement of outstanding in-the-money convertible debt, restricted stock units and stock options outstanding, taking into account the mergers, estimated as of June 30, 2016, as provided by the managements of Lam Research and KLA-Tencor;
- discounting the resulting amount to present value as of September 30, 2015 using the same range of discount rates used in item (1) above;
- applying the exchange ratio of 0.500; and
- adding the per share cash consideration of \$32.00 per share.

Based on the calculations set forth above, this analysis implied the following ranges of approximate per share values for the merger consideration:

Adjusted Pro Forma Combined Projections (KLA- Tencor Projections—Case 1 + Adjusted Lam Research Projections)	Pro Forma Combined Projections (KLA- Tencor Projections—Case 2 + Lam Research Projections)
\$70.70 – \$89.52	\$78.94 – \$101.60

Selected Companies Analysis

Qatalyst Partners compared selected financial information and public market multiples for KLA-Tencor with publicly available information and public market multiples for selected companies. The companies used in

Table of Contents

this comparison included those companies listed below and were selected because they are publicly traded companies in KLA-Tencor's industry. Based upon research analyst consensus estimates for calendar year 2016, and using the closing prices as of October 20, 2015 for shares of the selected companies, Qatalyst Partners calculated, among other things, the price per share divided by the estimated earnings per share for calendar year 2016, which is referred to as the "CY2016E EPS Multiples" of the following companies:

ASML Holding N.V.
Applied Materials, Inc.
Lam Research Corporation

Based on an analysis of the CY2016E EPS Multiples for the selected companies, Qatalyst Partners selected a representative range of 12.0x to 16.0x and applied this range to KLA-Tencor's estimated calendar year 2016 earnings per share based on each of the KLA-Tencor Projections and the Analyst Projections. This analysis implied a range of values for KLA-Tencor common stock of approximately \$46.33 to \$61.78 per share based on Case 1 of the KLA-Tencor Projections, approximately \$51.05 and \$68.07 per share based on Case 2 of the KLA-Tencor Projections and approximately \$44.52 to \$59.36 per share based on the Analyst Projections.

No company included in the selected companies analysis is identical to KLA-Tencor. In evaluating the selected companies, Qatalyst Partners made judgments and assumptions with regard to industry performance, general business, economic, market and financial conditions and other matters. Many of these matters are beyond the control of KLA-Tencor, such as the impact of competition on the business of KLA-Tencor and the industry in general, industry growth and the absence of any material adverse change in the financial condition and prospects of KLA-Tencor or the industry or in the financial markets in general. Mathematical analysis, such as determining the arithmetic mean, median, or the high or low, is not in itself a meaningful method of using selected company data.

Qatalyst Partners compared selected public transactions involving companies in the semiconductor industry announced between February 2006 and April 2014. These transactions are listed below:

For each of the transactions listed above, Qatalyst Partners reviewed, among other things, the implied fully diluted enterprise value of the target company as a multiple of the next-twelve-months revenue of the target company as reflected in Wall Street analyst research, certain publicly available financial statements and press releases, the median of which (excluding Applied Materials' terminated acquisition of Tokyo Electron) was 2.2x. Based on the analysis of such metrics for the transactions noted above, Qatalyst Partners selected a representative range of 2.5x to 3.5x applied to KLA-Tencor's next-twelve-months revenue (calculated using the four quarters that start on July 1, 2015 and based on the Analyst Projections). Based on the calculations set forth above, then subtracting net debt of KLA-Tencor as of September 30, 2015 and then dividing the resulting amount by KLA-

Tencor's fully-diluted shares (assuming treasury stock method), including KLA-Tencor common stock, KLA-Tencor RSUs and KLA-Tencor options outstanding as provided by management of KLA-Tencor as of September 30, 2015, this analysis implied a range of values for KLA-Tencor common stock of approximately \$38.86 to \$56.69 per share.

For each of the transactions listed above, Qatalyst Partners also reviewed, among other things, the price as a multiple of the next-twelve-months earnings per share of the target company as reflected in Wall Street analyst research, certain publicly available financial statements and press releases, the median of which (excluding Applied Materials' terminated acquisition of Tokyo Electron) was 22.4x. Based on the analysis of such metrics for the transactions noted above, Qatalyst Partners selected a representative range of 16.0x to 20.0x applied to KLA-Tencor's next-twelve-months estimated earnings per share (calculated using the four quarters that start on July 1, 2015 and based on the Analyst Projections). Based on the calculations set forth above, this analysis implied a range of values for KLA-Tencor common stock of approximately \$52.43 to \$65.54 per share.

No company or transaction utilized in the selected transactions analysis is identical to KLA-Tencor or the mergers. In evaluating the selected transactions, Qatalyst Partners made judgments and assumptions with regard to general business, market and financial conditions and other matters, many of which are beyond the control of KLA-Tencor, such as the impact of competition on the business of KLA-Tencor or the industry generally, industry growth and the absence of any material adverse change in the financial condition of KLA-Tencor or the industry or in the financial markets in general, which could affect the public trading value of the companies and the aggregate value of the transactions to which they are being compared. Because of the unique circumstances of each of these transactions and the mergers, Qatalyst Partners cautioned against placing undue reliance on this information.

Miscellaneous

In connection with the review of the mergers by the KLA-Tencor Board, Qatalyst Partners performed a variety of financial and comparative analyses for purposes of rendering its opinion. The preparation of a financial opinion is a complex process and is not necessarily amenable to a partial analysis or summary description. In arriving at its opinion, Qatalyst Partners considered the results of all of its analyses as a whole and did not attribute any particular weight to any analysis or factor it considered. Qatalyst Partners believes that selecting any portion of its analyses, without considering all analyses as a whole, could create a misleading or incomplete view of the process underlying its analyses and opinion. In addition, Qatalyst Partners may have given various analyses and factors more or less weight than other analyses and factors, and may have deemed various assumptions more or less probable than other assumptions. As a result, the ranges of valuations resulting from any particular analysis described above should not be taken to be Qatalyst Partners' view of the actual value of KLA-Tencor. In performing its analyses, Qatalyst Partners made numerous assumptions with respect to industry performance, general business, economic, market and financial conditions and other matters, many of which are beyond the control of KLA-Tencor. Any estimates contained in Qatalyst Partners' analyses are not necessarily indicative of future results or actual values, which may be significantly more or less favorable than those suggested by such estimates.

Qatalyst Partners conducted the analyses described above solely as part of its analysis of the fairness, from a financial point of view, of the merger consideration to be received by the holders of shares of KLA-Tencor common stock, other than Lam Research or any affiliates of Lam Research, pursuant to the merger agreement, and in connection with the delivery of its opinion to the KLA-Tencor Board. These analyses do not purport to be appraisals or to reflect the price at which KLA-Tencor common stock might actually trade.

Qatalyst Partners' opinion and its presentation to the KLA-Tencor Board was one of many factors considered by the KLA-Tencor Board in deciding to approve the merger agreement. Consequently, the analyses as described above should not be viewed as determinative of the opinion of the KLA-Tencor Board with respect to the merger consideration to be received by KLA-Tencor stockholders pursuant to the mergers or of whether the KLA-Tencor Board would have been willing to agree to a different consideration. The merger consideration

Table of Contents

was determined through arm's-length negotiations between KLA-Tencor and Lam Research and was approved by the KLA-Tencor Board. Qatalyst Partners provided advice to KLA-Tencor during these negotiations. Qatalyst Partners did not, however, recommend any specific consideration to KLA-Tencor or that any specific consideration constituted the only appropriate consideration for the mergers.

Qatalyst Partners provides investment banking and other services to a wide range of corporations and individuals, domestically and offshore, from which conflicting interests or duties may arise. In the ordinary course of these activities, affiliates of Qatalyst Partners may at any time hold long or short positions, and may trade or otherwise effect transactions in debt or equity securities or loans of KLA-Tencor, Lam Research or certain of their respective affiliates. During the two year period prior to the date of Qatalyst Partners' opinion, no material relationship existed between Qatalyst Partners and its affiliates and KLA-Tencor or Lam Research pursuant to which compensation was received by Qatalyst Partners or its affiliates other than Qatalyst Partners acting as financial advisor to KLA-Tencor in connection with a potential acquisition of Lam Research for which KLA-Tencor paid Qatalyst Partners a fee of \$100,000 in 2014; however, Qatalyst Partners and/or its affiliates may in the future provide investment banking and other financial services to KLA-Tencor and Lam Research and their respective affiliates for which it would expect to receive compensation.

Under the terms of its engagement letter, Qatalyst Partners provided KLA-Tencor with financial advisory services in connection with the mergers for which it will be paid approximately \$58,000,000, \$100,000 of which was payable upon the execution of such engagement letter and \$5,000,000 of which was payable upon delivery of its opinion (regardless of the conclusion reached in the opinion), and the remaining portion of which will be paid upon, and subject to, consummation of the mergers (provided that the final actual fee will be, in part, based on an average of the closing prices of Lam Research common stock over ten trading days approaching the closing of the merger). KLA-Tencor has also agreed to reimburse Qatalyst Partners for its expenses incurred in performing its services. KLA-Tencor has also agreed to indemnify Qatalyst Partners and its affiliates, their respective members, directors, officers, partners, agents and employees and any person controlling Qatalyst Partners or any of its affiliates against certain liabilities, including liabilities under federal securities law, and certain expenses related to or arising out of Qatalyst Partners' engagement.

Certain Projections of Lam Research and KLA-Tencor

Although each of Lam Research and KLA-Tencor has publicly issued limited short-term guidance concerning certain aspects of its expected financial performance, each company does not, as a matter of course, make public disclosure of detailed forecasts or projections of its expected financial performance for extended periods due to, among other things, (1) the inherent difficulty of accurately predicting future periods; and (2) the likelihood that the underlying assumptions and estimates may prove incorrect. However, for internal purposes and in connection with the process leading to the merger agreement, Lam Research prepared (1) certain projections and estimates of future financial and operating performance for each of Lam Research and KLA-Tencor for the calendar years 2015 through 2020; and (2) projections and estimates of future cost and revenue synergies that may be realized through a combination of Lam Research and KLA-Tencor. In addition, KLA-Tencor prepared certain projections of future financial and operating performance for each of Lam Research and KLA-Tencor for the calendar years 2015 through 2020. The projections and estimates prepared by each of the companies are, other than with respect to the estimated synergies, on a stand-alone basis and are not intended to be added together. Adding together the projections and estimates for the two companies would not represent the results that the combined company will achieve if the merger is completed, and, other than with respect to the estimated synergies, does not represent projections for the combined company. In addition, the projections and estimates do not take into account any of the transactions contemplated by the merger agreement, including the merger and associated expenses, or Lam Research's or KLA-Tencor's compliance with their respective covenants under the merger agreement. As a result, actual results likely will differ, and may differ materially, from those contained in the projections and estimates.

The projections and estimates prepared by Lam Research and KLA-Tencor summarized below were not prepared for purposes of public disclosure, and were not prepared on a basis designed to comply with published

guidelines of the SEC, the guidelines established by the American Institute of Certified Public Accountants for preparation and presentation of projections, or GAAP. Although presented with numerical specificity, the projections and estimates prepared by Lam Research and KLA-Tencor (1) are subject to a wide variety of significant business, economic, and competitive risks and uncertainties; (2) are not actual facts; and (3) were based on numerous variables and assumptions, including those specifically stated below, and other matters specific to KLA-Tencor's and Lam Research's businesses. These matters are inherently uncertain, subject to change and, in many cases, are beyond the control of KLA-Tencor and Lam Research. These risks and uncertainties, include, but are not limited to, (1) changes in the spending environment for Lam Research's and KLA-Tencor's products; (2) changes in the demand for Lam Research's and KLA-Tencor's products; (3) the outcome and results of integrating the operations of Lam Research and KLA-Tencor; (4) the impact of general economic factors and other operating conditions and risks and uncertainties relating to KLA-Tencor's and Lam Research's businesses (including their ability to achieve strategic goals, objectives and targets over applicable periods, or to adopt new strategies in response to changed circumstances); and (5) other matters described in the sections entitled "Special Note Regarding Forward-Looking Statements," "Risk Factors" and Part I, Item IA in each of Lam Research's and KLA-Tencor's respective most recent Annual Report on Form 10-K, which are incorporated by reference herein.

The inclusion of a summary of the projections in this joint proxy statement/prospectus should not be regarded as an indication that any of Lam Research, KLA-Tencor or their respective affiliates, officers, directors, financial advisors or other representatives consider the projections to be necessarily predictive of actual future events, and the projections should not be relied upon as such. None of Lam Research, KLA-Tencor or their respective affiliates, officers, directors, financial advisors or other representatives can give any stockholder of Lam Research, stockholder of KLA-Tencor or other person any assurance that actual results will not differ materially from the projections, and none of them undertakes any obligation to update or otherwise revise or reconcile the projections and estimates to reflect circumstances existing after the date the projections were generated or to reflect the occurrence of future events, even if any or all of the assumptions and estimates underlying the projections are shown to be in error. None of Lam Research, KLA-Tencor or their respective affiliates, officers, directors, financial advisors or other representatives has made, makes or is authorized in the future to make any representation to any stockholder of Lam Research, stockholder of KLA-Tencor or other person regarding Lam Research's or KLA-Tencor's ultimate performance compared to the information contained in the projections or that the projected results will be achieved. The summaries of the projections included below are not being included to influence your decision whether to vote for the merger and the transactions contemplated in connection with the merger, but are being provided solely because the projections were considered in connection with the merger. Lam Research and KLA-Tencor urge all stockholders to review Lam Research's and KLA-Tencor's most recent SEC filings for a description of Lam Research's and KLA-Tencor's reported financial results. Projections for KLA-Tencor Prepared by Lam Research

The projections and estimates prepared by Lam Research management for KLA-Tencor were based on projections provided by KLA-Tencor's management in connection with the merger, publicly available information and certain adjustments deemed appropriate by Lam Research management.

These measures should not be considered as an alternative to operating income or net income as an indication of KLA-Tencor's operating performance. These measures are not necessarily comparable to similarly titled measures of other companies.

In developing the above prospective financial information, Lam Research made numerous assumptions about its and KLA-Tencor's industries, markets and products, and their ability to execute on their respective business plans. In particular, Lam Research assumed that the wafer fabrication equipment market would decline by approximately 1% from 2015 to 2016, grow approximately 10% from 2016 to 2017, and then grow from approximately 1% to 3.5% annually over the remaining projection period, with each of Lam Research and KLA-Tencor increasing market share in its major business units, as well as deriving incremental revenue from new products over the projection period. Lam Research also assumed that no significant restructuring or impairment costs would be incurred during the projection period.

Illustrative Transaction Synergies

Lam Research based the estimated synergies on potential revenue and cost savings synergies that Lam Research's management projected to result from the merger, including the potential for new product offerings combining complementary technologies, realizing benefits from the complementary business model strengths of Lam Research and KLA-Tencor, access to and development of new markets, reduced cost of sales, reduced R&D costs and reduced sales, general and administrative costs.

Certain Projections Reviewed by the KLA-Tencor Board

The projections and estimates below for the calendar years ended December 31, 2015 through December 31, 2020 for KLA-Tencor and Lam Research reflect the forecasts prepared by the management of KLA-Tencor for internal purposes of assessing the merger. KLA-Tencor's management prepared the prospective financial information summarized below in connection with the transaction in order to provide the KLA-Tencor Board and Qatalyst Partners with financial projections in connection with their respective evaluations of the transaction. In addition, KLA-Tencor management prepared estimates, based on discussions between KLA-Tencor management and Lam Research management, of cost synergies for the calendar years ended December 31, 2016 through December 31, 2020 that are expected to be realized following the completion of the merger. These estimates, which are referred to as the "KLA-Tencor Synergies," reflect KLA-Tencor management's best judgment at the time of preparation, and include \$200 million in cost synergies per annum beginning in 2017, with \$50 million in cost synergies achieved in the second half of 2016, and no revenue synergies. At the direction of the KLA-Tencor Board, Qatalyst Partners used the projections for KLA-Tencor and Lam Research in performing its financial analysis, including the KLA-Tencor Synergies in an illustrative pro forma DCF analysis, in connection with rendering the opinion described and summarized above in the section entitled "—Opinion of KLA-Tencor's

Financial Advisor.” KLA-Tencor also provided the projections and estimates below for KLA-Tencor to Lam Research. In the view of KLA-Tencor’s management, the information below was prepared on a reasonable basis and reflected the best currently available estimates and judgments at the time of preparation, and presented at the time of preparation, to KLA-Tencor’s management’s knowledge and belief, reasonable projections of the future financial performances of KLA-Tencor and Lam Research. The projections have not been updated, are not statements of fact and should not be relied upon as being indicative of future results. Readers of this joint proxy statement/prospectus are cautioned not to rely on this forward-looking financial information.

Projections for KLA-Tencor Prepared by KLA-Tencor

KLA-Tencor’s management prepared two sets of projections, which are referred to as “Case 1” and “Case 2.” References to the “KLA-Tencor Projections” refer to Case 1 and Case 2. The principal differences between Case 1 and Case 2 are the assumptions made by KLA-Tencor management regarding KLA-Tencor’s revenue growth. The differences in assumptions are related to overall long-term growth in wafer fabrication equipment spending generally and process control equipment spending specifically, including assumptions related to (1) growth and rate of innovation in the semiconductor industry generally; (2) macroeconomic trends with regard to capital expenditures; and (3) the growth of specific types of semiconductor customers, specifically memory, foundry and logic. These factors cannot be forecasted with certainty. KLA-Tencor’s management determined, in light of this uncertainty, that it was appropriate to model two cases: (1) Case 1 reflects a 1% growth rate in wafer fabrication and process equipment spending and (2) Case 2 reflects a higher growth rate of 3%, which is more in line with global gross domestic product growth rates, and a slightly higher process control intensity assumption (process control spending as a percentage of overall wafer fabrication equipment spending), which reflects a slightly stronger foundry/logic environment relative to Case 1.

Interests of KLA-Tencor Directors and Executive Officers in the Merger

In considering the recommendation of the KLA-Tencor Board that you vote to approve the Merger proposal, you should be aware that KLA-Tencor's directors and executive officers have economic interests in the merger that may be different from, or in addition to, those of KLA-Tencor stockholders generally. The KLA-Tencor Board was aware of and considered these interests, among other matters, in reaching its decisions to adopt and approve, the merger agreement, the merger and the other transactions contemplated by the merger agreement (except for the interests of Ms. Higashi and Messrs. Moore and Rango that will arise if the KLA-Tencor stockholders approve the Director Compensation proposal as the KLA-Tencor Board did not determine to submit the Director Compensation proposal to KLA-Tencor stockholders until after it had approved the merger agreement).

Treatment of KLA-Tencor Equity Awards

Other than as described in the section below entitled "—KLA-Tencor Compensation Arrangements," the equity compensation held by directors and executive officers of KLA-Tencor will be treated in the merger in the same manner as similar awards held by other employees of KLA-Tencor. See "The Merger Agreement—Treatment of KLA-Tencor Equity Awards" for more information.

The following table provides a summary of the unvested KLA-Tencor RSUs – including performance-based restricted stock units, which are referred to as "PSUs" – that are held by KLA-Tencor's directors and executive officers as of November 20, 2015 and that remain subject to single-trigger or double-trigger accelerated vesting in connection with the merger. Consequently, the following table excludes all KLA-Tencor RSUs that vested prior to November 20, 2015 under the normal (non-accelerated) vesting schedule applicable to such awards, but have not yet been settled. No KLA-Tencor director or executive officer directly or indirectly owns any stock options covering shares of KLA-Tencor stock.

- (1) Under the terms of the merger agreement, at the effective time of the merger, Lam Research will convert each KLA-Tencor RSU that is unvested (including performance-based restricted stock units) and held by a continuing service provider into a Lam Research RSU, with economically equivalent terms as applied immediately prior to the effective time of the merger, and subject to certain adjustments as described in the section entitled “The Merger Agreement—Treatment of KLA-Tencor Equity Awards.” Further, at the effective time of the merger, each KLA-Tencor RSU that is unvested (after applying any rights to accelerated vesting in connection with the mergers) and held by an individual who is not a continuing service provider will be cancelled without payment of any consideration. Pursuant to the KLA-Tencor Original Severance Plan, as described below under “KLA-Tencor Compensation Arrangements – Original Severance Plan,” all outstanding and unvested KLA-Tencor RSUs issued to Mr. Wallace will accelerate and fully vest upon a termination other than for “cause” or upon a resignation for “good reason” (as such terms are defined in the Original Severance Plan) on or within two years following the effective time of the merger. Pursuant to the KLA-Tencor 2010 Severance Plan, as described below under “KLA-Tencor Employment Arrangements—2010 Severance Plan,” KLA-Tencor RSUs issued to executive officers other than Mr. Wallace will accelerate and fully vest upon a termination other than for “cause” or upon resignation for “good reason” (as such terms are defined in the 2010 Severance Plan) on or within one year following the effective time of the merger.

As noted below under “KLA-Tencor Compensation Arrangements, under the terms of the KLA-Tencor PSU program, if a participant’s qualifying termination of service occurs after a “change of control,” the vesting acceleration of PSUs for which the achievement of the applicable performance criteria has not yet been determined as of the executive officer’s termination date is based on a shortened performance period, ending as of the most recent fiscal quarter end preceding the closing date of the “change of control.” For purposes of this table, KLA-Tencor is assuming the applicable performance criteria for outstanding PSUs held by each executive officer is achieved at 100% of target levels of performance. Actual performance could vary based on the actual closing date of the merger, which directly impacts the number of outstanding PSUs held by each executive officer on the actual closing date of the merger (and therefore the number of PSUs that may be subject to accelerated vesting under the PSU program, the Original Severance Plan and the 2010 Severance Plan).

Pursuant to KLA-Tencor’s Outside Director Accelerated Vesting Policy, if any outside director who has served on the KLA-Tencor Board for at least six years ceases to provide services to KLA-Tencor and any successor company, he or she would be entitled to accelerated vesting of their unvested KLA-Tencor RSUs on a prorated basis. The pro rata portion would be calculated based on the number of quarters between the grant date for the KLA-Tencor RSUs and the director’s termination date, rounded up for any partially completed quarter of the director’s service. This accelerated vesting benefit would not apply to any outside director serving on the KLA-Tencor Board who becomes a member of the Lam Research Board or otherwise provides services to Lam Research or KLA-Tencor as of the effective time of the merger. As of the date of this joint proxy statement/prospectus, this Outside Director Accelerated Vesting Policy would apply to all outside directors of KLA-Tencor Board, except for Emiko Higashi, Gary B. Moore, and Robert A. Rango. If the Director Compensation proposal is approved by KLA-Tencor’s stockholders, Ms. Higashi and Messrs. Moore and Rango also would be entitled to the same accelerated vesting benefit (subject to the other terms of the Outside Director Accelerated Vesting Policy).

- (2) The RSUs and performance shares granted to the persons named in fiscal 2016 and 2015 were issued with dividend equivalent rights pursuant to the 2004 Equity Incentive Plan, which was amended and approved by KLA-Tencor stockholders in November 2013. The amendment allows the plan administrator to issue dividend equivalent rights with respect to RSUs, performance shares, performance units and deferred stock units. These dividend equivalent rights entitle the recipient to receive credits, payable in cash or additional shares of KLA-Tencor Common Stock, equal to the cash dividends that would have been received on the shares of KLA-Tencor Common Stock had the shares been issued and outstanding on the dividend record date. The dividend equivalents would only be paid to the recipient upon vesting or settlement of the underlying award (including satisfaction of any performance-vesting criteria associated with any

Table of Contents

performance-based awards). In November 2014, KLA-Tencor Board declared a special cash dividend of \$16.50 per share on KLA-Tencor outstanding Common Stock, which was substantially paid in December 2014. In connection with the special cash dividend, the KLA-Tencor Board and Compensation Committee approved an equitable and proportionate adjustment to outstanding equity awards (RSUs, PSUs and stock options) under the 2004 Equity Incentive Plan, as required by the 2004 Equity Incentive Plan, which will be paid subject to the vesting requirements of the underlying awards. Accordingly, in connection with an acceleration of vesting of some or all of outstanding equity awards held by the persons named, as applicable, based on provisions discussed above, the persons named would be entitled to receive accrued dividend equivalents and the benefit of the equitable and proportionate adjustment of the special cash dividend attributable to his accelerated equity awards.

- (3) The estimated total value of the outstanding and unvested KLA-Tencor RSUs held by each director or executive officer as of November 20, 2015 was determined by multiplying (1) the number of shares of KLA-Tencor common stock subject to the outstanding and unvested KLA-Tencor RSUs as of November 20, 2015 that would be subject to accelerated vesting (as described in footnote 1) assuming a termination date of November 20, 2015 and assuming the Director Compensation proposal is approved by KLA-Tencor stockholders, and (2) \$66.90 (the estimated value of the all-cash consideration payable by Lam Research for one share of KLA-Tencor common stock, assuming that the closing date of the merger is November 20, 2015), and adding (3) the payment of dividend equivalents as described above. If the Director Compensation proposal is not approved by the KLA-Tencor stockholders, Ms. Higashi and Messrs. Moore and Rango would not be eligible to receive the prorated accelerated vesting benefit. As a result, if one of these directors ceases to provide services to KLA-Tencor and Lam Research as of the effective time of the merger, and if the closing occurs prior to November 4, 2016, such director would forfeit his or her KLA-Tencor RSUs in their entirety.

KLA-Tencor Compensation Arrangements

Employment Agreements. KLA-Tencor has not entered into any employment agreements with its executive officers pursuant to which an executive officer would be entitled to any benefits or compensation in connection with the merger or a termination of employment in connection with the merger.

Original Severance Plan. Mr. Wallace currently participates in the KLA-Tencor Executive Severance Plan, which is referred to as the “Original Severance Plan,” which was most recently amended in September 2015. Pursuant to the Original Severance Plan, if Mr. Wallace is terminated other than for “cause,” or voluntarily resigns for “good reason,” prior to a “change of control” (as each such term is defined in the Original Severance Plan), then he will receive (1) a lump sum payment equal to two years of Mr. Wallace’s base salary; (2) a prorated annual incentive payment for the fiscal year of his termination or resignation (calculated based on his annual incentive bonus for the then-most recently completed fiscal year and the proportion of the then-current fiscal year served through the date of termination or resignation); (3) prorated vesting of all of his outstanding equity awards through the date of his termination or resignation (rounded up to the next whole month and disregarding any “cliff-vesting” provisions applicable to the award); and (4) the extension of the post-termination exercise period of each stock option or stock appreciation right granted after January 1, 2006 so that the option or right will remain exercisable for twelve months following the date of termination or resignation, but in no event beyond the original term of the award. The calculation in clause (3) of this paragraph with respect to any performance-based equity awards for which the achievement of the applicable performance criteria has not yet been determined as of Mr. Wallace’s termination date will be delayed until the extent of the achievement of those criteria (and thus the maximum number of shares issuable under the applicable award) has been finally determined in accordance with the terms of the applicable award.

If Mr. Wallace is terminated other than for “cause,” or voluntarily resigns for “good reason,” within two years following a “change of control,” then he will receive (1) a lump sum payment equal to three years of Mr. Wallace’s base salary; (2) a lump sum payment equal to three times his average annual bonus for the preceding three completed fiscal years; (3) a prorated annual incentive payment for the fiscal year of his

termination or resignation (calculated as described in clause (2) of the preceding paragraph); (4) 100% vesting acceleration of all of his outstanding equity awards; (5) an additional lump sum payment of \$72,000; and (6) the extension of the post-termination exercise period of each stock option or stock appreciation right granted after January 1, 2006 so that the option or right will remain exercisable for twelve months following the date of termination or resignation, but in no event beyond the original term of the award. The KLA-Tencor PSU program provides that the calculation in clause (4) of this paragraph with respect to any performance-based equity awards for which the achievement of the applicable performance criteria had not yet been determined as of the participant's termination date is made based on a shortened performance period ending as of the most recent fiscal quarter end preceding the closing date of the "change of control."

Pursuant to the Original Severance Plan, Mr. Wallace is also eligible for the Executive Retiree Medical Benefits in accordance with the terms described below under the section entitled "—Executive Retiree Medical Program."

In addition, Mr. Wallace will be entitled under certain circumstances to a full tax gross-up payment to cover any excise tax liability he may incur under Code Section 4999 and the resulting income and employment tax liability attributable to that payment, should the benefits to which he becomes entitled in connection with a "change of control" constitute parachute payments that exceed by more than \$50,000 the maximum parachute payment otherwise allowable under the federal tax laws without the imposition of the Code Section 4999 excise tax.

The KLA-Tencor RSUs granted to Mr. Wallace in fiscal years 2015 and 2016 were issued with dividend equivalent rights pursuant to the KLA-Tencor 2004 Equity Incentive Plan, which is referred to as the "2004 Plan." These dividend equivalent rights entitle the recipient to receive credits, payable in cash or additional shares of KLA-Tencor common stock, equal to the cash dividends that would have been received on the shares of KLA-Tencor common stock had the shares been issued and outstanding on the dividend record date. The dividend equivalents would only be paid to Mr. Wallace upon vesting or settlement of the underlying award (including satisfaction of any performance-vesting criteria associated with any performance-based awards). In November 2014, the KLA-Tencor Board declared a special cash dividend of \$16.50 per share on outstanding KLA-Tencor common stock, which was substantially paid to the KLA-Tencor stockholders in December 2014. In connection with the special cash dividend, the KLA-Tencor Board and compensation committee approved an equitable and proportionate adjustment to then-outstanding equity awards (KLA-Tencor RSUs and KLA-Tencor options) under the 2004 Plan, as required by the plan, to reflect the value of this special cash dividend, the value of which will be earned and payable subject to the vesting requirements of the underlying awards. Accordingly, in connection with an acceleration of vesting of some or all outstanding equity awards held by Mr. Wallace, as applicable, Mr. Wallace would be entitled to receive accrued dividend equivalents and the benefit of the equitable and proportionate adjustment for the special cash dividend attributable to his accelerated equity awards.

2010 Severance Plan. Messrs. Higgins, Bell, Kirk and Khan participate in the KLA-Tencor 2010 Executive Severance Plan, which is referred to as the "2010 Severance Plan," which was most recently amended in September 2015. Pursuant to the 2010 Severance Plan, if Mr. Higgins, Mr. Bell, Mr. Kirk or Mr. Khan is terminated other than for "cause," or voluntarily resigns for "good reason," within one year following a "change of control" (as each such term is defined in the 2010 Severance Plan), then such officer will receive (1) a lump sum payment equal to 18 months of base salary; (2) a prorated annual incentive payment for the fiscal year of his termination or resignation (calculated based on such officer's annual incentive bonus for the then-most recently completed fiscal year and the proportion of the then-current fiscal year served through the date of termination or resignation); (3) 100% vesting acceleration of all of his outstanding equity awards; and (4) the extension of the post-termination exercise period of each stock option or stock appreciation right granted after January 1, 2006 so that the option or right will remain exercisable for twelve months following the date of termination or resignation, but in no event beyond the original term of the award. The KLA-Tencor PSU program provides that the calculation in clause (3) of this paragraph with respect to any performance-based equity awards for which the achievement of the applicable performance criteria had not yet been determined as of the participant's

Table of Contents

termination date is made based on a shortened performance period ending as of the most recent fiscal quarter end preceding the closing date of the change of control.

Pursuant to the 2010 Severance Plan, Mr. Bell also is eligible for the Executive Retiree Medical Benefits in accordance with the terms described below under the section entitled “—Executive Retiree Medical Program.”

The KLA-Tencor RSUs granted to Messrs. Higgins, Bell, Kirk and Khan in fiscal years 2015 and 2016 were issued with dividend equivalent rights pursuant to the 2004 Plan. These dividend equivalent rights entitle the recipient to receive credits, payable in cash or additional shares of KLA-Tencor common stock, equal to the cash dividends that would have been received on the shares of KLA-Tencor common stock had the shares been issued and outstanding on the dividend record date. The dividend equivalents would only be paid to the recipient upon vesting or settlement of the underlying award (including satisfaction of any performance-vesting criteria associated with any performance-based awards). In November 2014, the KLA-Tencor Board declared a special cash dividend of \$16.50 per share on outstanding KLA-Tencor common stock, which was substantially paid to KLA-Tencor stockholders in December 2014. In connection with the special cash dividend, the KLA-Tencor Board and compensation committee approved an equitable and proportionate adjustment to outstanding equity awards (KLA-Tencor RSUs and KLA-Tencor options) under the KLA-Tencor 2004 Equity Incentive Plan, as required by the KLA-Tencor 2004 Equity Incentive Plan, to reflect the value of this special cash dividend, the value of which will be earned and payable subject to the vesting requirements of the underlying awards. Accordingly, in connection with an acceleration of vesting of all outstanding equity awards held by Messrs. Higgins, Bell, Kirk or Khan, such officer would be entitled to receive accrued dividend equivalents and the benefit of the equitable and proportionate adjustment for the special cash dividend attributable to their accelerated equity awards.

The 2010 Severance Plan provides that, if a payment under the 2010 Severance Plan would constitute a “parachute payment” and would therefore be subject to Code Section 4999 excise tax, then the payment will be reduced to either (1) the largest portion of the payment that would result in no portion of the payment being subject to the excise tax or (2) the largest portion, up to and including the total, of the payment, whichever amount, after taking into account all applicable federal, state and local employment taxes, income taxes, and the excise tax (all computed at the highest applicable marginal rate), results in the participant’s receipt, on an after-tax basis, of the greater amount of the payment, notwithstanding that all or some portion of the payment may be subject to the excise tax.

Executive Retiree Medical Program. KLA-Tencor has established a retiree medical program to offer continued health benefits to certain current senior executive officers. To be eligible, an executive must be at least 55 years old with ten years of service with KLA-Tencor, and must be in good standing with KLA-Tencor at the time of retirement. Eligible executives are entitled to participate until age 65 and must pay the full cost of the premium. Participation in this program is limited to KLA-Tencor’s Section 16 executive officers as of February 2011. The benefits described above shall be referred to herein as the “Executive Retiree Medical Benefits.” As of November 20, 2015, the only executive officers potentially eligible to participate in this program are Messrs. Wallace and Bell.

Outside Director Accelerated Vesting Policy. KLA-Tencor adopted the existing Outside Director Accelerated Vesting Policy in 2008. This policy provides that any outside director serving on the KLA-Tencor Board in good standing who served on the KLA-Tencor Board for at least six years will be entitled to accelerated vesting on the director’s termination of service equal to a pro rata portion of the then-unvested KLA-Tencor RSUs. The pro-rata portion is calculated based on the number of quarters of service rendered between the grant date for the KLA-Tencor RSUs and the director’s termination date, rounded up for any partially-completed quarter of the director’s service. Under the existing Outside Director Accelerated Vesting Policy, if an outside director becomes a member of the Lam Research Board, or otherwise provides service to Lam Research or KLA-Tencor as of the effective time of the merger, he or she is not deemed to have a termination of service and so is not eligible for accelerated vesting until he or she has a later termination event. As of the date hereof, this accelerated vesting benefit does not apply to Emiko Higashi, Gary B. Moore, and Robert A. Rango, as these outside directors have not yet met the six year eligibility requirement. If the Director Compensation proposal is

Table of Contents

approved by KLA-Tencor's stockholders, then Ms. Higashi and Messrs. Moore and Rango will become eligible to receive the prorated accelerated vesting of their director equity awards on the same terms as the other KLA-Tencor outside directors who have provided at least six years of service. If the Director Compensation proposal is not approved by KLA-Tencor's stockholders, then Ms. Higashi and Messrs. Moore and Rango will not be entitled to this accelerated vesting and may forfeit their award entirely if their service with KLA-Tencor and Lam Research terminates at the closing of the merger.

Indemnification

Directors and executive officers of KLA-Tencor also have rights to indemnification and directors' and officers' liability insurance that will survive completion of the merger. See the section entitled "The Merger Agreement—Other Covenants and Agreements" for more information.

Lam Research Board of Directors Following the Merger

Immediately following the effective time of the merger, two directors from the KLA-Tencor Board, to be mutually designated by Lam Research and KLA-Tencor, will become members of the Lam Research Board. As of the date of this joint proxy statement/prospectus, Lam Research and KLA-Tencor have mutually agreed that John T. Dickson and Gary B. Moore, each of whom is currently a director of KLA-Tencor, will be the designated directors. Upon appointment, each director will receive prorated annual compensation for their service as a director consistent with Lam Research's policies for compensation of non-employee directors. Lam Research has agreed to indemnify the designated directors on the same terms as the other non-employee directors of Lam Research.

New Arrangements with Lam Research

Executive Officers. As of the date of this joint proxy statement/prospectus, no KLA-Tencor executive officer has reached an understanding on potential employment or other retention terms with Merger Sub 2, the ultimate surviving corporation in the mergers, or with Lam Research, and no KLA-Tencor executive officer has entered into any definitive agreement or arrangement regarding employment or other retention with Merger Sub 2 or with Lam Research following the completion of the mergers. However, prior to the effective time of the merger, Lam Research may initiate discussions regarding employment or other retention terms and may enter into definitive agreements regarding employment or retention for certain of KLA-Tencor's employees, to be effective as of the effective time of the merger. In addition, Lam Research has agreed to, or to cause Merger Sub 2 to, assume, honor and fulfill the terms of the Original Severance Plan and the 2010 Severance Plan. See the section entitled "The Merger Agreement—Employee Benefits Matters" for more information.

Directors. As of the date of this joint proxy statement/prospectus, Lam Research and KLA-Tencor have mutually agreed that John T. Dickson and Gary B. Golden Parachute Compensation

The table below reflects the compensation and benefits that will or may be paid or provided in connection with the merger in the circumstances described below to each of KLA-Tencor's "named executive officers" (Richard P. Wallace, Bren D. Higgins, Bobby R. Bell, Michael D. Kirk, and Ahmad A. Khan), as determined in accordance with Item 402(t) of Regulation S-K. Except where noted, severance payments have been calculated

based on the named executive officer's current compensation. Regardless of the manner in which a named executive officer's employment terminates, the executive is entitled to receive amounts already earned during his or her term of employment, such as base salary earned through the date of termination. Please note that the amounts indicated below are estimates based on the material assumptions described in the notes to the table below, which may or may not actually occur. Some of these assumptions are based on information currently available and, as a result, the actual amounts, if any, to be received by a named executive officer may differ in material respects from the amounts set forth below. Furthermore, for purposes of calculating such amounts, we have assumed a closing date of November 20, 2015.

Name	Cash (\$)(1)	Equity (\$)(2)	Perquisites/ Benefits (\$)(3)	Total (\$)(4)(5)
Richard P. Wallace	6,664,650	19,458,668	3,396,089	29,519,407
Bren D. Higgins	784,558	4,184,796	671,111	5,640,465

- (1) Pursuant to the Original Severance Plan, if Mr. Wallace is involuntarily terminated without "cause" or voluntarily terminates for "good reason" within two years following a "change of control," as described in greater detail in the section above entitled "—KLA-Tencor Compensation Arrangements," then Mr. Wallace is entitled to a lump sum payment in an amount equal to the sum of (a) 36 months of Mr. Wallace's base salary immediately prior to the termination, with an aggregate dollar value of \$2,700,000, (b) an amount equal to three times Mr. Wallace's average annual bonus for the preceding three completed fiscal years, with an aggregate dollar value of \$3,440,596, (c) a pro-rated annual incentive payment for the fiscal year of Mr. Wallace's termination or resignation (calculated based on Mr. Wallace's annual incentive bonus for the then-most recently completed fiscal year and the proportion of the then-current fiscal year served through the date of termination or resignation), with an aggregate dollar value of \$452,054, and (d) an additional lump sum payment of \$72,000.

Pursuant to the 2010 Severance Plan, if Mr. Higgins, Mr. Bell, Mr. Kirk or Mr. Khan is involuntarily terminated without "cause" or voluntarily terminates for "good reason" within one year following a "change of control," as described in greater detail in the section above entitled "—KLA-Tencor Compensation Arrangements," then the executive officer is entitled to a lump sum payment in an amount equal to the sum of (a) 18 months of the participating executive officer's base salary immediately prior to the termination, with an aggregate dollar value of (i) \$675,000 with respect to Mr. Higgins, (ii) \$750,000 with respect to Mr. Bell, (iii) \$750,000 with respect to Mr. Kirk, and (iv) \$712,500 with respect to Mr. Khan, and (b) a pro-rated annual incentive payment for the fiscal year of the executive officer's termination or resignation (calculated based on such officer's annual incentive bonus for the then-most recently completed fiscal year and the proportion of the then-current fiscal year served through the date of termination or resignation), with an aggregate dollar value of (i) \$109,558 with respect to Mr. Higgins, (ii) \$126,178 with respect to Mr. Bell, (iii) \$154,217 with respect to Mr. Kirk, and (iv) \$94,523 with respect to Mr. Khan.

The amounts determined in this column are estimated based on the executive officer's salary and target annual cash incentive as of November 20, 2015.

- (2) Under the terms of the merger agreement, at the effective time of the merger, (i) Lam Research will convert each KLA-Tencor RSU that is unvested (including performance-based restricted stock units) and held by a continuing service provider into a LAM Research RSU, with economically equivalent terms as applied immediately prior to the effective time, and subject to certain adjustments as described in the section entitled "The Merger Agreement—Treatment of KLA-Tencor Equity Awards." Pursuant to the Original Severance Plan with respect to Mr. Wallace and the 2010 Severance Plan with respect to Messrs. Higgins, Bell, Kirk and Khan, if the participating executive officer is involuntarily terminated without "cause" or voluntarily terminates for "good reason" within one year (two years for Mr. Wallace) following a "change of

Table of Contents

control,” as described in greater detail in the section above entitled “—KLA-Tencor Compensation Arrangements,” then 100% of the executive officer’s unvested and outstanding KLA-Tencor RSUs shall accelerate and fully vest.

As noted above, pursuant to the terms of the KLA-Tencor PSU program, if a qualifying termination occurs after a “change of control,” the vesting acceleration of the PSUs for which the achievement of the applicable performance criteria has not yet been determined as of the executive officer’s termination date is based on a shortened performance period ending as of the most recent fiscal quarter end preceding the closing date of the “change of control.” For purposes of this table, KLA-Tencor is assuming the applicable performance criteria is achieved at 100% of target levels of performance for the outstanding PSUs. Actual performance could vary based on the actual closing date of the mergers, which directly impact the number of outstanding PSUs held by each executive officer on the actual closing date of the mergers.

The number of KLA-Tencor shares earnable under the fiscal year 2016 KLA-Tencor PSUs is based on KLA-Tencor’s achieved level of three-year Relative Free Cash Flow Margin over fiscal years 2016, 2017 and 2018.

The number of KLA-Tencor shares earnable under the fiscal year 2015 KLA-Tencor PSUs is based on KLA-Tencor’s achieved level of three-year Relative Free Cash Flow Margin over fiscal years 2015, 2016 and 2017.

The number of KLA-Tencor shares earnable under the fiscal year 2014 KLA-Tencor PSUs is based on KLA-Tencor’s achieved level of three-year Relative Free Cash Flow Margin over fiscal years 2014, 2015 and 2016.

The number of KLA-Tencor shares earnable under the fiscal year 2013 KLA-Tencor PSUs is based on KLA-Tencor’s achieved level of three-year Relative Free Cash Flow Margin over fiscal years 2013, 2014 and 2015.

As of November 20, 2015, Mr. Wallace holds 290,862 unvested and outstanding KLA-Tencor RSUs, Mr. Higgins holds 62,553 unvested and outstanding KLA-Tencor RSUs, Mr. Bell holds 113,048 unvested and outstanding KLA-Tencor RSUs, Mr. Kirk holds 113,048 unvested and outstanding KLA-Tencor RSUs, and Mr. Khan holds 73,392 unvested and outstanding KLA-Tencor RSUs. These numbers reflect each executive officer holding only the target number of PSUs for each of the fiscal 2013, fiscal 2014, fiscal 2015 and fiscal 2016 awards. The values in the table above represent the product of: (i) \$66.90 per share (which is the estimated value of the all-cash consideration assuming the closing date of the mergers is November 20, 2015, but excluding the value of dividend equivalent rights) multiplied by (ii) the number of shares outstanding KLA-Tencor RSUs.

- (3) The unvested and outstanding KLA-Tencor RSUs (including PSUs) granted to Messrs. Wallace, Higgins, Bell, Kirk and Khan in fiscal years 2015 and 2016 were issued with dividend equivalent rights pursuant to the KLA-Tencor 2004 Equity Incentive Plan, as described in greater detail in the section above entitled “—KLA-Tencor Compensation Arrangements.” These dividend equivalent rights entitle the recipient to receive credits, generally payable in cash, equal to the cash dividends that would have been received on the shares of KLA-Tencor common stock underlying each RSU award had the shares been issued and outstanding on the dividend record date. The dividend equivalents would only be paid to the recipient upon vesting or settlement of the underlying award (including satisfaction of any performance-vesting criteria associated with any performance-based awards). In November 2014, the KLA-Tencor Board declared a special cash dividend of \$16.50 per share on KLA-Tencor outstanding common stock, which was substantially paid to KLA-Tencor stockholders in December 2014. In connection with the special cash dividend, the KLA-Tencor Board and Compensation Committee approved an equitable and proportionate adjustment to the then-outstanding equity awards under the KLA-Tencor 2004 Equity Incentive Plan, as required by the plan, to reflect the value of this special cash dividend, the value of which will be earned and payable subject to the vesting requirements of the underlying awards. Accordingly, in connection with an acceleration of vesting of some or all of outstanding equity awards held by Mr. Wallace, Mr. Higgins, Mr. Bell, Mr. Kirk and Mr. Khan, as applicable, based on provisions discussed above, Mr. Wallace,

Table of Contents

Mr. Higgins, Mr. Bell, Mr. Kirk and Mr. Khan would be entitled to receive accrued dividend equivalents and the benefit of the equitable and proportionate adjustment of the special cash dividend attributable to the executive officer's accelerated RSUs.

- (4) As noted above, pursuant to the terms of the 2010 Severance Plan, if any executive officer (other than Mr. Wallace) receives any payment or benefit that would constitute a "parachute payment," within the meaning of Section 280G of the Code, that would be subject to the excise tax under Section 4999 of the Code, then such payment or benefit will be reduced by the Reduced Amount. The "Reduced Amount" will be either (i) the largest portion of the payment or benefit that would result in no portion of the payment or benefit being subject to the excise tax or (ii) the largest portion, up to and including the total of the payment or benefit, whichever amount, after taking into account all applicable federal, state and local employment taxes, income taxes, and the excise tax, results in the participant's receipt, on an after-tax basis, of the greater amount of the payment or benefit. Based on the assumptions used in preparing this tabular disclosure in accordance with Item 402(t) of Regulation S-K, Messrs. Higgins, Bell, Kirk and Khan would not be subject to a reduction (to avoid the excise tax imposed under Section 4999 of the Code) in the compensatory payments that are reasonably likely to become due to each executive in connection with this transaction under this provision of the 2010 Severance Plan. Based on the actual closing date of the mergers, certain executive officers listed in the table above may have their payments or benefits reduced by the Reduced Amount in connection with the mergers under the terms of the 2010 Severance Plan (other than Mr. Wallace).
- (5) As noted above, pursuant to the terms of the Original Severance Plan, Mr. Wallace is eligible under certain circumstances to receive a full tax gross-up payment to cover (i) any excise tax liability he may incur under Code Section 4999 and (ii) the resulting income and employment tax liability attributable to that payment, should the benefits to which he becomes entitled in connection with a change of control constitute parachute payments that exceed by more than \$50,000 the maximum parachute payment otherwise allowable under the federal tax laws without the imposition of the Code Section 4999 excise tax. Based on the assumptions used in preparing this tabular disclosure in accordance with Item 402(t) of Regulation S-K, Mr. Wallace would not receive the tax gross-up payment under this provision of the Original Severance Plan in respect of the compensatory payments that are reasonably likely to become due to Mr. Wallace in connection with this transaction.

Board of Directors Following the Merger

Immediately following the effective time of the merger, two directors from the KLA-Tencor Board, to be mutually designated by Lam Research and KLA-Tencor, will become members of the Lam Research Board. As of the date of this joint proxy statement/prospectus, Lam Research and KLA-Tencor have mutually agreed that John T. Dickson and Gary B. Moore, each of whom is currently a director of KLA-Tencor, will be the designated directors. Upon appointment, each director will receive prorated annual compensation for their service as a director consistent with Lam Research's policies for compensation of non-employee directors. Lam Research has agreed to indemnify the designated directors on the same terms as the other non-employee directors of Lam Research.

Regulatory Clearances Required for the Merger

Lam Research and KLA-Tencor are required to submit notifications to various competition authorities prior to completing the merger. Under the HSR Act, Lam Research and KLA-Tencor must file notifications with the Federal Trade Commission and the Antitrust Division of the Department of Justice and observe a mandatory pre-merger waiting period before completing the merger. In addition, Lam Research and KLA-Tencor are required to submit notifications with competition authorities in China, Germany, Ireland, Israel, Japan, Korea and Taiwan.

While Lam Research and KLA-Tencor expect to obtain all required regulatory clearances, Lam Research and KLA-Tencor cannot assure you that the antitrust regulators or other government agencies, including state attorneys general or private parties, will not initiate actions to challenge the merger before or after it is completed. Any such challenge to the merger could result in an administrative or court order enjoining the

Table of Contents

merger or in restrictions or conditions that would have a material adverse effect on the combined company if the merger is completed. Such restrictions and conditions could include requiring the divestiture or spin-off of assets or businesses, the required licensing of intellectual property rights, or limitations on the ability of the combined company to operate its business as it sees fit. Neither Lam Research nor KLA-Tencor can provide assurance that any such conditions, terms, obligations or restrictions will not result in the delay or abandonment of the merger.

Procedures for Surrendering KLA-Tencor Common Stock in the Merger

The conversion of KLA-Tencor common stock into the right to receive the merger consideration will occur automatically at the completion of the merger. Lam Research has designated Computershare Trust Company, N.A. as the exchange agent and will enter into an exchange agent agreement with the exchange agent reasonably acceptable to KLA-Tencor providing for the exchange agent to handle the exchange of certificates or book-entry shares representing shares of KLA-Tencor common stock for the merger consideration. At or promptly after the effective time of the merger, Lam Research or Merger Sub 1 will deposit or make available as needed the cash and shares of Lam Research common stock comprising the merger consideration payable in respect of KLA-Tencor common stock. Promptly after the effective time of the merger, Lam Research will, or will cause the exchange agent to, send a letter of transmittal to each person who is a record holder of KLA-Tencor common stock at the completion of the merger for use in the exchange and instructions explaining how to surrender KLA-Tencor stock certificates or transfer uncertificated shares of KLA-Tencor common stock to the exchange agent.

KLA-Tencor stockholders who submit a properly completed letter of transmittal, together with their stock certificates (in the case of certificated shares) or other evidence of transfer requested by the exchange agent (in the case of book-entry shares), will receive the merger consideration into which the shares of KLA-Tencor common stock were converted in the merger. The Lam Research common stock constituting part of such merger consideration will be delivered to KLA-Tencor stockholders in book-entry form unless a physical certificate is requested by a KLA-Tencor stockholder or otherwise required under applicable law. After completion of the merger, each certificate that previously represented shares of KLA-Tencor common stock and each uncertificated share of KLA-Tencor common stock that previously was registered to a holder on KLA-Tencor's stock transfer books, except for shares held by KLA-Tencor as treasury stock, shares owned by Lam Research or by any subsidiary of Lam Research or KLA-Tencor and shares with respect to which appraisal rights have been properly exercised in accordance with the DGCL, will only represent the right to receive the merger consideration into which those shares of KLA-Tencor common stock have been converted (and cash in lieu of any fractional shares of Lam Research common stock, and any dividends on the Lam Research common stock into which such KLA-Tencor shares have been converted).

Neither Lam Research nor KLA-Tencor will be responsible for transfer or other similar taxes and fees incurred by holders of KLA-Tencor common stock in connection with the mergers. Those taxes and fees, if any, will be the sole responsibility of such holders. In addition, if there is a transfer of ownership of KLA-Tencor common stock that is not registered in the records of KLA-Tencor's transfer agent, payment of the merger consideration as described above (and cash in lieu of any fractional share of Lam Research common stock, and any dividends on the Lam Research common stock into which such KLA-Tencor shares have been converted) will be made to a person other than the person in whose name the certificate or uncertificated share so surrendered is registered only if the certificate is properly endorsed or otherwise is in proper form for transfer or the uncertificated share is properly transferred, and the person requesting the payment must pay to the exchange agent any transfer or other similar taxes required as a result of such payment or satisfy the exchange agent that any transfer or other similar taxes have been paid or that no payment of those taxes is necessary.

After completion of the merger, Lam Research will not pay dividends with a record date on or after completion of the merger to any holder of any KLA-Tencor stock certificates or uncertificated shares of KLA-Tencor common stock on the Lam Research common stock into which such KLA-Tencor shares have been converted until the holder surrenders the KLA-Tencor stock certificates or transfers the uncertificated shares of KLA-Tencor common stock as described above. However, once those certificates or uncertificated shares of KLA-Tencor common stock are surrendered or transferred, as applicable, Lam Research will pay to the holder,

Table of Contents

without interest, any dividends on the Lam Research common stock into which such KLA-Tencor shares have been converted with a record date on or after completion of the merger that have been paid prior to such surrender or transfer, as applicable.

Lam Research stockholders need not take any action with respect to their stock certificates.

Treatment of Lam Research Stock Options and Other Equity Awards

The completion of the merger will not accelerate the vesting or settlement of any outstanding stock options or other equity awards granted under any of Lam Research's equity incentive plans, and all such stock options and other equity awards will continue to vest in accordance with their applicable terms.

Treatment of KLA-Tencor Equity Awards

The equity compensation held by directors and executive officers of KLA-Tencor will be treated in the mergers in the same manner as similar awards held by other employees of KLA-Tencor. See the section entitled "The Merger Agreement—Treatment of KLA-Tencor Equity Awards" for more information.

Dividend Policy

Lam Research currently pays a quarterly dividend on Lam Research common stock and last paid a dividend on January 6, 2016 of \$0.30 per share. Under the terms of the merger agreement, during the period before completion of the merger, Lam Research is not permitted to authorize or pay any dividends on or make any distribution with respect to the Lam Research common stock other than its quarterly cash dividend in an amount not in excess of \$0.30 per share, consistent with past practice.

KLA-Tencor currently pays quarterly cash dividends on shares of KLA-Tencor common stock. Any future determination regarding dividend or distribution payments will be at the discretion of the KLA-Tencor Board, subject to applicable limitations under Delaware law and the merger agreement, which provides that quarterly dividends shall not exceed \$0.52 per share during the pendency of the mergers.

After completion of the merger, each former KLA-Tencor stockholder who holds Lam Research common stock into which KLA-Tencor common stock has been converted pursuant to the merger agreement will receive whatever dividends are declared and paid on Lam Research common stock. However, no dividend or other distribution having a record date after completion of the merger will actually be paid with respect to any Lam Research common stock into which KLA-Tencor common stock has been converted pursuant to the merger agreement until the certificates formerly representing shares of KLA-Tencor common stock have been surrendered (or the book-entry shares formerly representing shares of KLA-Tencor common stock have been transferred), at which time any accrued dividends and other distributions on those shares of Lam Research common stock will be paid without interest. Subject to the limitations set forth in the merger agreement described above, any future dividends by Lam Research will be made at the discretion of the Lam Research Board, subject to applicable limitations under Delaware law. There can be no assurance that any future dividends will be declared or paid by Lam Research or KLA-Tencor or as to the amount or timing of those dividends, if any.

Listing of Additional Shares of Lam Research Common Stock

It is a condition to the completion of the merger that the shares of Lam Research common stock to be issued pursuant to the merger agreement be authorized for listing on the NASDAQ Global Select Market, subject to official notice of issuance.

De-Listing and Deregistration of Shares of KLA-Tencor Common Stock

KLA-Tencor common stock is currently traded on the NASDAQ Global Select Market under the symbol "KLAC." Upon completion of the mergers, KLA-Tencor common stock will cease to be listed on the NASDAQ Global Select Market and will subsequently be deregistered under the Exchange Act.

Advisory Vote Regarding Merger-Related Executive Compensation

KLA-Tencor is required pursuant to Section 14A of the Exchange Act to include in this joint proxy statement/prospectus a non-binding, advisory vote on the compensation payable to each of its named executive officers, as determined in accordance with Item 402(t) of Regulation S-K, in connection with the proposed merger pursuant to arrangements entered into with KLA-Tencor, and KLA-Tencor is therefore asking its stockholders to approve the following resolution:

“RESOLVED, that the stockholders of KLA-Tencor hereby approve, on an advisory, non-binding basis, the compensation that will or may become payable by KLA-Tencor to the named executive officers of KLA-Tencor as disclosed pursuant to Item 402(t) of Regulations S-K in the table entitled “Golden Parachute Compensation” and the accompanying footnotes.”

The description of the payments contained in the section entitled “Interests of KLA-Tencor’s Directors and Executive Officers in the Merger” as well as the table entitled “Golden Parachute Compensation” therein are intended to comply with Item 402(t) of Regulation S-K, which requires disclosure of information about compensation for each of KLA-Tencor’s named executive officers that is based on or otherwise relates to the merger and will or may become payable either by KLA-Tencor or Lam Research. KLA-Tencor is asking its stockholders to approve on an advisory, non-binding basis, the compensation that will or may become payable by KLA-Tencor to each of its named executive officers as set forth in the section entitled “The Merger—Interests of KLA-Tencor’s Directors and Executive Officers in the Merger” as well as the table entitled “Golden Parachute Compensation” therein.

Effect of Advisory Vote

The vote regarding the Merger-Related Compensation proposal is a vote separate and apart from the vote on the Merger proposal. Accordingly, KLA-Tencor stockholders may vote to approve the Merger proposal and vote not to approve the Merger-Related Compensation proposal and vice versa.

Because the vote regarding the Merger-Related Compensation proposal is advisory only, it will not be binding on either KLA-Tencor or Lam Research. Accordingly, if the Merger proposal is approved and the merger is completed, the compensation will be payable, subject only to the conditions applicable thereto, regardless of the outcome of the non-binding, advisory vote of KLA-Tencor stockholders on the Merger-Related Compensation proposal.

Vote Required and Recommendation of the KLA-Tencor Board

Approval of the Merger-Related Compensation proposal requires the affirmative vote of a majority of votes cast at the KLA-Tencor special meeting.

The KLA-Tencor Board unanimously recommends a vote “FOR” the Merger-Related Compensation proposal (Proposal 3).

Appraisal Rights

Pursuant to Section 262 of the DGCL, KLA-Tencor stockholders who do not vote in favor of the Merger proposal, who continuously hold their shares of KLA-Tencor common stock through the effective time of the merger and who otherwise comply with the applicable requirements of Section 262 of the DGCL have the right to seek appraisal of the fair value of their shares of KLA-Tencor common stock, as determined by the Court of Chancery, if the merger is completed. The “fair value” of shares of KLA-Tencor common stock as determined by the Court of Chancery could be greater than, the same as, or less than the value of the merger consideration that a stockholder of KLA-Tencor would otherwise be entitled to receive under the terms of the merger agreement.

[Table of Contents](#)

KLA-Tencor stockholders who wish to exercise the right to seek an appraisal of their shares must so advise KLA-Tencor by submitting a written demand for appraisal in the form described in this joint proxy statement/prospectus prior to the vote to approve the Merger proposal, and must otherwise follow the procedures prescribed by Section 262 of the DGCL. A person having a beneficial interest in shares of KLA-Tencor common stock held of record in the name of another person, such as a bank, broker or other nominee, must act promptly to cause the record holder to follow the steps summarized in this joint proxy statement/prospectus and in a timely manner to perfect appraisal rights. In view of the complexity of Section 262 of the DGCL, KLA-Tencor stockholders who may wish to pursue appraisal rights should consult their legal and financial advisors. The foregoing summary of Section 262 of the DGCL does not purport to be complete and is qualified in its entirety by reference to Section 262 of the DGCL, which is attached as Annex D to this joint proxy statement/prospectus. See the section entitled “Appraisal Rights” for more information.

The stockholders of Lam Research are not entitled to appraisal rights in connection with the mergers under Delaware law.

Litigation Related to the Merger

Hedgecock Lawsuit

On October 28, 2015, a complaint was filed in the California Superior Court for Santa Clara County against KLA-Tencor, the members of the KLA-Tencor Board, Lam Research, Merger Sub 1, and Merger Sub 2, which, together with Merger Sub 1 and Lam Research, are referred to as the “Lam Defendants.” The action, captioned *Hedgecock v. KLA-Tencor Corp., et al.*, Case No. 115CV287329, was filed by a purported KLA-Tencor stockholder as a purported class action on behalf of all KLA-Tencor stockholders (excluding defendants and their affiliates) against all defendants. In the complaint, plaintiff alleges that the individual defendants (the KLA-Tencor Board) breached their fiduciary duties by, among other things, causing KLA-Tencor to agree to a merger transaction with the Lam Defendants at an unfair price and pursuant to an unfair process, and that the Lam Defendants aided and abetted such breaches. On December 21, 2015, plaintiff filed an amended complaint, in which plaintiff additionally alleges that the disclosures by KLA-Tencor and Lam Research concerning the transaction are materially misleading because they purportedly omit and/or misrepresent certain information. Plaintiff seeks to enjoin or rescind KLA-Tencor’s transaction with the Lam Defendants, as applicable, as well as an award of damages and attorney’s fees, in addition to other relief. Lam Research and KLA-Tencor believe this lawsuit has no merit and intend to defend against it vigorously.

Karr Lawsuit

Also on October 28, 2015, another complaint was filed in the California Superior Court for Santa Clara County against KLA-Tencor, the members of the KLA-Tencor Board, Lam Research, Merger Sub 1, and Merger Sub 2. This action, captioned *Karr v. KLA-Tencor Corporation, et al.*, Case No. 115CV287331, was filed by one of the same plaintiff’s law firms as in the *Hedgecock* action on behalf of a different purported KLA-Tencor stockholder, as a purported class action on behalf of all KLA-Tencor stockholders (excluding defendants and their affiliates) against all defendants. The allegations in the *Karr* complaint are similar to the allegations in the *Hedgecock* action. In the complaint, plaintiff alleges that the individual defendants (the KLA-Tencor Board) breached their fiduciary duties by, among other things, causing KLA-Tencor to agree to a merger transaction with the Lam Defendants at an unfair price and pursuant to an unfair process, and that KLA-Tencor and the Lam Defendants aided and abetted such breaches. On December 21, 2015, plaintiff filed an amended complaint, in which plaintiff additionally alleges that the disclosures by KLA-Tencor and Lam Research concerning the transaction are materially misleading because they purportedly omit and/or misrepresent certain information. Plaintiff seeks to enjoin or rescind KLA-Tencor’s transaction with the Lam Defendants, as applicable, as well as an award of attorney’s fees, in addition to other relief. Rooney Lawsuit

On November 10, 2015, a complaint was filed in the Court of Chancery in the State of Delaware against the members of the KLA-Tencor Board. This action, captioned *Rooney v. Wallace, et al.*, Case No. 11700, was filed on behalf of a purported KLA-Tencor stockholder, as a purported class action on behalf of all similarly-situated KLA-Tencor stockholders (excluding defendants and their affiliates) against all defendants. The allegations in the *Rooney* complaint are similar to the allegations in the *Hedgecock* and *Karr* actions. In the complaint, plaintiff alleges that the defendants (the KLA-Tencor Board) breached their fiduciary duties by, among other things, causing KLA-Tencor to agree to a merger transaction with Lam Research at an unfair price and pursuant to an unfair process. On December 23, 2015, plaintiff filed an amended complaint, in which plaintiff additionally alleges that the disclosures by KLA-Tencor and Lam Research concerning the transaction are materially misleading because they purportedly omit and/or misrepresent certain information. Plaintiff seeks to enjoin or rescind KLA-Tencor's transaction with Lam Research, as applicable, as well as an award of attorney's fees, in addition to other relief. Lam Research and KLA-Tencor believe this lawsuit has no merit and intend to defend against it vigorously.

Spoletto Lawsuit

On December 29, 2015, another complaint was filed in the California Superior Court for Santa Clara County against KLA-Tencor, the members of the KLA-Tencor Board, Lam Research, Merger Sub 1, and Merger Sub 2. This action, captioned *Spoletto Corp. v. Wallace, et al.*, Case No. 115CV28952, was filed by another purported KLA-Tencor stockholder as a purported class action on behalf of all KLA-Tencor stockholders (excluding defendants and their affiliates) against all defendants. The allegations in the *Spoletto* complaint are similar to the allegations in the *Hedgecock*, *Karr*, and *Rooney* actions. In the complaint, plaintiff alleges that the individual defendants (the KLA-Tencor Board) breached their fiduciary duties by, among other things, causing KLA-Tencor to agree to a merger transaction with the Lam Defendants at an unfair price and pursuant to an unfair process, and making disclosures concerning the transaction that are materially misleading. Plaintiff alleges that the Lam Defendants aided and abetted such breaches. Plaintiff seeks to enjoin or rescind KLA-Tencor's transaction with the Lam Defendants, as applicable, as well as an award of damages and attorney's fees, in addition to other relief. Lam Research and KLA-Tencor believe this lawsuit has no merit and intend to defend against it vigorously.

Description of Financing Transactions

Overview

In connection with the merger, Lam Research has entered into a commitment letter pursuant to which Goldman Sachs Bank USA, together with certain of its affiliates and certain other lenders that have or may become a party to the commitment letter, which are collectively referred to as the "initial bridge lenders," have agreed to provide a 364-day senior unsecured bridge loan facility in an aggregate principal amount of up to \$3.3 billion, subject to certain terms and conditions. A copy of the commitment letter is filed as an exhibit to the Current Report on Form 8-K filed by Lam Research on October 21, 2015 and a copy of the joinder agreement that amends the commitment letter is filed as an exhibit to the Current Report on Form 8-K filed by Lam Research on November 12, 2015, which are incorporated by reference into this joint proxy statement/prospectus. See the section entitled "Where You Can Find More Information." You are urged to read the commitment letter and the joinder agreement carefully. The commitment letter, as amended by the joinder agreement, is referred to as the "bridge commitment letter."

In connection with the merger, Lam Research has also entered into a term loan agreement with certain term lenders pursuant to which the term lenders have agreed to provide a senior unsecured term loan facility in an aggregate amount of up to \$900 million, which is comprised of (1) up to \$375 million of 3-year tranche term loans and (2) up to \$525 million of 5-year tranche term loans, in each case, subject to certain terms and conditions. A copy of the term loan agreement is filed as an exhibit to the Current Report on Form 8-K filed by

Lam Research has also entered into an amendment and restatement of its existing revolving credit agreement pursuant to which, among other things, the revolving lenders agreed to increase their aggregate commitments under the revolving credit agreement from \$300 million to \$750 million. A copy of the amendment and restatement agreement, which includes as an exhibit the amended and restated revolving credit agreement, which is referred to as the “revolving credit agreement,” is filed as an exhibit to the Current Report on Form 8-K filed by Lam Research on November 12, 2015, which is incorporated by reference into this joint proxy statement/prospectus. See the section entitled “Where You Can Find More Information.” You are urged to read the revolving credit agreement carefully.

Lam Research intends to fund the cash component of the merger consideration and related fees and expenses and to prepay KLA-Tencor’s \$671 million term loan with a combination of approximately \$1.9 billion of the combined companies’ balance sheet cash and proceeds of approximately \$3.9 billion under the term loans, the revolving credit agreement and from the issuance of debt securities or, to the extent necessary, borrowings under the bridge facility. Lam Research also expects to guarantee KLA-Tencor’s existing notes in the aggregate principal amount of \$2.5 billion. Lam Research intends to pursue financing that would replace or supplement financing available under the bridge facility. There can be no assurance that any replacement or supplemental financing will be available at all or on acceptable terms.

Bridge Loan

Pursuant to the terms of the bridge commitment letter, the proceeds of the bridge facility are expected to be available upon the satisfaction of certain conditions precedent on completion of the merger and, if drawn, will be used to finance, in part, the cash component of the merger consideration and to pay fees and expenses incurred in connection with the mergers. As of the date of this joint proxy statement/prospectus, Lam Research has not entered into any definitive financing documentation for the bridge facility, and, as a result, the actual terms of the bridge facility may differ from those described herein. If definitive documentation for the bridge facility is entered into and Lam Research borrows under the bridge facility to finance a portion of the merger consideration, the bridge facility will mature on the 364th day after the completion of the merger. The amount of the bridge facility available at closing is subject to reduction in accordance with the terms of the bridge commitment letter, including but not limited to reduction upon the contemplated issuance of debt securities expected to be the primary source of the cash consideration to finance the cash component of the merger consideration and related fees and expenses.

There can be no assurance that any replacement or supplemental financing in lieu of drawings under the bridge facility will be available to Lam Research at all or on acceptable terms. Lam Research’s ability to obtain additional debt financing, including financing to replace or supplement the bridge facility, will be subject to various factors, including market conditions, operating performance and credit ratings, and may be subject to restrictions in the agreements relating to Lam Research’s outstanding debt. For a description of certain risks associated with the financing of the merger, see the section entitled “Risk Factors—Risk Factors Relating to the Merger—There can be no assurance that Lam Research will be able to secure the financing it intends to use to pay the cash component of the merger consideration.”

Conditions Precedent

The initial bridge lenders’ obligation to fund the bridge facility is subject to several conditions, including completion of the merger, the non-occurrence of a Target Material Adverse Effect (which is defined to have the same meaning as a “Company Material Adverse Effect” under the merger agreement), the accuracy of certain representations and warranties related to both Lam Research and KLA-Tencor, the absence of certain defaults by

Interest

At the option of Lam Research, borrowings under the bridge facility will bear interest at either a base rate or at the London Interbank Offered Rate, which is referred to as "LIBOR," plus, in each case, an applicable margin. The applicable margin will range from 0.00-0.75% with respect to the base rate, and 1.00-1.75% with respect to LIBOR, based on the ratings of Lam Research's long-term senior unsecured debt, and subject to increase, beginning 90 days after completion of the merger, based on how long the bridge loan is outstanding.

The base rate will be defined in the definitive bridge facility documentation to have a meaning customary for financings of this type. In no event shall the base rate be less than the sum of (1) the one-month reserve adjusted LIBOR (after giving effect to a reserve adjusted LIBOR "floor" of 0.00%) plus (2) the difference between the applicable stated margin for reserve adjusted LIBOR loans and the applicable stated margin for base rate loans.

LIBOR Option

With respect to bridge loans for which Lam Research has elected the LIBOR option, interest will be determined based on interest periods to be selected by Lam Research of one, two, three or six months and will be at an annual rate equal to the reserve adjusted LIBOR, plus the applicable margin based on the ratings of Lam Research's long-term senior unsecured debt. The reserve adjusted LIBOR will be defined in the definitive bridge facility documentation to have a meaning customary for financings of this type. Interest will be paid at the end of each interest period and will be calculated on the basis of the actual number of days elapsed in a year of 360 days.

Covenants and Events of Default

The credit agreement for the bridge facility will contain certain financial covenants, affirmative covenants, negative covenants and events of default that will be substantially similar to the corresponding covenants and defaults in the term loan agreement and the revolving credit agreement, as described below in the section entitled "— Term Loan—Covenants and Events of Default."

Mandatory Prepayments and Reductions in Commitments

Lam Research will be required to prepay the bridge loans (or, prior to the execution of definitive documentation for the bridge facility, the commitments under the bridge facility will be permanently reduced) in the amount of the net cash proceeds received by Lam Research in connection with certain types of transactions, including, without limitation, (1) the issuance of debt or equity securities or borrowings of other indebtedness; (2) the incurrence of the term loans pursuant to the term loan agreement or any other term loan facility; and (3) certain asset sales.

THE MERGER AGREEMENT

The following section summarizes material provisions of the merger agreement, which is included in this joint proxy statement/prospectus as Annex A is incorporated herein by reference in its entirety, and qualifies the following summary in its entirety. The rights and obligations of Lam Research and KLA-Tencor are governed by the merger agreement and not by the summary or any other information contained in this joint proxy statement/prospectus.

The merger agreement is included in this joint proxy statement/prospectus to provide you with information regarding its terms and is not intended to provide any factual information about Lam Research or KLA-Tencor. Such information can be found elsewhere in this joint proxy statement/prospectus and in the other public filings Lam Research and KLA-Tencor make with the SEC. Please see the section entitled “Where You Can Find More Information.”

The merger agreement contains representations and warranties by each of the parties to the merger agreement. These representations and warranties have been made solely for the benefit of Lam Research and the Merger Subs, on the one hand, and KLA-Tencor, on the other hand, and:

- may not be intended as statements of fact, but rather as a way of allocating risk between Lam Research and KLA-Tencor in the event the statements therein prove to be inaccurate;
- have been qualified in important respects by confidential disclosure letters that were exchanged between Lam Research and KLA-Tencor at the time they entered into the merger agreement, which disclosures are not reflected in the merger agreement itself; and
- may apply standards of materiality in a way that is different from the standard of materiality that is applicable to disclosures to investors.

The confidential disclosure letters contain information that has been included in the prior public disclosures of each of Lam Research and KLA-Tencor, as well as additional non-public information. While we do not believe that this non-public information is required to be publicly disclosed by Lam Research and KLA-Tencor under the applicable securities laws, that information does modify, qualify and create exceptions to the representations and warranties set forth in the merger agreement. In addition, these representations and warranties were made as of the date of the merger agreement or as of the date specified in the merger agreement. Information concerning the subject matter of the representations and warranties may have changed since the date of the merger agreement, which subsequent information may or may not be fully reflected in the public disclosures of Lam Research or KLA-Tencor.

Structure of the Mergers

The merger agreement provides for (1) the merger, in which Merger Sub 1 will be merged with and into KLA-Tencor, with KLA-Tencor surviving the merger as a wholly owned subsidiary of Lam Research, and (2) immediately following the merger, the subsequent merger, in which KLA-Tencor will be merged with and into Merger Sub 2, with Merger Sub 2 surviving the subsequent merger as a wholly owned subsidiary of Lam Research.

After the completion of the merger and before the completion of the subsequent merger, the certificate of incorporation and the bylaws of KLA-Tencor in effect immediately prior to completion of the merger will be the certificate of incorporation and bylaws, respectively, of KLA-Tencor as the surviving corporation of the merger, and the directors and officers of Merger Sub 1 immediately prior to the completion of the merger will be the directors and officers, respectively, of KLA-Tencor as the surviving corporation in the merger.

After the completion of the subsequent merger, the certificate of incorporation and the bylaws of Merger Sub 2 in effect immediately prior to completion of the subsequent merger will be the certificate of incorporation

and the bylaws, respectively, of Merger Sub 2 as the surviving corporation in the subsequent merger, and the directors and officers KLA-Tencor immediately prior to the completion of the subsequent merger will be the directors and officers, respectively, of Merger Sub 2 as the surviving corporation of the subsequent merger.

Merger Consideration

At completion of the merger, each share of KLA-Tencor common stock issued and outstanding immediately prior to completion of the merger, except for (1) shares owned by Lam Research or by any subsidiary of Lam Research or KLA-Tencor and (2) shares with respect to which appraisal rights have been properly demanded in accordance with the DGCL, which will have the rights described in the section entitled “Appraisal Rights,” will be converted at the election of each KLA-Tencor stockholder into the right to receive, for each share of KLA-Tencor common stock held by the stockholder: (a) the all-cash consideration, (b) the all-stock consideration or (c) the mixed consideration. The merger consideration received by KLA-Tencor stockholders is subject to proration as described below in the section entitled “—Election Procedures and Proration.”

If, between the date of the merger agreement and completion of the merger, any change in the outstanding shares of capital stock of Lam Research or KLA-Tencor occurs as a result of any stock split, reverse stock split, stock dividend (including any dividend or distribution of securities convertible into KLA-Tencor common stock or Lam Research common stock, as applicable), reorganization, recapitalization, reclassification, combination, exchange of shares or other like change with a record date during such period, the all-cash consideration, the all-stock consideration and the mixed consideration, and any other amounts payable pursuant to the merger agreement will be adjusted appropriately to reflect the effect of such event thereon.

No fractional shares of Lam Research common stock will be issued to any KLA-Tencor stockholder upon completion of the merger. Instead, all fractional Lam Research shares that a KLA-Tencor stockholder would otherwise be entitled to receive as a result of the merger will be aggregated and, if any fractional share results from that aggregation, the holder will be entitled to receive in lieu thereof, at Lam Research’s election, either (1) a cash payment representing that holder’s proportionate interest in the net proceeds from the sale by the exchange agent in one or more transactions of the aggregate of the fractional shares of Lam Research common stock which would otherwise have been issued as merger consideration or (2) a cash payment in lieu of such fractional share of Lam Research common stock equal to the product obtained by multiplying (a) the fraction of a share of Lam Research common stock to which such holder would otherwise have been entitled by (b) the closing price for a share of Lam Research common stock on the NASDAQ Global Select Market on the first business day immediately following the effective time of the merger.

Election Procedures and Proration

An election form is being sent separately with the copy of this joint proxy statement/prospectus that has been delivered to KLA-Tencor stockholders, which permits each KLA-Tencor stockholder (or the beneficial owner through appropriate and customary documentation and instructions) to elect to receive (1) the all-stock consideration, which is referred to as a “Stock Election,” with respect to all of such holder’s shares of KLA-Tencor common stock; (2) the all-cash consideration, which is referred to as a “Cash Election,” with respect to all of such holder’s shares of KLA-Tencor common stock; or (3) the mixed consideration, which is referred to as a “Mixed Election,” with respect to all of such holder’s shares of KLA-Tencor common stock. Any KLA-Tencor stockholder who does not make an election will be deemed to have selected the Mixed Election and will receive the mixed consideration.

In order to make a valid election, KLA-Tencor stockholders must return their properly completed and signed election form, together (if the stockholder holds certificated shares) with all stock certificates and related documentation, to the exchange agent in accordance with the instructions contained in the election form, prior to the election deadline. At least three business days prior to the election deadline, Lam Research will publish a press release announcing the election deadline.

Table of Contents

If the aggregate cash consideration that would be payable with respect to KLA-Tencor common stock as to which the holders have made Cash Elections exceeds the product of \$32.00 multiplied by the difference of (1) the number of shares of KLA-Tencor common stock that have been converted into the right to receive merger consideration minus (2) the number of shares of KLA-Tencor common stock as to which a Mixed Election or no election has been made, which is referred to as the “Available Cash for Cash Election,” then each share of KLA-Tencor common stock subject to a Cash Election will be converted into the right to receive both (a) an amount in cash equal to the quotient of the Available Cash for Cash Election divided by the aggregate number of shares of KLA-Tencor common stock as to which the holder made a Cash Election, which is referred to as the “Satisfied Per Share Cash Consideration,” and (b) a number of shares of Lam Research common stock equal to the quotient of (i) the difference of the all-cash consideration minus the Satisfied Per Share Cash Consideration divided by (ii) the five-trading day VWAP.

If the number of shares of Lam Research common stock that would be issuable as merger consideration with respect to KLA-Tencor common stock as to which the holders have made Stock Elections exceeds the product of 0.5 multiplied by the difference of (1) the number of shares of KLA-Tencor common stock that have been converted into the right to receive merger consideration minus (2) the number of shares of KLA-Tencor common stock as to which a Mixed Election or no election has been made, which is referred to as the “Available Stock for Stock Election,” then each share of KLA-Tencor common stock subject to a Stock Election will be converted into the right to receive both (a) a number of shares of Lam Research common stock equal to the quotient of the Available Stock for Stock Election divided by the aggregate number of shares of KLA-Tencor common stock as to which the holder made a Stock Election, which is referred to as the “Satisfied Per Share Stock Consideration,” and (b) an amount in cash equal to (i) the all-cash consideration minus (ii) the product of the five-trading day VWAP and the Satisfied Per Share Stock Consideration.

The conversion of KLA-Tencor common stock into the right to receive the all-cash consideration, the all-stock consideration or the mixed consideration as selected by the KLA-Tencor stockholder (or the mixed consideration if no election is made by such stockholder) will occur automatically at the completion of the merger. Lam Research has appointed Computershare Trust Company, N.A. as the exchange agent to handle the exchange of KLA-Tencor common stock for the selected merger consideration. Promptly after completion of the merger, Lam Research or the surviving corporation of the mergers will cause the exchange agent to send to each person who is a record holder of KLA-Tencor common stock immediately before the completion of the merger and who has not previously submitted their share certificates with an election form a letter of transmittal for use in the exchange and instructions explaining how to surrender KLA-Tencor stock certificates or transfer uncertificated shares of KLA-Tencor common stock in exchange for the merger consideration.

KLA-Tencor stockholders who surrender their stock certificates (or an affidavit of loss in lieu thereof) or book-entry shares for cancellation to the exchange agent or to such other agent or agents as may be appointed by Lam Research or the surviving corporation of the mergers, together with a properly completed letter of transmittal, will receive the all-cash consideration, the all-stock consideration or the mixed consideration into which the shares of KLA-Tencor common stock were converted in the merger, subject to proration as described above. If the merger consideration to be paid to the former KLA-Tencor stockholders includes shares of Lam Research common stock, such Lam Research common stock will be delivered to former KLA-Tencor stockholders in book-entry form unless a physical certificate is requested by a KLA-Tencor stockholder or otherwise required under applicable law. After completion of the merger, each certificate that previously represented shares of KLA-Tencor common stock and each uncertificated share of KLA-Tencor common stock that previously was represented by book-entry will only represent the right to receive the merger consideration into which those shares of KLA-Tencor common stock have been converted in accordance with the merger agreement.

Lam Research is entitled to deduct and withhold, or cause the exchange agent to deduct and withhold, from the consideration otherwise payable to a holder of KLA-Tencor common stock any amounts that are required to be withheld or deducted with respect to such consideration under the Code, or any applicable provisions of state, local or foreign tax law. To the extent that amounts are so withheld and timely remitted to the appropriate

Table of Contents

governmental authority, such withheld amounts shall be treated for all purposes of the merger agreement as having been paid to the holder of the KLA-Tencor shares for which such deduction and withholding was made.

In the event that any KLA-Tencor stock certificate has been lost, stolen or destroyed, the exchange agent will issue to the holder of such certificate his or her selected merger consideration (including any fractional share consideration and any dividends or other distributions in respect of such shares) upon receipt of an affidavit regarding such loss, theft or destruction from the stockholder. Lam Research may, in its discretion and as a condition precedent to the issuance thereof, require the holder of any lost, stolen or destroyed KLA-Tencor stock certificate to deliver a bond as indemnity against any claim that may be made against the Lam Research, its subsidiaries or the exchange agent with respect to the certificate alleged to have been lost, stolen or destroyed.

With respect to shares of Lam Research common stock that are issued as merger consideration, all dividends or other distributions that have a record date after the effective time of the merger will be paid by Lam Research to the exchange agent and not to the holder of any unsurrendered certificates or book-entry shares of KLA-Tencor common stock. Subject to applicable laws, following surrender of any such certificates (or affidavit of loss in lieu thereof) or book-entry shares, the exchange agent will pay to the holder thereof, without interest, (1) the amount of dividends or other distributions with a record date after the effective time of the merger theretofore paid with respect to such shares of Lam Research common stock to which such holder is entitled pursuant to the merger agreement; and (2) at the appropriate payment date, the amount of dividends or other distributions with a record date after the effective time of the merger but prior to such surrender and with a payment date subsequent to such surrender payable with respect to such shares of Lam Research common stock.

Appraisal Rights

Shares of KLA-Tencor common stock held by KLA-Tencor stockholders who did not vote in favor of the Merger proposal and who are entitled to demand, and have properly demanded, appraisal of such shares under, and have complied in all respects with, Section 262 of the DGCL, will not be converted into the right to receive the all-cash consideration, the all-stock consideration or the mixed consideration. Instead, at the effective time of the merger, such shares will automatically be converted into the right to receive payment of the fair value of such shares in accordance with Section 262 of the DGCL, will no longer be outstanding, and will automatically be cancelled and will cease to exist, and the holder of such shares shall cease to have any rights with respect thereto other than the right to receive the appraised value of such dissenting shares to the extent afforded under Section 262 of the DGCL. If any dissenting stockholder fails to perfect or otherwise waives, withdraws or loses the right to payment of the fair value of such dissenting shares, then the dissenting shares shall automatically be converted into the right to receive the mixed consideration unless another election was timely and validly made, in which case, the former dissenting KLA-Tencor stockholder will receive the same per-share consideration as the other KLA-Tencor stockholders that made such election. KLA-Tencor will provide Lam Research with notice of any demands for appraisal of KLA-Tencor common stock or withdrawals of such demands, and Lam Research has the right to participate in and direct all negotiations and proceedings with respect to such demands. KLA-Tencor will not, except with Lam Research's prior written consent, make any payment with respect to, or settle or offer to settle, any such demands.

Many of the representations and warranties in the merger agreement are qualified by a “materiality” or “material adverse effect” standard (that is, they will not be deemed to be untrue or incorrect unless their failure to be true or correct would be material to or have a material adverse effect with respect to the party making the representation or warranty). For purposes of the merger agreement, a “material adverse effect” means, with respect to a party, any change, effect, development, circumstance, condition, state of facts, event or occurrence that, individually or in the aggregate, is, or would reasonably be expected to be, materially adverse to (1) such party’s ability to consummate the merger or (2) the business, assets, properties, condition (financial or otherwise) or results of operations of such party and its subsidiaries, taken as a whole, except that the definition of “material adverse effect” excludes any effect that results from or arises in connection with:

- conditions (or changes in such conditions) in the industries in which such party and its subsidiaries operate (unless such changes or conditions disproportionately affect the party and its subsidiaries, taken as a whole, in any material respect relative to other companies of comparable size in the same industries and geographies in which such party and its subsidiaries operate);
- general economic conditions (or changes in such conditions) within the U.S. or any other country (unless such changes or conditions disproportionately affect the party and its subsidiaries, taken as a whole, in any material respect relative to other companies of comparable size in the same industries and geographies in which such party and its subsidiaries operate);

- political conditions (or changes in such conditions) in the U.S. or any other country or acts of war, sabotage or terrorism (including any escalation or general worsening of any such acts of war, sabotage or terrorism) in the U.S. or any other country (unless such changes or conditions disproportionately affect the party and its subsidiaries, taken as a whole, in any material respect relative to other companies of comparable size in the same industries and geographies in which such party and its subsidiaries operate);
- earthquakes, hurricanes, tsunamis, tornadoes, floods, mudslides, wild fires or other natural disasters, weather conditions and other force majeure events in the U.S. or any other country (unless such changes or conditions disproportionately affect the party and its subsidiaries, taken as a whole, in any material respect relative to other companies of comparable size in the same industries and geographies in which such party and its subsidiaries operate);
- changes in law or other legal or regulatory conditions (or the interpretation thereof) or changes in GAAP or other accounting standards (or the interpretation thereof) (unless such changes or conditions disproportionately affect the party and its subsidiaries, taken as a whole, in any material respect relative to other companies of comparable size in the same industries and geographies in which such party and its subsidiaries operate);
- the public announcement of the parties’ discussion of the mergers, the public announcement, execution, delivery or performance of the merger agreement, or the public announcement of the identity of the other party in the mergers;

- any lawsuit, action or proceeding brought by any of the current or former stockholders of either party in connection with the merger and the other transactions contemplated by the merger agreement.

The representations and warranties contained in the merger agreement will not survive the completion of the merger.

Lam Research has further agreed not to take certain actions between the date of the merger agreement and the effective time of the merger, including the following (subject, in each case, to exceptions specified below and in the merger agreement or previously disclosed in writing to KLA-Tencor as provided in the merger agreement):

- convening any meeting of its stockholders for the purpose of revoking or varying the authority of its directors to allot Lam Research common stock; or
- entering into any joint development or similar collaboration agreement, except any such agreement that would not reasonably be expected to prevent or materially delay or impede the consummation of the mergers.

No Solicitation of Alternative Proposals

Each of Lam Research and KLA-Tencor has agreed that, from the time of the execution of the merger agreement until the earlier of the termination of the merger agreement or the effective time of the merger, it will not, it will cause its subsidiaries, directors and officers not to, and it will use its reasonable best efforts to cause its representatives not to, directly or indirectly:

- solicit, initiate or knowingly encourage or knowingly facilitate any inquiry, proposal or offer, or the making, submission or announcement of any inquiry, proposal or offer that constitutes or would be reasonably expected to lead to an acquisition proposal (as described below);
- participate or engage in any negotiations or discussions regarding an acquisition proposal;
- disclose or furnish any nonpublic information or data to any third party that is seeking to make, or has made, an acquisition proposal or afford any such third party access to its properties, books, or records;
- waive, terminate, modify or release any third party from any provision of any “standstill” agreement, except to the extent that such party’s board of directors determines that the failure to do so would be reasonably likely to be inconsistent with its fiduciary duties under applicable laws;
- execute or become bound by any letter of intent or similar document relating to, or any agreement or commitment providing for, any acquisition proposal; or
- resolve or agree to do any of the foregoing.

Notwithstanding the restrictions described above, if, prior to obtaining the stockholder approval required of it in connection with the merger, Lam Research or KLA-Tencor receives a bona fide written acquisition proposal, the receiving party is permitted to contact any third party that makes the acquisition proposal to clarify and understand the terms and conditions thereof. If the board of directors of such party determines in good faith after consultation with its outside legal and financial advisors that such acquisition proposal constitutes, or would reasonably be expected to result in, a superior proposal, then such party or its representatives may, after giving notice to the other party, (1) furnish nonpublic information to the person making such acquisition proposal and its potential sources of financing; and (2) engage in discussions or negotiations with such person and their potential sources of financing with respect to such acquisition proposal, including by making counterproposals thereto.

The merger agreement requires that each party notify the other party within 24 hours of the party’s knowledge of the receipt of (1) any acquisition proposal or material amendment thereto; (2) any inquiries that would reasonably be expected to lead to an acquisition proposal; or (3) any initial inquiry or request for nonpublic information by any third party who makes or would reasonably be expected to make an acquisition proposal. Any such notification shall include the identity of the person making the acquisition proposal, inquiry or request and the material terms and conditions of any proposal or the nature of the information requested. Each party must promptly after the receipt thereof provide to the other party copies of any written documentation or communications (and a summary of any oral terms) material to understanding an acquisition proposal which is received by the party from any person relating to the acquisition proposal. The recipient of the acquisition proposal must keep the other party informed of the status of discussions relating to, and the material terms (including any amendments or proposed amendments)

Table of Contents

of, any acquisition proposal. The recipient of an acquisition proposal must promptly provide to the other party any material nonpublic information concerning the receiving party that is provided to any third party in connection with an acquisition proposal that was not previously provided to the other party.

An “acquisition proposal” with respect to a party means any offer that contemplates a third party acquiring beneficial ownership of (1) at least 15% of such party’s assets (on a consolidated basis) or (2) at least 15% of the equity interest in such party (whether pursuant to a merger, consolidation or other business combination, sale of shares of capital stock, sale of assets, tender offer or exchange offer or otherwise).

A “superior proposal” with respect to a party means any offer (1) that contemplates a third party acquiring beneficial ownership of (a) at least 50% of such party’s assets (on a consolidated basis) or (b) at least 50% of the equity interest in such party (whether pursuant to a merger, consolidation or other business combination, sale of shares of capital stock, sale of assets, tender offer or exchange offer or otherwise); and (2) that its board of directors determines in good faith after consultation with its outside legal and financial advisors is (a) more favorable to its stockholders from a financial point of view than the mergers, taking into account all relevant factors (including any changes to the terms of the merger agreement proposed by the other party in response to the offer) and (b) reasonably capable of being completed, taking into account all financial, legal, regulatory and other aspects of such offer and the identity and financial capability of the person or group making such offer.

Changes in Board Recommendations

Each of Lam Research and KLA-Tencor has agreed that it will not, it will cause its subsidiaries, directors and officers not to, and it will use its reasonable best efforts to cause its representatives not to, directly or indirectly, (1) approve or publicly recommend, or propose publicly to approve or recommend, any acquisition proposal with respect to it, or (2) withdraw, change, amend, modify or qualify, or otherwise propose publicly to withdraw, change, amend, modify or qualify, in a manner adverse to the other party, the respective recommendations that the Lam Research stockholders approve the Share Issuance proposal or that the KLA-Tencor stockholders approve the Merger proposal. We refer to the actions described in the previous sentence as a “change of recommendation.”

Notwithstanding the restrictions described above, Lam Research or KLA-Tencor, as applicable, at any time before the stockholder approval required to be obtained by it in connection with the mergers is received, may make a change of recommendation in response to a change, effect, development, circumstance, condition, state of facts, event or occurrence that was not known to its board of directors, or the material consequences of which (based on facts known to the board of directors as of the date of the merger agreement) were not reasonably foreseeable, as of the date of the merger agreement and that does not relate to any acquisition proposal, if its board of directors determines in good faith (after consultation with outside legal counsel) that the failure to do so would be reasonably likely to be inconsistent with the board of directors’ fiduciary duties under applicable law. Prior to making a change of recommendation with respect to it, the party must inform the other party in writing of its board of directors’ determination and that its board of directors intends to effect a change of recommendation, specifying, in reasonable detail, the reasons therefor, and allow four business days to elapse following the other party’s receipt of such written notice. During such four-business day period, the party intending to make a change of recommendation will make its representatives reasonably available for the purpose of engaging in discussions and negotiations with the other party and its representatives regarding a possible amendment to the merger agreement and is required to consider in good faith any proposals made by the other party. If after taking into account such proposals the party’s board of directors does not again determine in good faith (after consultation with outside legal counsel) that the failure to make a change of recommendation would be reasonably likely to be inconsistent with the board of directors’ fiduciary duties under applicable law, then the board of directors may not make a change of recommendation.

Notwithstanding the restrictions described above, Lam Research or KLA-Tencor, as applicable, at any time before the stockholder approval required to be obtained by it in connection with the transaction is received, may, in response to a *bona fide* written acquisition proposal, make a change of recommendation or terminate the

merger agreement to enter into a definitive written agreement with respect to such acquisition proposal, if its board of directors determines in good faith (after consultation with outside legal counsel) that (1) such acquisition proposal constitutes a superior proposal and (2) the failure to do so would be reasonably likely to be inconsistent with the board of directors' fiduciary duties under applicable law. Prior to making a change of recommendation with respect to it or terminating the merger agreement, the party must inform the other party in writing of its board of directors' determination and that its board of directors intends to effect a change of recommendation or terminate the merger agreement, specifying, in reasonable detail, the reasons therefor, and allow four business days to elapse following the other party's receipt of such written notice. During such four-business day period, the party intending to make a change of recommendation or terminate the merger agreement must make its representatives reasonably available for the purpose of engaging in discussions and negotiations with the other party and its representatives regarding a possible amendment to the merger agreement and is required to consider in good faith any proposals made by the other party. If after taking into account such proposals the party's board of directors does not again determine in good faith (after consultation with outside legal counsel) that (1) such acquisition proposal constitutes a superior proposal and (2) the failure to do so would be reasonably likely to be inconsistent with the board of directors' fiduciary duties under applicable law, then the board of directors may not make a change of recommendation or terminate the merger agreement.

Efforts to Obtain Required Stockholder Votes

Lam Research has agreed to hold a special stockholders meeting for the purpose of voting on the Share Issuance proposal. Lam Research has also agreed to use its reasonable best efforts to obtain stockholder approval of the Share Issuance proposal, unless the Lam Research Board no longer recommends the proposal or the merger agreement has been earlier terminated in accordance with its terms. The merger agreement requires Lam Research to hold its special stockholders meeting and submit the Share Issuance proposal to a stockholder vote even if the Lam Research Board no longer recommends the proposal, unless the merger agreement has been earlier terminated in accordance with its terms. The Lam Research Board has approved the issuance of shares of Lam Research common stock to KLA-Tencor stockholders pursuant to the merger and has adopted resolutions directing that the Share Issuance proposal be submitted to Lam Research stockholders for their consideration.

KLA-Tencor has agreed to hold a special stockholders meeting for the purpose of voting on the Merger proposal. KLA-Tencor has also agreed to use its reasonable best efforts to obtain stockholder approval of the Merger proposal unless the KLA-Tencor Board no longer recommends the proposal or the merger agreement has been earlier terminated in accordance with its terms. The merger agreement requires KLA-Tencor to hold its special stockholders meeting and submit the Merger proposal to a stockholder vote even if the KLA-Tencor Board no longer recommends the proposal, unless the merger agreement has been earlier terminated in accordance with its terms. The KLA-Tencor Board has approved the merger, the merger agreement and the principal terms thereof and has adopted resolutions directing that the Merger proposal be submitted to KLA-Tencor stockholders for their consideration.

Efforts to Complete the Merger

Each of Lam Research and KLA-Tencor has agreed to use its reasonable best efforts to take all actions, and do all things necessary, proper or advisable under applicable law to consummate the mergers as soon as practicable, including to:

- prepare and file, as promptly as practicable and advisable, all documentation to effect all necessary applications, notices, petitions, filings and other documents and to obtain as promptly as practicable all waiting period expirations or terminations, consents, clearances, waivers, licenses, orders, registrations, approvals, permits and authorizations necessary or advisable to be obtained from any governmental authority in order to consummate the mergers;
- take all steps as may be necessary to obtain all such waiting period expirations or terminations, consents, clearances, waivers, licenses, registrations, permits, authorizations, orders and approvals,

including defending or contesting any claim, suit, action or other proceeding brought by a third party, including any governmental authorities, that would prevent or materially impede, interfere with, hinder or delay the consummation of the mergers; and

- obtain all consents, waivers, authorizations and approvals of all third parties (other than governmental authorities, as to which Lam Research's and KLA-Tencor's obligations are described in the preceding two items) necessary, proper or advisable for the consummation of the mergers and provide any notices to third parties required to be provided before the effective time of the merger.

In connection with the obligations described in the second item of the immediately preceding paragraph, Lam Research and KLA-Tencor each has agreed to:

- cooperate in all respects and consult with each other in connection with any filing or submission and in connection with any investigation or other inquiry, including allowing the other party to review and comment on drafts of filings and submissions;
- promptly inform the other party of any communication received by the obligated party from, or given by such party to, the Antitrust Division of the Department of Justice, the Federal Trade Commission or any other governmental authority, by promptly providing copies to the other party any such written communications, and of any material communication received or given in connection with any proceeding by a private party; or
- permit the other party to review any communication that it gives to, and consult with each other in advance of any meeting with, the Antitrust Division of the Department of Justice, the Federal Trade Commission or any other governmental authority, or in connection with any proceeding by a private party.

In no event is Lam Research required to (1) divest, dispose of or hold separate any assets or businesses of it or KLA-Tencor, or the assets or businesses of any of their respective subsidiaries; (2) agree to divest, dispose or hold separate or businesses of it or KLA-Tencor, or the assets or businesses of any of their respective subsidiaries; or (3) agree to or enter into any license or condition or commit to take any action that limits in any manner its freedom of action with respect to, or its ability to retain, any of the assets or businesses of it or KLA-Tencor or any of its respective subsidiaries to the extent such license, condition or action is not commercially reasonable or materially impacts in an adverse manner the benefits to be derived by Lam Research from the merger. Additionally, KLA-Tencor is prohibited from taking any of the actions described in clauses (1) through (3) of the preceding sentence and has agreed, if requested by Lam Research, to use reasonable best efforts to effect a license, divestiture or disposition or hold separate of any of its assets or businesses that is necessary to obtain clearances or approvals required for the completion of the mergers under applicable antitrust laws, so long as such action is conditioned on the completion of the merger.

Employee Benefits Matters

As a result of the mergers, upon the completion of the subsequent merger, each of the then-current employees of KLA-Tencor and its subsidiaries will become employees of the surviving corporation and its subsidiaries by operation of law. Lam Research and KLA-Tencor have agreed that, from the date of completion of the subsequent merger until the earlier of December 31, 2016 and the termination of service of any continuing employee, which period is referred to as the "Protection Period," Lam Research will, or will cause the surviving corporation or any of their respective affiliates or successors, which are referred to collectively as the "Parent Employers," to:

- maintain each continuing employee's base salary or base hourly wage, as applicable, as in effect immediately prior to the effective time of the merger;
- assume, honor and fulfill each continuing employee's short-term cash incentive opportunity to the extent disclosed to Lam Research and in which such continuing employee participated with respect to a performance period that is ongoing immediately prior to the first effective time; and

Table of Contents

- permit each continuing employee to participate in (1) health, welfare and 401(k) plans disclosed to Lam Research that were in effect at the effective time of the merger or (2) in the same type of health, welfare or 401(k) plan sponsored or maintained by the Parent Employers for the benefit of similarly situated employees of the Parent Employers, on the same terms and conditions as apply to such Parent Employer employees, in each case of (1) and (2), other than with respect to retiree health and welfare plans and defined benefit plans.

In addition, if the effective time of the merger occurs prior to the end of KLA-Tencor's 2016 fiscal year, and Lam Research expects to have a continuing employee participate in short term cash incentive plan of the Parent Employers commencing January 1, 2017 (*i.e.*, the beginning of Lam Research's compensation year), then Lam Research shall cause the Parent Employers to adopt a short term cash incentive arrangement for such continuing employee for the period beginning on the first day of what would have otherwise been the start of the KLA-Tencor's 2017 fiscal year through December 31, 2016. The Parent Employers will also recognize and honor each continuing employee's accrued but unused vacation or paid time off balances.

Lam Research and KLA-Tencor have also agreed that to the extent that any KLA-Tencor employees who remain employed by the surviving corporation following completion of the mergers participate in employee benefit plans of the Parent Employers, service with KLA-Tencor (including current and former affiliates and predecessors) prior to the effective time of the merger shall be treated as service with Lam Research for purposes of eligibility to participate, level of benefits and vesting of benefits, except (1) for purposes of determining any accrued benefit under any defined benefit pension plan or retiree health or welfare plan; (2) for purposes of vesting credit for any awards granted under any long term incentive programs after the effective time of merger; (3) to the extent KLA-Tencor did not recognize such period of employment under a plan or program of a similar type maintained, sponsored by or contributed to by KLA-Tencor prior to the effective time of the merger; or (4) if such recognition of service would result in a duplication of benefits. In addition, during the Protection Period, Lam Research shall cause the Parent Employers to use commercially reasonable efforts to (1) ensure that no eligibility waiting periods, actively-at-work requirements or pre-existing condition limitations or exclusions shall apply with respect to the continuing employees under the applicable health and welfare benefits plan of the Parent Employers made available to the continuing employees during the Protection Period (except to the extent such periods, requirements, limitations or exclusions were applicable under the KLA-Tencor plans immediately prior to the effective time of the merger); and (2) waive any and all evidence of insurability requirements under the health and welfare benefit plans of the Parent Employers made available to the continuing employees with respect to such continuing employees to the extent such evidence of insurability requirements were not applicable to the continuing employees under the KLA-Tencor plans of a similar type immediately prior to the effective time of the merger.

Lam Research will, or will cause the surviving corporation to, assume, honor and fulfill the terms of KLA-Tencor's Executive Severance Plan and 2010 Executive Severance Plan. KLA-Tencor will take all actions necessary to ensure that each and every severance benefit plan or practice governed by ERISA and covering any continuing employee prior to the effective time of the merger will be terminated as of immediately prior to the effective time of the merger and no Parent Employer will have any liability in respect of any such ERISA severance plan or practice from and after the effective time of the merger with respect to any continuing employee. Through the first anniversary of the effective time of the merger, the Parent Employers shall ensure that each continuing employee is covered by the severance plans and practices of the Parent Employers that are applicable to similarly situated Parent Employer employees, except to the extent that KLA-Tencor did not provide severance plans or practices to such continuing employee immediately prior to the effective time of the merger or if such coverage would result in a duplication of benefits.

Nothing in the merger agreement requires Lam Research, the Parent Employers or the surviving corporation to (1) continue the employment of any specific person following the completion of the merger or (2) require Lam Research or any Parent Employer to maintain any particular KLA-Tencor employee benefit plan, program or arrangement.

Treatment of KLA-Tencor Equity Awards

Treatment of KLA-Tencor RSUs. Under the terms of the merger agreement, at the effective time of the merger, Lam Research will convert each KLA-Tencor RSU that is unvested and held by a continuing service provider into a Lam Research RSU. Each substituted Lam Research RSU will continue to have, and be subject to, the same vesting and economically equivalent terms (including rights to dividend equivalents in cash) and conditions as applied to the applicable KLA-Tencor RSU immediately prior to the effective time of the merger (after taking into account any necessary changes required by reason of the merger). Each substituted Lam Research RSU will constitute an award to acquire the number of shares of Lam Research common stock (rounded down to the nearest whole share) equal to the product obtained by multiplying (1) the number of shares of KLA-Tencor common stock subject to such award immediately prior to the effective time of the merger by (2) the all-stock consideration, rounded down to the nearest whole number. At the effective time of the merger, each KLA-Tencor RSU that is unvested and held by an individual who is not a continuing service provider will be cancelled without payment of any consideration.

Under the terms of the merger agreement, at the effective time of the merger, each share of KLA-Tencor common stock underlying a KLA-Tencor RSU that is vested (after taking into account any acceleration of vesting that occurs at the effective time of the merger) but as to which such share of stock has not yet been issued will be issued as of immediately prior to the effective time of the merger. Each such newly issued share will be treated in the same way as outstanding shares of KLA-Tencor common stock under the merger agreement and converted into the right to receive the merger consideration.

Treatment of KLA-Tencor options. Under the terms of the merger agreement, at the effective time of the merger, each KLA-Tencor option will be cancelled and converted into the right to receive an amount of cash (without interest) equal to the product of (1) the number of shares of KLA-Tencor common stock subject to such KLA-Tencor option immediately prior to the effective time of the merger multiplied by (2) (a) the all-cash consideration less (b) the exercise price per share for such KLA-Tencor option.

Treatment of Purchase Rights under the KLA-Tencor ESPP. Under the terms of the merger agreement, KLA-Tencor will take all actions necessary to (1) terminate the Amended and Restated 1997 KLA-Tencor Corporation Employee Stock Purchase Plan, which is referred to as the “KLA-Tencor ESPP,” as of immediately prior to the effective time of the merger; and (2) provide that any offering period under the KLA-Tencor ESPP that would otherwise be in progress as of the closing date of the merger will be shortened so that the last day of each such offering period will be at least 10 business days prior to the closing date of the merger, which is referred to as the “final purchase date.” The purchases made on the final purchase date will be contingent on the occurrence of the effective time of the merger. KLA-Tencor will take actions to avoid the commencement of any new offering period under the KLA-Tencor ESPP at or after the final purchase date and prior to the earlier of the termination of the merger agreement or the effective time of the merger. Any shares of KLA-Tencor common stock acquired under the KLA-Tencor ESPP prior to or on the final purchase date will be treated in the same way as outstanding shares of KLA-Tencor common stock in the merger and converted into the right to receive the merger consideration.

Lam Research has also agreed to purchase a directors' and officers' liability insurance policy for current directors and officers of KLA-Tencor.

In addition, each of Lam Research's, the Merger Subs' and KLA-Tencor's obligations to effect the mergers are subject to the satisfaction or waiver of the following conditions:

- the representations and warranties of the other party relating to its issued and outstanding shares of capital stock and other equity interests will be true and correct, except for, as to the representation relating to the number of shares of common stock of the other party that are outstanding on a fully diluted basis as of September 30, 2015, in the case of KLA-Tencor's representation, or September 27, 2015, in the case of Lam Research's representation, inaccuracies that reflect an underrepresentation of more than 0.50% from the number of shares of common stock set forth in the merger agreement;

- the representations and warranties of the other party, except for those representations and warranties described in the preceding two items, must be true and correct (without giving effect to any materiality or material adverse effect qualifications contained in such representations and warranties) as of the closing date of the transaction, except for (1) any failure to be so true and correct that has not had, and would not reasonably be expected to have, individually or in the aggregate, a material adverse effect on such party and (2) those representations and warranties that address matters only as of a particular date, which need only be true and correct as of such particular date, subject to the exception described in the preceding clause (1);

Table of Contents

- by Lam Research if Lam Research, Merger Sub 1 or Merger Sub 2 has not breached the merger agreement so as to cause the merger to not occur by the outside date and there is an inaccuracy in KLA-Tencor’s representations and warranties in the merger agreement, or a breach by KLA-Tencor of its covenants in the merger agreement, in either case such that the closing conditions relating to the accuracy of KLA-Tencor’s representations and warranties or KLA-Tencor’s compliance with covenants would fail to be satisfied, and such inaccuracy or breach is not cured by the earlier of 45 days after notice thereof or three days before the outside date; or

The merger agreement may be terminated at any time prior to obtaining the approval of the KLA-Tencor stockholders of the Merger proposal, under the following circumstances:

- by Lam Research if (1) the KLA-Tencor Board has withdrawn its recommendation that the KLA-Tencor stockholders approve the Merger proposal; (2) KLA-Tencor fails to include in this joint proxy statement/prospectus the recommendation of the KLA-Tencor Board that the KLA-Tencor stockholders approve the Merger proposal; (3) KLA-Tencor has failed to make a statement in opposition and recommend rejection to the KLA-Tencor stockholders of a tender or exchange offer initiated by a third party within 10 business days after such tender or exchange offer has been published, sent or given by such third party; (4) an acquisition proposal by a third party has been publicly announced and KLA-Tencor fails to issue a press release reaffirming the recommendation of the KLA-Tencor Board that the KLA-Tencor stockholders approve the Merger proposal within 10 business days following Lam Research’s written request to issue such press release; or (5) KLA-Tencor willfully breaches its covenant not to seek an acquisition proposal in any material respect; or

- by Lam Research in order to enter into an agreement with respect to a superior proposal.

Expenses and Termination Fees; Liability for Breach

Each party shall pay all fees and expenses incurred by it in connection with the transaction, except that the parties will share equally all fees and expenses in relation to printing, filing and distribution of this joint proxy statement/prospectus, all SEC and other regulatory filing fees incurred in connection with this joint proxy statement/prospectus and the registration statements of which it is a part, and any documentary, sales, use, real property transfer, real property gains, registration, value-added, transfer, stamp, recording and other similar taxes.

If the merger agreement is validly terminated, the merger agreement will become null and void and there will be no liability on the part of any party, except as expressly set forth therein, provided that no such termination will relieve any party from liability for any fraud or willful breach of its representations, warranties, covenants or agreements under the merger agreement.

Lam Research will be obligated to pay a termination fee of \$290 million to KLA-Tencor if:

- Lam Research terminated the merger agreement in order to enter into an agreement with respect to a superior proposal;
- KLA-Tencor terminates the merger agreement because (1) the Lam Research Board has withdrawn its recommendation that the Lam Research stockholders approve the Share Issuance proposal; (2) Lam Research fails to include in this joint proxy statement/prospectus the recommendation of the Lam Research Board that the Lam Research stockholders approve the Share Issuance proposal; (3) Lam Research has failed to make a statement in opposition and recommend rejection to Lam Research's stockholders of a tender or exchange offer initiated by a third party within 10 business days after such tender or exchange offer has been published, sent or given by such third party; (4) an acquisition proposal by a third party has been publicly announced and Lam Research fails to issue a press release reaffirming the recommendation of the Lam Research Board that the Lam Research stockholders approve the Share Issuance proposal within 10 business days following KLA-Tencor's written request to issue such press release or (5) Lam Research willfully breaches its covenant not to seek an acquisition proposal in any material respect in any material respect;

Amendments, Extensions and Waivers

The merger agreement may be amended by the parties at any time by execution of a written instrument, except that after (1) the approval of the Merger proposal by the KLA-Tencor stockholders or (2) the approval of the Share Issuance proposal by the Lam Research stockholders, no amendment may be made that requires the approval of such stockholders under applicable law without such approval, and except that certain provisions of the merger agreement may not be amended, supplemented, waived or otherwise modified in a manner that is adverse to the sources of the debt financing without their consent.

At any time prior to the effective time of the merger, any party may (1) extend the time for performance of any obligations or other acts of the other party; (2) waive any inaccuracies in the representations and warranties

[Table of Contents](#)

of the other party contained in the merger agreement; and (3) waive compliance by the other party with any of the agreements or conditions contained in the merger agreement.

No Third Party Beneficiaries

The merger agreement is not intended to confer upon you or any person other than Lam Research, KLA-Tencor, Merger Sub 1 and Merger Sub 2 any rights or remedies, except with the respect to the rights to indemnification and liability insurance coverage after the completion of the merger for the current and former directors, officers and employees of KLA-Tencor described above in the section entitled “—Other Covenants and Agreements” above and except that the sources of the debt financing are beneficiaries of certain provisions related to the debt financing.

Specific Performance

Lam Research and KLA-Tencor acknowledged and agreed in the merger agreement that irreparable injury would occur in the event any provision of the merger agreement were not performed in accordance with its specific terms or were otherwise breached. Lam Research and KLA-Tencor further agreed that each party is entitled to an injunction or injunctions, without the necessity of proving the inadequacy of damages as a remedy and without the necessity of posting any bond or other security, to prevent or remedy breaches or threatened breaches of the merger agreement by the other party and to enforce specifically the terms and provisions of the merger agreement.

Governing Law

The merger agreement is governed by Delaware law, except as provided with respect to certain matters related to financing.

REGULATORY CLEARANCES REQUIRED FOR THE MERGER

Lam Research and KLA-Tencor are required to submit notifications to various competition authorities prior to completing the merger. Under the HSR Act, Lam Research and KLA-Tencor must file notifications with the Federal Trade Commission and the Antitrust Division of the Department of Justice and observe a mandatory pre-merger waiting period before completing the merger. In addition, Lam Research and KLA-Tencor are required to submit notifications with competition authorities in China, Germany, Ireland, Israel, Japan, Korea and Taiwan.

Although Lam Research and KLA-Tencor expect to obtain all required regulatory clearances, Lam Research and KLA-Tencor cannot assure you that the antitrust regulators or other government agencies, including state attorneys general or private parties, will not initiate actions to challenge the merger before or after it is completed. Any such challenge to the merger could result in an administrative or court order enjoining the merger or in restrictions or conditions that would have a material adverse effect on the combined company if the merger is completed. Such restrictions and conditions could include requiring the divestiture or spin-off of assets or businesses, the required licensing of intellectual property rights, or limitations on the ability of the combined company to operate its business as it sees fit. Neither Lam Research nor KLA-Tencor can provide assurance that any such conditions, terms, obligations or restrictions will not result in the delay or abandonment of the merger.

MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES

The following is a discussion of the material U.S. federal income tax consequences of the exchange of shares of KLA-Tencor common stock for shares of Lam Research common stock, cash, or a combination thereof in the merger.

This discussion addresses only “U.S. holders” of KLA-Tencor common stock, meaning persons who hold that stock as a capital asset and are “U.S. persons,” as defined for U.S. federal income tax purposes. For these purposes a “U.S. person” is:

- an individual citizen or resident of the United States;
- a corporation (or any other entity treated as a corporation for U.S. federal tax purposes) created or organized in or under the laws of the United States, any state thereof or the District of Columbia;
- an estate the income of which is subject to U.S. federal income taxation regardless of its source; or
- a trust that (1) is subject to the primary supervision of a court within the United States, if one or more U.S. persons have the authority to control all of its substantial decisions or (2) has a valid election in effect under applicable U.S. Treasury regulations to be treated as a U.S. person.

This discussion does not address any non-income tax or any foreign, state or local tax consequences of the mergers. This discussion does not address all aspects of U.S. federal income taxation that may be relevant to a U.S. holder of KLA-Tencor common stock in light of that U.S. holder’s particular circumstances or to a U.S. holder subject to special rules (such as a company that accumulates earnings to avoid U.S. federal income tax, a financial institution, a broker or dealer in securities, an insurance company, a regulated investment company, a real estate investment trust, a tax-exempt organization, a person who holds KLA-Tencor common stock as part of a hedging or conversion transaction or as part of a short-sale or straddle, a partnership or other pass-through entity for U.S. federal tax purposes, a holder of KLA-Tencor common stock who exercises appraisal rights or a person who acquired KLA-Tencor common stock pursuant to the exercise of options or otherwise as compensation). This discussion is based on the Code, applicable Treasury regulations, administrative interpretations and court decisions, each as in effect as of the date of this joint proxy statement/prospectus and all of which are subject to change, possibly with retroactive effect.

If a partnership (or an entity or arrangement treated as a partnership for U.S. federal tax purposes) holds KLA-Tencor common stock, the tax treatment of a partner in the partnership will generally depend on the status of the partner and the activities of the partnership. Any partnership or entity or arrangement treated as a partnership for U.S. federal tax purposes that holds KLA-Tencor common stock, and the partners in such partnership, should consult their own tax advisors.

HOLDERS SHOULD CONSULT THEIR OWN TAX ADVISORS AS TO THE SPECIFIC TAX CONSEQUENCES TO THEM OF THE MERGERS, INCLUDING THE APPLICABILITY AND EFFECT OF FEDERAL, STATE, LOCAL AND FOREIGN INCOME AND OTHER TAX LAWS IN LIGHT OF THEIR PARTICULAR CIRCUMSTANCES.

General

It is a condition to the completion of the mergers that Jones Day, tax counsel to Lam Research, deliver an opinion to Lam Research, and Wilson Sonsini Goodrich & Rosati, Professional Corporation, tax counsel to KLA-Tencor, deliver an opinion to KLA-Tencor, in each case dated on the closing date of the mergers, to the effect that the mergers will qualify for U.S. federal income tax purposes as a “reorganization” within the meaning of Section 368(a) of the Code. Each party may waive the requirement to receive an opinion from its tax counsel as a condition to such party’s obligation to complete the mergers. Neither Lam Research nor KLA-Tencor intends to waive this condition.

Table of Contents

The opinions regarding the mergers will not address any state, local or foreign tax consequences of the mergers. The opinions will be based on certain assumptions and representations as to factual matters from each of Lam Research and KLA-Tencor, as well as certain covenants and undertakings by each of Lam Research and KLA-Tencor, each substantially in the forms set forth in the disclosure letters attached to the merger agreement. If any of these assumptions, representations, covenants or undertakings is incorrect, incomplete, inaccurate or is violated prior to the effective time of the merger, one or both of the opinion may not be delivered, and if delivered, the conclusions reached by counsel in their opinions cannot be relied upon. In such case, the tax consequences of the mergers could differ from those described in this joint proxy statement/prospectus. Neither Lam Research nor KLA-Tencor is currently aware of any facts or circumstances that would cause any of the assumptions, representations, covenants or undertakings set forth in the form letters attached to the merger agreement to be incorrect, incomplete, inaccurate or violated.

An opinion of counsel represents such counsel's best legal judgment but is not binding on the IRS or any court, so there can be no certainty that the IRS will not challenge the conclusions reflected in the opinion or that a court would not sustain such a challenge. Neither Lam Research nor KLA-Tencor intends to obtain a private letter ruling from the IRS on the tax consequences of the mergers. If the IRS were to successfully challenge the "reorganization" status of the mergers, a U.S. holder of KLA-Tencor common stock would recognize taxable gain or loss for U.S. federal income tax purposes upon the exchange of KLA-Tencor common stock for Lam Research common stock, cash, or a combination thereof pursuant to the merger.

Assuming that the mergers qualify as a "reorganization" within the meaning of Section 368(a) of the Code, the U.S. federal income tax consequences to U.S. holders of KLA-Tencor common stock who receive shares of Lam Research common stock, cash or a combination thereof in the merger generally will be as follows.

Exchange of KLA-Tencor common stock solely for Lam Research common stock

Except as discussed below in the section entitled "—Cash in Lieu of Fractional Shares," a U.S. holder who surrenders all of its shares of KLA-Tencor common stock solely in exchange for shares of Lam Research common stock in the merger generally will not recognize gain or loss in connection with such exchange.

A U.S. holder's aggregate tax basis in the Lam Research common stock received in the merger, including any fractional share deemed received by the U.S. holder as discussed below in the section entitled "—Cash in Lieu of Fractional Shares," generally will equal such U.S. holder's aggregate tax basis in the KLA-Tencor common stock surrendered by such U.S. holder in the merger. The holding period for the shares of Lam Research common stock received by such U.S. holder in the merger, including any fractional share deemed received by the U.S. holder as discussed below in "—Cash in Lieu of Fractional Shares," generally will include the holding period for the shares of KLA-Tencor common stock exchanged therefor.

Exchange of KLA-Tencor common stock solely for cash

A U.S. holder who surrenders all of its shares of KLA-Tencor common stock solely in exchange for cash in the merger generally will recognize capital gain or loss equal to the difference between the amount of cash received by such U.S. holder and the U.S. holder's adjusted tax basis in the KLA-Tencor common stock exchanged therefor.

Any capital gain or loss generally will be long-term capital gain or loss if the U.S. holder held the shares of KLA-Tencor common stock for more than one year at the effective time of the merger. Currently, long-term capital gains of an individual generally are subject to a maximum U.S. federal income tax rate of 20% and short-term capital gains of an individual generally are subject to a maximum U.S. federal income tax rate of 39.6% (in each case, without regard to the net investment income tax discussed below in the section entitled "—Medicare Net Investment Income Tax"). The deductibility of capital losses is subject to limitations.

Exchange of KLA-Tencor common stock for a combination of Lam Research common stock and cash

Except as discussed below in the section entitled “—Cash in Lieu of Fractional Shares,” a U.S. holder who surrenders shares of KLA-Tencor common stock in exchange for a combination of Lam Research common stock and cash generally will recognize gain (but not loss) equal to the lesser of:

- (1) the excess, if any, of the cash plus the fair market value of any Lam Research common stock received (including such fractional share for which cash was paid) in the merger, over such U.S. holder’s adjusted tax basis in the shares of KLA-Tencor common stock surrendered by such U.S. holder in the merger, and
- (2) the cash received by such U.S. holder in the merger (other than cash received in lieu of any fractional share of Lam Research common stock).

For purposes of this calculation, the fair market value of Lam Research common stock is based on the trading price of that stock on the date of the merger, rather than on the five-day volume-weighted average price used in calculating the number of shares of Lam Research common stock to be issued to the U.S. holder.

In the case of any U.S. holder who acquired different blocks of KLA-Tencor common stock at different times and at different prices, any realized gain or loss will be determined separately for each identifiable block of shares surrendered in the merger, and a loss realized on the exchange of one block of shares cannot be used to offset a gain realized on the exchange of another block of shares. Such U.S. holder should consult its tax advisor prior to the exchange with regard to identifying the bases or holding periods of the particular shares of KLA-Tencor common stock surrendered in the merger.

Any capital gain generally will be long-term capital gain if the U.S. holder held the shares of KLA-Tencor common stock for more than one year at the effective time of the merger. Currently, long-term capital gains of an individual generally are subject to a maximum U.S. federal income tax rate of 20% and short-term capital gains of an individual generally are subject to a maximum U.S. federal income tax rate of 39.6% (in each case, without regard to the net investment income tax discussed below in the section entitled “—Medicare Net Investment Income Tax”). In some limited cases where the U.S. holder actually or constructively owns Lam Research common stock before the merger, such gain may be treated as having the effect of the distribution of a dividend to such U.S. holder under the tests set forth in Section 302 of the Code, in which case such gain would be treated as ordinary dividend income. These rules are complex and dependent upon the specific factual circumstances particular to each U.S. holder. Consequently, each U.S. holder that may be subject to these rules should consult its tax advisor as to their application to the particular facts relevant to such U.S. holder.

Generally, a U.S. holder’s aggregate tax basis in the Lam Research common stock received by such U.S. holder in the merger, including any fractional share deemed received by the U.S. holder under the treatment discussed below in the section entitled “—Cash in Lieu of Fractional Shares,” will equal such U.S. holder’s aggregate tax basis in the KLA-Tencor common stock surrendered in the merger, increased by the amount of taxable gain or dividend income, if any, recognized by such U.S. holder in the merger (other than with respect to any gain recognized on the receipt of cash in lieu of any fractional share of Lam Research common stock), and decreased by the amount of cash, if any, received by such U.S. holder in the merger (other than any cash received in lieu of any fractional share of Lam Research common stock). The holding period for the shares of Lam Research common stock received in the merger, including any fractional share deemed received by the U.S. holder under the treatment discussed below in the section entitled “—Cash in Lieu of Fractional Shares,” generally will include the holding period for the shares of KLA-Tencor common stock exchanged therefor.

Cash in Lieu of Fractional Shares

No fractional shares of Lam Research common stock will be issued to holders of KLA-Tencor common stock pursuant to the mergers. A U.S. holder that receives cash in lieu of any fractional share of Lam Research

Table of Contents

common stock in connection with the merger will generally recognize capital gain or loss measured by the difference between the cash received for such fractional share and the U.S. holder's tax basis in the fractional share. Any capital gain or loss generally will be long-term capital gain or loss if the U.S. holder held the shares of KLA-Tencor common stock for more than one year at the effective time of the merger. Currently, long-term capital gains of an individual generally are subject to a maximum U.S. federal income tax rate of 20% and short-term capital gains of an individual generally are subject to a maximum U.S. federal income tax rate of 39.6% (in each case, without regard to the net investment income tax discussed below in the section entitled "—Medicare Net Investment Income Tax").

Information Reporting and Backup Withholding

Backup withholding, currently at a rate of 28%, may apply with respect to certain payments unless the holder of the KLA-Tencor common stock receiving such payments (1) is an exempt holder (including corporations, tax-exempt organizations, qualified pension and profit-sharing trusts and individual retirement accounts) who, when required, provides certification as to its status; or (2) provides a certificate containing the holder's name, address, correct U.S. federal taxpayer identification number and a statement that the holder is exempt from backup withholding. Additional information regarding the required certifications will be provided in the Letter of Transmittal to holders of KLA-Tencor common stock shortly before the merger is effected.

A U.S. holder of KLA-Tencor common stock who does not provide Lam Research (or the exchange agent) with its correct taxpayer identification number may be subject to penalties imposed by the IRS. Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules may be allowed as a refund or credit against the U.S. holder's U.S. federal income tax liability, provided that the holder timely furnishes certain required information to the IRS.

Reporting Requirements

Each U.S. holder of KLA-Tencor common stock who receives shares of Lam Research common stock in the merger is required to retain records pertaining to the merger pursuant to Treasury Regulations Section 1.368-3(d). U.S. holders who hold 5 percent or more (by vote or value) of the KLA-Tencor common stock immediately prior to the merger or who hold KLA-Tencor common stock with a basis of \$1 million or more will also generally be required to file a statement that contains the information listed in Treasury Regulations Section 1.368-3(b) with their U.S. federal income tax returns for the year of the mergers. Such statement must include the U.S. holder's basis in the shares of KLA-Tencor common stock surrendered in the merger and other information regarding the mergers.

Medicare Net Investment Income Tax

A U.S. holder that is an individual or estate, or a trust that does not fall into a special class of trusts that is exempt from such tax, is subject to a 3.8% tax on the lesser of:

- (1) the U.S. holder's "net investment income" (or "undistributed net investment income" in the case of an estate or trust) for the relevant taxable year, and
- (2) the excess of the U.S. holder's modified adjusted gross income for the taxable year over a certain threshold (which in the case of individuals is between \$125,000 and \$250,000, depending on the individual's circumstances).

For this purpose, net investment income generally includes dividend and net capital gain income, for example, net capital gain recognized with respect to a disposition of shares of KLA-Tencor common stock pursuant to the merger, unless such dividend income or net gain is derived in the ordinary course of the conduct of a trade or business (other than a trade or business that consists of certain passive or trading activities). If you are a U.S. holder that is an individual, estate or trust, please consult your tax advisors regarding the applicability

of the net investment income tax with respect to your disposition of shares of KLA-Tencor common stock pursuant to the merger.

Consequences to Lam Research, KLA-Tencor, Merger Sub 1 and Merger Sub 2

None of Lam Research, KLA-Tencor, Merger Sub 1 or Merger Sub 2 will recognize any gain or loss for U.S. federal income tax purposes as a result of the mergers.

ACCOUNTING TREATMENT

Lam Research prepares its financial statements under existing GAAP standards, which are subject to change and interpretation. The mergers will be accounted for using the acquisition method of accounting with Lam Research being considered the acquiror of KLA-Tencor for accounting purposes. This means that Lam Research will allocate the purchase price to the fair value of KLA-Tencor's tangible and intangible assets and liabilities at the acquisition date, with the excess purchase price being recorded as goodwill. Under the acquisition method of accounting, goodwill is not amortized but is tested for impairment at least annually.

NOTES TO THE UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL STATEMENTS

1. Description of Transaction

On October 20, 2015, Lam Research entered into an Agreement and Plan of Merger and Reorganization with KLA-Tencor, under which KLA-Tencor will ultimately become a direct or indirect wholly-owned subsidiary of Lam Research.

As a result of the merger, Lam Research will pay cash and issue common stock and equity-based awards, subject to certain exceptions, as follows:

- each KLA-Tencor stockholder may elect to receive, for all shares of KLA-Tencor common stock held, one of the following forms of merger consideration, which will be payable on a per share basis:
 - “mixed consideration,” consisting of 0.5 shares of Lam Research common stock and \$32.00 in cash;
 - “all-stock consideration,” consisting of (1) a number of shares of Lam Research common stock equal to 0.5 plus (2) a number of shares of Lam Research common stock equal to \$32.00 divided by the five-trading day VWAP, subject to proration; or
 - “all-cash consideration,” consisting of (1) \$32.00 in cash plus (2) an amount in cash equal to 0.5 times the five-trading day VWAP, subject to proration;
- each then-unvested KLA-Tencor RSU (including performance-based restricted stock units) that is held by a continuing service provider will be converted into a Lam Research RSU with economically equivalent terms as applied immediately prior to the effective time of the merger;
- each share of KLA-Tencor common stock underlying KLA-Tencor RSUs that is vested (after taking into account any acceleration of vesting that occurs at the effective time of the merger) but as to which such share of stock has not yet been issued will be issued as of immediately prior to the effective time of the merger, treated as KLA-Tencor common stock in the merger and converted into the right to receive the merger consideration; and
- each KLA-Tencor stock option will be cancelled and converted into the right to receive an amount of cash (without interest) equal to the product of (a) the number of shares of KLA-Tencor common stock subject to such KLA-Tencor stock option multiplied by (b) (i) the all-cash consideration less (ii) the exercise price per share for such KLA-Tencor option.

At the effective time of the merger, each KLA-Tencor RSU that is unvested and held by an individual who is not a continuing service provider will be cancelled without payment of any consideration.

Lam Research has entered into (1) a senior unsecured term loan agreement which provides up to \$900 million in term loans, subject to certain conditions; and (2) a debt commitment letter which provides for a senior unsecured 364-day bridge facility in a principal amount of up to \$3.3 billion, subject to certain conditions. Lam Research has also entered into an amendment and restatement of its existing revolving credit agreement pursuant to which, among other things, the revolving lenders agreed to increase their aggregate commitments under the revolving credit agreement from \$300 million to \$750 million.

Lam Research intends to fund the cash component of the merger consideration and related fees and expenses and to prepay KLA-Tencor’s term loan of approximately \$671 million with a combination of approximately \$1.9 billion of the combined companies’ balance sheet cash and proceeds of approximately \$3.9 billion under the term loans, the revolving credit agreement and from the issuance of debt securities or, to the extent necessary, borrowings under the bridge facility. Lam Research also expects to guarantee KLA-Tencor’s existing notes in the aggregate principal amount of \$2.5 billion.

Table of Contents

Lam Research intends to pursue financing that would replace or supplement financing available under the bridge facility. There can be no assurance that any replacement or supplemental financing will be available to Lam Research at all or on acceptable terms.

Completion of the merger is subject to certain closing conditions, including but not limited to approval of the issuance of shares of Lam Research common stock to KLA-Tencor stockholders by the Lam Research stockholders, approval of the merger, the merger agreement and the principal terms thereof by the KLA-Tencor stockholders, receipt of all required regulatory approvals, and other customary conditions. The merger agreement contains certain termination rights for both Lam Research and KLA-Tencor and further provides that, Lam Research or KLA-Tencor, as applicable, may be required to pay a termination fee of \$290 million.

2. Basis of Presentation

The unaudited pro forma condensed combined financial information was prepared using the acquisition method of accounting and was based on the historical financial statements of Lam Research and KLA-Tencor. All unaudited pro forma condensed combined financial statements use Lam Research's period end dates.

The acquisition method of accounting is based on Accounting Standards Codification (ASC) Topic 805, Business Combinations, which uses the fair value concepts defined in ASC Topic 820, Fair Value Measurements and Disclosures.

ASC Topic 805 requires, among other things, that assets and liabilities acquired be recognized at their fair values as of the acquisition date. Financial statements of Lam Research issued after completion of the merger will reflect such fair values, measured as of the acquisition date, which may be different than the estimated fair values included in these unaudited pro forma condensed combined financial statements. The financial statements of Lam Research issued after the completion of the merger will not be retroactively restated to reflect the historical financial position or results of operations of KLA-Tencor. In addition, ASC Topic 805 establishes that the consideration transferred be measured at the closing date of the merger at the then-current market price, which will likely result in a purchase price that is different from the amount assumed in these unaudited pro forma condensed combined financial statements.

ASC Topic 820, defines the term "fair value" and sets forth the valuation requirements for any asset or liability measured at fair value, expands related disclosure requirements and specifies a hierarchy of valuation techniques based on the nature of the inputs used to develop the fair value measures. Fair value is defined as "the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date." This is an exit price concept for the valuation of the asset or liability. In addition, market participants are assumed to be buyers and sellers unrelated to Lam Research in the principal (or the most advantageous) market for the asset or liability. Fair value measurements for an asset assume the highest and best use by these market participants. As a result of these standards, Lam Research may be required to record assets which are not intended to be used or sold and/or to value assets at fair value measures that do not reflect Lam Research's intended use of those assets. Many of these fair value measurements can be highly subjective and it is also possible that other professionals, applying reasonable judgment to the same facts and circumstances, could develop and support a range of alternative estimated amounts.

Under ASC 805, acquisition-related transaction costs (such as advisory, legal, valuation, and other professional fees) are not included as a component of consideration transferred and are excluded from the unaudited pro forma condensed combined statements of operations. Such costs will be expensed in the historical statements of operations in the period incurred. Lam Research and KLA-Tencor expect to incur total acquisition-related transaction costs of approximately \$85.0 million and \$63.0 million, respectively. As discussed in Note 7(M), Lam Research's transaction costs have been included in the unaudited pro forma condensed combined balance sheet as of September 27, 2015 and KLA-Tencor's transaction costs have not been included.

3. Accounting Policies

As part of preparing the unaudited pro forma condensed combined financial statements, Lam Research conducted an initial review of the accounting policies of KLA-Tencor to determine if differences in accounting policies require recasting or reclassification of results of operations or reclassification of assets or liabilities to conform to Lam Research's accounting policies and classifications. During the preparation of these unaudited pro forma condensed combined financial statements, Lam Research did not become aware of any material differences between accounting policies of Lam Research and KLA-Tencor except for certain reclassifications necessary to conform to Lam Research's financial statement presentation. The reclassifications made in the preparation of the unaudited pro forma condensed combined financial statements are presented in Notes 6 and 7.

Upon consummation of the merger, a more comprehensive review of the accounting policies of KLA-Tencor will be performed, which may identify other differences among the accounting policies of Lam Research and KLA-Tencor that, when conformed, could have an impact on the unaudited pro forma condensed combined financial statements.

4. Estimate of Consideration Expected to be Transferred

The following is a preliminary estimate of consideration expected to be transferred to effect the acquisition of KLA-Tencor:

<u>(in thousands, except per share amounts)</u>	<u>Conversion Calculation</u>	<u>Estimated Fair Value</u>
KLA-Tencor outstanding stock at September 30, 2015	155,945,694	
KLA-Tencor vested stock awards	1,160,758	
Total KLA-Tencor Shares	157,106,452	
Exchange ratio	0.50	
Lam common stock to be issued	78,553,226	
Per share price of Lam common stock as of January 7, 2016	\$ 71.71	
Estimated fair value of Lam common stock to be issued		\$ 5,633,052
Cash to be paid		5,039,408
Cash paid on behalf of KLA-Tencor to terminate existing term loan		671,250
Vested restricted stock units and performance restricted stock units consideration		21,205
Estimated purchase price consideration⁽¹⁾		<u><u>\$11,364,915</u></u>

- (1) The estimated consideration expected to be transferred reflected in these unaudited pro forma condensed combined financial statements does not purport to represent what the actual consideration transferred will be when the merger is completed. In accordance with ASC Topic 805, the fair value of equity securities issued as part of the consideration transferred will be measured on the closing date of the merger at the then-current market price. This requirement will likely result in a per share equity component different from the \$71.71 closing price of Lam Research common stock on January 7, 2016 that is assumed in these unaudited pro forma condensed combined financial statements, and that difference may be material. Lam Research believes that an increase or decrease by as much as 10% in the Lam Research common stock price on the closing date of the merger from the common stock price assumed in these unaudited pro forma condensed combined financial statements is reasonably possible based upon the recent history of Lam Research's common stock price. A change in the estimated fair value of Lam Research's share price of 10% would increase or decrease the consideration paid as follows, with a corresponding increase or decrease in the goodwill recorded in connection with the merger.

5. Estimate of Assets to be Acquired and Liabilities to be Assumed

The following is a preliminary estimate of the assets to be acquired and the liabilities to be assumed by Lam Research in the merger, reconciled to the estimate of consideration expected to be transferred:

	(in thousands)
Net book value of assets acquired as of September 27, 2015	\$ 294,441
Less: write off of existing KLA-Tencor goodwill	(335,218)
Less: write off of existing KLA-Tencor intangible assets	(8,242)
Add: KLA-Tencor term loan	671,250
Adjusted net book value of assets acquired as of September 27, 2015	<u>\$ 622,231</u>
Adjustments:	
Property and equipment	\$ 148,348
Identifiable intangible assets	5,630,000
Inventory	534,504
Debt issuance costs	(16,583)
Deferred revenue	152,858
Deferred taxes	(1,546,284)
Goodwill	5,839,841
Total net assets acquired	<u>\$ 11,364,915</u>

The preliminary valuation of assets acquired and liabilities assumed performed for the purposes of these unaudited pro forma condensed combined financial statements was primarily limited to the identification and valuation of intangible assets, property and equipment, inventory, deferred revenue and taxes. Lam Research believes this was an appropriate approach based on a review of similar acquisitions, which appeared to indicate that the most significant and material portion of the purchase price would be allocated to identifiable intangible assets. Lam Research will continue to refine its identification and valuation of assets to be acquired and the liabilities to be assumed as further information becomes available.

The following is a discussion of the adjustments made to KLA-Tencor's assets and liabilities in connection with the preparation of these unaudited pro forma condensed combined financial statements:

Property and equipment: As of the effective time of the merger, property, equipment and software is required to be measured at fair value, unless those assets are classified as held-for-sale on the acquisition date. The acquired assets can include assets that are not intended to be used or sold, or that are intended to be used in a manner other than their highest and best use. For purposes of these unaudited pro forma condensed combined financial statements, the fair value of property and equipment has been determined primarily through the use of either the sales comparison method or the depreciated replacement cost method. The sales comparison method is a form of the "market approach" in which the value of the asset is estimated based on the market price of an asset of comparable features such as location and size. The depreciated replacement cost method is a form of the "cost approach" in which the value of the asset is estimated based on the cost to replace the asset with an asset of comparable utility and adjusting for physical deterioration, functional obsolescence and economic obsolescence.

Lam Research does not have sufficient information at this time as to the specific types, nature, age, condition or location of these assets to perform a final valuation. However, for the purposes of these unaudited pro forma condensed combined financial statements, using currently available information, such as

Table of Contents

KLA-Tencor's balance sheet, fixed asset register, high-level discussions with company management, real estate information and certain other high-level assumptions, the fair value of property and equipment were estimated by Lam Research management and were as follows:

(in thousands, except years)	Estimated Average Useful Lives (years)	Estimated Fair Value September 27, 2015
Land	—	\$ 40,388
Buildings and improvements	20 - 40	120,000
Leasehold improvements	8 - 12	105,000
Machinery and equipment	3 - 8	145,900
Computer & Office Equipment	2 - 5	19,000
Computer software	2 - 5	6,400
Furniture & Fixtures	6 - 8	9,600
Construction in progress	—	4,928
Total		\$ 451,216

These preliminary estimates of fair value and weighted-average useful life will likely be different from the final acquisition accounting, and the difference could have a material impact on the accompanying pro forma condensed combined financial statements.

Intangible assets: As of the effective time of the merger, identifiable intangible assets are required to be measured at fair value and these acquired assets could include assets that are not intended to be used or sold or that are intended to be used in a manner other than their highest and best use. For purposes of these unaudited pro forma condensed combined financial statements, it is assumed that all assets will be used in a manner that represents their highest and best use. Based on internal assessments as well as discussions with KLA-Tencor, Lam Research identified the following significant intangible assets: customer relationships, technology, and in-process research and development.

For purposes of these unaudited pro forma condensed combined financial statements, the fair value of these intangible assets has been determined primarily through the use of the "income approach," which requires an estimate or forecast of all the expected future cash flows through the use of either the multi-period excess earnings method or the relief-from-royalty method.

At this time, Lam Research does not have sufficient information as to the amount, timing and risk of the estimated future cash flows needed to perform a final valuation of customer relationships, technology, backlog, or in-process research and development. Some of the more significant assumptions inherent in the development of estimated cash flows, from the perspective of a market participant, include: the amount and timing of projected future cash flows (including revenue, cost of revenue, sales and marketing expenses, working capital, capital expenditures and contributory asset charges) and the discount rate selected to measure the risks inherent in the projections of future cash flows. However, for the purposes of these unaudited pro forma condensed combined financial statements, using currently available information, such as KLA-Tencor's historical and projected revenues, customer attrition rates, cost structure and certain other high-level assumptions, the fair value of the customer relationships, technology, backlog, and in-process research and development were estimated by Lam Research management.

These preliminary estimates of fair value and weighted-average useful life will likely be different from the final acquisition accounting, and the difference could have a material impact on the accompanying pro forma condensed combined financial statements. Once Lam Research has full access to the specifics of KLA-Tencor's intangible assets, additional insight will be gained that could impact: (i) the estimated total value assigned to intangible assets, and (ii) the estimated useful life of each category of intangible assets. The estimated intangible asset values and their useful lives could be impacted by a variety of factors that may become known to Lam

Table of Contents

Research only upon access to additional information and/or changes in such factors that may occur prior to the effective time of the merger. For each \$100 million change in the fair value of identifiable intangible assets, there could be an annual change in amortization expense—increase or decrease—of approximately \$12.7 million (\$3.2 million per quarter), assuming a weighted-average useful life of 8 years.

Inventory: As of the effective time of the merger, inventory is required to be measured at fair value. KLA-Tencor's inventory consists of raw materials, work in process, finished goods and spare parts. For purposes of these unaudited pro forma condensed combined financial statements, the preliminary fair value of inventory has been determined based on currently available information and certain high-level assumptions and may be different from the final acquisition accounting, and the difference could have an impact on the accompanying pro forma condensed combined financial statements. Raw materials were valued based on KLA-Tencor's current net book values. Work in process, finished goods and spare parts were valued using the comparative sales method, which estimates the expected sales price of the subject inventory, reduced for all costs expected to be incurred in its completion (for work in process), disposition and a profit on those efforts.

Deferred revenue: Deferred revenue in the context of a business combination represents an obligation to provide future products or services to a customer when payment for such products or services has been made prior to the products being delivered or services being rendered. A certain portion of KLA-Tencor's deferred revenue is for tools that have been delivered to the customer and for which KLA-Tencor is awaiting installation or customer acceptance. Therefore there are only minimal future costs required to secure customer acceptance of the tools. Accordingly, Lam Research reduced the balance of deferred revenue as of September 27, 2015 by \$152.9 million for the preliminary estimate of the portion of deferred revenue for which future costs exists.

Debt: As of the effective time of the merger, debt is required to be measured at fair value. The fair value of KLA-Tencor's notes payable have been determined using readily available market information. It has been preliminarily determined that book value approximates fair value. In addition, Lam Research intends to extinguish KLA-Tencor's term loan at transaction close.

Deferred income taxes: As of the effective time of the merger, Lam Research will provide deferred taxes and other tax adjustments as part of the accounting for the acquisition, primarily related to the estimated fair value adjustments for acquired intangibles. The \$1.5 billion net increase to deferred tax liabilities included in the unaudited pro forma condensed combined balance sheet reflects the summation of those adjustments. These estimates are based on a preliminary valuation and are subject to further review by Lam Research's management, which may result in material adjustments at the closing date of the merger.

To account for the combined results, Lam Research has decreased the pro forma combined provision for income taxes by \$197.2 million for the year ended June 28, 2015 and decreased the pro forma combined provision for income taxes by \$49.6 million for the three months ended September 27, 2015.

Other Assets/Liabilities: Adjustments to KLA-Tencor's remaining assets and liabilities may also be necessary, however at this time Lam Research has limited knowledge as to the specific details and nature of those assets and liabilities necessary in order to make adjustments to those values. However, since the majority of the remaining assets and liabilities are current assets and liabilities, Lam Research believes that the current KLA-Tencor book values for these assets represent reasonable estimates of fair value or net realizable value, as applicable. Lam Research does not anticipate that the actual adjustments for these assets and liabilities on the closing date will be materially different.

Goodwill: Goodwill is calculated as the difference between the acquisition date fair value of the consideration expected to be transferred and the values assigned to the assets acquired and liabilities assumed. Goodwill is not amortized but rather subject to an annual fair value impairment test.

These estimated fair values and useful lives are considered preliminary and are subject to change at the closing date of the transaction. Accordingly, the estimates related to deferred taxes are also subject to change. Changes in fair value or useful lives of the acquired intangible assets may be material. Determination of the estimated remaining useful lives of the individual categories of intangible assets was based on the nature of the applicable intangible asset and the expected future cash flows to be derived from the intangible asset. The acquired finite-lived intangible assets are being amortized over the estimated useful life in proportion to the economic benefits consumed using the straight-line method. - (M)** Transaction costs—To record estimated costs related directly to the transaction of approximately \$85.0 million, including estimated investment banking, legal and accounting fees, and other external costs directly related to the merger. No transaction costs were incurred during the periods covered by the historical results of operations. To the extent that Lam Research or KLA-Tencor incur such costs in the future they will be expensed in the statements of operations of the respective companies in the periods incurred. However, any such costs recorded in the historical statements of operations would be reversed for pro forma statement of operations purposes as they would not be expected to have a continuing impact beyond the next twelve months.

APPRAISAL RIGHTS

General

This section summarizes certain material provisions of Delaware law pertaining to appraisal rights. The following discussion, however, is not a full summary of the law pertaining to appraisal rights under the DGCL and is qualified in its entirety by the full text of Section 262 of the DGCL that is attached to this proxy statement as Annex D. All references in Section 262 of the DGCL to “stockholder” are to the record holder of the shares of KLA-Tencor common stock. The following discussion does not constitute any legal or other advice, nor does it constitute a recommendation as to whether or not you should exercise your right to seek appraisal under Section 262 of the DGCL.

If you hold one or more shares of KLA-Tencor common stock, you are entitled to appraisal rights under Delaware law and have the right to demand appraisal of your shares in connection with the merger, have your shares appraised by the Court of Chancery and receive the “fair value” of such shares (as determined by the Court of Chancery, exclusive of any element of value arising from the accomplishment or expectation of the mergers) as of the completion of the merger in place of the merger consideration, if you comply with the procedures specified in Section 262 of the DGCL. Any such KLA-Tencor stockholder awarded “fair value” for the holder’s shares by the court would receive payment of that fair value in cash, together with interest, if any, in lieu of the right to receive the merger consideration. It is possible that any such “fair value” as determined by the Court of Chancery may be more or less than, or the same as, that which KLA-Tencor stockholders will receive pursuant to the merger agreement.

Under Section 262 of the DGCL, given that KLA-Tencor stockholders are being asked to approve the Merger proposal at a meeting of stockholders, KLA-Tencor, not less than 20 days prior to the special meeting, must notify each stockholder who was a KLA-Tencor stockholder on the record date for notice of such meeting and who is entitled to exercise appraisal rights, that appraisal rights are available and include in the notice a copy of Section 262 of the DGCL. This joint proxy statement/prospectus constitutes the required notice, and the copy of applicable statutory provisions is attached to this joint proxy statement/prospectus as Annex D.

A HOLDER OF KLA-TENCOR COMMON STOCK WHO WISHES TO EXERCISE APPRAISAL RIGHTS OR WHO WISHES TO PRESERVE THE RIGHT TO DO SO SHOULD REVIEW THE FOLLOWING DISCUSSIONS AND ANNEX D CAREFULLY. FAILURE TO COMPLY WITH THE PROCEDURES OF SECTION 262 OF THE DGCL IN A TIMELY AND PROPER MANNER WILL RESULT IN THE LOSS OF APPRAISAL RIGHTS. BECAUSE OF THE COMPLEXITY OF THE PROCEDURES FOR EXERCISING THE RIGHT TO SEEK APPRAISAL, IF YOU WISH TO EXERCISE YOUR APPRAISAL RIGHTS, YOU SHOULD CONSULT WITH YOUR OWN LEGAL AND FINANCIAL ADVISORS IN CONNECTION WITH COMPLIANCE UNDER SECTION 262 OF THE DGCL. A KLA-TENCOR STOCKHOLDER WHO LOSES HIS, HER OR ITS APPRAISAL RIGHTS WILL BE ENTITLED TO RECEIVE THE APPLICABLE MERGER CONSIDERATION.

How to Exercise and Perfect your Appraisal Rights

If you are a KLA-Tencor stockholder and wish to exercise the right to seek an appraisal of your shares of KLA-Tencor common stock, you must comply with ALL of the following:

- you must not vote in favor of the Merger proposal. Because a proxy that is signed and submitted but does not otherwise contain voting instructions will, unless revoked, be voted in favor of the Merger proposal, if you vote by proxy and wish to exercise your appraisal rights you must vote against the Merger proposal or abstain from voting your shares;
- you must deliver to KLA-Tencor a written demand for appraisal before the vote on the Merger proposal at the special meeting, and such demand must reasonably inform KLA-Tencor of your identity and your intention to demand appraisal of your shares of KLA-Tencor common stock. The written demand for appraisal must be in addition to and separate from any proxy or vote;

Table of Contents

- you must continuously hold your shares of KLA-Tencor common stock from the date of making the demand through the effective time of the merger. You will lose your appraisal rights if you transfer the shares before the effective time of the merger; and
- you, another stockholder, an appropriate beneficial owner or the surviving company must file a petition in the Court of Chancery requesting a determination of the fair value of the shares of KLA-Tencor common stock within 120 days after the effective time of the merger. The surviving company is under no obligation to file any such petition in the Court of Chancery and has no intention of doing so. Accordingly, it is the obligation of KLA-Tencor stockholders to initiate all necessary action to perfect their appraisal rights in respect of shares of KLA-Tencor common stock within the time prescribed in Section 262 of the DGCL.

Who May Exercise Appraisal Rights

Only a holder of record of shares of KLA-Tencor common stock issued and outstanding immediately prior to the effective time of the merger may assert appraisal rights for the shares of KLA-Tencor stock registered in that holder's name. A demand for appraisal must be executed by or on behalf of the stockholder of record. The demand should set forth, fully and correctly, the stockholder's name as it appears on the stock certificates (or in the stock ledger). The demand must reasonably inform KLA-Tencor of the identity of the stockholder and that the stockholder intends to demand appraisal of his, her or its KLA-Tencor common stock. Beneficial owners who do not also hold their shares of KLA-Tencor common stock of record may not directly make appraisal demands to KLA-Tencor. The beneficial owner must, in such cases, have the holder of record, such as a bank, broker or other nominee, submit the required demand in respect of those shares of KLA-Tencor common stock of record. A holder of record, such as a bank, broker or other nominee, who holds shares of KLA-Tencor common stock as a nominee or intermediary for others, may exercise his, her or its right of appraisal with respect to the shares of KLA-Tencor common stock held for one or more beneficial owners, while not exercising this right for other beneficial owners. In that case, the written demand should state the number of shares of KLA-Tencor common stock as to which appraisal is sought. Where no number of shares of KLA-Tencor common stock is expressly mentioned, the demand will be presumed to cover all shares of KLA-Tencor common stock held in the name of the holder of record.

IF YOU HOLD YOUR SHARES IN BANK OR BROKERAGE ACCOUNTS OR OTHER NOMINEE FORMS, AND YOU WISH TO EXERCISE APPRAISAL RIGHTS, YOU SHOULD CONSULT WITH YOUR BANK, BROKER OR NOMINEE TO DETERMINE THE APPROPRIATE PROCEDURES FOR THE BANK, BROKERAGE FIRM OR OTHER NOMINEE TO MAKE A DEMAND FOR APPRAISAL OF THOSE SHARES. IF YOU HAVE A BENEFICIAL INTEREST IN SHARES HELD OF RECORD IN THE NAME OF ANOTHER PERSON, SUCH AS A NOMINEE OR INTERMEDIARY, YOU MUST ACT PROMPTLY TO CAUSE THE HOLDER OF RECORD TO FOLLOW PROPERLY AND IN A TIMELY MANNER THE STEPS NECESSARY TO PERFECT YOUR APPRAISAL RIGHTS. IF YOU HOLD YOUR SHARES THROUGH A BANK OR BROKERAGE WHO IN TURN HOLDS THE SHARES THROUGH A CENTRAL SECURITIES DEPOSITORY NOMINEE, SUCH AS THE DEPOSITORY TRUST COMPANY, A DEMAND FOR APPRAISAL OF SUCH SHARES MUST BE MADE BY OR ON BEHALF OF THE DEPOSITORY NOMINEE AND MUST IDENTIFY THE DEPOSITORY NOMINEE AS THE HOLDER OF RECORD.

If you own shares of KLA-Tencor common stock jointly with one or more other persons, as in a joint tenancy or tenancy in common, demand for appraisal must be executed by or for you and all other joint owners. An authorized agent, including an agent for two or more joint owners, may execute the demand for appraisal for a stockholder of record; however, the agent must identify the holder or holders of record and expressly disclose the fact that, in exercising the demand, such person is acting as agent for the holder or holders of record. If you hold shares of KLA-Tencor common stock through a nominee or intermediary who in turn holds the shares through a central securities depository nominee such as Cede & Co., a demand for appraisal of such shares must be made by or on behalf of the depository nominee and must identify the depository nominee as record holder.

If you elect to exercise appraisal rights under Section 262 of the DGCL, you should mail or deliver a written demand to:

KLA-Tencor Corporation
One Technology Drive
Milpitas, California 95035
Attention: Corporate Secretary

At any time within 60 days after the effective time of the merger, any dissenting stockholder of KLA-Tencor common stock who has not commenced an appraisal proceeding or joined that proceeding as a named party will have the right to withdraw such demand for appraisal and to accept the terms offered in the merger agreement and as described herein, *i.e.*, the right to receive the mixed consideration unless the stockholder elected the all-cash consideration or the all-stock consideration in accordance with the election procedures described in the section entitled “The Merger Agreement—Election Procedures and Proration;” after this period, the stockholder may withdraw such demand for appraisal only with the consent of KLA-Tencor. Any stockholder may withdraw such stockholder’s demand for appraisal by delivering to KLA-Tencor a written withdrawal of his, her or its demand for appraisal and acceptance of the consideration offered pursuant to the merger agreement, except (1) that any such attempt to withdraw made more than 60 days after the effective time of the merger will require written approval of KLA-Tencor; and (2) that no appraisal proceedings in the Court of Chancery will be dismissed as to any dissenting stockholder without the approval of the Court of Chancery, and this approval may be conditioned upon terms which the Court of Chancery deems just, provided, however, that this provision shall not affect the right of any stockholder who has not commenced an appraisal proceeding or joined that proceeding as a named party to withdraw such stockholder’s demand for appraisal and to accept the terms offered pursuant to the merger agreement within 60 days after the effective time of the merger.

The shares of KLA-Tencor common stock subject to appraisal will be appraised by the Court of Chancery at the fair value thereof as of the effective time of the merger exclusive of any element of value arising from the accomplishment or expectation of the merger, together with interest, if any, to be paid upon the amount determined to be the fair value. Unless the Court of Chancery in its discretion determines otherwise for good cause shown, interest from the effective time of the merger through the date of payment of the judgment will be compounded quarterly and will accrue at 5% over the Federal Reserve discount rate (including any surcharge) as established from time to time during the period between the effective time of the merger and the date of payment of the judgment. In determining the fair value of the KLA-Tencor common stock, the court is to take into account all relevant factors, as further described in relevant Delaware case law.

Upon the terms and subject to the satisfaction or waiver of the conditions set forth in this Agreement, and in accordance with the DGCL, (a) at the First Effective Time, Merger Sub 1 shall be merged with and into the Company, whereupon the separate existence of Merger Sub 1 will cease, with the Company surviving the First Merger (the Company, as the surviving entity in the First Merger, sometimes being referred to herein as the "First Surviving Corporation"), and (b) immediately thereafter, and as part of the same plan, at the Second Effective Time, the First Surviving Corporation shall be merged with and into Merger Sub 2, whereupon the separate existence of the First Surviving Corporation will cease, with Merger Sub 2 surviving the Second Merger (Merger Sub 2, as the surviving entity of the Second Merger, sometimes being referred to herein as the "Ultimate Surviving Corporation"). The Mergers shall have the effects provided in this Agreement and as specified in the DGCL.

Section 1.2 Closing. The closing of the Mergers (the "Closing") will take place at 7:00 a.m., Pacific Time, at the offices of Jones Day, 1755 Embarcadero Road, Palo Alto, California, on the fifth business day after the satisfaction or waiver of the last of the conditions set forth in Article VII to be satisfied or (to the extent permitted) waived (other than any such conditions that by their nature are to be satisfied at the Closing, but subject to the satisfaction or (to the extent permitted) waiver of such conditions at the Closing) (the date of such satisfaction or waiver, the "Condition Satisfaction Date"), or on such other date or at such other place that is agreed to in writing by the Company and Parent. The date on which the Closing actually takes place is referred to as the "Closing Date".

ARTICLE II

TREATMENT OF SECURITIES

Section 2.1 Conversion of Capital Stock.

(a) Treatment of Company Common Stock and Allocation. (i) Each such Company Share that is a Cash Election Share shall be converted into the right to receive cash in an amount (such amount, the “Per Share Cash Consideration”) equal to the sum of (A) \$32.00 (such amount, the “Average Cash Per Share”) and (B) the product of (x) 0.5 (such number of shares, the “Average Parent Stock Per Share”) multiplied by (y) the VWAP of Parent Stock. The Per Share Cash Consideration shall be subject to proration as set forth in Section 2.1(a)(iv).

(ii) Each such Company Share that is a Stock Election Share shall be converted into the right to receive a number of Parent Shares (such number, the “Per Share Stock Consideration”) equal to the sum of (A) the Average Parent Stock Per Share and (B) the quotient of (x) the Average Cash Per Share divided by (y) the VWAP of Parent Stock. The Per Share Stock Consideration shall be subject to proration as set forth in Section 2.1(a)(v).

(iii) Each such Company Share that is an Undesignated Share or a Mixed Election Share shall be converted into the right to receive the combination (such combination, the “Per Share Mixed Consideration”) of (A) the Average Cash Per Share and (B) a number of Parent Shares equal to the Average Parent Stock Per Share.

(A) each Stock Election Share (other than Excluded Shares) shall be converted into the right to receive the Per Share Stock Consideration, and

(B) each Cash Election Share (other than Excluded Shares) shall be converted into the right to receive both (x) an amount in cash equal to the quotient of the Available Cash for Cash Election divided by the aggregate number of Cash Election Shares (such amount, the “Satisfied Per Share Cash Consideration”) and (y) a number of Parent Shares equal to (i) the Per Share Cash Consideration minus the Satisfied Per Share Cash Consideration divided by (ii) the VWAP of Parent Stock.

(v) In the event that the aggregate number of Stock Election Shares exceeds the Stock Election Number, then:

(A) each Cash Election Share (other than Excluded Shares) shall be converted into the right to receive the Per Share Cash Consideration, and

(vi) The Exchange Agent shall make all computations, in consultation with Parent and the Company, as to the allocation and the proration contemplated by this Section 2.1(a), and any such computation shall be conclusive and binding on the Company stockholders. Parent and the Company may agree to make such rules as are consistent with this Agreement for implementation of the provisions of this Section 2.1(a) as shall be necessary or desirable to fully effect such provisions.

From and after the First Effective Time, all such Company Shares shall no longer be outstanding and shall automatically be cancelled and shall cease to exist, and each applicable holder of such Company Shares shall cease to have any rights with respect thereto, except the right to receive, upon the surrender of such Company Shares in accordance with Section 2.2, the Per Share Stock Consideration, Per Share Cash Consideration or Per Share Mixed Consideration (subject to the proration and adjustment of the Per Share Cash Consideration pursuant to Section 2.1(a)(iv) and the Per Share Stock Consideration pursuant to Section 2.1(a)(v)) and cash in lieu of fractional shares of Parent Stock, if any, pursuant to Section 2.6 (the “Fractional Share Consideration”), into which such Company Shares have been converted pursuant to this Section 2.1(a), together with the amounts, if any, payable pursuant to Section 2.2(f) (such amounts, the “Per Share Merger Consideration”).

(b) Election Procedure.

(i) Election Forms and Types of Elections. An election form in such form and substance as designated by Parent and reasonably acceptable to the Company (the “Election Form”) shall be delivered by the Company with the Joint Proxy Statement to each holder of record of Company Shares as of the Company Record Date and to each holder of a vested Company RSU. Parent shall make available one or more Election Forms as may be reasonably requested by any Person who becomes a holder of record of Company Shares or holder of a vested Company RSU after the Company Record Date and prior to the Election Deadline. which the holder (or indirectly the beneficial owner) shall not have submitted to the Exchange Agent an effective, properly completed Election Form prior to the Election Deadline shall be deemed to be "Undesignated Shares" under this Agreement.

(ii) Proper and Timely Election. Any Election shall have been properly made and effective only if the Exchange Agent shall have actually received a properly completed Election Form by 6:00 a.m. Pacific Time on the fourth business day after the Condition Satisfaction Date (or such other time and date as the Company and Parent may mutually agree) (the "Election Deadline"); *provided*, that (A) at least three business days prior to the Election Deadline, Parent shall publish a press release announcing the Election Deadline and (B) promptly following the close of trading on NASDAQ on the business day immediately preceding the day of the Election Deadline, Parent shall publish a press release announcing the VWAP of Parent Stock. An Election Form shall be deemed properly completed only if an Election is indicated for each Company Share covered by such Election Form. Any Election Form may be revoked or changed by the Person submitting such Election Form by delivery of a revocation or new Election Form that is actually received by the Exchange Agent prior to the Election Deadline. In the event an Election Form is timely revoked prior to the Election Deadline, the Company Shares represented by such Election Form shall automatically become Undesignated Shares unless and until a new Election is properly made with respect to such Company Shares on or before the Election Deadline. Subject to the terms of this Agreement and of the Election Form, Parent shall have discretion, which it may delegate in whole or in part to the Exchange Agent, to determine whether any election, revocation or change has been properly or timely made and to disregard immaterial defects in the Election Forms. Any decisions of Parent required by the Exchange Agent made in good faith in determining such matters shall be binding and conclusive. Neither Parent nor the Exchange Agent shall be under any obligation to notify any Person of any defect in an Election Form.

(c) Cancellation of Company Common Stock. At the First Effective Time, all Company Shares owned by any Company Subsidiary, Parent, the Merger Subs or any of their respective Subsidiaries shall be cancelled and shall cease to exist, and no consideration shall be delivered in exchange therefor.

(d) Treatment of Merger Sub 1 Capital Stock. At the First Effective Time, each issued and outstanding share of common stock of Merger Sub 1 shall be automatically converted into and become one fully paid and nonassessable share of common stock of the First Surviving Corporation and shall constitute the only outstanding shares of capital stock of the First Surviving Corporation.

(e) Effect of Second Merger. At the Second Effective Time, by virtue of the Second Merger and without any action on the part of any of the Parties or holders of any securities of the First Surviving Corporation or of Merger Sub 2,

(i) Each share of capital stock of the First Surviving Corporation issued and outstanding immediately prior to the Second Effective Time shall be cancelled and retired and shall cease to exist, and no consideration shall be delivered therefor; and

(ii) Each share of common stock of Merger Sub 2 issued and outstanding immediately prior to the Second Effective Time shall be automatically converted into and become one fully paid and nonassessable share of common stock of the Ultimate Surviving Corporation and shall constitute the only outstanding shares of capital stock of the Ultimate Surviving Corporation.

(f) Adjustment. Any number or amount herein that is based upon the price of the Parent Stock or the number or fraction of shares of Company Common Stock or Parent Stock, as the case may be, and the Average Cash Per Share and/or Average Parent Stock Per Share, as applicable, shall be adjusted appropriately to reflect the effect of any stock split, reverse stock split, stock dividend (including any dividend or distribution of securities convertible into Company Common Stock or Parent Stock, as applicable), reorganization, recapitalization, reclassification, combination, exchange of shares or other like change with respect to the number of shares of Company Common Stock or Parent Stock outstanding after the date hereof and prior to the First Effective Time.

Section 2.2 Payment for Securities; Surrender of Certificates

(a) Exchange Fund. Prior to the First Effective Time, Parent or Merger Sub 1 shall designate a bank or trust company reasonably acceptable to the Company to act as the exchange agent in connection with the First Merger (the "Exchange Agent"). The Exchange Agent shall also act as the agent for the holders of Company Common Stock for the purpose of receiving and holding their Certificates and Book-Entry Shares and shall obtain no rights or interests in the shares represented thereby. At or promptly after the First Effective Time, Parent or Merger Sub 1 shall deposit, or cause to be deposited, with the Exchange Agent (i) evidence of Parent Stock issuable pursuant to Section 2.1(a) in book-entry form equal to the aggregate Per Share Stock Consideration, and (ii) cash in immediately available funds in an amount sufficient to pay the aggregate amount of Per Share Cash Consideration, Fractional Share Consideration and any dividends under Section 2.2(f) to be paid in connection with the First Merger (such evidence of book-entry shares of Parent Stock and cash amounts, together with any dividends or other distributions with respect thereto, the "Exchange Fund"), in each case, for the sole benefit of the former holders of Company Shares. In the event that the Exchange Fund shall be insufficient to pay the aggregate amount of all Per Share Cash Consideration, Fractional Share Consideration and any dividends under Section 2.2(f), Parent shall, or shall cause Merger Sub 1 to, promptly deposit additional funds with the Exchange Agent in an amount which is equal to the deficiency in the amount required to make such payment. Parent shall cause the Exchange Agent to make, and the Exchange Agent shall make, delivery of the Per Share Merger Consideration out of the Exchange Fund in accordance with this Agreement. The Exchange Fund shall not be used for any purpose that is not expressly provided for in this Agreement. The cash portion of the Exchange Fund shall be invested by the Exchange Agent as reasonably directed by Parent; *provided, however*, that (1) any investment of such cash shall in all events be limited to direct short-term obligations of, or short-term obligations fully guaranteed as to principal and interest by, the U.S. government, in commercial paper rated P-1 or A-1 or better by Moody's Investors Service, Inc. or Standard & Poor's Corporation, respectively, or in certificates of deposit, bank repurchase agreements or banker's acceptances of commercial banks with capital exceeding \$10 billion (based on the most recent financial statements of such bank that are then publicly available), and (2) no such investment or loss thereon shall affect the amounts payable to holders of Certificates or Book-Entry Shares pursuant to this Article II. Any interest and other income resulting from such investments shall be paid to Parent or the Ultimate Surviving Corporation (at the election of Parent) on the earlier of (A) one year after the First Effective Time or (B) the full payment of the Exchange Fund.

(b) Procedures for Surrender. Promptly after the First Effective Time, Parent shall, and shall cause the Ultimate Surviving Corporation to, cause the Exchange Agent to mail to each holder of record of a certificate or certificates which immediately prior to the First Effective Time represented outstanding Company Shares (the "Certificates") or non-certificated Company Shares represented by book-entry ("Book-Entry Shares") and whose Company Shares each were converted pursuant to Section 2.1 into the right to receive the Per Share Merger Consideration (i) a letter of transmittal, which shall specify that delivery shall be effected, and risk of loss and title to the Certificates shall pass, only upon delivery of the Certificates (or affidavits of loss in lieu thereof) to the Exchange Agent and shall be in such form and have such other provisions as Parent may reasonably specify and (ii) instructions for effecting the surrender of the Certificates (or affidavits of loss in lieu thereof) or Book-Entry Shares in exchange for payment of the Per Share Merger Consideration into which such Company Shares have been converted pursuant to Section 2.1, including any amount payable in respect of Fractional Share Consideration in accordance with Section 2.6, and any dividends or other distributions on shares of Parent Stock in accordance with Section 2.2(f). Upon surrender of a Certificate (or an affidavit of loss in lieu thereof) or Book-Entry Share for cancellation to the Exchange Agent or to such other agent or agents as may be appointed by Parent or the Ultimate Surviving Corporation, together with such letter of transmittal duly completed and validly executed in accordance with the instructions thereto, and such other documents as may be required pursuant to such instructions, the holder of such Certificate or Book-Entry Share shall be entitled to receive in exchange therefor the applicable Per Share Merger Consideration pursuant to the provisions of this Article II for each Company Share formerly represented by such Certificate or Book-Entry Share, to be delivered within ten business days following the later to occur of (x) the First Effective Time or (y) the Exchange Agent's receipt of such Certificate (or affidavit of loss in lieu thereof) or Book-Entry Share, and the Certificate (or affidavit of loss

in lieu thereof) or Book-Entry Share so surrendered shall be forthwith cancelled. The Exchange Agent shall accept such Certificates (or affidavits of loss in lieu thereof) or Book-Entry Shares upon compliance with such reasonable terms and conditions as the Exchange Agent may impose to effect an orderly exchange thereof in accordance with normal exchange practices. If payment of the Per Share Merger Consideration is to be made to a Person other than the Person in whose name the surrendered Certificate is registered, it shall be a condition precedent of payment that (A) the Certificate so surrendered shall be properly endorsed or shall be otherwise in proper form for transfer and (B) the Person requesting such payment shall have paid any transfer and other similar Taxes required by reason of the payment of the Per Share Merger Consideration to a Person other than the registered holder of the Certificate surrendered or shall have established to the satisfaction of the Ultimate Surviving Corporation that such Tax either has been paid or is not required to be paid. Payment of the applicable Per Share Merger Consideration with respect to Book-Entry Shares shall only be made to the Person in whose name such Book-Entry Shares are registered. Until surrendered as contemplated by this Section 2.2, each Certificate and Book-Entry Share shall be deemed at any time after the First Effective Time to represent only the right to receive the applicable Per Share Merger Consideration as contemplated by this Article II, without interest thereon.

(c) Transfer Books: No Further Ownership Rights in Company Shares. At the First Effective Time, the stock transfer books of the Company shall be closed and thereafter there shall be no further registration of transfers of Company Shares on the records of the Company. From and after the First Effective Time, the holders of Certificates or Book-Entry Shares outstanding immediately prior to the First Effective Time shall cease to have any rights with respect to the Company Shares formerly represented thereby except as otherwise provided for herein or by applicable Law. If, after the First Effective Time, Certificates or Book-Entry Shares are presented to the Ultimate Surviving Corporation for any reason, they shall be cancelled and exchanged as provided in this Agreement.

(d) Termination of Exchange Fund and Exchange Trust: No Liability. At any time following 12 months after the First Effective Time, Parent shall be entitled to require the Exchange Agent to deliver to it any funds (including any interest received with respect thereto) remaining in the Exchange Fund and the Exchange Trust that have not been disbursed, or for which disbursement is pending subject only to the Exchange Agent's routine administrative procedures, to holders of Certificates or Book-Entry Shares, and thereafter such holders shall be entitled to look only to the Ultimate Surviving Corporation and Parent (subject to abandoned property, escheat or other similar Laws) as general creditors thereof with respect to the applicable Per Share Merger Consideration, payable upon due surrender of their Certificates or Book-Entry Shares and compliance with the procedures in Section 2.2(b), without any interest thereon. Notwithstanding the foregoing, none of the Ultimate Surviving Corporation, Parent, Merger Subs, or the Exchange Agent shall be liable to any holder of a Certificate or Book-Entry Share for any Per Share Merger Consideration, dividends, or other amounts properly delivered to a public official pursuant to any applicable abandoned property, escheat or similar Law.

(e) Lost, Stolen or Destroyed Certificates. In the event that any Certificates shall have been lost, stolen or destroyed, the Exchange Agent shall issue in exchange for such lost, stolen or destroyed Certificates, upon the making of an affidavit of that fact by the holder thereof (such affidavit to be in a form reasonably satisfactory to Parent and the Exchange Agent), the Per Share Merger Consideration payable in respect thereof pursuant to Section 2.1 hereof, including any amount payable in respect of Fractional Share Consideration in accordance with Section 2.6, and any dividends or other distributions on shares of Parent Stock in accordance with Section 2.2(f); *provided, however*, that Parent may, in its discretion and as a condition precedent to the issuance thereof, require the owner of such lost, stolen or destroyed Certificate to deliver a bond in such reasonable and customary amount as Parent may direct as indemnity against any claim that may be made against the Parent Entities or the Exchange Agent with respect to the Certificate alleged to have been lost, stolen or destroyed.

(f) Dividends or Distributions with Respect to Parent Stock. No dividends or other distributions with respect to Parent Stock with a record date after the First Effective Time shall be paid to the holder of any unsurrendered Certificate or Book-Entry Share with respect to the shares of Parent Stock issuable hereunder, and

Table of Contents

all such dividends and other distributions shall be paid by Parent to the Exchange Agent and shall be included in the Exchange Fund, in each case until the surrender of such Certificate (or affidavit of loss in lieu thereof) or Book-Entry Share in accordance with this Agreement. Subject to applicable Laws, following surrender of any such Certificate (or affidavit of loss in lieu thereof) or Book-Entry Share there shall be paid to the holder thereof, without interest, (i) the amount of dividends or other distributions with a record date after the First Effective Time theretofore paid with respect to such shares of Parent Stock to which such holder is entitled pursuant to this Agreement and (ii) at the appropriate payment date, the amount of dividends or other distributions with a record date after the First Effective Time but prior to such surrender and with a payment date subsequent to such surrender payable with respect to such shares of Parent Stock.

Section 2.3 Dissenter's Rights.

(a) Notwithstanding anything in this Agreement to the contrary, Company Shares issued and outstanding immediately prior to the First Effective Time and held by holders of record who did not vote in favor of the adoption of this Agreement (or consent thereto in writing) and are entitled to demand, and have properly demanded, appraisal of such Company Shares ("Dissenting Shares") pursuant to, and who have complied in all respects with, Section 262 of the DGCL (the "Appraisal Rights") shall not be converted into the right to receive the Per Share Merger Consideration payable pursuant to Section 2.1, but instead at the First Effective Time shall be converted into the right to receive payment of the fair value of such Company Shares in accordance with the Appraisal Rights (it being understood and acknowledged that at the First Effective Time, such Dissenting Shares shall no longer be outstanding, shall automatically be cancelled and shall cease to exist, and such holder shall cease to have any rights with respect thereto other than the right to receive the appraised value of such Dissenting Shares to the extent afforded by the Appraisal Rights); *provided, however*, that if any such holder (including any holder of Proposed Dissenting Shares) shall fail to perfect or otherwise shall waive, withdraw or lose the right to payment of the fair value of such Dissenting Shares under the Appraisal Rights, then the right of such holder to be paid the fair value of such holder's Dissenting Shares shall cease and such Dissenting Shares shall automatically converted into and shall represent the right to receive the Per Share Merger Consideration. "Proposed Dissenting Shares" means Company Shares whose holder provides a demand for appraisal to the Company prior to the Company Special Meeting and does not vote in favor of the adoption of this Agreement, in each case in accordance with the Appraisal Rights.

(b) The Company shall give prompt notice to Parent of any demands received prior to the First Effective Time by the Company for appraisal of any Company Shares, of any withdrawals of such demands and of any other instruments served pursuant to the DGCL and received by the Company relating to Appraisal Rights, and Parent shall have the opportunity, at Parent's expense, to participate in and direct all negotiations and proceedings with respect to such demands. Prior to the First Effective Time, the Company shall not, without the prior written consent of Parent, make any payment with respect to, or settle or compromise or offer to settle or compromise, any such demand, or agree to do any of the foregoing.

Section 2.4 Treatment of Company Equity Awards.

(a) As of the First Effective Time, each outstanding restricted stock unit representing a right to receive Company Common Stock, including any restricted stock unit that vests subject to the achievement of Company performance goals under any Company Equity Plan (the "Company RSUs") that is not then vested and is held by an individual who will continue in the service of Parent or the Ultimate Surviving Corporation at the First Effective Time (a "Continuing Service Provider") shall be substituted by Parent into a Parent RSU in accordance with this Section 2.4. Each substituted Parent RSU shall continue to have, and shall be subject to, the same vesting and economically equivalent terms (including rights to dividend equivalents in cash) and conditions as applied to the applicable Company RSUs immediately prior to the First Effective Time (but taking into account any changes thereto, including any necessary changes to any issuance provisions, provided for or permitted in the applicable Company Equity Plan, in any award agreement or in such Company RSUs, by reason of this Agreement or the Transactions). As of the First Effective Time, the number of shares of Parent Stock underlying

Table of Contents

each such Parent RSU as so substituted shall be equal to the product of (i) the number of Company Shares underlying the applicable Company RSUs multiplied by (ii) the Per Share Stock Consideration, rounded down to the nearest whole number. To the extent a Company RSU was exempt from or compliant with Section 409A of the Code immediately prior to the First Effective Time, the substitution of each Company RSU shall occur in a manner so as to remain exempt from or compliant with Section 409A of the Code, and this Section 2.4 shall be construed consistent with such intent. Each payment with respect to a Parent RSU as to which payments will be made in installments is and will be treated as a separate payment for purposes of Section 409A of the Code.

(b) Any share of Company Common Stock underlying a Company RSU that is vested as of the First Effective Time (taking into account any acceleration of vesting that occurs by the First Effective Time under the applicable award agreement or other Contract with the award holder), but as to which such underlying share of Company Common Stock has not been issued by the First Effective Time, will be issued as of immediately prior to the First Effective Time and will be treated as outstanding Company Common Stock for purposes of Section 2.1 and shall receive the applicable Per Share Merger Consideration as provided in Section 2.1 based on an Election Form submitted by the holder thereof, subject to applicable tax withholding. Any shares of Company Common Stock underlying any Company RSU that has failed to vest as of the First Effective Time and that is held by an individual who is not a Continuing Service Provider shall be cancelled at the First Effective Time without payment of any consideration.

(c) As of the First Effective Time, each outstanding stock option award representing a right to purchase Company Common Stock that was granted pursuant to a Company Equity Plan and that is outstanding and exercisable as of immediately prior to the First Effective Time (each, a “Company Stock Option”) shall, by virtue of the First Merger and without any action on the part of the holder thereof, be cancelled and converted into and represent the right to receive an amount of cash (without interest) equal to the product of (i) the number of shares of Company Common Stock issuable upon the exercise of the Company Stock Option, multiplied by (ii) (A) the Per Share Cash Consideration, less (B) the exercise price per share attributable to the Company Stock Option. As soon as practicable (and in no event more than 30 calendar days) following the First Effective Time, the Exchange Agent, Parent or the Ultimate Surviving Corporation shall pay to each holder of a Company Stock Option the consideration (if any) required to be paid to any such holder pursuant to this Section 2.4(c), subject to Section 2.5.

(d) Not later than 15 days prior to the First Effective Time, the Company shall send a notice to all holders of Company Stock Options, which notice shall notify such holders that (i) Parent, the First Surviving Corporation and the Ultimate Surviving Corporation will not be assuming any Company Stock Options at or following the First Effective Time or substituting new options therefor, (ii) all unvested Company Stock Options shall become vested and fully exercisable as of and effective immediately prior to the First Effective Time, and (iii) all Company Stock Options that are not exercised prior to the First Effective Time will be cancelled and paid the consideration in the manner set forth in Section 2.4(c).

(e) Prior to the First Effective Time, the Company shall adopt resolutions and take such other steps as are reasonably necessary for the treatment of the Company RSUs and Company Stock Options as contemplated by this Section 2.4.

(f) As soon as practicable following the Closing Date, but in no event more than 10 business days following the Closing Date, Parent will file an appropriate Registration Statement on Form S-8 or other appropriate form with respect to the offering of the Parent Shares issuable upon vesting of the Parent RSUs (the “S-8 Registration Statement”) and will use reasonable best efforts to maintain the effectiveness of the S-8 Registration Statement thereafter for so long as any of such Parent RSUs remain outstanding.

(g) Prior to the First Effective Time, the Company will take all actions reasonably necessary to (i) terminate the Amended and Restated 1997 KLA-Tencor Corporation Employee Stock Purchase Plan (the “Company ESPP”) as of immediately prior to the First Effective Time, (ii) provide that any “Offering Period” (as

defined in the Company ESPP) that would otherwise be in progress on the Closing Date will be shortened in accordance with Section 18 of the Company ESPP, and the last day of each such Offering Period shall be at least 10 business days prior to the Closing Date (the “Final Purchase Date”), with purchases made on the Final Purchase Date contingent upon the occurrence of the First Effective Time, and (iii) avoid the commencement of any new Offering Period under the Company ESPP at or after the Final Purchase Date and prior to the earlier of the termination of this Agreement or the First Effective Time. Any Company Shares acquired under the Company ESPP prior to or on the Final Purchase Date will be treated as outstanding Company Shares for purposes of Section 2.1 (including with respect to the Election).

Section 2.5 Withholding. The Parent Entities, the First Surviving Corporation and the Ultimate Surviving Corporation shall each be entitled to deduct and withhold, or cause the Exchange Agent to deduct and withhold, from the consideration otherwise payable to a holder of Company Common Stock pursuant to this Agreement, any amounts that are required to be withheld or deducted with respect to such consideration under the Code, or any applicable provisions of state, local or foreign Tax Law. To the extent that amounts are so withheld and timely remitted to the appropriate Governmental Authority, such withheld amounts shall be treated for all purposes of this Agreement as having been paid to the holder of Company Common Stock in respect of which such deduction and withholding was made.

Section 2.6 Fractional Shares.

(a) No certificates, receipts or scrip representing fractional shares of Parent Stock shall be issued upon the surrender or transfer for exchange of Certificates or Book-Entry Shares, no dividend or distribution of Parent will relate to such fractional shares of Parent Stock, and such fractional shares of Parent Stock will not entitle the owner thereof to vote or to any rights of a stockholder of Parent.

(b) Notwithstanding any other provision of this Agreement, each holder of Company Shares converted pursuant to the First Merger who would otherwise be entitled to receive a fraction of a share of Parent Stock (after taking into account all Company Shares held at the Effective Time by such holder) shall receive, in lieu thereof, from the Exchange Agent, at Parent’s election, either (i) a cash payment in lieu of such fractional share of Parent Stock representing that holder’s proportionate interest in the net proceeds from the sale by the Exchange Agent in one or more transactions of the aggregate of the fractional shares of Parent Stock which would otherwise have been issued under this Article II (the “Excess Shares of Stock”) or (ii) cash in accordance with Section 2.6(c) below. The sale of the Excess Shares of Stock shall be (i) executed on NASDAQ and (ii) made at such times, in such manner and on such terms as the Exchange Agent shall determine in its reasonable discretion. Until the net proceeds of such sale or sales have been distributed to the holders of Certificates or Book-Entry Shares in accordance with this Section 2.6, the Exchange Agent shall hold the net proceeds in trust (the “Exchange Trust”) for those holders. All commissions, fees, transfer taxes and other out-of-pocket transaction costs, including the expenses and compensation of the Exchange Agent, incurred in connection with the sale of the Excess Shares of Stock shall be paid by Parent and the Ultimate Surviving Corporation. As soon as practicable after the determination of the amount of cash to be paid to holders of Certificates and Book Entry Shares in lieu of fractional shares of Parent Stock, the Exchange Agent shall make that amount available to those holders, without interest. The Exchange Agent shall determine the portion of the net proceeds to which each holder of Certificates or Book Entry Shares shall be entitled by multiplying the aggregate amount of the net proceeds by a fraction of which (X) the numerator is the amount of the fractional shares of Parent Stock to which such holder of Certificates or Book Entry Shares is entitled (after taking into account all Certificates and Book Entry Shares delivered by such holder) and (Y) the denominator is the aggregate amount of fractional shares of Parent Stock to which all holders of Certificates and Book Entry Shares are entitled.

(c) Notwithstanding the provisions of Section 2.6(b), Parent may elect, at its option exercised prior to the Effective Time, to pay to the Exchange Agent an amount in cash in United States dollars, to be deposited promptly following the Effective Time, sufficient for the Exchange Agent to pay each holder of Certificates or

Table of Contents

Book Entry Shares an amount in cash equal to the product obtained by multiplying (i) the fraction of a share of Parent Stock to which such holder would otherwise have been entitled by (ii) the closing price for a share of Parent Stock on NASDAQ on the first business day immediately following the First Effective Time. In such event, all references in this Agreement to the net proceeds from the sale of the Excess Shares of Stock and similar references shall be deemed to refer to the payments calculated in the manner set forth in this Section 2.6(c).

Section 2.7 Further Assurances. At and after the First Effective Time, the officers and directors of the Ultimate Surviving Corporation will be authorized to execute and deliver, in the name and on behalf of the Company or the Merger Subs, any deeds, bills of sale, assignments or assurances and to take and do, in the name and on behalf of the Company or the Merger Subs, any other actions and things to vest, perfect or confirm of record or otherwise in the Ultimate Surviving Corporation any and all right, title and interest in, to and under any of the rights, properties or assets acquired or to be acquired by the Ultimate Surviving Corporation as a result of, or in connection with, the Mergers.

(a) The Company is a corporation duly organized, validly existing and in good standing under the Laws of the State of Delaware and has the requisite corporate power and authority to own, lease and operate all of its properties and assets and to carry on its business as it is now being conducted. The Company is duly qualified or licensed as a foreign corporation to do business, and is in good standing, in each jurisdiction where the character of the properties owned, leased or operated by it or the nature of its business makes such qualification or licensing necessary, except where the failure to be so duly qualified or licensed and in good standing would not have, individually or in the aggregate, a Company Material Adverse Effect.

(b) Section 3.1(b) of the Company Disclosure Letter contains a complete and accurate list of the name and jurisdiction of organization of each subsidiary of the Company (each a “Company Subsidiary”) as of the date of this Agreement. Each outstanding share of capital stock of each Company Subsidiary is duly authorized, validly issued, fully paid and nonassessable and was issued free of any preemptive rights, and each such share is owned by the Company or another Company Subsidiary free and clear of all Liens or Contracts or other limitations on the Company's or any Company Subsidiary's voting rights.

Section 3.4 Authority Relative to this Agreement.

(a) The Company has all necessary corporate power and authority to execute and deliver this Agreement, to perform its obligations hereunder and, subject (in the case of the First Merger) to receipt of the Company Stockholder Approval, to consummate the Transactions. The execution, delivery and performance of this Agreement by the Company and the consummation by the Company of the Transactions have been duly and validly authorized by all necessary corporate action, and no other corporate proceedings on the part of the Company are necessary to authorize this Agreement or to consummate the Transactions (in the case of the First Merger, except for (i) receipt of the Company Stockholder Approval and (ii) the filing of the First Certificate of Merger with the DSOS). This Agreement has been duly and validly executed and delivered by the Company and, assuming the due authorization, execution and delivery by Parent and Merger Subs, constitutes a legal, valid and binding obligation of the Company, enforceable against the Company in accordance with its terms, except that (i) such enforcement may be subject to applicable bankruptcy, insolvency, reorganization, moratorium or other similar Laws, now or hereafter in effect, affecting creditors' rights generally, and (ii) the remedy of specific performance and injunctive and other forms of equitable relief may be subject to equitable defenses and to the discretion of the court before which any proceeding therefor may be brought.

(c) None of the Company or any of the Company Subsidiaries has constituted either a “distributing corporation” or a “controlled corporation” within the meaning of Section 355(a)(1)(A) of the Code in a distribution of stock intended to qualify for tax-free treatment under Section 355 of the Code in the two-year period ending on the Closing Date.

Except as would not reasonably be expected to have, individually or in the aggregate, a Company Material Adverse Effect, no material claim, suit or proceeding arising under or pursuant to Environmental Laws is pending, or to the knowledge of the Company, threatened against the Company or any of its Company Subsidiaries. No condition exists on any property, currently or formerly, owned or operated by the Company that has given rise to, or would reasonably be expected to give rise to, any liability or obligation under Environmental Laws, except as would not reasonably be expected to have, individually or in the aggregate, a Company Material Adverse Effect.

(f) The Parties agree that the representations and warranties contained in this Section 3.16 are the only representations and warranties in this Agreement with respect to the Company or any Company Subsidiary which relate to environmental and occupational health and safety matters, including Environmental Laws, Hazardous Substances and Environmental Permits.

Per Share Merger Consideration to be paid by Parent pursuant to this Agreement is fair from a financial point of view to Parent. Parent will make available to the Company a copy of the written opinion promptly following the execution of this Agreement for informational purposes only.

Section 4.21 Merger Subs. Section 4.23 Financing.

(a) Parent has delivered to the Company a true and complete copy of the executed Bridge Commitment Letter from Goldman Sachs Bank U.S.A. and any related fee letters (redacted as to economic terms only, including fee amounts, *provided* that no redaction covers terms governing the aggregate amount, conditionality, availability, or termination of the debt financing contemplated therein). The Bridge Commitment Letter has not been amended or modified in any manner prior to the date of this Agreement, and no such amendment or modification of the Bridge Commitment Letter is contemplated as of the date of this Agreement. Neither Parent nor any of its affiliates has entered into any agreement, side letter or other arrangement relating to the financing of the Transactions, other than as set forth in the Bridge Commitment Letter and the fee letters related thereto that could adversely affect the availability, aggregate amount, conditionality or termination of the Financing on the Closing Date. The commitments contained in the Bridge Commitment Letter have not been withdrawn or rescinded in any respect. The Bridge Commitment Letter is in full force and effect and represents a valid, binding and enforceable obligation of Parent and, to the knowledge of Parent, each other party thereto, to provide the financing contemplated thereby subject only to the satisfaction or waiver of the Financing Conditions and, subject to the qualifications that: (i) such enforceability may be limited by bankruptcy, insolvency, reorganization, fraudulent conveyance, moratorium or other similar laws of general application relating to or affecting rights of creditors and (ii) that equitable remedies, including specific performance and injunctive relief, are discretionary and subject to equitable defenses, and may not be ordered. Parent has fully paid (or caused to be paid) any and all commitment fees and other amounts that are due and payable prior to the execution and delivery of this Agreement in connection with the Financing. As of the date of this Agreement, no event has occurred which, with or without notice, lapse of time or both, would reasonably constitute a breach or default on the part of Parent or, to the knowledge of Parent, any other party thereto under the Bridge Commitment Letter. Parent has no reason to believe that it or any other party thereto will be unable to satisfy on a timely basis any term of the Bridge Commitment Letter. There are no conditions precedent related to the funding of the full amount of the Financing, other than the Financing Conditions and as expressly set forth in the Bridge Commitment Letter and any related fee letters. Parent has no reason to believe that (i) any of the Financing Conditions will not be satisfied on the Closing Date or (ii) the Financing will not be made available to Parent on the Closing Date.

(b) Assuming the Financing is funded in accordance with the Bridge Commitment Letter and the accuracy of the representations and warranties of the Company set forth in this Agreement and performance by the Company of its obligations hereunder, in each case, solely to the extent the breach of such representation, warranty or obligation would materially affect the satisfaction by Parent of the Financing Conditions, Parent has, or will have at Closing, all funds necessary to consummate the Transactions, including the making of all required payments in connection with the Transactions (including payment of the Per Share Merger Consideration and Fractional Share Consideration and all other amounts to be paid pursuant to this Agreement and associated costs and expenses of the Transactions required on or prior to the Closing Date). Notwithstanding anything to the contrary contained herein, in no event shall the receipt or availability of any funds or financing by Parent or any

of its affiliates be a condition to any of Parent or the Merger Subs' obligations hereunder. The Company agrees that a breach of this representation and warranty shall not result in the failure of a condition precedent to Company's obligations under this Agreement, if (notwithstanding such breach) Parent is willing and able to consummate the Transactions on the Closing Date in accordance with the terms hereof.

The Company shall immediately cease, and cause the Company Subsidiaries and its and their directors and officers to cease, and shall use its reasonable best efforts to cause its other Representatives to immediately cease, any and all existing discussions or negotiations with any Person (or provision of any nonpublic information to any Person) conducted heretofore with respect to any Company Competing Proposal. Such notice shall be made orally and confirmed in writing, and shall indicate the identity of the Person making the Company Competing Proposal, inquiry or request and the material terms and conditions of any such proposal or the nature of the information requested pursuant to such inquiry or request. Each time the financial or other material terms of such Company Competing Proposal are amended, the Company will deliver to Parent a new notice (including as attachments thereto a copy of the new agreements related to such amended proposal and copies of any material documents related thereto), and the period of negotiation provided in the foregoing sentence shall in no event, including if the initial four-business day period would otherwise expire, end less than two business days after Parent's receipt of such notice and specified agreements.

Such notice shall be made orally and confirmed in writing, and shall indicate the identity of the Person making the Parent Competing Proposal, inquiry or request and the material terms and conditions of any such proposal or the nature of the information requested pursuant to such inquiry or request. In addition, Parent shall promptly (but in any event within 24 hours) after the receipt thereof, provide to the Company copies of any written documentation or communications (and a summary of any oral terms) material to understanding a Parent Competing Proposal which is received by Parent from any Person relating to such Parent Competing Proposal. Parent shall promptly (but in any event within 24 hours) provide to the Company any material nonpublic information concerning Parent provided to any other Person in connection with any Parent Competing Proposal that was not previously provided to the Company. Parent shall not take any action to exempt any Person from the restrictions on “business combinations” contained in any applicable Takeover Statute or otherwise cause such restrictions not to apply.

(e) Notwithstanding anything in this [Section 5.4](#) or [Section 5.5](#) to the contrary, at any time prior to the receipt of the Parent Stockholder Approval, the Parent Board of Directors may make a Parent Change of Recommendation in response to a Parent Intervening Event if, and only if, (i) the Parent Board of Directors has determined in good faith after consultation with Parent’s outside legal counsel that the failure to make a Parent Change of Recommendation would be reasonably likely to be inconsistent with the fiduciary duties of the members of the Parent Board of Directors under applicable Law (*provided*, that the actions of the Parent Board of Directors in making such determination and such determination shall not themselves constitute a Parent Change of Recommendation or a violation of [Section 5.5\(d\)](#)), (ii) Parent has provided the Company with a written notice of such determination and that the Parent Board of Directors intends to effect a Parent Change of Recommendation specifying, in reasonable detail, the reasons therefor (including the material facts and circumstances related to the applicable Parent Intervening Event) (*provided* that the giving of such notice and actions of the Parent Board of Directors in authorizing and disclosing (to the extent legally required) such notice shall not themselves constitute a Parent Change of Recommendation or a violation of [Section 5.5\(d\)](#)) and (iii) during the four business day period commencing, if the Company’s receipt of such notice is prior to 3:00 p.m. Pacific Time, on the date of the Company’s receipt of such notice, or, if such receipt is after 3:00 p.m. Pacific Time, on the business day first following the date of the Company’s receipt of such notice, Parent has made its Representatives reasonably available for the purpose of engaging in discussions and negotiations with the Company and its Representatives (to the extent the Company desired to negotiate) regarding a possible amendment to this Agreement and has considered in good faith any proposals made by the Company, and after taking account of the Company’s proposals, if any, the Parent Board of Directors again makes the determination set forth in [Section 5.4\(e\)\(i\)](#).

(f) Notwithstanding anything in this [Section 5.4](#) or [Section 5.5](#) to the contrary, at any time prior to the receipt of the Parent Stockholder Approval, the Parent Board of Directors may in response to its receipt of a *bona fide* written Parent Competing Proposal make a Parent Change of Recommendation or terminate this Agreement to, substantially concurrently with such termination, enter into a definitive written agreement providing for such Parent Competing Proposal pursuant to [Section 8.1\(i\)](#) if, and only if, (i) the Parent Board of Directors has determined in good faith after consultation with Parent’s outside legal counsel and financial advisor that (x) such Parent Competing Proposal constitutes a Parent Superior Proposal, and (y) the failure to make such Parent Change of Recommendation or to terminate this Agreement would be reasonably likely to be inconsistent with the fiduciary duties of the members of the Parent Board of Directors under applicable Law (*provided*, that the actions of the Parent Board of Directors in making such determination and such determination shall not themselves constitute a Parent Change of Recommendation, a violation of [Section 5.5\(d\)](#) or a termination of this Agreement), (ii) Parent has provided the Company with a written notice of such determination and that the Parent Board of Directors intends to effect a Parent Change of Recommendation or that Parent intends to terminate this

Agreement, together with a copy of the proposed form of each material agreement to be entered into in connection with such Parent Superior Proposal and the identity of the Person making such Parent Superior Proposal (*provided* that the giving of such notice and actions of the Parent Board of Directors in authorizing and disclosing (to the extent legally required) such notice shall not themselves constitute a Parent Change of Recommendation, a violation of Section 5.5(d), or a termination of this Agreement) and (iii) during the four business day period commencing, if the Company's receipt of such notice is prior to 3:00 p.m. Pacific Time, on the date of the Company's receipt of such notice, or, if such receipt is after 3:00 p.m. Pacific Time, on the business day first following the date of the Company's receipt of such notice, Parent has made its Representatives reasonably available for the purpose of engaging in discussions and negotiations with the Company and its Representatives (to the extent the Company desired to negotiate) regarding a possible amendment to this Agreement and has considered in good faith any proposals made by the Company, and after taking account of the Company's proposals, if any, the Parent Board of Directors again makes the determination set forth in Section 5.4(f)(i). Each time the financial or other material terms of such Parent Competing Proposal are amended, Parent will deliver to the Company a new notice (including as attachments thereto a copy of the new agreements related to such amended proposal and copies of any material documents related thereto), and the period of negotiation provided in the foregoing sentence shall in no event, including if the initial four-business day period would otherwise expire, end less than two business days after the Company's receipt of such notice and specified agreements.

(g) Nothing contained in this Agreement shall prohibit Parent or the Parent Board of Directors from (i) disclosing to Parent's stockholders a position contemplated by Rules 14d-9 or 14e-2(a) promulgated under the Exchange Act or (ii) making any disclosure to its stockholders if the Parent Board of Directors has reasonably determined in good faith after consultation with Parent's outside legal counsel that the failure to do so would be reasonably likely to be inconsistent with the fiduciary duties of the members of the Parent Board of Directors under applicable Law; *provided* that any such disclosure referred to in clauses (i) or (ii) that relates to a Parent Competing Proposal shall be deemed to be a Parent Change of Recommendation unless (x) the Parent Board of Directors expressly reaffirms the Parent Board Recommendation in such disclosure or (y) such disclosure is a "stop, look and listen" communication to the stockholders of Parent pursuant to Rule 14d-9(b) promulgated under the Exchange Act; *provided, further* that this Section 5.4(g) shall not permit the Parent Board of Directors to make a Parent Change of Recommendation except to the extent permitted by Section 5.4(e) or Section 5.4(f).

(h) References in this Section 5.4 to the "Parent Board of Directors" shall mean the Parent Board of Directors or, to the extent applicable, a duly authorized committee thereof.

Section 5.5 Preparation of the Registration Statement and the Joint Proxy Statement; Stockholders' Meetings

promptly as practicable after receipt thereof, provide the other with copies of all correspondence between it and its Representatives, on one hand, and the SEC, on the other hand, and all written comments with respect to the Joint Proxy Statement or the Registration Statement received from the SEC and advise the other party or any oral comments with respect to the Joint Proxy Statement or the Registration Statement received from the SEC. Each of the Company and Parent shall use its reasonable best efforts to respond as promptly as practicable to any comments from the SEC with respect to the Joint Proxy Statement, and Parent shall use its reasonable best efforts to respond as promptly as practicable to any comment from the SEC with respect to the Registration Statement. Notwithstanding the foregoing, prior to filing the Registration Statement (or any amendment or supplement thereto) or mailing the Joint Proxy Statement (or any amendment or supplement thereto) or responding to any comments of the SEC with respect thereto, each of the Company and Parent shall cooperate and provide the other a reasonable opportunity to review and comment on such document or response in advance (including the proposed final version of such document or response). Parent shall advise the Company, promptly after it receives notice thereof, of the time of effectiveness of the Registration Statement, the issuance of any stop order relating thereto or the suspension of the qualification of the Parent Stock issuable in connection with the First Merger for offering or sale in any jurisdiction, and Parent shall use its reasonable best efforts to have any such stop order or suspension lifted, reversed or otherwise terminated. (b) If, at any time prior to the receipt of the Company Stockholder Approval or the Parent Stockholder Approval, any information relating to the Company or Parent, or any of their respective affiliates, should be discovered by the Company or Parent that, in the reasonable judgment of the Company or Parent, should be set forth in an amendment of, or a supplement to, any of the Registration Statement or the Joint Proxy Statement, so that any of such documents would not include any misstatement of a material fact or omit to state any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading, the Party that discovers such information shall promptly notify the other Parties, and the Company and Parent shall cooperate in the prompt filing with the SEC of any necessary amendment of, or supplement to, the Joint Proxy Statement or the Registration Statement and, to the extent required by Law, in disseminating the information contained in such amendment or supplement to stockholders of the Company and the stockholders of Parent. Nothing in this [Section 5.5\(b\)](#) shall limit the obligations of any Party under [Section 5.5\(a\)](#). For purposes of this [Section 5.5](#), any information concerning or related to the Company, its affiliates or the Company Special Meeting will be deemed to have been provided by the Company, and any information concerning or related to Parent, its affiliates or the Parent Special Meeting will be deemed to have been provided by Parent.

(c) As promptly as practicable following the date of this Agreement, the Company shall, in accordance with applicable Law and the Company Governing Documents, establish a record date (the "[Company Record Date](#)") for, duly call, give notice of and, subject to the provisions of this [Section 5.5\(c\)](#), not later than 45 days after the effectiveness of the Registration Statement, hold the Company Special Meeting. The Company shall use its reasonable best efforts to cause the Joint Proxy Statement to be mailed to the stockholders of the Company entitled to vote at the Company Special Meeting and to hold the Company Special Meeting as soon as practicable after the Registration Statement is declared effective under the Securities Act. The Company shall, through the Company Board of Directors, recommend to its stockholders that they give the Company Stockholder Approval, include such recommendation in the Joint Proxy Statement and solicit and use its reasonable best efforts to obtain the Company Stockholder Approval, except in each case to the extent that the Company Board of Directors shall have made a Company Change of Recommendation as permitted by [Section 5.3](#). Notwithstanding the foregoing provisions of this [Section 5.5\(c\)](#), if, on a date for which the Company Special Meeting is scheduled, the Company has not received proxies representing a sufficient number of Company Shares to obtain the Company Stockholder Approval, whether or not a quorum is present, the Company shall have the right to make one or more successive postponements or adjournments of the Company Special Meeting; *provided* that the Company Special Meeting may not be postponed or adjourned to a date that is more than 30 days after the date for which

the Company Special Meeting was originally scheduled (other than any adjournments or postponements required by applicable Law, including adjournments or postponements to the extent reasonably necessary or advisable to ensure that any required supplement or amendment to the Joint Proxy Statement is provided or made available to the stockholders of the Company or to permit dissemination of information that is material to stockholders voting at the Company Special Meeting and to give the stockholders of the Company sufficient time to evaluate any such supplement or amendment or other information). Nothing contained in this Agreement shall be deemed to relieve the Company of its obligations to submit this Agreement to its stockholders for a vote on the adoption thereof.

(d) As promptly as practicable following the date of this Agreement, Parent shall, in accordance with applicable Law and the Parent Governing Documents, establish a record date for, duly call, give notice of and, subject to the provisions of this Section 5.5(d), not later than 45 days after the effectiveness of the Registration Statement, hold the Parent Special Meeting. Parent shall use its reasonable best efforts to cause the Joint Proxy Statement to be mailed to the stockholders of Parent entitled to vote at the Parent Special Meeting and to hold the Parent Special Meeting as soon as practicable after the Registration Statement is declared effective under the Securities Act. Parent shall, through the Parent Board of Directors, recommend to its stockholders that they give the Parent Stockholder Approval, include such recommendations in the Joint Proxy Statement, and solicit and use its reasonable best efforts to obtain the Parent Stockholder Approval, except in each case to the extent that the Parent Board of Directors shall have made a Parent Change of Recommendation as permitted by Section 5.4. Notwithstanding the foregoing provisions of this Section 5.5(d), if, on a date for which the Parent Special Meeting is scheduled, Parent has not received proxies representing a sufficient number of shares of Parent Stock to obtain the Parent Stockholder Approval, whether or not a quorum is present, Parent shall have the right to make one or more successive postponements or adjournments of the Parent Special Meeting; *provided* that the Parent Special Meeting is not postponed or adjourned to a date that is more than 30 days after the date for which the Parent Special Meeting was originally scheduled (other than any adjournments or postponements required by applicable Law, including adjournments or postponements to the extent reasonably necessary or advisable to ensure that any required supplement or amendment to the Joint Proxy Statement is provided or made available to the stockholders of Parent or to permit dissemination of information which is material to stockholders voting at the Parent Special Meeting and to give the stockholders of Parent sufficient time to evaluate any such supplement or amendment or other information). Nothing contained in this Agreement shall be deemed to relieve Parent of its obligation to submit the issuance of the Parent Stock in the First Merger to its stockholders for a vote on the approval thereof.

(e) The Company and Parent will use their respective reasonable best efforts to hold the Company Special Meeting and the Parent Special Meeting on the same date and as soon as reasonably practicable after the date of this Agreement.

Notwithstanding the foregoing, neither the Company nor Parent shall be required by this Section 6.1 to provide the other Party or the Representatives of such other Party with access to or to disclose information (i) that is subject to the terms of a confidentiality agreement with a third party entered into prior to the date of this Agreement or entered into after the date of this Agreement in the ordinary course of business consistent with past practice (*provided, however*, that the withholding Party shall use its reasonable best efforts to obtain the required consent of such third party to such access or disclosure), (ii) the disclosure of which would violate any Law (*provided, however*, that the withholding Party shall use its reasonable best efforts to make appropriate substitute arrangements to permit reasonable disclosure not in violation of any Law) or (iii) that is subject to any attorney-client, attorney work product or other legal privilege (*provided, however*, that the withholding Party shall use its reasonable best efforts to allow for such access or disclosure to the maximum extent that does not result in a loss of any such attorney-client, attorney work product or other legal privilege); *provided, however*, that such access and information shall be disclosed or granted, as applicable, to external counsel for Parent to the extent reasonably required for the purpose of complying with applicable Antitrust Laws subject to prior execution of a common interest or joint defense agreement in customary form. Each of the Company and Parent will use its reasonable best efforts to minimize any disruption to the businesses of the other Party that may result from the requests for access, data and information hereunder.

(b) Each of the Company and Parent will hold, and will cause its Representatives and affiliates to hold, any nonpublic information, including any information exchanged pursuant to this Section 6.1, in confidence to the extent required by and in accordance with, and will otherwise comply with, the terms of the Confidentiality Agreement. The Company agrees that the Confidentiality Agreement is hereby amended to permit the inclusion of all Financing Sources (including convertible or equity-linked debt) (and representatives of such Financing Sources) in the term “Representative” as such term is defined therein.

(c) The Company shall give prompt notice to Parent, and Parent shall give prompt notice to the Company, (i) of any notice or other communication received by such Party from any Governmental Authority in connection with this Agreement or the Transactions, or from any Person alleging that the consent of such Person is or may be required in connection with the Transactions, if the subject matter of such communication or the failure of such Party to obtain such consent could be material to the Company, the Ultimate Surviving Corporation or Parent, (ii) of any legal proceeding commenced or, to any Party’s knowledge, threatened against, such Party or any of its Subsidiaries or otherwise relating to, involving or affecting such Party or any of its Subsidiaries, in each case in connection with, arising from or otherwise relating to the Transactions, and (iii) upon becoming aware of the occurrence or impending occurrence of any event or circumstance relating to it or any of the Company Subsidiaries or the Parent Subsidiaries, respectively, which would reasonably be expected to have, individually or in the aggregate, a Company Material Adverse Effect or a Parent Material Adverse Effect, as the case may be, or that would reasonably be expected to prevent or materially delay or impede the consummation of the Transactions; *provided, however*, that the delivery of any notice pursuant to this Section 6.1(c) shall not cure any breach of any representation or warranty requiring disclosure of such matter prior to the date of this Agreement or otherwise limit or affect the remedies available hereunder to any Party. The failure to deliver any such notice shall not affect any of the conditions set forth in Article VII or give rise to any right to terminate under Article VIII.

(d) Promptly after the date hereof, the Company shall use reasonable best efforts to deliver to Parent (i) a complete and correct copy of the certificate of incorporation and the bylaws or equivalent organizational documents, each as amended to the date of delivery, of each Company Subsidiary that is a not “significant subsidiary” (as defined in Rule 1-02(w) of Regulation S-X of the SEC) and (ii) a complete and correct copy of each of the Company Plans that are listed in Section 3.10(a) of the Company Disclosure Letter but which were not made available to Parent prior to the date of this Agreement.

(e) The Company shall deliver or make available to Parent a report prepared by Ernst & Young LLP detailing the possible tax consequences of Section 280G of the Code as applicable (i) with respect to each current or former Worker who participates in the Company’s Executive Severance Plan or 2010 Executive Severance

Plan, using reasonable best efforts to deliver such report within 30 days after the date of this Agreement, and (ii) with respect to each current or former Worker who is reasonably likely to be a “disqualified individual” (as such term is defined in Treasury Regulations Section 1.280G-1), within a reasonable period prior to the Closing Date.

Section 6.2 Reasonable Best Efforts.

(a) Subject to the terms and conditions of this Agreement, each Party will use its reasonable best efforts to take, or cause to be taken, all actions and to do, or cause to be done, all things necessary, proper or advisable under applicable Laws to consummate the Transactions as soon as practicable after the date hereof, including (i) preparing and filing, in consultation with the other Party and as promptly as practicable and advisable after the date hereof, all documentation to effect all necessary applications, notices, petitions, filings and other documents and to obtain as promptly as practicable all waiting period expirations or terminations, consents, clearances, waivers, licenses, orders, registrations, approvals, permits and authorizations necessary or advisable to be obtained from any Governmental Authority in order to consummate the Transactions and (ii) taking all steps as may be necessary to obtain all such waiting period expirations or terminations, consents, clearances, waivers, licenses, registrations, permits, authorizations, orders and approvals, including defending or contesting any claim, suit, action or other proceeding brought by a Third Party, including any Governmental Authorities, that would otherwise prevent or materially impede, interfere with, hinder or delay the consummation of the Transactions. In furtherance and not in limitation of the foregoing, each Party agrees to make all necessary applications, notices, petitions and filings required (and thereafter make any other required submissions and respond as promptly as practicable to any requests for additional information or documentary material) with respect to this Agreement or the Transactions (A) with the DOJ and the FTC on a Notification and Report Form pursuant to the HSR Act with respect to the Transactions, (B) with the German Federal Cartel Office (*Bundeskartellamt*), (C) in China, and (D) in the jurisdictions set forth in Section 6.2(a) of the Parent Disclosure Letter (the foregoing, collectively, the “Specified Antitrust Authorities”). The Parties agree to make the filing of a Notification and Report Form pursuant to the HSR Act with respect to the Transactions as promptly as practicable, and in any event within 30 days after the execution of this Agreement (unless another date is mutually agreed between the Parties), and make the filings contemplated by clauses (B), (C) and (D) of the preceding sentence as promptly as practicable, and will endeavor to make such filings within 60 days after the execution of this Agreement (unless another date is mutually agreed between the Parties). The Parties agree to use reasonable best efforts to supply as promptly as practicable and advisable any additional information and documentary material that may be requested pursuant to the HSR Act and to take all other actions necessary to cause the expiration or termination of the applicable waiting periods under the HSR Act as soon as practicable.

(b) Each of Parent and the Company shall, in connection with the efforts referenced in Section 6.2(a) to obtain all waiting period expirations or terminations, consents, clearances, waivers, licenses, orders, registrations, approvals, permits, and authorizations for the Transactions under the HSR Act or any other Antitrust Law, (i) cooperate in all respects and consult with each other in connection with any filing or submission and in connection with any investigation or other inquiry, including any proceeding initiated by a private party, including by allowing the other Party to have a reasonable opportunity to review in advance and comment on drafts of filings and submissions; (ii) promptly inform the other Party of any communication received by such Party from, or given by such Party to, the Antitrust Division of the Department of Justice (the “DOJ”), the Federal Trade Commission (the “FTC”) or any other Governmental Authority, by promptly providing copies to the other Party of any such written communications, and of any material communication received or given in connection with any proceeding by a private party, in each case regarding any of the Transactions; *provided, however*, that materials may be redacted (A) to remove references concerning the valuation of Parent, Company or any of their Subsidiaries, (B) as necessary to comply with contractual arrangements, and (C) as necessary to address reasonable privilege or confidentiality concerns; and (iii) permit the other Party to review in advance any communication that it gives to, and consult with each other in advance of any meeting, substantive telephone call or conference with, the DOJ, the FTC or any other Governmental Authority, or, in connection with any proceeding by a private party, with any other Person *provided, however*, that materials may be redacted (A) to

remove references concerning the valuation of Parent, Company or any of their Subsidiaries, (B) as necessary to comply with contractual arrangements, and (C) as necessary to address reasonable privilege concerns), and to the extent permitted by the DOJ, the FTC or any other applicable Governmental Authority or other Person, give the other Party the opportunity to attend and participate in any in-person meetings with the DOJ, the FTC or any other Governmental Authority or other Person. Notwithstanding anything to the contrary in this Agreement, neither Parent nor any Parent Subsidiary will be required to (i) divest, dispose of or hold separate any assets or businesses of Parent or the Company or any of their respective Subsidiaries, (ii) agree to divest, dispose or hold separate any assets or businesses of Parent, the Company or any of their respective Subsidiaries, or (iii) agree to or enter into any license or condition or commit to take any action that limits in any manner its freedom of action with respect to, or its ability to retain, any of the assets or businesses of Parent or the Company or any of their respective Subsidiaries to the extent such license, condition or action is not commercially reasonable or materially impacts in an adverse manner the benefits to be derived by Parent from the Transactions. The Company (x) will not, in connection with obtaining regulatory approval of the Transactions, take or agree to take any action identified in clause (i), (ii) or (iii) of the immediately preceding sentence without the prior written consent of Parent and (y) if so requested by Parent, will use reasonable best efforts to effect any license, divestiture, disposition or hold separate of any of the Company's assets or businesses necessary to obtain clearances or approvals required for the Closing under the Antitrust Laws, *provided* that such action is conditioned on the consummation of the Mergers. The Parties shall consult and cooperate with one another, and consider in good faith the views of one another, regarding the form and content of any analyses, appearances, presentations, memoranda, briefs, arguments, opinions and proposals made or submitted by or on behalf of either Party in connection with proceedings under or relating to any Antitrust Law prior to their submission.

(c) Except as set forth in Section 6.2(c) of the Parent Disclosure Letter, each of Parent and the Company shall use its reasonable best efforts to obtain all consents, waivers, authorizations and approvals of all third parties (other than Governmental Authorities, which are the subject of clauses (a) and (b) above) necessary, proper or advisable for the consummation of the Transactions and to provide any notices to third parties required to be provided by them prior to the First Effective Time; *provided* that, without consulting with Parent, the Company shall not incur any significant expense or liability, enter into any significant new commitment or agreement or agree to any significant modification to any contractual arrangement to obtain such consents or certificates.

Section 6.3 Publicity. Parent and the Company have agreed upon the initial joint press release with respect to the execution of this Agreement, and will issue such press release promptly following the execution of this Agreement. Thereafter, so long as this Agreement is in effect, neither the Company nor Parent, nor any of their respective affiliates, shall issue or cause the publication of any press release or other public announcement with respect to the Transactions or this Agreement without the prior consent of the other Party (such consent not to be unreasonably withheld, conditioned or delayed), unless such Party determines, after consultation with outside counsel, that it is required by applicable Law or by any listing agreement with or the listing rules of a national securities exchange or trading market to issue or cause the publication of any press release or other public announcement with respect to the Transactions or this Agreement, in which event such Party shall endeavor, on a basis reasonable under the circumstances, to provide a meaningful opportunity to the other Party to review and comment upon such press release or other announcement in advance and shall give due consideration to all reasonable additions, deletions or changes suggested thereto; *provided, however*, that the Company shall not be required by this Section 6.3 to provide any such review or comment to Parent in connection with the receipt and existence of a Company Competing Proposal or a Company Change of Recommendation and matters related thereto; *provided, further*, that Parent shall not be required by this Section 6.3 to provide any such review or comment to the Company in connection with the receipt and existence of a Parent Competing Proposal or a Parent Change of Recommendation and matters related thereto. Notwithstanding the foregoing provisions of this Section 6.3, (i) Parent and the Company may make press releases or public announcements concerning this Agreement or the Transactions that consist solely of information previously disclosed in all material respects in previous press releases or announcements made by Parent and/or the Company in compliance with this Section 6.3, and (ii) Parent and the Company may make public statements in response to specific questions by

the press, analysts, investors or those attending industry conferences or financial analyst conference calls, so long as any such statements consist solely of information previously disclosed in all material respects in previous press releases, public disclosures or public statements made jointly by the Company and Parent and do not reveal material, non-public information regarding the other Parties, this Agreement or the Transactions.

Section 6.4 Directors' and Officers' Insurance and Indemnification. For not less than six years from and after the First Effective Time, the Ultimate Surviving Corporation shall, and Parent agrees to cause the Ultimate Surviving Corporation to, indemnify and hold harmless all past and present directors, officers and employees of the Company and the Company Subsidiaries (collectively, the "Indemnified Parties") against any costs or expenses (including advancing attorneys' fees and expenses in advance of the final disposition of any actual or threatened claim, suit, proceeding or investigation to each Indemnified Party to the fullest extent permitted by Law; provided such Indemnified Party agrees in advance to return any such funds to which a court of competent jurisdiction has determined in a final, nonappealable judgment such Indemnified Party is not ultimately entitled), judgments, fines, losses, claims, damages, liabilities and amounts paid in settlement in connection with any actual or threatened claim, action, investigation, suit or proceeding in respect of acts or omissions occurring or alleged to have occurred at or prior to the First Effective Time (including acts or omissions occurring in connection with the approval of this Agreement and the consummation of the Mergers or any of the other Transactions), whether asserted or claimed prior to, at or after the First Effective Time, in connection with such persons serving as an officer, director, employee or other fiduciary of the Company or any of the Company Subsidiaries or of any Person if such service was at the request or for the benefit of the Company or any of the Company Subsidiaries, to the fullest extent permitted by Law or provided pursuant to the Company Governing Documents or the organizational documents of any Company Subsidiary or any indemnification agreements, if any, in existence on the date of this Agreement. The Parties agree that all rights to elimination of liability, indemnification and advancement of expenses for acts or omissions occurring or alleged to have occurred at or prior to the First Effective Time, whether asserted or claimed prior to, at or after the First Effective Time, now existing in favor of the Indemnified Parties as provided in their respective certificate of incorporation or by-laws (or comparable organizational documents) or in any agreement shall survive the Merger and shall continue in full force and effect. For six years after the Effective Time, the Ultimate Surviving Corporation shall cause to be maintained in effect the provisions in (i) the Company Governing Documents and (ii) any other agreements of the Company and the Company Subsidiaries with any Indemnified Party, in each case, regarding elimination of liability, indemnification of officers, directors and employees and advancement of expenses that are in existence on the date of this Agreement, and no such provision shall be amended, modified or repealed in any manner that would adversely affect the rights or protections thereunder of any such Indemnified Party in respect of acts or omissions occurring or alleged to have occurred at or prior to the First Effective Time (including acts or omissions occurring in connection with the approval of this Agreement and the consummation of the Mergers or any of the other Transactions). Parent shall cause the Ultimate Surviving Corporation to provide, for an aggregate period of not less than six years from the First Effective Time, the Company's current directors and officers an insurance and indemnification policy that provides coverage for events occurring prior to the First Effective Time (the "D&O Insurance") that is no less favorable than the Company's existing policy or, if insurance coverage that is no less favorable is unavailable, the best available coverage; *provided, however*, that the Ultimate Surviving Corporation shall not be required to pay an annual premium for the D&O Insurance in excess of 300% of the last annual premium paid prior to the date of this Agreement; *provided, further*, that the Company may prior to the First Effective Time substitute therefor a single premium tail coverage with respect to D&O Insurance (which may include provision of Side B coverage) with an aggregate cost not to exceed \$2,500,000, and Parent shall cause any such tail policy coverage to be maintained in full force and effect for its full term, and cause all obligations thereunder to be honored by the Ultimate Surviving Corporation. Notwithstanding anything herein to the contrary, if any Indemnified Party notifies Parent on or prior to the sixth anniversary of the First Effective Time of a matter in respect of which such Person may seek indemnification pursuant to this Section 6.4, the provisions of this Section 6.4 shall continue in effect with respect to such matter until the final disposition of all claims, actions, investigations, suits and proceedings relating thereto. In the event Parent or the Ultimate Surviving Corporation or any of their respective successors or assigns (i) consolidates with or merges into any other Person and shall not be the continuing or surviving corporation or entity of such consolidation or

merger or (ii) transfers all or substantially all of its properties and assets to any Person, then, and in each such case, proper provision shall be made so that the successors and assigns of Parent or the Ultimate Surviving Corporation, as the case may be, shall assume the obligations set forth in this Section 6.4. The rights and obligations under this Section 6.4 shall survive consummation of the Mergers and shall not be terminated or amended in a manner that is adverse to any Indemnified Party without the written consent of such Indemnified Party.

Section 6.5 Takeover Statutes. The Parties shall use their respective reasonable best efforts (a) to take all action necessary so that no Takeover Statute is or becomes applicable to the Mergers or any of the other Transactions and (b) if any such Takeover Statute is or becomes applicable to any of the foregoing, to take all action necessary so that the Mergers and the other Transactions may be consummated as promptly as practicable on the terms contemplated by this Agreement and otherwise to eliminate or minimize the effect of such Takeover Statute on the Mergers and the other Transactions.

Section 6.6 Obligations of Merger Subs. Parent shall take all action necessary to cause each of the Merger Subs, the First Surviving Corporation and the Ultimate Surviving Corporation to perform their respective obligations under this Agreement and to consummate the Transactions, including the Mergers, upon the terms and subject to the conditions set forth in this Agreement.

Section 6.7 Employee Benefits.

(a) As a result of the Mergers, at the Second Effective Time, each of the then-current employees of the Company and the Company Subsidiaries shall become employees of the Ultimate Surviving Corporation and its Subsidiaries (the "Continuing Employees") by operation of Law.

(b) Base Salary. Effective as of the Second Effective Time and until the earlier of (i) December 31, 2016 and (ii) the termination of the Continuing Employee's service (the "Protection Period"), Parent shall, or shall cause the Ultimate Surviving Corporation or any of their respective affiliates or successors (collectively, the "Parent Employers"), to maintain each Continuing Employee's base salary or base hourly wage, as applicable, as in effect immediately prior to the First Effective Time.

(c) Short Term Target Bonus Opportunity.

(i) During the Protection Period, Parent shall cause the Parent Employers to assume, honor and fulfill the Company's obligations to each Continuing Employee under those Company Plans that (x) are short term cash incentive plans listed on Section 3.10(a) of the Company Disclosure Letter, and (y) in which such Continuing Employee participated immediately prior to the First Effective Time with respect to the performance period that is ongoing as of immediately prior to the First Effective Time under such Company Plan.

(ii) If the First Effective Time occurs prior to the end of the Company's 2016 fiscal year, and Parent expects to have a Continuing Employee participate in short term cash incentive plan of the Parent Employers commencing January 1, 2017 (i.e., the beginning of Parent's compensation year), then Parent shall cause the Parent Employers to adopt a short term cash incentive arrangement for such Continuing Employee for the period beginning on the first day of what would have otherwise been the start of the Company's 2017 fiscal year through December 31, 2016.

(d) Health, Welfare and 401(k) Benefits. During the Protection Period, Parent shall cause the Parent Employers to permit each Continuing Employee (and his or her eligible dependents) to participate (i) in those Company Plans that (x) are health, welfare and Code Section 401(k) plans listed on Section 3.10(a) of the Company Disclosure Letter, and (y) were in effect at the First Effective Time or (ii) in the same type of health, welfare or Code Section 401(k) plan sponsored or maintained by the Parent Employers for the benefit of

similarly situated employees of the Parent Employers, on the same terms and conditions as apply to such Parent Employer employees, in each case of (i) and (ii), other than with respect to retiree health and welfare plans and defined benefit plans.

(e) Service Credit. Effective as of the First Effective Time and thereafter, Parent shall cause the Parent Employers to recognize and take into account with respect to each Continuing Employee his or her period of employment with the Company and the Company Subsidiaries (including any current or former affiliate of the Company or any Company Subsidiary or any predecessor of the Company or any Company Subsidiary) for purposes of eligibility to participate, level of benefits, and vesting of benefits, under the employee benefit plans maintained by the Parent Employers for the benefit of the Continuing Employees, including vacation or other paid-time-off plans or arrangements, Code Section 401(k) plans or other defined contribution retirement plans, severance practices, and health and welfare plans, except that the Parent Employers shall not be required to recognize and take into account such service (i) for purposes of determining any accrued benefit under any defined benefit pension plan or retiree health or welfare plan, (ii) for purposes of vesting credit for any awards granted under any long term incentive programs after the First Effective Time, (iii) to the extent the Company did not recognize such period of employment under a plan or program of a similar type maintained, sponsored by or contributed to by the Company prior to the First Effective Time, or (iv) if such recognition of service would result in a duplication of benefits.

(f) Waiver of Limitations. During the Protection Period, Parent shall cause the Parent Employers to use commercially reasonable efforts to (i) ensure that no eligibility waiting periods, actively-at-work requirements or pre-existing condition limitations or exclusions shall apply with respect to the Continuing Employees under the applicable health and welfare benefits plan of the Parent Employers made available to the Continuing Employees during the Protection Period (except to the extent such periods, requirements, limitations or exclusions were applicable under the Company Plans immediately prior to the First Effective Time), and (ii) waive any and all evidence of insurability requirements under the health and welfare benefit plans of the Parent Employers made available to the Continuing Employees with respect to such Continuing Employees to the extent such evidence of insurability requirements were not applicable to the Continuing Employees under the Company Plans of a similar type immediately prior to the First Effective Time.

(g) Severance. Parent shall, or shall cause the Ultimate Surviving Corporation to, assume, honor and fulfill the terms of the Company's Executive Severance Plan and 2010 Executive Severance Plan. The Company shall have taken all actions necessary to ensure that each and every severance benefit plan or practice governed by ERISA and covering any Continuing Employee prior to the First Effective Time will be terminated as of immediately prior to the First Effective Time and no Parent Employer will have any liability in respect of any such ERISA severance plan or practice from and after the First Effective Time with respect to any Continuing Employee. From the First Effective Time through the first anniversary of the First Effective Time, the Parent Employers shall ensure that each Continuing Employee is covered by the severance plans and practices of the Parent Employers that are applicable to similarly situated Parent Employer employees, except to the extent that the Company did not provide severance plans or practices to such Continuing Employee immediately prior to the First Effective Time or if such coverage would result in a duplication of benefits.

(h) Vacation. At the First Effective Time, the Parent Employers will recognize and honor each Continuing Employee's accrued but unused vacation or paid time off balance.

(i) No Third Party Rights. This Section 6.7 shall be binding upon and inure solely to the benefit of each of the parties to this Agreement, and nothing in this Section 6.7, express or implied, is intended to confer upon any other Person any rights or remedies of any nature whatsoever under or by reason of this Section 6.7. Nothing contained herein shall (i) be treated as an amendment of any particular Company Plan, (ii) give any third party any right to enforce the provisions of this Section 6.7 or (iii) require Parent or any Parent Employer to maintain any particular Company Plan or other employee benefit plan, program or arrangement. Nothing in this Agreement shall confer upon any Continuing Employee or any other employee or service provider of the

Company or any of its affiliates any right to continue in the employ or service of Parent, the Ultimate Surviving Corporation or any affiliate of Parent, or shall interfere with or restrict in any way the rights of Parent, the Ultimate Surviving Corporation or any affiliate of Parent, which rights are hereby expressly reserved, to discharge or terminate the services of any Continuing Employee or any other service provider, at any time for any reason whatsoever, with or without cause.

Section 6.8 Termination of Company Plans. If requested by Parent at least 10 days prior to the Closing, then effective as of no later than the day immediately preceding the Closing, the Company will terminate each of the Company Plans intended to be “qualified” within the meaning of Section 401(a) of the Code.

Section 6.9 Rule 16b-3. The Board of Directors of the Company, or a committee of non-employee Directors thereof, shall, prior to the First Effective Time, adopt a resolution providing in substance that the dispositions by the Company Insiders of Company Common Stock (including derivative securities with respect to Company Common Stock) in exchange for shares of Parent Stock pursuant to the transactions contemplated by this Agreement are intended to be exempt from liability pursuant to Section 16(b) under the Exchange Act in accordance with Rule 16b-3 and interpretations of the SEC thereunder. Thereafter and, assuming that the Company delivers to Parent the Company Section 16 Information in a timely fashion prior to the First Effective Time, the Board of Directors of Parent, or a committee of non-employee directors thereof (as such term is defined for purposes of Rule 16b-3(d) under the Exchange Act), shall reasonably promptly thereafter and in any event prior to the First Effective Time adopt a resolution providing in substance that the receipt by the Company Insiders of Parent Stock in exchange for Company Common Stock and derivative securities with respect to Company Common Stock pursuant to the Transactions are in accordance with Rule 16b-3 and interpretations of the SEC thereunder.

Section 6.10 Security Holder Litigation. Each Party shall provide the other Party prompt oral notice of any litigation brought by any stockholder of that Party against such Party, any of its Subsidiaries and/or any of their respective directors relating to the Mergers, this Agreement or any of the Transactions, and will provide the other Party with updates and such information as such other Party will reasonably request with respect to the status of the litigation and discussions between the parties to such litigation (unless the provision of such updates and information could reasonably be expected to result in a loss of attorney-client privilege). The Company will give Parent the opportunity to participate in the defense of and settlement discussions with respect to any such litigation and will not make any payment or settlement offer prior to the First Effective Time with respect to any such litigation unless Parent will have consented in writing to such payment or settlement, which consent will not be unreasonably withheld, except that Parent shall not be obligated to consent to any settlement which does not include a full release of Parent and its affiliates or which imposes an injunction or other equitable relief after the First Effective Time upon Parent or any of its affiliates. In the event of, and to the extent of, any conflict or overlap between the provisions of this Section 6.10 and Section 5.1, Section 5.2 or Section 6.2, the provisions of this Section 6.10 shall control.

Section 6.11 Delisting. Each of the Parties agrees to cooperate with the other Parties in taking, or causing to be taken, all actions necessary to delist the Company Common Stock from NASDAQ and terminate its registration under the Exchange Act, *provided* that such delisting and termination shall not be effective until after the First Effective Time.

Section 6.12 Director Resignations. The Company shall use its reasonable best efforts to cause to be delivered to Parent resignations executed by each director of the Company in office as of immediately prior to the First Effective Time and effective upon the First Effective Time.

Section 6.13 Certain Tax Matters.

(a) Each of the Parties shall use its reasonable best efforts to cause the Mergers, taken together, to qualify as a reorganization within the meaning of Section 368(a) of the Code. None of the Parties shall (and each

of the Parties shall cause their respective Subsidiaries not to) take any action, or fail to take any action, that could reasonably be expected to cause the Mergers, taken together, to fail to qualify as a reorganization within the meaning of Section 368(a) of the Code. The Parties intend to report and, except to the extent otherwise required by Law, shall report, for all tax purposes, the Mergers, taken together, as a reorganization within the meaning of Section 368(a) of the Code.

(b) Each of Parent and the Company shall use its reasonable best efforts to obtain the Tax opinions described in Section 7.2(e) and Section 7.3(e), respectively (collectively, the “Tax Opinions”). The appropriate officers of Parent, the Merger Subs and the Company shall execute and deliver to Jones Day, counsel to Parent, and Wilson Sonsini Goodrich & Rosati, Professional Corporation, counsel to the Company, certificates substantially in the forms set forth in Section 6.13 of the Parent Disclosure Letter and Section 6.13 of the Company Disclosure Letter, respectively (the “Representation Letters”). Each Representation Letter shall be dated on or before the date of such Tax Opinion and shall not have been withdrawn or modified in any material respect.

Section 6.14 Stock Exchange Listing. Parent shall use its reasonable best efforts to cause the shares of Parent Stock to be issued in the First Merger to be approved for listing on NASDAQ, subject to official notice of issuance, prior to the First Effective Time.

Section 6.15 The Company’s Financing Cooperation. The Company agrees to, and to cause its Subsidiaries to, use reasonable best efforts to provide such assistance (and to use reasonable best efforts to cause its and their respective personnel and advisors to provide such assistance) with the Financing as is reasonably requested by Parent, including using reasonable best efforts with respect to: (a) participation in, and assistance with, the marketing efforts related to the Financing, including participation, including by senior management of the Company, in, and assistance with, the preparation of presentations, meetings with rating agencies, roadshows, due diligence sessions, drafting sessions and meetings (including one-on-one meetings or conference calls with parties acting as agents or arrangers for, and prospective lenders of and investors in, the Financing); (b) delivery to Parent and its Financing Sources as promptly as reasonably practicable of the Financing Deliverables, the Financing Information and such financial information relating to the Company customary or reasonably necessary for the completion of the Financing to the extent reasonably requested by Parent in connection with the preparation of customary offering or information documents to be used for the Financing, including (i) offering documents and memoranda, private placement memoranda, bank information memoranda, confidential information memoranda, prospectuses and similar documents for any portion of such Financing and (ii) materials for rating agency presentations; (c) cause its independent auditors, accountants and external and internal counsel (including local counsel) to cooperate with the Financing consistent with customary practices, including by providing customary review of interim financial statements as provided in Statement on Auditing Standards No. 100, “comfort letters” (including customary “negative assurances”), opinions of counsel (which shall be limited to opinions concerning the Company of a type customarily delivered by counsel to target companies and shall not include opinions regarding enforceability or similar matters) and customary assistance with the due diligence activities of Parent and the Financing Sources, and customary consents to the inclusion of audit reports in any relevant marketing materials, registration statements and related government filings; (d) ensuring that the Financing benefits from the existing lending relationships of the Company and the Company Subsidiaries; and (e) causing to be timely filed with the SEC all required periodic and other reports. For purposes of clarity, such assistance shall include (A) if requested by Parent, using reasonable best efforts to assist Parent in obtaining prior to Closing payoff letters from the Company’s lenders in form and substance reasonably satisfactory to Parent with respect thereto and (B) making all requisite notices with respect to the Company’s outstanding Indebtedness regarding the change in control contemplated hereby. The Company hereby consents to the use of all of its and its Subsidiaries’ logos in connection with the Financing, *provided* that such logos are used solely in a manner that is not intended to or reasonably likely to harm or disparage the Company or the Company Subsidiaries or the reputation or goodwill of the Company or any Company Subsidiary. Notwithstanding any other provision set forth herein or in any other agreement between the Company and Parent (or its affiliates), the Company agrees that Parent and its affiliates may share customary projections with respect to the Company and its business with

the Financing Sources identified in the Bridge Commitment Letter, and that Parent, its affiliates and such Financing Sources may share such information with potential Financing Sources in connection with any marketing efforts in connection with the Financing, *provided* that the recipients of such information agree to customary confidentiality arrangements. Notwithstanding anything to the contrary in this Agreement, none of the Company, any of its Subsidiaries or any of its or their respective directors or officers or other personnel shall be required by this Section 6.15 (i) to take any action or provide any assistance that unreasonably interferes with the ongoing operations of the Company and its Subsidiaries; (ii) to adopt resolutions or give consents to approve or authorize the execution of the Financing or the Debt Financing Documents; or (iii) to execute or deliver any certificate, document, instrument or agreement that is effective prior to the Closing or agree to any change or modification of any existing certificate, document, instrument or agreement that is effective prior to the Closing (other than a payoff letter with respect to the Credit Agreement) with respect to the Financing. Parent shall (1) promptly upon written request by the Company, reimburse the Company for all reasonable and documented out-of-pocket costs and expenses (including reasonable attorneys' fees) incurred by the Company or any of its Subsidiaries in connection with providing the assistance contemplated by this Section 6.15 and (2) indemnify and hold harmless the Company and its Subsidiaries and its and their respective directors, officers, personnel and advisors from and against any and all liabilities, losses, damages, claims, costs, expenses, interest, awards, judgments and penalties suffered or incurred in connection with the Financing or any assistance or activities in connection therewith, except to the extent arising from the willful misconduct, gross negligence, fraud or intentional misrepresentation of the Company or its Subsidiaries.

Section 6.16 Parent's Financing Efforts.

(a) Subject to the terms and conditions of this Agreement, Parent shall take, or use its reasonable best efforts to cause to be taken, all actions and do, or use its reasonable best efforts to cause to be done, all things necessary to obtain the Financing on or prior to the Closing Date on the terms and conditions set forth in the Bridge Commitment Letter, including with respect to: (i) maintaining in effect the Bridge Commitment Letter and complying with its obligations thereunder; (ii) participation by senior management of Parent in, and assistance with, the preparation of rating agency presentations and meetings with rating agencies; (iii) satisfying on a timely basis all conditions to the Financing (including the Financing Conditions) that are within Parent's control; (iv) negotiating, executing and delivering Debt Financing Documents that reflect the terms contained in the Bridge Commitment Letter (including any "market flex" provisions related thereto); and (v) drawing up to the full amount of the Financing and causing the Financing Sources to fund the Financing in accordance with its terms on the Closing Date in the event that the conditions set forth in Section 7.1 and Section 7.2 and the Financing Conditions have been satisfied or, upon funding would be satisfied, in each case to the extent the Financing is needed to consummate the Transactions, it being understood that nothing herein shall prevent Parent from substituting other financing for all or a portion of the Financing in accordance with this Section 6.16(a) upon terms and conditions that would not have any of the effects specified in the penultimate sentence of this Section 6.16(a) (any such financing upon such terms and conditions an "Alternative Financing"). Parent shall give the Company prompt notice of any material breach or threatened breach by any party to the Bridge Commitment Letter of which Parent becomes aware. Without limiting Parent's other obligations under this Section 6.16, if a Financing Failure Event occurs, Parent shall (i) immediately notify the Company of such Financing Failure Event and the reasons therefor, (ii) in consultation with the Company, use its reasonable best efforts to obtain an Alternative Financing on terms (including conditionality, structure, covenants and pricing) not materially less beneficial in the aggregate to Parent, with lenders reasonably satisfactory to Parent, in an amount, when added with cash and marketable securities of Merger Subs and Parent, sufficient to consummate the Transactions, as promptly as practicable following the occurrence of such event, and (iii) obtain, and when obtained, provide the Company with a copy of, a new financing commitment letter that provides for such Alternative Financing. Parent shall not, without the Company's prior written consent, agree to any amendment or modification to, or any waiver of any provision or remedy under, the Bridge Commitment Letter or any Debt Financing Document unless, in each case, the terms and conditions thereof, as so amended, modified or waived, are in the aggregate at least as favorable to the Company and Parent as those contained therein prior to giving effect to such amendment, modification or waiver; *provided* that, without limiting the generality of the foregoing,

Table of Contents

the following amendments, modifications and waivers shall be understood to result in terms and conditions that are in the aggregate less favorable to the Company and Parent: (i) any amendment, modification or waiver that could reasonably be expected to (x) materially adversely affect the ability of Parent or the Merger Subs to timely consummate the Transactions or (y) make the timely funding of the Financing or the satisfaction of the conditions to obtaining the Financing materially less likely to occur, (ii) any amendment, modification or waiver of the conditions to obtaining the Financing, unless such amendment, modification or waiver results in conditions that are in the aggregate substantially equivalent (or that are more favorable to the Company and Parent) to such conditions to obtaining the Financing immediately prior to such amendment, modification or waiver, (iii) any amendment, modification or waiver that reduces the amount of the Financing or (iv) any amendment, modification or waiver that materially and adversely affects the ability of Parent or its affiliates to enforce their rights against the other parties to the Bridge Commitment Letter or such Debt Financing Documents; *provided*, that Parent shall have the right to substitute Alternative Financing for all or any portion of the Financing subject to the terms and conditions set forth in Section 6.16(b). Notwithstanding the foregoing, Parent and the Merger Subs may replace or amend the Bridge Commitment Letter solely to (i) add lenders, lead arrangers, bookrunners, syndication agents or similar entities that have not executed the Bridge Commitment Letter as of the date hereof, (ii) to reassign titles to such parties who have not executed the Bridge Commitment Letter as of the date hereof, or (iii) to waive any closing conditions by any lenders or their agents. Parent shall keep the Company reasonably informed of the status of its efforts to obtain the Financing.

(b) Parent shall have the right to substitute Alternative Financing for all or any portion of the Financing and to reduce the aggregate commitments under the Bridge Commitment Letter by an amount equal to the aggregate principal amount of the Alternative Financing so substituted; *provided*, that to the extent any such Indebtedness has a scheduled special or mandatory redemption right, such right is not exercisable prior to the earlier of the consummation of the Transactions on the Closing Date, the termination of this Agreement or the Outside Date (for purposes of clarity, as it may be extended pursuant to this Agreement). Further, Parent shall have the right to substitute commitments in respect of any Alternative Financing or other equity financing for all or any portion of the Financing from the same and/or alternative *bona fide* third-party financing sources so long as (i) the terms thereof would not be reasonably expected to delay or prevent the Closing or make the timely funding of the Financing or satisfaction of the conditions to obtaining the Financing materially less likely to occur, (ii) the conditions to the Financing set forth in the Bridge Commitment Letter would not be expanded or modified in a manner that would reasonably be expected to delay or prevent the Closing, *provided still further*, that any such substitute financing shall not obligate the Company prior to the Closing as a surety, guarantor or indemnitor or require the Company to extend credit to any Person, (iii) the aggregate amount of funds made available to Parent is in an amount sufficient to consummate the Transactions, including the making of all required payments in connection with the Transactions (including payment of the Per Share Merger Consideration and Fractional Share Consideration and all other amounts to be paid pursuant to this Agreement and associated costs and expenses of the Transactions required on or prior to the Closing Date, and (iv) the terms of any alternative financings do not materially and adversely affect the ability of Parent to enforce its rights against the other parties to the Bridge Commitment Letter with respect to any remaining commitments (or Replacement Financing, (as defined below)) or such Debt Financing Documents with respect to any remaining commitments (or Replacement Financing Documents (as defined below)) (any such Indebtedness or equity financing which satisfies the foregoing clauses (i) through (iv), the "Replacement Financing"; the definitive documentation for any such Replacement Financing, the "Replacement Financing Documents"). The representations, warranties, covenants and other restrictions of Parent and the Merger Subs contained in this Agreement with respect to the Financing and the Bridge Commitment Letter shall apply equally to any Replacement Financing and Replacement Financing Documents. Parent acknowledges and agrees that obtaining the financing contemplated by this Section 6.16, or any other financing, is not a condition to the Closing, and affirms its obligations to consummate the Transactions (subject to the conditions contained in Article VII of this Agreement) irrespective and independently of the availability of any such financing.

Section 6.17 Parent Board Representation. Prior to the First Effective Time, Parent shall appoint two members of the Company Board of Directors to serve as members of the Parent Board of Directors effective as of

Table of Contents

immediately after the First Effective Time to serve until the next annual meeting of Parent's stockholders in accordance with the Parent Governing Documents. As soon as reasonably practicable after the date hereof, Parent and the Company shall cooperate to identify such individuals (or any substitutes), which individuals shall be subject to the recommendation of the Nominating and Governance Committee of the Parent Board of Directors.

ARTICLE VII

CONDITIONS TO CONSUMMATION OF THE MERGERS

Section 7.1 Conditions to Each Party's Obligations to Effect the Mergers. The respective obligations of each Party to effect the Mergers shall be subject to the satisfaction on or prior to the Closing Date of each of the following conditions, any and all of which may be waived in whole or in part by Parent, the Merger Subs and the Company, as the case may be, to the extent permitted by applicable Law:

(a) Stockholder Approval. Each of the Company Stockholder Approval and the Parent Stockholder Approval shall have been obtained;

(b) Registration Statement. The Registration Statement shall have become effective in accordance with the provisions of the Securities Act and no stop order suspending the effectiveness of the Registration Statement shall have been issued by the SEC and remain in effect and no proceeding to that effect shall have been commenced or threatened;

(c) Adverse Laws or Orders. No Adverse Law or Order shall have occurred *provided*, that any Adverse Law or Order with respect to non-U.S. Antitrust Laws other than those set forth on Section 7.1(d) of the Company Disclosure Letter shall be disregarded for purposes of this Section 7.1(c);

(d) Required Antitrust Clearances. Any (i) applicable waiting period (or extension thereof) relating to the Mergers under the HSR Act shall have expired or been earlier terminated and (ii) any affirmative approval of a Governmental Authority required under any Antitrust Law set forth on Section 7.1(d) of the Company Disclosure Letter shall have been obtained and any mandatory waiting period related thereto shall have expired; and

(e) Listing. The shares of Parent Stock to be issued in the First Merger shall have been approved for listing on NASDAQ, subject to official notice of issuance.

Section 7.2 Conditions to Obligations of Parent and Merger Subs. The obligations of Parent and the Merger Subs to effect the Mergers are also subject to the satisfaction or waiver (in writing) by Parent on or prior to the Closing Date of each of the following additional conditions:

(a) Representations and Warranties. The representations and warranties of the Company (i) set forth in Section 3.3(b) and (c) (Capitalization) (the "Company Capitalization Representations") shall be true and correct on and as of the Closing Date with the same force and effect as if made on and as of such date (except to the extent expressly made as of an earlier date, in which case as of such date), except, in each case, for any inaccuracies that would not, individually or in the aggregate, reflect an underrepresentation of the number of fully diluted Company Shares, before giving effect to the Mergers, of more than 0.500% from that reflected in the Company Capitalization Representations, (ii) set forth in Section 3.1(a) (Qualification, Organization, Subsidiaries, etc.), Section 3.3(a), (d) and (e) (Capitalization), Section 3.4 (Authority Relative to this Agreement), Section 3.5 (No Conflict: Required Filings and Consents), Section 3.15(g) (Taxes), Section 3.20 (Brokers and Expenses), Section 3.24 (Vote Required) and Section 3.25 (Opinion of Financial Advisor) (collectively, the "Company Specified Representations") shall, if qualified by materiality or "Company Material Adverse Effect," be true and correct in all respects, and if not qualified by materiality or "Company Material

Adverse Effect,” shall be true and correct in all material respects on and as of the Closing Date with the same force and effect as if made on and as of the Closing Date (except to the extent expressly made as of an earlier date, in which case as of such date); and (iii) set forth in Article III of this Agreement, other than the Company Capitalization Representations and the Company Specified Representations, shall be true and correct on and as of the Closing Date with the same force and effect as if made on and as of the Closing Date, except for any failure to be so true and correct which has not had, and would not reasonably be expected to have, individually or in the aggregate, a Company Material Adverse Effect and except for those representations and warranties which address matters only as of a particular date (which representations shall have been true and correct as of such particular date, except for any failure to be so true and correct as of such date which has not had, and would not reasonably be expected to have, individually or in the aggregate, a Company Material Adverse Effect); *provided, however*, that for purposes of determining the accuracy of the representations and warranties of the Company set forth in this Agreement for purposes of this Section 7.2(a)(iii), all qualifications based on a “Company Material Adverse Effect” and all materiality qualifications and other qualifications based on the word “material” or similar phrases contained in such representations and warranties shall be disregarded (it being understood and hereby agreed that the “Company Material Adverse Effect” qualification set forth in clause (a) of Section 3.8 shall not be disregarded pursuant to the terms of this proviso);

(b) Covenants. The Company will have complied with or performed, in all material respects, the covenants, obligations and agreements of the Company under this Agreement to be complied with or performed by it prior to the First Effective Time;

(c) Company Material Adverse Effect. No Company Material Adverse Effect has occurred since the date of this Agreement and is continuing; and

(d) Certificate. The Company will have furnished Parent with a certificate signed on its behalf by the chief executive officer or chief financial officer of the Company to the effect that the conditions set forth in Section 7.2(a) and (b) are satisfied.

(e) Tax Opinion. Parent shall have received an opinion of Jones Day, dated as of the Effective Time, to the effect that the Mergers will qualify as a “reorganization” within the meaning of Section 368(a) of the Code. In rendering such opinion, such counsel shall be entitled to rely upon the Representation Letters.

Section 7.3 Conditions to Obligations of the Company. The obligations of the Company to effect the Mergers are also subject to the satisfaction or waiver (in writing) by the Company on or prior to the Closing Date of each of the following additional conditions:

(a) Representations and Warranties. Section 9.7 Interpretation. When a reference is made in this Agreement to Sections, such reference shall be to a Section of this Agreement unless otherwise indicated. Whenever the words “include”, “includes” or “including” are used in this Agreement they shall be deemed to be followed by the words “without limitation.” All references in this Agreement to “Sections,” “Annexes” and “Schedules” are intended to refer to Sections of this Agreement and Annexes and Schedules to this Agreement. The words “hereof,” “herein” and “hereunder” and words of similar import, when used in this Agreement, refer to this Agreement as a whole and not to any particular provision of this Agreement. References herein to a Person are also to such Person’s successors and permitted assigns. All references in this Agreement to “\$” or other monetary amounts refer to U.S. dollars. Unless otherwise specifically provided for herein, the term “or” shall not be deemed to be exclusive. As used in this Agreement, the term “affiliates” shall have the meaning set forth in Rule 12b-2 of the Exchange Act. The table of contents and headings set forth in this Agreement are for convenience of reference purposes only and shall not affect or be deemed to affect in any way the meaning or interpretation of this Agreement or any term or provision hereof. All references herein to the Subsidiaries of a Person shall be deemed to include all direct and indirect Subsidiaries of such Person unless otherwise indicated or the context otherwise requires. The Parties agree that they have been represented by counsel during the negotiation and execution of this Agreement and, therefore, waive the application of any Law, regulation, holding or rule of construction providing that ambiguities in an agreement or other document will be construed against the party drafting such agreement or document.

Section 9.8 Counterparts. This Agreement may be executed and delivered (including by e-mail of a .pdf, .tif, .jpeg or similar attachment (Electronic Delivery)) in two or more counterparts, and by the different parties hereto in separate counterparts, each of which when executed and delivered shall be deemed to be an original but all of which taken together shall constitute one and the same agreement. Any such counterpart, to the extent delivered using Electronic Delivery shall be treated in all manner and respects as an original executed counterpart and shall be considered to have the same binding legal effect as if it were the original signed version thereof delivered in person. No Party shall raise the use of Electronic Delivery to deliver a signature or the fact that any signature or agreement or instrument was transmitted or communicated through the use of Electronic Delivery as a defense to the formation of a contract, and each such Party forever waives any such defense, except to the extent that such defense relates to lack of authenticity.

Section 9.9 Entire Agreement; Third-Party Beneficiaries

(a) This Agreement (including the Company Disclosure Letter and the Parent Disclosure Letter) and the Confidentiality Agreement constitute the entire agreement among the Parties with respect to the subject matter hereof and thereof and supersede all other prior agreements (except that the Confidentiality Agreement shall be deemed amended hereby so that until the termination of this Agreement in accordance with Section 8.1, Parent and the Merger Subs shall be permitted to take the actions contemplated by this Agreement) and understandings, both written and oral, among the Parties or any of them with respect to the subject matter hereof and thereof.

(b) Except as provided in Section 6.4 and the last sentence of Section 6.15, neither this Agreement (including the Company Disclosure Letter and the Parent Disclosure Letter) nor the Confidentiality Agreement are intended to confer upon any Person other than the Parties any rights or remedies hereunder; *provided* that the Financing Sources shall be express third party beneficiaries of this Section 9.9(b) and Section 9.1(c), Section 9.11(a), Section 9.11(b), and Section 9.15, and each of such Sections shall expressly inure to the benefit of the Financing Sources and the Financing Sources shall be entitled to rely on and enforce the provisions of such Sections.

Section 9.10 Severability. If any term or other provision of this Agreement is invalid, illegal or incapable of being enforced by rule of Law or public policy, all other conditions and provisions of this Agreement shall nevertheless remain in full force and effect so long as the economic or legal substance of the Mergers is not affected in any manner adverse to any Party. Upon such determination that any term or other provision is invalid, illegal or incapable of being enforced, the Parties shall negotiate in good faith to modify this Agreement so as to effect the original intent of the Parties as closely as possible in an acceptable manner to the end that the Mergers are fulfilled to the extent possible.

Section 9.11 Governing Law: Jurisdiction

(a) This Agreement shall be governed by, and construed in accordance with, the laws of the State of Delaware, without giving effect to conflicts of laws principles that would result in the application of the Law of any other state. Notwithstanding anything herein to the contrary, the Company (on behalf of itself and each Company Related Party) and each of the other Parties hereto agrees that any claim, controversy or dispute of any kind or nature (whether based upon contract, tort or otherwise) against a Financing Source that is in any way related to this Agreement, the Mergers or any of the other Transactions, including any dispute arising out of or relating in any way to the Financing shall be governed by, and construed in accordance with, the laws of the State of New York without regard to conflict of law principles (other than Sections 5-1401 and 5-1402 of the New York General Obligations Law); *provided* that (i) the interpretation of the definition of Company Material Adverse Effect or “Target Material Adverse Effect” (as defined in any commitment letter related to the Financing) and whether or not a Company Material Adverse Effect or “Target Material Adverse Effect” (as defined in any commitment letter related to the Financing) has occurred, (ii) the determination of the accuracy of any “Acquisition Representations” (as defined in any commitment letter related to the Financing) and whether as a result of any inaccuracy thereof Parent, the Merger Subs or their respective affiliates have the right to terminate its obligations under this Agreement, or to decline to consummate the Transactions pursuant to this Agreement and (iii) the determination of whether the Transactions have been consummated in accordance with the terms of this Agreement, in each case, shall be governed by, and construed and interpreted solely in accordance with, the laws of the State of Delaware without giving effect to conflicts of laws principles that would result in the application of the Law of any other state.

(b) Each of the Parties hereto hereby irrevocably and unconditionally submits, for itself and its property, to the exclusive jurisdiction of the Court of Chancery of the State of Delaware, or, if (and only if) such court finds it lacks subject matter jurisdiction, the Federal court of the United States of America sitting in Delaware, and any appellate court from any thereof, in any action or proceeding arising out of or relating to this Agreement or the agreements delivered in connection herewith or the transactions contemplated hereby or thereby or for recognition or enforcement of any judgment relating thereto, and each of the Parties hereby irrevocably and unconditionally (i) agrees not to commence any such action or proceeding except in the Court of Chancery of the State of Delaware, or, if (and only if) such court finds it lacks subject matter jurisdiction, the Federal court of the United States of America sitting in Delaware, and any appellate court from any thereof, (ii) agrees that any claim in respect of any such action or proceeding may be heard and determined in the Court of Chancery of the State of Delaware, or, if (and only if) such court finds it lacks subject matter jurisdiction, the Federal court of the United States of America sitting in Delaware, and any appellate court from any thereof, (iii) waives, to the fullest extent it may legally and effectively do so, any objection that it may now or hereafter have to the laying of venue of any such action or proceeding in such courts and (iv) waives, to the fullest extent

Each of the Parties hereto agrees that a final judgment in any such action or proceeding shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by Law. Each Party to this Agreement irrevocably consents to service of process inside or outside the territorial jurisdiction of the courts referred to in this Section 9.11(b) in the manner provided for notices in Section 9.4. Nothing in this Agreement will affect the right of any Party to this Agreement to serve process in any other manner permitted by Law. Notwithstanding anything herein to the contrary, the Company (on behalf of itself and each Company Related Party) and each of the other Parties hereto (A) agrees that it will not bring or support any action, cause of action, claim, cross-claim or third-party claim of any kind or description, whether in law or in equity, whether in contract or in tort or otherwise, against the Financing Sources in any way relating to this Agreement, the Mergers or any of the other Transactions, including any dispute arising out of or relating in any way to the Financing or the performance thereof or the transactions contemplated thereby, in any forum other than exclusively in the Supreme Court of the State of New York, County of New York, or, if under applicable Law exclusive jurisdiction is vested in the federal courts, the United States District Court for the Southern District of New York (and appellate courts thereof), (B) submits for itself and its property with respect to any such action to the exclusive jurisdiction of such courts, (C) agrees that service of process, summons, notice or document by registered mail addressed to it at its address provided in Section 9.4 shall be effective service of process against it for any such action brought in any such court, (D) waives and hereby irrevocably waives, to the fullest extent permitted by Law, any objection which it may now or hereafter have to the laying of venue of, and the defense of an inconvenient forum to the maintenance of, any such action in any such court and (E) agrees that a final judgment in any such action shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by Law.

Section 9.12 Waiver of Jury Trial. EACH PARTY HEREBY IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY LITIGATION DIRECTLY OR INDIRECTLY ARISING OUT OF OR RELATING TO THIS AGREEMENT AND ANY OF THE AGREEMENTS DELIVERED IN CONNECTION HERewith OR THE MERGERS, THE FINANCING AND OTHER TRANSACTIONS CONTEMPLATED HEREBY OR THEREBY (INCLUDING ANY ACTION, PROCEEDING OR COUNTERCLAIM AGAINST ANY FINANCING SOURCE). EACH PARTY CERTIFIES AND ACKNOWLEDGES THAT (A) NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE EITHER OF SUCH WAIVERS, (B) IT UNDERSTANDS AND HAS CONSIDERED THE IMPLICATIONS OF SUCH WAIVERS, (C) IT MAKES SUCH WAIVERS VOLUNTARILY, AND (D) IT HAS BEEN INDUCED TO ENTER INTO THIS AGREEMENT BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS SECTION 9.12.

Section 9.13 Assignment. This Agreement shall not be assigned by any of the Parties (whether by operation of Law or otherwise) without the prior written consent of the other Parties, except that Merger Subs may assign, in their sole discretion and without the consent of any other party, any or all of its rights, interests and obligations hereunder to (i) Parent, (ii) Parent and one or more direct or indirect wholly owned Subsidiaries of Parent, or (iii) one or more direct or indirect wholly owned Subsidiaries of Parent; *provided*, that no such assignment shall relieve any Parent Entity of any obligation or liability under this Agreement. Subject to the preceding sentence, but without relieving any Party of any obligation hereunder, this Agreement will be binding upon, inure to the benefit of and be enforceable by the Parties and their respective successors and assigns.

Section 9.14 Enforcement; Remedies; Specific Performance.

(a) Except as otherwise expressly provided herein, any and all remedies herein expressly conferred upon a Party will be deemed cumulative with and not exclusive of any other remedy conferred hereby, or by Law or equity upon such Party, and the exercise by a Party of any one remedy will not preclude the exercise of any other remedy.

(b) The Parties agree that irreparable injury will occur in the event that any of the provisions of this Agreement is not performed in accordance with its specific terms or is otherwise breached. It is agreed that prior to the valid termination of this Agreement pursuant to [Article VIII](#), each Party shall be entitled to an injunction or injunctions to prevent or remedy any breaches or threatened breaches of this Agreement by any other Party, to a decree or order of specific performance to specifically enforce the terms and provisions of this Agreement and to any further equitable relief.

(c) The Parties' rights in this [Section 9.14](#) are an integral part of the Transactions and each Party hereby waives any objections to any remedy referred to in this [Section 9.14](#) (including any objection on the basis that there is an adequate remedy at Law or that an award of such remedy is not an appropriate remedy for any reason at Law or equity). For purposes of clarity, each Party agrees that there is not an adequate remedy at Law for a breach of this Agreement by any Party. In the event any Party seeks any remedy referred to in this [Section 9.14](#), such Party shall not be required to obtain, furnish, post or provide any bond or other security in connection with or as a condition to obtaining any such remedy.

In addition, in no event will any Financing Source be liable for consequential, special, exemplary, punitive or indirect damages (including any loss of profits, business or anticipated savings) or damages of a tortious nature.

Ladies and Gentlemen:

You have requested our opinion as to the fairness from a financial point of view to Lam Research Corporation (the "Company") of the Merger Consideration (as defined below) to be paid by the Company pursuant to the Agreement and Plan of Merger and Reorganization, dated as of October 20, 2015 (the "Agreement"), by and among KLA-Tencor Corporation ("KLA-Tencor"), Topeka Merger Sub 1, Inc., a wholly owned subsidiary of the Company ("Merger Sub 1"), Topeka Merger Sub 2, Inc., a wholly owned subsidiary of the Company ("Merger Sub 2"), and the Company. Pursuant to the Agreement, Merger Sub 1 will be merged with and into KLA-Tencor, with KLA-Tencor as the surviving corporation in the merger (the "First Merger"), and immediately thereafter KLA-Tencor will be merged with and into Merger Sub 2, with Merger Sub 2 as the surviving entity in the merger. In the First Merger, each outstanding share of common stock, par value \$0.001 per share (the "KLA-Tencor Common Stock"), of KLA-Tencor (other than Excluded Shares (as defined in the Agreement)) will be converted into the right to receive, at the election of the holder thereof, either (i) \$32.00 in cash (the "Average Cash Per Share") and 0.5000 shares of Company Common Stock (the "Average Company Stock Per Share" and, together with the Average Cash Per Share, the "Mixed Consideration"), (ii) an amount of cash equal to the sum of (A) the Average Cash Per Share plus (B) the product of (x) the VWAP of Parent Stock (as defined in the Agreement) multiplied by (y) the Average Company Stock Per Share (collectively, the "Cash Consideration"), or (iii) a number of shares of common stock, par value \$0.001 per share (the "Company Common Stock"), of the Company (the "Stock Consideration") equal to the sum of (A) the Average Company Stock Per Share plus (B) the quotient of (x) the Average Cash Per Share divided by (y) the VWAP of Parent Stock (collectively, the "Stock Consideration" and, taken in the aggregate with the Mixed Consideration and the Cash Consideration, the "Merger Consideration"), subject to proration and certain procedures and limitations contained in the Agreement.

Goldman, Sachs & Co. and its affiliates are engaged in advisory, underwriting and financing, principal investing, sales and trading, research, investment management and other financial and non-financial activities and services for various persons and entities. Goldman, Sachs & Co. and its affiliates and employees, and funds or other entities they manage or in which they invest or have other economic interests or with which they co-invest, may at any time purchase, sell, hold or vote long or short positions and investments in securities, derivatives, loans, commodities, currencies, credit default swaps and other financial instruments of the Company, KLA-Tencor and any of their respective affiliates and third parties, or any currency or commodity that may be involved in the transaction contemplated by the Agreement (the "Transaction"). We have acted as financial advisor to the Company in connection with, and have participated in certain of the negotiations leading to, the Transaction. We expect to receive fees for our services in connection with the Transaction, the principal portion of which is contingent upon consummation of the Transaction, and the Company has agreed to reimburse certain of our expenses arising, and indemnify us against certain liabilities that may arise, out of our engagement. At your request, affiliates of Goldman, Sachs & Co. have entered into financing commitments and agreements to provide the Company with bridge financing in connection with the consummation of the Transaction, in each case subject to the terms of such commitments and agreements. We also note that an affiliate of Goldman, Sachs & Co. has entered into bond hedge transactions and issuer warrant transactions with the Company in connection with the Company's 0.50% Convertible Senior Notes due May 2016 (initial aggregate principal amount of \$450,000,000) and the Company's 1.25% Convertible Senior Notes due May 2018 (initial aggregate principal amount of \$450,000,000). The issuer warrant transaction may be adjusted by an affiliate of Goldman, Sachs & Co., as calculation agent, as a result of the announcement and/or consummation of the Transaction in accordance with the terms thereof in order to account for the effect of such event on the theoretical value of the Company's shares or such issuer warrant transaction, including adjustments that could be in favor of such affiliate. We have

We may also in the future provide financial advisory and/or underwriting services to the Company, KLA-Tencor and their respective affiliates for which our Investment Banking Division may receive compensation.

We have also held discussions with members of the senior managements of the Company and KLA-Tencor regarding their assessment of the past and current business operations, financial condition and future prospects of KLA-Tencor and with the members of senior management of the Company regarding their assessment of the past and current business operations, financial condition and future prospects of the Company and the strategic rationale for, and the potential benefits of, the Transaction; reviewed the reported price and trading activity for the shares of Company Common Stock and the shares of KLA-Tencor Common Stock; compared certain information for the Company and KLA-Tencor with similar information for certain other companies the securities of which are publicly traded; reviewed the financial terms of certain recent business combinations in the semiconductor industry and in other industries; and performed such other studies and analyses, and considered such other factors, as we deemed appropriate.

For purposes of rendering this opinion, we have, with your consent, relied upon and assumed the accuracy and completeness of all of the financial, legal, regulatory, tax, accounting and other information provided to, discussed with or reviewed by, us, without assuming any responsibility for independent verification thereof. In that regard, we have assumed with your consent that the Forecasts, including the Synergies, have been reasonably prepared on a basis reflecting the best currently available estimates and judgments of the management of the Company. We have not made an independent evaluation or appraisal of the assets and liabilities (including any contingent, derivative or other off-balance-sheet assets and liabilities) of the Company or KLA-Tencor or any of their respective subsidiaries and we have not been furnished with any such evaluation or appraisal. We have assumed that all governmental, regulatory or other consents and approvals necessary for the consummation of the Transaction will be obtained without any adverse effect on the Company or KLA-Tencor or on the expected benefits of the Transaction in any way meaningful to our analysis. We also have assumed that the Transaction will be consummated on the terms set forth in the Agreement, without the waiver or modification of any term or condition the effect of which would be in any way meaningful to our analysis.

Our opinion does not address the underlying business decision of the Company to engage in the Transaction, or the relative merits of the Transaction as compared to any strategic alternatives that may be available to the Company; nor does it address any legal, regulatory, tax or accounting matters. This opinion addresses only the fairness from a financial point of view to the Company, as of the date hereof, of the Merger Consideration to be paid by the Company pursuant to the Agreement. We do not express any view on, and our opinion does not

address, any other term or aspect of the Agreement or Transaction or any term or aspect of any other agreement or instrument contemplated by the Agreement or entered into or amended in connection with the Transaction, including, the fairness of the Transaction to, or any consideration received in connection therewith by, the holders of any class of securities, creditors, or other constituencies of the Company; nor as to the fairness of the amount or nature of any compensation to be paid or payable to any of the officers, directors or employees of the Company or KLA-Tencor, or any class of such persons in connection with the Transaction, whether relative to the Merger Consideration to be paid by the Company pursuant to the Agreement or otherwise. We are not expressing any opinion as to the prices at which shares of Company Common Stock will trade at any time or as to the impact of the Transaction on the solvency or viability of the Company or KLA-Tencor or the ability of the Company or KLA-Tencor to pay their respective obligations when they come due. Our opinion is necessarily based on economic, monetary, market and other conditions as in effect on, and the information made available to us as of, the date hereof and we assume no responsibility for updating, revising or reaffirming this opinion based on circumstances, developments or events occurring after the date hereof. Our advisory services and the opinion expressed herein are provided for the information and assistance of the Board of Directors of the Company in connection with its consideration of the Transaction and such opinion does not constitute a recommendation as to how any holder of Company Common Stock should vote with respect to such Transaction or any other matter. This opinion has been approved by a fairness committee of Goldman, Sachs & Co.

Based upon and subject to the foregoing, it is our opinion that, as of the date hereof, the Merger Consideration to be paid by the Company pursuant to the Agreement is fair from a financial point of view to the Company.

Very truly yours,

Board of Directors
KLA-Tencor Corporation
One Technology Drive
Milpitas, CA 95035

Members of the Board:

We understand that KLA-Tencor Corporation (the "Company"), Lam Research Corporation ("Parent"), Topeka Merger Sub 1, Inc., a Delaware corporation and a wholly owned subsidiary of Parent ("Merger Sub 1"), Topeka Merger Sub 2, Inc., a Delaware corporation and a wholly owned subsidiary of Parent ("Merger Sub 2") and, together with Merger Sub 1, the "Merger Subs." and each of the Company, Parent and the Merger Subs collectively, the "Parties") have entered into an Agreement and Plan of Merger and Reorganization (the "Merger Agreement"). Pursuant to the Merger Agreement, among other things, the Parties have agreed to effect a business combination through (a) the merger of Merger Sub 1 with and into the Company, with the Company being the surviving entity (the "First Merger") and (b) immediately following the First Merger, the merger of the Company, as the surviving entity of the First Merger, with and into Merger Sub 2, with Merger Sub 2 being the surviving entity (together with the First Merger, the "Mergers"). Pursuant to the First Merger, the Company will become a wholly-owned subsidiary of Parent, and each outstanding share of common stock of the Company ("Company Common Stock"), other than shares held by Parent or any subsidiary of the Company or Parent and shares as to which dissenters' rights have been perfected, will be converted into the right to receive at the election of the holder and subject to certain limitations and election and proration procedures set forth in the Merger Agreement, as to which procedures we express no opinion, (i) an amount in cash equal to the Per Share Cash Consideration, as defined in the Merger Agreement, (ii) a number of shares of common stock of Parent ("Parent Common Stock") equal to the Per Share Stock Consideration, as defined in the Merger Agreement, or (iii) an amount in cash and a number of shares of common stock of Parent equal to the Per Share Mixed Consideration, as defined in the Merger Agreement (together with the Per Share Cash Consideration, the Per Share Stock Consideration and cash in lieu of any fractional shares of Parent Common Stock, the "Per Share Merger Consideration"). The terms and conditions of the Mergers are more fully set forth in the Merger Agreement.

You have asked for our opinion as to whether the Per Share Merger Consideration to be received by the holders of shares of Company Common Stock, other than Parent or any affiliates of Parent (the "Holder"), pursuant to the Merger Agreement is fair, from a financial point of view, to such Holders.

For purposes of the opinion set forth herein, we have reviewed the Merger Agreement, certain related documents and certain publicly available financial statements and other business and financial information of the Company and Parent. We have also reviewed (i) certain forward-looking information relating to the Company prepared by the management of the Company, including financial projections and operating data of the Company (the "Company Projections"), (ii) certain forward-looking information relating to Parent prepared by the management of Parent, including financial projections and operating data of Parent prepared by the management of Parent (the "Parent Projections"), (iii) certain forward-looking information relating to Parent prepared by the management of Parent, including financial projections and operating data of Parent prepared by the management of Parent and adjusted by the management of the Company (the "Adjusted Parent Projections"), and (iv) information relating to certain strategic, financial and operational benefits anticipated from the Mergers prepared by the managements of

Parent and the Company (the “Synergies”). Additionally, we discussed the past and current operations and financial condition and the prospects of the Company and Parent, including information relating to certain strategic, financial and operational benefits anticipated from the Mergers, with senior executives of the Company and Parent. We also reviewed the historical market prices and trading activity for Company Common Stock and Parent Common Stock and compared the financial performance of the Company and Parent and the prices and trading activity of Company Common Stock and Parent Common Stock with that of certain other selected publicly-traded companies and their securities. In addition, we reviewed the financial terms, to the extent publicly available, of selected acquisition transactions and performed such other analyses, reviewed such other information and considered such other factors as we have deemed appropriate.

In arriving at our opinion, we have assumed and relied upon, without independent verification, the accuracy and completeness of the information that was publicly available or supplied or otherwise made available to, or discussed with, us by the Company and Parent. With respect to the Company Projections, we have been advised by the management of the Company, and have assumed, that they have been reasonably prepared on bases reflecting the best currently available estimates and judgments of the management of the Company of the future financial performance of the Company and other matters covered thereby. With respect to the Parent Projections and the Adjusted Parent Projections, we have been advised by the management of the Company, and have assumed, that they have been reasonably prepared on bases reflecting the best currently available estimates and judgments of the management of Parent, as adjusted by the management of the Company in the case of the Adjusted Parent Projections, of the future financial performance of Parent and other matters covered thereby. With respect to the Synergies, we have been advised by the managements of Parent and the Company, and have assumed, that they have been reasonably prepared on bases reflecting the best currently available estimates and judgments of the management of Parent and the Company relating to the strategic, financial and operational benefits anticipated from the Mergers. We have assumed that the Mergers will be consummated in accordance with the terms set forth in the Merger Agreement, without any modification, waiver or delay. In addition, we have assumed that in connection with the receipt of all the necessary approvals of the Mergers, no delays, limitations, conditions or restrictions will be imposed that could have an adverse effect on the Company, Parent or the contemplated benefits expected to be derived in the Mergers. We have also assumed that the Mergers will qualify as a tax-free reorganization under the Internal Revenue Code of 1986, as amended. We have not made any independent evaluation or appraisal of the assets or liabilities (contingent or otherwise) of the Company or Parent, nor have we been furnished with any such evaluation or appraisal. In addition, we have relied, without independent verification, upon the assessments of the managements of the Company and Parent as to (i) the existing and future technology and products of the Company and Parent and the risks associated with such technology and products, (ii) their ability to integrate the businesses of the Company and Parent and (iii) their ability to retain key employees of the Company and Parent. In arriving at our opinion, we were not authorized to solicit, and did not solicit, interest from any party with respect to an acquisition, business combination or other extraordinary transaction involving the Company.

We have acted as financial advisor to the Board of Directors of the Company in connection with this transaction and will receive a fee for our services payable upon rendering of this opinion. We will also receive an additional, larger fee if the First Merger is consummated. In addition, the Company has agreed to reimburse our expenses and indemnify us for certain liabilities arising out of our engagement. Qatalyst provides investment banking and other services to a wide range of corporations and individuals, domestically and offshore, from which conflicting interests or duties may arise. In the ordinary course of these activities, affiliates of Qatalyst may at any time hold long or short positions, and may trade or otherwise effect transactions in debt or equity securities or loans of the Company, Parent or certain of their respective affiliates.

This opinion has been approved by our opinion committee in accordance with our customary practice. This opinion is for the information of the Board of Directors of the Company and may not be used for any other purpose without our prior written consent. This opinion does not constitute a recommendation as to how any holder of shares of Company Common Stock or shares of Parent Common Stock should vote with respect to the Mergers or any other matter including, without limitation, whether any Holder should elect to receive the Per Share Cash Consideration, the Per Share Stock Consideration or the Per Share Mixed Election Consideration or make no election with respect to any or all of such Holder's shares of Company Common Stock, and does not in any manner address the price at which Company Common Stock or Parent Common Stock will trade at any time.

Our opinion is necessarily based on financial, economic, market and other conditions as in effect on, and the information made available to us as of, the date hereof. Events occurring after the date hereof may affect this opinion and the assumptions used in preparing it, and we do not assume any obligation to update, revise or reaffirm this opinion. Our opinion does not address the underlying business decision of the Company to engage in the Mergers, or the relative merits of the Mergers as compared to any strategic alternatives that may be available to the Company. Our opinion is limited to the fairness, from a financial point of view, of the Per Share Merger Consideration to be received by the Holders pursuant to the Merger Agreement and we express no opinion with respect to the fairness of the amount or nature of the compensation to any of the officers, directors or employees of the Company or Parent, or any class of such persons, relative to such Per Share Merger Consideration.

Based on and subject to the foregoing, we are of the opinion on the date hereof that the Per Share Merger Consideration to be received by the Holders pursuant to the Merger Agreement is fair, from a financial point of view, to such Holders.

Yours faithfully,

SECTION 262 OF THE DELAWARE GENERAL CORPORATION LAW

(a) Any stockholder of a corporation of this State who holds shares of stock on the date of the making of a demand pursuant to subsection (d) of this section with respect to such shares, who continuously holds such shares through the effective date of the merger or consolidation, who has otherwise complied with subsection (d) of this section and who has neither voted in favor of the merger or consolidation nor consented thereto in writing pursuant to § 228 of this title shall be entitled to an appraisal by the Court of Chancery of the fair value of the stockholder's shares of stock under the circumstances described in subsections (b) and (c) of this section. As used in this section, the word "stockholder" means a holder of record of stock in a corporation; the words "stock" and "share" mean and include what is ordinarily meant by those words; and the words "depository receipt" mean a receipt or other instrument issued by a depository representing an interest in 1 or more shares, or fractions thereof, solely of stock of a corporation, which stock is deposited with the depository.

(b) Appraisal rights shall be available for the shares of any class or series of stock of a constituent corporation in a merger or consolidation to be effected pursuant to § 251 (other than a merger effected pursuant to § 251(g) of this title and, subject to paragraph (b)(3) of this section, § 251(h) of this title), § 252, § 254, § 255, § 256, § 257, § 258, § 263 or § 264 of this title:

(1) Provided, however, that, except as expressly provided in § 363(b) of this title, no appraisal rights under this section shall be available for the shares of any class or series of stock, which stock, or depository receipts in respect thereof, at the record date fixed to determine the stockholders entitled to receive notice of the meeting of stockholders to act upon the agreement of merger or consolidation, were either: (i) listed on a national securities exchange or (ii) held of record by more than 2,000 holders; and further provided that no appraisal rights shall be available for any shares of stock of the constituent corporation surviving a merger if the merger did not require for its approval the vote of the stockholders of the surviving corporation as provided in § 251(f) of this title.

(2) Notwithstanding paragraph (b)(1) of this section, appraisal rights under this section shall be available for the shares of any class or series of stock of a constituent corporation if the holders thereof are required by the terms of an agreement of merger or consolidation pursuant to §§ 251, 252, 254, 255, 256, 257, 258, 263 and 264 of this title to accept for such stock anything except:

- a. Shares of stock of the corporation surviving or resulting from such merger or consolidation, or depository receipts in respect thereof;
- b. Shares of stock of any other corporation, or depository receipts in respect thereof, which shares of stock (or depository receipts in respect thereof) or depository receipts at the effective date of the merger or consolidation will be either listed on a national securities exchange or held of record by more than 2,000 holders;
- c. Cash in lieu of fractional shares or fractional depository receipts described in the foregoing paragraphs (b)(2)a. and b. of this section; or
- d. Any combination of the shares of stock, depository receipts and cash in lieu of fractional shares or fractional depository receipts described in the foregoing paragraphs (b)(2)a., b. and c. of this section.

(3) In the event all of the stock of a subsidiary Delaware corporation party to a merger effected under § 251(h), § 253 or § 267 of this title is not owned by the parent immediately prior to the merger, appraisal rights shall be available for the shares of the subsidiary Delaware corporation.

(4) In the event of an amendment to a corporation's certificate of incorporation contemplated by § 363(a) of this title, appraisal rights shall be available as contemplated by § 363(b) of this title, and the procedures of this

Table of Contents

section, including those set forth in subsections (d) and (e) of this section, shall apply as nearly as practicable, with the word “amendment” substituted for the words “merger or consolidation”, and the word “corporation” substituted for the words “constituent corporation” and/or “surviving or resulting corporation.”

(c) Any corporation may provide in its certificate of incorporation that appraisal rights under this section shall be available for the shares of any class or series of its stock as a result of an amendment to its certificate of incorporation, any merger or consolidation in which the corporation is a constituent corporation or the sale of all or substantially all of the assets of the corporation. If the certificate of incorporation contains such a provision, the procedures of this section, including those set forth in subsections (d) and (e) of this section, shall apply as nearly as is practicable.

(d) Appraisal rights shall be perfected as follows:

(1) If a proposed merger or consolidation for which appraisal rights are provided under this section is to be submitted for approval at a meeting of stockholders, the corporation, not less than 20 days prior to the meeting, shall notify each of its stockholders who was such on the record date for notice of such meeting (or such members who received notice in accordance with § 255(c) of this title) with respect to shares for which appraisal rights are available pursuant to subsection (b) or (c) of this section that appraisal rights are available for any or all of the shares of the constituent corporations, and shall include in such notice a copy of this section and, if 1 of the constituent corporations is a nonstock corporation, a copy of § 114 of this title. Each stockholder electing to demand the appraisal of such stockholder’s shares shall deliver to the corporation, before the taking of the vote on the merger or consolidation, a written demand for appraisal of such stockholder’s shares. Such demand will be sufficient if it reasonably informs the corporation of the identity of the stockholder and that the stockholder intends thereby to demand the appraisal of such stockholder’s shares. A proxy or vote against the merger or consolidation shall not constitute such a demand. A stockholder electing to take such action must do so by a separate written demand as herein provided. Within 10 days after the effective date of such merger or consolidation, the surviving or resulting corporation shall notify each stockholder of each constituent corporation who has complied with this subsection and has not voted in favor of or consented to the merger or consolidation of the date that the merger or consolidation has become effective; or

(2) If the merger or consolidation was approved pursuant to § 228, § 251(h), § 253, or § 267 of this title, then either a constituent corporation before the effective date of the merger or consolidation or the surviving or resulting corporation within 10 days thereafter shall notify each of the holders of any class or series of stock of such constituent corporation who are entitled to appraisal rights of the approval of the merger or consolidation and that appraisal rights are available for any or all shares of such class or series of stock of such constituent corporation, and shall include in such notice a copy of this section and, if 1 of the constituent corporations is a nonstock corporation, a copy of § 114 of this title. Such notice may, and, if given on or after the effective date of the merger or consolidation, shall, also notify such stockholders of the effective date of the merger or consolidation. Any stockholder entitled to appraisal rights may, within 20 days after the date of mailing of such notice or, in the case of a merger approved pursuant to § 251(h) of this title, within the later of the consummation of the tender or exchange offer contemplated by § 251(h) of this title and 20 days after the date of mailing of such notice, demand in writing from the surviving or resulting corporation the appraisal of such holder’s shares. Such demand will be sufficient if it reasonably informs the corporation of the identity of the stockholder and that the stockholder intends thereby to demand the appraisal of such holder’s shares. If such notice did not notify stockholders of the effective date of the merger or consolidation, either (i) each such constituent corporation shall send a second notice before the effective date of the merger or consolidation notifying each of the holders of any class or series of stock of such constituent corporation that are entitled to appraisal rights of the effective date of the merger or consolidation or (ii) the surviving or resulting corporation shall send such a second notice to all such holders on or within 10 days after such effective date; provided, however, that if such second notice is sent more than 20 days following the sending of the first notice or, in the case of a merger approved pursuant to § 251(h) of this title, later than the later of the consummation of the tender or exchange offer contemplated by § 251(h) of this title and 20 days following the sending of the first notice, such second notice need only be sent to each stockholder who is entitled to appraisal rights and who has demanded appraisal of such holder’s shares in

accordance with this subsection. An affidavit of the secretary or assistant secretary or of the transfer agent of the corporation that is required to give either notice that such notice has been given shall, in the absence of fraud, be prima facie evidence of the facts stated therein. For purposes of determining the stockholders entitled to receive either notice, each constituent corporation may fix, in advance, a record date that shall be not more than 10 days prior to the date the notice is given, provided, that if the notice is given on or after the effective date of the merger or consolidation, the record date shall be such effective date. If no record date is fixed and the notice is given prior to the effective date, the record date shall be the close of business on the day next preceding the day on which the notice is given.

(e) Within 120 days after the effective date of the merger or consolidation, the surviving or resulting corporation or any stockholder who has complied with subsections (a) and (d) of this section hereof and who is otherwise entitled to appraisal rights, may commence an appraisal proceeding by filing a petition in the Court of Chancery demanding a determination of the value of the stock of all such stockholders. Notwithstanding the foregoing, at any time within 60 days after the effective date of the merger or consolidation, any stockholder who has not commenced an appraisal proceeding or joined that proceeding as a named party shall have the right to withdraw such stockholder's demand for appraisal and to accept the terms offered upon the merger or consolidation. Within 120 days after the effective date of the merger or consolidation, any stockholder who has complied with the requirements of subsections (a) and (d) of this section hereof, upon written request, shall be entitled to receive from the corporation surviving the merger or resulting from the consolidation a statement setting forth the aggregate number of shares not voted in favor of the merger or consolidation and with respect to which demands for appraisal have been received and the aggregate number of holders of such shares. Such written statement shall be mailed to the stockholder within 10 days after such stockholder's written request for such a statement is received by the surviving or resulting corporation or within 10 days after expiration of the period for delivery of demands for appraisal under subsection (d) of this section hereof, whichever is later. Notwithstanding subsection (a) of this section, a person who is the beneficial owner of shares of such stock held either in a voting trust or by a nominee on behalf of such person may, in such person's own name, file a petition or request from the corporation the statement described in this subsection.

(f) Upon the filing of any such petition by a stockholder, service of a copy thereof shall be made upon the surviving or resulting corporation, which shall within 20 days after such service file in the office of the Register in Chancery in which the petition was filed a duly verified list containing the names and addresses of all stockholders who have demanded payment for their shares and with whom agreements as to the value of their shares have not been reached by the surviving or resulting corporation. If the petition shall be filed by the surviving or resulting corporation, the petition shall be accompanied by such a duly verified list. The Register in Chancery, if so ordered by the Court, shall give notice of the time and place fixed for the hearing of such petition by registered or certified mail to the surviving or resulting corporation and to the stockholders shown on the list at the addresses therein stated. Such notice shall also be given by 1 or more publications at least 1 week before the day of the hearing, in a newspaper of general circulation published in the City of Wilmington, Delaware or such publication as the Court deems advisable. The forms of the notices by mail and by publication shall be approved by the Court, and the costs thereof shall be borne by the surviving or resulting corporation.

(g) At the hearing on such petition, the Court shall determine the stockholders who have complied with this section and who have become entitled to appraisal rights. The Court may require the stockholders who have demanded an appraisal for their shares and who hold stock represented by certificates to submit their certificates of stock to the Register in Chancery for notation thereon of the pendency of the appraisal proceedings; and if any stockholder fails to comply with such direction, the Court may dismiss the proceedings as to such stockholder.

(h) After the Court determines the stockholders entitled to an appraisal, the appraisal proceeding shall be conducted in accordance with the rules of the Court of Chancery, including any rules specifically governing appraisal proceedings. Through such proceeding the Court shall determine the fair value of the shares exclusive of any element of value arising from the accomplishment or expectation of the merger or consolidation, together with interest, if any, to be paid upon the amount determined to be the fair value. In determining such fair value, the Court shall take into account all relevant factors. Unless the Court in its discretion determines otherwise for

good cause shown, interest from the effective date of the merger through the date of payment of the judgment shall be compounded quarterly and shall accrue at 5% over the Federal Reserve discount rate (including any surcharge) as established from time to time during the period between the effective date of the merger and the date of payment of the judgment. Upon application by the surviving or resulting corporation or by any stockholder entitled to participate in the appraisal proceeding, the Court may, in its discretion, proceed to trial upon the appraisal prior to the final determination of the stockholders entitled to an appraisal. Any stockholder whose name appears on the list filed by the surviving or resulting corporation pursuant to subsection (f) of this section and who has submitted such stockholder's certificates of stock to the Register in Chancery, if such is required, may participate fully in all proceedings until it is finally determined that such stockholder is not entitled to appraisal rights under this section.

(i) The Court shall direct the payment of the fair value of the shares, together with interest, if any, by the surviving or resulting corporation to the stockholders entitled thereto. Payment shall be so made to each such stockholder, in the case of holders of uncertificated stock forthwith, and the case of holders of shares represented by certificates upon the surrender to the corporation of the certificates representing such stock. The Court's decree may be enforced as other decrees in the Court of Chancery may be enforced, whether such surviving or resulting corporation be a corporation of this State or of any state.

(j) The costs of the proceeding may be determined by the Court and taxed upon the parties as the Court deems equitable in the circumstances. Upon application of a stockholder, the Court may order all or a portion of the expenses incurred by any stockholder in connection with the appraisal proceeding, including, without limitation, reasonable attorney's fees and the fees and expenses of experts, to be charged pro rata against the value of all the shares entitled to an appraisal.

(k) From and after the effective date of the merger or consolidation, no stockholder who has demanded appraisal rights as provided in subsection (d) of this section shall be entitled to vote such stock for any purpose or to receive payment of dividends or other distributions on the stock (except dividends or other distributions payable to stockholders of record at a date which is prior to the effective date of the merger or consolidation); provided, however, that if no petition for an appraisal shall be filed within the time provided in subsection (e) of this section, or if such stockholder shall deliver to the surviving or resulting corporation a written withdrawal of such stockholder's demand for an appraisal and an acceptance of the merger or consolidation, either within 60 days after the effective date of the merger or consolidation as provided in subsection (e) of this section or thereafter with the written approval of the corporation, then the right of such stockholder to an appraisal shall cease. Notwithstanding the foregoing, no appraisal proceeding in the Court of Chancery shall be dismissed as to any stockholder without the approval of the Court, and such approval may be conditioned upon such terms as the Court deems just; provided, however that this provision shall not affect the right of any stockholder who has not commenced an appraisal proceeding or joined that proceeding as a named party to withdraw such stockholder's demand for appraisal and to accept the terms offered upon the merger or consolidation within 60 days after the effective date of the merger or consolidation, as set forth in subsection (e) of this section.

(l) The shares of the surviving or resulting corporation to which the shares of such objecting stockholders would have been converted had they assented to the merger or consolidation shall have the status of authorized and unissued shares of the surviving or resulting corporation.
